The Second Coming Is Here!

(THE SPECIALS Volume 4, no. 18)

News Release from the University of Melchizedek

After the Fall you were subject to lower forces and remained so until the time of Israel's establishment as a nation.¹ From that moment on new forces began to arrive on planet Earth. These forces of the liberation of humanity and all life intended are regrouping as a new wave that has entered the system.

The mask is finally released and all humanity and creatures of the light will be recognized as divine and measured thus for qualification in the light vibrations.

The sum total of this is:

1. No more quarreling on the planet. You will be liberated from conflict.

2. No disease will afflict you and cause you suffering so as to keep you from your ascension duties.

3. All Lightworkers, already chosen to serve as teachers of the light dimension (Sixth World), will be appropriated now to serve as intended from the First Agreement made with Melchizedek who is the author and originator of the terms hereof.

4. All wars will be halted in midstream if necessary. Every possible assistance shall be given to the United Nations and the vision of a united world of spiritual intent and cosmic origin.

¹ That cemented the Creator's access.

5. Peace will reign by the teachers of the Light finally agreeing to serve the highest intention of their souls.

6. There has been a request for an increase in Angelic support here on Earth. This will be done. And no sooner was it requested in behalf of all — in behalf of the long-suffering peoples and all creation including our beloved Mother Earth — than the Angelic Kingdom began to respond in numbers.

7. We will remove all trace of human suffering as a platform is built to accommodate the new laws of planet circuitry. Resist not the Light. This Light has been increased to such an extent that it is beneficial for you to respond in positive acceptance to the direction of your soul's intent

Meditation of the Month

Jesus said that you must lose your life to find it.
The immortal body cannot become a reality for you if you hold on to the mortal body—a body created out of mortal consciousness.

and the person of your guiding Prince of Peace.

8. Finally, all negativity will cease other than the natural negative energy, bound and held in agreement with the unification program. That negative relationship is in coordination with the Queen Mother or Universe Mother and cannot be separated from the divine positive vibration of the Creator. Thus a magnetic energy field has been inserted within the body of the planet Earth to permit increased balancing to take place in all quarters of this land.

These are the words of Melchizedek to you:

Dear ones, you have been lost, now you have been found. You have been united once again into the magnetic field of your Creator. This enables you — all life — to participate openly and with conscious agreement to the Father's Plan and to return to your image and likeness as a full registered Melchizedek experiential son.

Thus the orders have gone out by decree of Father Melchizedek and the Council of Twelve. A decision has been made through this Council and through the Presence of Michael, your Universe Creator, that this is a time of awakening and full recognition of the world of light. Your Inner Voice will guide you and direct you as you change your consciousness and become a true Melchizedek son (or Sun). Be aware of this. You have entered the body of Michael, the Universe Creator. It is His will that governs the land and you will be "hearing" or "knowing" His Voice soon as Creative Power. This enables you to lift your spirit and to coordinate your vital e-motions in a ring on Earth of vital supply for all.

As the increase in assistance and overturning of the lower energies is taking place, the negative resistance to the new world will be dissolved. Those who are not prepared for the increase of light, the new light jacket being extended now, may be lifted from the planet and taught of the new

way in schools of light readied for this purpose. Others who remain here may feel a lack of identity, even confusion or a sense of paralysis. This will occur as the light dissolves the darkness and the ways of Earth are integrated with the ways of the Light. Because of the effect of the increased light upon many human beings, you are asked to serve as qualified teachers, as a guide and benevolent friend to the ones who will be in the throes of massive change.

Like a Great Wave I creep over you to know Myself. I send My Light Angels before Me to prepare the way. Let those who have understanding of My program lay down their nets and respond to the need of My planet. And when you do this I will provide all that you need in every area of your service. Be clothed with Light now and be suns of radiance. I AM the Second Coming, the Golden Gate has opened, the Messiah has passed through. Give up the conflict of your religious beliefs and come to the Truth of Melchizedek. I AM One.

With this announcement....

The Christian term for this change into new dimensional frequency is the "Second Coming." It may be termed the entrance of the Messiah or the Sixth World. Names and religious terms often cause us to disagree and this disagreement has often taken us to war with one another. How foolish! How childish and how utterly stupid! But as the Apostle Paul has so ably stated, Then we saw in part. But as the veil of illusion lifts, we will see in wholeness.

Gather yourselves to the will of the Creator. Lift your hearts and minds to that One. Listen to the coordinating Spirit of the One Voice and serve the Hierarchy now in the field of Light as the Incoming Christ.

Humanity has been re-identified and re-created. Help others. Know that all has been forgiven. Can the tiny child be held accountable? The Earth has suffered too long. We will not let her suffer any longer. It is the decision of the Hierarchical Board that the Second Coming is released, which is the wave of Christ Presence or the Universe Creator as a Sun upon all life.

