# THE RISING OF WOMAN

THE UNIVERSITY PAPERS VOLUME 8, #152

**Woman must be a chalice for the Creative Power, the great and brilliant Universe Daughter. The position of Her Flame in Woman decrees the new Man and the coming of the Lost Tribe.**

The creative potential within woman has been dormant. A veil rests across the God Presence of Divine Energy and the consciousness of the woman. She who has been called "weak" is the spiritual power within Man. And lo, shall she be awakened now to the God Consciousness she truly is. The veil shall be lifted from the Woman and Man will know her as God presence, the mighty Creative Power I AM. Once stabilized, Woman (the Womb of Man) can produce the radiance of the Christ.

Woman must break the bond of human matrimony to become a Light within Herself, the consciousness of Christ and the power of the Holy Spirit. The transformation of woman into God power is beginning. Each and every moment trembles with the

resonance of this remembered power of woman.

The entrance of the Universe Daughter or Mother Spirit, as the Christed Energy field of the feminine pole, releases woman into her soul manifestation as the Risen Eve or MARY. Each and every woman must become Mary, the Mother of Christ. Each and every woman must learn to speak with the power of authority that will rock the nations and lower the true Kingdom as it was intended.

## The Fallen Eve

The principle of the fallen Eve reveals the cosmic nature within Man.<sup>1</sup> Eve, in this familiar learning story, represents and symbolizes power. When the Creative Power is no longer serving the one Voice or "the Father within," then it is fallen energy. It has lost its momentum in Truth. Energy that has become driven by unbridled and selfish emotions can no longer serve the Light. It is in this state of "fallen from grace" that human beings have become a ploy to the negative - useless vessels lost in a maze of illusion.

Negative pole (Eve) and positive pole (Adam) must be joined for the Creative Power to rise and circulate in the vibration of the I

AM. The Consciousness of the Christ (divine Son or emanation of Godhood) is the I AM Consciousness. When that original Life Circuit has been reconnected as Man or consciousness, the vital New Kingdom has been established. It is here in this light that we must take our journey as Voice of the Creator.

Woman's job is to return man to God. This "return" or *Second Coming* occurs when woman, herself, rises. Our hope in the future rests with woman and her rise as divine power. Until this happens, man is caught in the boundaries of time and space, a place of non-creation, a place of death and denial where no peace can come.

Let us now delve deeper into woman's place in the plan. Who is woman, then?

The personification and embodiment of woman in human form is the presence of power. This gift of power is disturbing to man until he, himself, takes his feminine pole as his bride. In finding the divine feminine or MARY within himself, man fulfills his nature as love and reclaims his position in the firmaments of the Christ. All power then becomes his after the Order of Mary.

# THE RISING OF WOMAN

To enable man to become his ascended self in full nature and practice, the woman must release her spiritual power - clear of all negative emotions. She must go through the fires - just as the fabled Phoenix - and emerge Another and the Same. She must translate her lower, negative emotions into the lake of fire called the Holy Spirit. She is to be-come the Holy Spirit and Divine Daughter as she takes her place by the Son of God as EQUAL in her own right, bearing her own flame of Creative intent.

Emotions that have been used to manipulate, control and downgrade the positive vibration can no longer be tolerated. Mary, the World Mother, steps forward and beckons all women to transform their emotional body into light. The Law tells us that when woman rises, man is risen. With both poles aligned and in Christ harmony, the Voice of Truth reigns as the GodSelf.

Women are the personification of the presence of power. The misuse of this power has caused the fall of man or humanity. Now it is up to woman to turn the key of limitless supply and reveal the sacred Creative Power that is the risen Eve or Mary. For Mary, in truth, is the supreme Goddess of Deliverance, the sacred soul mother of divine love.

The practice of releasing negative emotions must now halt. For it is the emotions that have bound man to a false world and delivered him into the hands of illusion.

<sup>2</sup>Blueprint for the new humanity.

<sup>3</sup>By Her permission do they come and are they regulated.

