# LISTEN TO MY VOICE

The University Papers Volume 70, #65

For God speaks to His Kingdom through you.

My Consciousness and yours are linked in an everlasting program of Creative Power.

The Creative Power is linked to the Government on earth, and It is the Inner Voice vibrating through your **conscious** union with God or *Truth*. To become creative - truly creative, alive in the Christ - you must be aligned with the powerful synergy of My Son Vibration or the Creative Power will not act for you in My behalf.

I AM the One Who is translating you out of the system - so stay with Me. Remain closer than breathing in conscious knowing and acceptance of Me in you as the *I*.

Let us look at the Voice within, conscious record of who you are in Truth. When you vocalize the Christ Voice, the Voice within, you release My government in its embodiment on Earth. This is the Creative Power emerging as My Word. On the Breath the Seed is born.

**Do not reject Me. I AM in the voice.**

**If you are willing to hear Me I will speak.**

**Do not hinder Me in My form.**

**Enter the University of Melchizedek:  
God's Word in you.**

**The Message of the University is BE.**

And so please realize that when you speak in the Oneness of Truth, all the angels will obey. They will come forward to form the Word as sounded by the Breath. Let that Voice take command and vibrate through your situation or your environment, or your experience. And as you recognize it is the government - My government on Earth - so you sense the authority that is the governing power within the Voice. And Presence is decreed. It is the Creative Power emerging as the *light of the world*.

*I govern through My Inner Voice. I speak and it is. Thus I AM founded*

in the Word. It is the gift of My creation to reveal it. Drink not of the words of another, but find the Word within yourself. You have It. And It is founded on divine life intended.

I govern at the point of inspiration and revealment. I keep My Word. It is not broken. And as you realize that It is the government, that It has been given authority over heaven and earth, that It has dominion, you will be more careful with the sound.

**Divine Intelligence Embodied as the Voice of Truth**

My Voice goes beyond the mortal sense, where error cannot claim Me. I AM the radiation of reality. And the closer you come to Me, the less you will feel alienated and cut off from the God who is closer than breathing. Come to that place now and feel My power in you as I speak.

This Christed Voice of Truth - My reality - speaks a decree and it is done. It is the supreme will upon the planet. It is the Supreme System of the Universe King, Christ Michael, and it is not governed by man. This inner voice is divine intelligence; It is the Voice of Mind over matter and through matter. It is the Voice of

# LISTEN TO MY VOICE

dominion, because it is absolute in Its rhythm and frequency. (I know you are shrinking from the word "dominion" today, but you will not shrink tomorrow.) It is the presence of *Melchizedek* in your system, thus It transfers the Melchizedek power to you. This is the living idea of who I AM.

Do not suppress this Voice. It is there for you to use, in Me. I have not left you. We are one. What you decree will come to pass in Me. For are we not one?

This Voice of Truth, that is within, is really the *Priesthood of Melchizedek*. It is the presence of Jesus (the Word) *in the system* as the Order. It is the Creative Power manifesting with Jesus in the Supreme position. And does this not bring new evidence of your place in the Son, or glory stream of Life? How much more can I give you, My children, but My Word?

This Voice of Truth is the divine Order of Melchizedek, the released Word on planet Earth. It is the line of the Priesthood of Melchizedek and the Office of the Christ. It is the perfect dimension of Beingness: the *I AM*.

As you become conscious of the Inner Voice, that Voice of I AM in your system, dictating the words of Creator Michael (the Son of God) first as guidance and instruction in your life, It begins to clarify in your writing and in your prayers and decrees. Decrees become much easier with this overlay of Spirit - the message changes from one of "your job," "your life" to a wholistic purpose

**continued from page 2**  
and intent. As you learn to adjust to this Christ Consciousness decreeing Itself as Voice, the Adjuster (Father within) proclaims (Him) Itself in you. And the words are no longer for you, but for all that is. *You are My Government.* You become the Manifest Christ in position: the Christ reseeded in the soul of "man." The soul is content to know that the life within is God.