There is naught you can do to earn this. It is done. And so it is with all life. God's miracles perform. Peace and good will to all.

THE REVELATORY EXPERIENCE

THE MASTER'S PAPERS no. 90

When a new revelation is born within you and you experience the passage of light through your system, this light, of itself, will disturb old forms of crystallized patterns. This disturbance is the breaking up of old energy to be used for the new concept, the new rhythm, the new life.

But--

Here is what happens during this creative process in the mind and in the heart. That which was called "your world" cannot remain, nor has it any place in your new world of revelatory change. You have created a new world by your revelation. You have denounced the old. Thus that which was of the former can no longer be. It must give way to the new. And in the process of this giving way, unpleasantness in the form of discomfort both physical and psychological can result.

Following a revelatory experience -- and the nature of revelation will be discussed in a minute -- a quantitative jump has caused patterns to be rejected within the mind. These old and comfortable patterns are as refuse or garbage to the rushing river of new thought that is forming of itself within the brain. New mind consciousness is translating out of your system all thought patterns that no longer exist in your reality! Nothing is thrown away however. For thoughts are energy and energy can be translated into new forms of life.

The revelatory experience itself acts as a force of initiation. A tremendous outpour of light frequency charges your mind. You must meet it. You must meet this light by your

acceptance of it. A new world is created in thought. Out of this new light a new world is seeded. And it is in this new world that you find yourself. Because the revelation itself comes with enormous power, the breakup is immediate. That which was is no longer. Yet, as is often the case, there is attachment to the old way and so a struggle ensues. You may find that you are truly bewitched by the revelation yet strongly attached to your previous world. You may find it difficult to let go, to recall the revelation and to believe in it. And so, you may find yourself literally caught between two worlds, divided.

The initiatory force of the revelation has not forgotten itself! It has been born. It will live! It digs its feet into the world of matter and commences to build of itself: the world of light. In the very force of the revelation, the old is loosened and now must be faced. In order for the revelation to live, the student must see through the past patterns. There must be no clinging to the previous patterns. You must be ready to live the revelation!

As the revelation continues to grow and embody itself, that which was old may appear as the dragon on the path, the negative thoughtform, even the evil spirit. It is only through detachment that the old simply isn't.

During the revelatory period, where energy translates itself and reveals new life through itself, there can and often is resistance to the emerging new form. Thus you may feel resistance in the air, through others, in your own body and mind. But keep to the light of your revelation. It carries the energy and is declared by you to live as truth. Stay with your truth!

Increased negativity is normal following a revelation. It is simply the passing away of that which was real for you in your mind. Let it go. Let the joy of new life be yours as you learn to live in revelation, leaping from one plateau to the next as you find and discover the world of light, the world of infinite patterns and potential.

GOLDEN BODY OF THE LORD

(UNIVERSITY PAPERS NO. 51)

I, Crystal, have been given a vision of Christ descending AS LIGHT, a Light that enraptures you. It is vibrating through this Earth system at a very fast rate and It is shoving off that which It is not. (Witness the amazing events in Eastern Europe, November-December 1989.) On November 1, at 6:00 pm, I received this Message: The Coming of The Christ. He is making His descent now with the Legions of Light.

The descending Christ or INCOMING CHRIST manifesting as great and wondrous emanations of divine grace - sent from The Father Himself, part of the Universe Program - decrees Itself into existence and into EXPRESSION by Word of God. And it is through this challenge of magnificent Power that we will triumph. All to the glory of God and His process of uniting all into Him in a vibrating awareness of light and love. I want everyone conscious of their divinity. And this throws Me into a unity that is manifest as GOD THE SUPREME.

This Light, as The Mighty Christ, that is descending into all areas of this planet, decrees justice. Powerful and wonderful is this Word. He that comes is powerful and wonderful and is with you always as Consciousness The Supreme.

Moving in through all life is the Consciousness of the One sent -- He that is called Jesus, the Lord of Creation, is now embodied through all life, as Christ realization emerges as the Truth of Being.

THE LIGHT BODY IS THE SECOND COMING. (From The University Papers no. 24, page 4)

You will be learning more of this as The Melchizedek Lessons unfold. He Who comes bears no thought of anything save the I AM. This brings a new energy into this holy sphere. I AM

The University of Melchizedek aligns you into the Creative Power. The position of your consciousness must rely on the Christ Energy now, so that the Holy Mother can vibrate through your heart chakra (center) as new life. This entrance of the Mother permits you to be creative once more. Take upon yourself the new position: I AM THAT I AM.

one with The Father and He with me. Say this over and over.

The Entrance of the Christ Presence as emanations of Light calls forth the glory within the soul. It, the Light, searches out the center of your being and It solidifies your Creative Power. This blessed Light would be likened unto the Transfiguration on this planet. It is the program of the Rapture, the Seal of the Revelation: the Body of Light that calls you back into Itself, into that place that the Lord has prepared out of His own Consciousness. Thus you are lifted up by this Great Light into high-intensity union. You will begin to FEEL this upliftment now. And it will process through you as the Great Light of Sananda, Who is Lord of the Cosmos now in the Universal Father.

These emanations of Light, degrees of the Light Force, are manifesting as a cloud of union. It is the process of union with the Father God; it is the Christ descending in the body of Sananda or JESUS. Many will certainly FEEL this Light; some will SEE It. This Christ Light is etheric; It is magnetic. It is like hundreds of

Without this key, the Body of Light cannot be attained. You are IN the Body of Light as you accept The Christ into your system as reality and know Him as immortal life through your heart-stream. Then can you say, I live in Him and He in Me and We are One ! (The immortal life is yours as you join Christ in His system. That is Power personified, the living Life within you.) As you join with The Christ AS IMMORTAL LIFE your whole system changes into light, the Light of All-Consciousness Divine. He Who is greater than the world translates you into Him. This is the Rapture for you and for all who accept the Records of Sananda (Jesus) - the great union on Earth. (The great gate is open NOW.) Therefore, in this day and age, all shall come home to the Father-Mother God. So saith your Lord as The Christ (Living Light in you).

(From The University Papers no. 18, page 9)

arms reaching out FOR ITS OWN. As your heart is open and your Christ within acknowledged and received, the Great Light - like a mighty arm of light - will search out that Christ within you and draw that wondrous Self unto Itself as One. That Light emerging will claim Its own; It reaches to that Christ within YOU. This is the way you are enveloped in light and gathered up. Your participation, your contribution, in nourishing and acknowledging that Christ within you, is the threshold through which this descending or INCOMING Christ emanation can reach you and gather you up.

I stand with the Light and I AM that Light within me as I AM! Behold, I cannot be other than That which was given from the Beginning.

The Body of Light is that Light emanation; it is the ingathering mixing, agreeing, merging with the Light you have fanned within your own being as the I AM Presence, or the Christ within. This Light emanation, Arm of God, is entering this system to claim Its own. It is the powerful re-entry of Sananda's Light. It is the position of your Creator as He-She takes command of His Universe as I AM.

The Records and the lessons given through this University have prepared you well for this incoming revelation. You should not be caught off-guard by the radiations of the Divine One. As you have learned your lessons well, so shall you be embodied by this Light. And there shall not be thirst, nor

Man is a spiritual being. On this premise we have founded our work. When we understand our component parts, we understand God.

hunger.

Thus, the Body of Light has much to do with the mixing and mingling of the Christ descending, the Incoming Christ, as It gathers Its own. Its own does not mean the personality but it has to do with the Christ within, or Seed of original creation - the I AM. That is the Child of the Universe WHO YOU ARE IN TRUTH. So you see, the Christ within is in truth the doorway, the threshold, the very key into the new dimension of Creative Power: our new heaven and our new earth.

Jesus serves as the unifying focus for all mankind. When you know Jesus, you know the Creator in you as you.

You have been lifted through His 'death' into His Life. Take on the mortal no longer.

The forces of realization through Jesus The Christ have done the work. (From The University Papers no. 24, page 5.)

There is an ingathering that is taking place in the harvest of His own. It is this Gathering that you will be feeling as the intensity will grow. WE are blessed to be here and witness this? Here begins a mass translation and a second Pentecost: Pentecost for Humanity.

Claim and ACCEPT your place in the Golden Body of The Lord. The vibrations of Unity will cover you with His Presence. He is vital; He is assuring. He bears no malice, only love. Only love. Come to that One who is unconditional love. He Who is POSITIONED in that Love is entering your system. You are lifted into that Love.

*If you would just love me,
I would give you everything
you need.*

(Planet Earth speaking)

The conditions of this planet are and will continue to move consciousness of humanity into a new sphere.

This is a declaration of a new humanity and a new radiant planet Earth who, as the Creative Power rises, move into a new dimension and a new embodiment of light fluid.

The human condition is changing - but not fast enough. More is needed from each and every one of you. As you listen and decree, know that Earth is listening too. If you agree, manifestation will occur.

No more can you live for yourself, O man. I say, no more. I, Divine Intelligence, respond only to the whole embodiment that I have created as I AM. I do not know separation. What has been cannot be. I have become greater in you. I have embodied My Son's Truth on Earth, in her every living cell. She is of Me and I of her. We are together at one. You have brought into earth a false program. I breathe you into newness, God-centeredness. I breathe new life into you and complete you as Myself. Therefore,

come to that which is whole and decree. And the fluid shall answer you as the I AM.

THE HOLY SPIRIT EMBODIES ALL LIFE.

IT IS THE SUBSTANCE OF ALL THINGS.