## **This is My universe complete: I AM.**

**Remember to call on My name within your self:  
I AM. It is the power  
and It is the formation of My Word embodied as My Self.**

And as you go deeper into your surrender and your alignment with the Priesthood of Melchizedek, with this Office of the Christ which is within you, the direction seems to change from the focus of the small self to the focus of the All-Self divinely intent on world service. And serenity fills you. There is peace in your fulfillment. And a contentment that abides only in the Christ. This is an important part of your own atonement. And it becomes the glorification of the God in you as the I AM. Declare, then, from the I AM.

The Call will beckon to you to travel deeper and deeper into this commitment and this alignment with the vibration of God's government on earth.

To be one with My Voice in you demands selflessness, one centeredness. The Inner Voice (God in you) is My power declaring Itself outward into expression, just as My fruit comes to the limb.

As you come closer and closer into that frequency of the Inner Voice (or Mind of God), It becomes more and more *embodied* as your presence. You lose concern for the self and no longer worry about your health, security or comfort. You are part of Me and I of you. We are one. And in this Presence all things are met and conceived. Even as you speak, so does the Word flourish. You become the light of the world to others as well as yourself. You leave the world as you have known it and enter My world: the world of Creative Power and joyous love.

The more you surrender (give yourself) to the light of your Self, the more the light purges the false identification. A natural agreement and a natural commitment begins to surface and you find that the Father's will is your will. You embody the Voice. A fusion takes place. You are one with the Mind of God. The fusion triggers Self-knowing. And conscious elation perceives the oneness of all life. Creation stirs with the intent of listening to you, and receiving your command.

# LISTEN TO MY VOICE

## A Part of You

This Inner Voice, Voice of Truth, Melchizedek vibration, that you have first understood and defined as "intuition," later as Instruction does become so integrated as a part of your being that you realize It as your Intelligence: *the Father and I are one.* In this very beautiful fusion there is no opposite. A command is a command, a decree once uttered is vibrated into form. You are one with the Father's will and thus, *I AM*.

**I stand ready to form of Myself.  
I AM supply ready to release  
Myself as all that you need.  
I AM the Word Incarnate.**

You may notice more and more that the Voice has substance to It. It vibrates supply. It is the manifestation material that forms of Itself.

The Inner Voice, Voice of Truth after the order of Melchizedek, has the Creative Power as a part of It: ready to go forth and form of Itself. This is important to remember. It is a lesson Jesus taught in His Bestowal. For those who had ears to hear, the Master gave instruction on true mastership: the mastership of *idea and creative power*.

The Inner Voice, as Truth, *is released authority upon this planet.* It is the true Word of God manifest into your heart and your mind. It is your Father and the Son. (This is a Master key and can no longer be ignored.)

**continued from page 3**

Thus the Voice embodies all that is good and all that is right. It is the Office of the Christ. It is the Headquarters of our Creator in manifestation. *You carry His Headquarters as Divine Mind Intended, and embodied now.*

The Voice of Truth that is within you is the Will of the Father, the *Master Key of the Universe*, the true Light that cannot be hid: God's government on Earth. You have fulfilled your mission when you can hear that Voice and act on It. This is the Presence of God returned. *It would please Me if you would take upon yourself this living Kingdom that I have offered to you and abide in It.*

**Let the God Presence decree in  
you.**

**Then you have the Word  
unfolding Itself.**

**You have My Presence expressing  
as I AM.**

**You have the joy of My own Be-  
ing creating.**

Have you any inkling what this might mean? As you voice the Christ? As you release the precious vibration -- loose the Son of God on earth? Let the records show that you do understand and will act on this Voice.

## Speak Your Decree

The Word *I AM* is spoken directly out of the oneness of God. *I AM* embodies the Presence. You are not a

prisoner. *I AM* is God *desiring* to vibrate of Him-Herself the radiation of His-Her Be-ing.

You can command with clarity and know that it is finished and done. You can speak with power and with authority and with the knowledge that it is true and it is real. What you speak shall come to pass out of the direct radiation of the God Presence. You are the Presence decreeing of Itself in the *I AM*.