Such are the conditions on Earth at this time that humanity can no longer live upon it without altering his/her energy pattern. The rapidly changing Earth planet is literally forcing creation, including human beings, into the etheric light zones (fifth and sixth dimensions).

For in order to adapt at Universe consistency, human beings and all creation must loose the denser physical body and reclothe themselves in light. To remain on the planet, that is.

As the Positioning Consciousness is vitalizing Itself within you as consciousness supreme, so the Positioning Consciousness is vitalizing Itself on and within planet Earth. This is the Passageway to the new, the Ultimate.

You cannot live in the Presence of this Positioning Consciousness without changing - if you are to adapt and continue to live on this planet. The higher

horizons cannot be sustained or maintained without the consciousness of ALL: the interconnectiveness of all life. This awareness and agreement of the BODY OF CHRIST, the Supreme Lord of this planet, is paramount as humanity moves into a new dimension of Ultimate frequency and recognized wholeness. The awareness that everything is interconnected and inter-related as a body or consciousness that is Supreme Intelligence is the revelation for this time and hour.

You see, the body temperature and frequency is changing in the quest for life. EVERYTHING is changing in its desire to survive and live on this planet. The Earth is changing. It is becoming a star brilliant in the heavens. It is translating into light. Therefore, the body of man (humanity) is changing as rapidly as possible to light that man might continue to dwell upon this Earth. As your body awareness is changing, so must your heart and mind: being always conscious of the oneness of life and the interconnectiveness of all creation.

(Not only is woman rising and we must remember the power of woman, but we must also remember the power of the squirrel and the power of the wind. We cannot live separately any longer. This planet will not permit it.)

A new healing...

Your body, your health, is maintained and developed by Earth. She knows your body as herself. As you treat Earth with respect and love, so she will respond as a healthy and lively body. Your health comes from the EARTH. She is your body on the physical and material plane. Your relationship to her creates the functioning physical, material form. As Earth changes her body -- which she is in the process of doing -- so do human beings -- even all creation, that is destined to continue in and with Earth as she forms her body of light.

Begin to send out waves of love and respect to this Earth. Ask how you might better serve her. Ask her to be with you as she rises and

gives out great light of Holy Spirit radiance.

THE BREATH OF GOD IS EMANATIONS OF GLORY RADIATING FROM THE CREATOR INTO ALL PARTS OF HIS CREATION. THIS IS THE SUPREME.

You are not above nor below any of God's creation. Human beings are partners with the wave of the sea and the depths of the ocean. Partners with all creatures who abide on this Earth, with the invisibles, with the rocks and the stones. Once you develop this consciousness of union you will see things far differently than you do today. And you will have no more disease that is rooted in separation: for the Holy Spirit knows no other but the One. She carries this experientially.

Now, in the embodiment of The One, as It knows Itself and agrees with Itself in harmony with all life, there comes a vibrant challenge to the human beings. It is the challenge of Jesus, it is the challenge of Sananda. It is the formation of a new life in Spirit.

And here we go back to Earth again to understand that Earth is resurrecting herself and coming into a new dimension of divine love. If you will join her and receive the new body of light that is carefully prepared from herself, then you must rise -- as she is rising -- and take up your domain in Christ. For Christ has penetrated Earth to such a degree that she cannot reject Him. Christ is wholeness, oneness, universality, unconditional love and light. There is no other body for this time but this.

The Life Force of this Earth is going to help you as you love and respect Earth and all creation, visible and invisible AS THE SAME. If you cannot do this, she, Earth, will abandon you and you will know storms. Come to Earth's enfolding arms. She has a message for you as she tells you: You are sacred, I am sacred, all life is sacred to our Mother. And these things she knows and knows well. She can tell you much. You can hear her through the tree and see her in the winds.

A further word about healing

...

So frequently people try to heal themselves. There is no truth in the way you see yourself as you try to heal "yourself." The Holy Spirit cannot hear you from this point or degree of awareness. She knows only the Son who is the LIFE and the INTELLIGENCE of God as I AM. When the Son speaks, She listens. Now where is the Son? In the wholeness. In the divine truth. As you give to the wholeness, God reality, you then open your consciousness to the revealed love of the Creator. Whatever the problem is, whatever the seeming appearance of difficulty, as you rest in the divinity that is yours, in the wholeness of Good and the Beingness of His nature as you, then God as Holy Spirit can express through you fulfilling the need and prayers of many.

Your consciousness, then, becomes God's vehicle to answer many needs. For instance: It may appear that you are in debt and you cannot seem to manifest the supply to meet the obligation. Yet there are many who have a similar "problem." Many children of the light, desirous to serve God. As you raise your consciousness out of "self" into the allness of God, you will feel God answering and SUPPLYING HIS BODY. This is true healing and it is done in Christ.