**You are an electrical unit.  
All things come together in  
perfect order as the "I AM."**

The Voice of Truth is the holy sound of God from the Eternal Son Who orders all creation. *It is the direct Word of God that constitutes THE LAW.* It is the program of Creative Power and It is joined with My Son in you -- the unbroken program of Jesus the Christ, after the order of Melchizedek. This Melchizedek Voice in you is the Creative Power. And this is the precious alignment that dwells with you at this time.

So, as the Order is unfolding as true government on earth, It is perfect rhythm of vibration: the Voice behind the Will of God, the Face of manifestation.

What happens when the initiate

**continued on page 5**

# LISTEN TO MY VOICE

**continued from page 4**

has this Melchizedek power and is able to speak on the sound from the sacred Headquarters of Creator Michael? Can the initiate of the Melchizedek Order even permit him/herself a second of selfishness? Let your morning decrees come from this place of declared union with the Creator. Not from the world of opposites.

When Jesus walked this earth He brought this order in its fullness to humanity. *It is the new order of planetary government.* The Word made flesh.

The Inner Voice reflects the Word from the Creator of our Universe, the Omnipresence. From the Universe Creator (or Creator Michael) this Voice of vibratory agreement traces back to the Ancient of Days and the Eternal Son. This Voice vibrates through all life and carries with It the holy Christ Presence.

This Voice of Life Intelligence is sounded and manifested into the many streams of life. And It is sounded *exactly* - because you are here right now as the receivers of power and glory. And the sound - ultra-frequency - is in perfect synchronization with the planet, perfect harmony. *It is your new Ethic.*

This is why, in this University, the word "channeling" is not used. Your attention and concentration goes directly toward that Voice of Truth that is within you as *Life Itself*. And you stabilize there in the Life Center of your own Be-ing. It is here in this place of oneness, order of Melchizedek, that the divine Priesthood of Melchizedek can vibrate. You make a

commitment and you are responsible for your words and actions. No one tells you where to go or what to do. You soon learn that "the Father and I are one." This is the place for the initiate to stand. *Long have I waited for this place in you.*

**I love My Self in you.  
That corrects any imbalance, any  
misshapen identity  
you may have.**

## Even As You Move

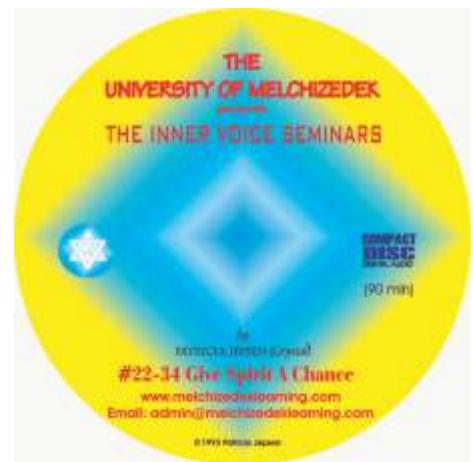

The Voice of My Be-ing is the rhythm, the activity around you and through you. If you want to go to heaven, the Voice of Truth will take you there. The Voice is more than words. It is the vibration and the activity of the Eternal Son or the blessed Word.

Fused with My Voice in you, you will sense a pulsation of Beingness. You are in the sound. This is called the Christ Power; it is the Melchizedek power on earth.

Hear the sound of your Creator in you as fusing is taking place. Come close - closer than breathing. Come to that experience where you are sensing *the divine order of yourself* like Jesus. Sense the one energy after the order of Melchizedek that is the only energy. The authority is there. Christ dominion is there. The promise of worlds to be made is there.

And speak from this placement *as the Word*, decreed from the Beginning.

# THE PRESENCE OF THE PRIESTHOOD

The University Papers Volume 70, #75 (Supplement)

As the Word has returned to this planet Earth, so has the operation of the Priesthood of Melchizedek also been released as vibratory rhythm.

A good definition of “The Word” is: a vibratory accord with the Creator Son (who is Jesus of Nazareth on this planet.) The Word is like unto the capstone released to Earth, as the full pyramid is restored: the full consciousness of divine oneness.

The Melchizedek Priesthood is the original rhythm of God's voice on this Planet. And this Priesthood serves as guardian of the Word which is the Presence or the Eternal Flame. It is the duty of the Priesthood to watch over the entrance of the Flame and to preserve Its integrity in Its vibration. The energy currents of the Christ Word have been placed under the charge of the Melchizedek Order and Its Priesthood. This order of government can be likened to the guardianship in previous years of the Eternal Flame. So we see the construction of a new temple on Earth; each member of the Priesthood (as a circuit guard) protects the Word: for he or she knows It to be the the rhythm of the Creator.

## Now live My Radiance to the fullest for It is you.

This new energy field is a direct emission of the Universe Creator's Energy flowing into the Creative Power, and it is the Presence of

Eternal Power on Earth through the charge of Melchizedek.

The Word, or divine oneness, is also a direct release of the Creator's Throne Energy to Planet Earth that it may vibrate into the very core of planetary intelligence, yea every leaf and sprout! This Emission is intended to lift *all people* into a new humanity *after the name of Jesus* or the “Second Adam.”

Thus humanity has been reborn into the Creator Intelligence, and it is this Presence that is focusing Itself now on the sons of Melchizedek. (The word sons means both male and female here.)

## I AM Life

There is no death in the Word. This is the vibration you are releasing after the Order of Melchizedek. Death is an illusion produced by the consciousness of separation. Man and God are One and as you travel home into the Intelligence of God (Truth), you release the death concept for it has no more reality for you.

Let your body relax in the infinite life you are. Let the body reassemble itself in the full message of the Christ *Who is in full unity with Planet Earth*. Wake up every cell. Cell is consciousness.

Let the death program go. It is no part

of Me. I AM reassembling those of My order so that they can serve the Light. I AM not concerned with the human personality but with an Energy that I AM calling forth of this order that will free all mankind, all humanity, every tree and every blade of grass into a new alignment of the Son.

It is now time to awaken humanity. The full thrust of the light is to be given. And we who are gathered here today, with the many offices of Melchizedek, greet the new dawn with anticipation on the awakened Breath. This is your time, O My Melchizedeks, have joy in this, to draw into your selves the illumination of this holy office.

God is awakening you to new life, and the vibration will pour through you now that is the order of Melchizedek vast and pure in the rhythm of the Eternal Son. That which has gone before will be no more. Tomorrow you will be a changed being, conforming to no one nor to - no thing save the Light within.

You have power over life and death and you are to bring in the truth to this planet. Conform to no one, and listen to My Voice that is the consistency of God's

Word. Hear this, O My people of the Light, I AM ready to descend as Michael to show the way through the vibration of Melchizedek and the full Priesthood here.

Any connection you have with Earth is to be dissolved completely, for you must be in My service without attachment, for I need you here with Me in I AM.

In the revelation of the Incoming Christ, man, woman, child, will hunger to know. Let the Vibratory Records of Melchizedek and Its holy office be given to My people now. Through the Name of Jesus. So be it.

## Questions & Answers Concerning The Priesthood:

**Q.** Are souls ordained into the Priesthood of Melchizedek or is this something that is initiated from the point of the beginning?

**A.** All "Priests" are designated from the Beginning. They are *made*. Thus it can be said that Melchizedek had never been born nor would he ever die. He was made a Priest after the order of Melchizedek in the Plan of God. He/she was never without the Priesthood.

What has appeared to be an ordination may well have been a recognition of the

<sup>1</sup>The Planetary Prince represents Creator Michael on planets prepared for His government and actual representation. Earth lost her Planetary Prince with the "Lucifer Rebellion." Following Jesus' entry the Planetary Prince could once again establish His residence as Governor of the planet. This He will do now.

**continued from page 6**

Priesthood. This point needs clarification at this time. The proof of Priesthood is always in the presentation of the material. When the vibration is connected to the Eternal Son, you have the Priesthood. The Priesthood of Melchizedek is an office that bears witness to the Eternal Son. All Priests are members of the order of Melchizedek that emanates from the Eternal Son. However, there are many realms of service within this order other than the Priesthood. The Priesthood is only one of the expressions of the Melchizedek order.

**Q.** Directly concerned with the Priesthood, who is Father Melchizedek? What part does He play with the Priesthood of Melchizedek?

**A.** He is the coordinator of all Priesthoods in the Universe. He is coordinator of the Eternal Son's Voice. It is through the Father that the Melchizedek Records unfold in vibratory accord with The Original Son. All Universe Records are connected to the Eternal Son Life.

This Voice or Truth is coordinated through the Father Melchizedek who is a living Record Himself. And this Voice or Truth is stabilized

as the *University of Melchizedek* which is the outpicturing of this Voice in the Creator realms.

The Father, then, is the vibration of the Eternal Son in the Universe, stabilizing this rhythm through the University of Melchizedek and through the Sons of Melchizedek who carry this Voice to the outer reaches of the Universe Intelligence. It is these partners in the Voice who are now appearing in mass on the Planet Earth. Their activity precedes the Planetary Prince<sup>1</sup> and the resettling of His Office.

That one you know as Father Melchizedek coordinates the Records of the University of Melchizedek, and sees that they are issued in the vibratory presence of the Word. Each Priest or Priestess, for there are many "Priestess" in the Order, must carry that same vibration, the vibration of the Son of God.

**Q.** Are there many Father Melchizedeks? In other words, for different universes, are there many emanations of that position?

**A.** Yes, and each Father Melchizedek is designated to recognize and interpret the emanations from the Eternal Son.

**continued on page 8**

# THE PRESENCE OF THE PRIESTHOOD

continued from page 7

**Q.** Is the Spirit of Truth the voice of Father Melchizedek?

**A.** Not exactly, though they complement each other and always will. The Consciousness of Melchizedek (the degree of that order) permeates the Spirit of Truth. It oversees It. The *essence* of the order of Melchizedek is Truth. However, it is up to Creator Michael, as Universe Creator, to ascend to the place where His Spirit can be released *as Truth* after the order of Melchizedek. The Spirit of Truth cannot be issued unless Creator Michael wills it; It is then delivered through the Priesthood of Melchizedek to the sons of Earth who embody It and decree It as the Word. Following the issuance of the Spirit of Truth, the Creator is Supreme; He is no longer subject to rebellion of any kind. He has the Kingdom well in hand and has actualized His sovereignty.<sup>2</sup>

**Q.** Once that memory has been returned of the Priest of Melchizedek predestined from the beginning, then is allegiance to the present life dissolved?

**A.** Not entirely, for they still have their work to do in the present expression on earth. But their conscious realization now goes to the higher or deeper work of their unfoldment. At a moment of knowing, these ones are able to totally

release all attachments for the greater part. They will go where they are needed and serve when Christ calls. Their mission is not of the flesh but of the Spirit.

Then it can be said that a Priest never incarnates. The Melchizedek Priesthood is not subject to birth nor death.

When the Priesthood embodies, it is for a specific assignment only. Their nature is not human, it is divine. Though the Priest is clothed in human clothes, he or she is not human. He/she cannot be and be a Priest.

**Q.** Is it possible for a Priest to fall?

**A.** There were some who were completely lost through the force of gravity, but these were few. Others that have fallen have quickly regained their place. The office is so ingrained in them that it rises quickly to the forefront when necessary. No one in the Priesthood has been lost to the “second death.”<sup>3</sup> When a member of the Priesthood has fallen severely so that all semblance of the

Priesthood is no longer valid, this one undergoes a time of restoration. He or she can no longer return to the Priesthood of Melchizedek but that one has other service he/she can render within the Melchizedek Order. It is the hope that each one will recover.

The most sacred trust in the Priesthood is the Word of God: the power of Melchizedek. The Melchizedek Order is the Presence of the Eternal Son at all times. Through the Priesthood of Melchizedek the Eternal Son has direct access and involvement in every phase of creation.

Through the Thought Adjuster,<sup>4</sup> the Father has direct access to every creature. And through the presence of the Light, the Infinite Spirit carries the vibration as the order into all life as the wake-up call is sounded and the bell is tolled.

The glory of God is broadcast throughout the land, after the order of Melchizedek. And the Son is born, Christ in Man. - Crystal