<sup>4</sup>This is the World of Light as prophesied.

<sup>5</sup>Jesus, as Son of God or living authority, cast His mold or image in humanity's consciousness. The Manu (in charge of the Seventh Root Race) uses this pattern cast by Jesus as the living plan and blueprint for a new creation.

## Emergence of the Office of World Mother

On July 10<sup>th</sup>, 2000, an announcement will be made concerning the vital anchoring of the World Mother Office on this plane. This will be a tremendous support for all women everywhere and an added boost for the male counterpart. Great will be the rejoicing on Earth. Indeed, great will be the rejoicing in the heavens.

### What is the World Mother Office?

Presiding as the guiding hand of the World Mother Office is one who carries and embodies the Spirit of the Divine Mother. This Office, as part of God's Government, must radiate the presence of God The Mother. At present this Office is held by Mary, Mother of Jesus. She holds the title and supreme position of *World Mother*.

The Office of the World Mother is the stabilizer. This Office is overseeing the rebirth of the Christ within each human being on this planet. As Mother Mary gave birth to the Holy Son of God (named Jesus),<sup>2</sup> so does She now officiate in the global birth and oversee every spiritual birth - every Seed of God. The World Mother Office is furthering the

Christ initiation in every soul.

This Office now coordinates cosmic rays that are entering our planet. All rays of cosmic origin must be filtered through Mother Mary as the World Mother.<sup>3</sup> This means that every chohan (chief) of every ray during this frequency change must serve the Office of the World Mother. Each chohan must be responsible to the World Mother Office, so that the Christ is brought into embodiment and restored to this planet.<sup>4</sup>

The Melchizedek vibration carries the order or pattern direct from the Eternal Son into the Office of the World Mother. She, then, aligns it to the pattern (blueprint) established by Jesus and releases it to Earth.<sup>5</sup> And it<sup>6</sup> is set into the human heart (where it undergoes transformation once again through the Thought Adjuster or Father within).

To repeat: The very fact that Mary, Mother of Jesus, has been placed in that position of World Mother, with Her earth experience and Her training to give birth to the Christ, is a deep revelation that will continue to unfold for a long time. What it tells us concerning God's plan for this planet and His whole Universe and beyond may take many notebooks to fill.

### Order of Melchizedek

The Life Force I AM follows an order, a blueprint, a plan. The

# THE RISING OF WOMAN

order of Melchizedek emerges from the Eternal Son, the second Person of the Paradise trinity. And the Order of Melchizedek was stabilized in its frequency once again on planet Earth through Jesus the Christ, who - if you will recall - was named High Priest after that order.

The consciousness of Mary (now proclaimed World Mother) released that Order through Jesus. She connected "Man" to God *in the birth of Her Son*, Who was the consciousness of Christ, or divine sonship. She proclaimed the divinity of a new circuit of energy called "I AM." And through Her, God will emancipate all mankind, and through Her, Christ will vibrate in and through all Earth!

Because Mary, Mother of Jesus, was the Mother of Christ, She is in the position - from Her earth experience and Her connection with Jesus - to enable this Order of Melchizedek to *embody* on this planet.

Now, let me remind you that the welcoming vibration can only embody according to the needs and the receptivity of the planet. Thus, the chohans of the various rays are responsible to the World Mother Office. She alone cradles the whole picture for this planet, for you and for me. She moves the vision into reality, concrete form, as She blesses creation with Her life.

All the Cosmic Rays must be coordinated through the World Mother Office as the Christ (World teacher) manifests or embodies on this planet. Everything is being coordinated to align the highest energy frequency of the Christ position on this planet. It is done through love. It is done through caring. But you see, just as in this classroom, I, Crystal, can go no

*continued from page 3*

further in this energy unless the group, as the class, is in agreement, is prepared and willing to take the next step of Truth. The same rule applies to the planet.

[from *The University Papers*, no 66 (Vol 3), pages 5-6]

## A New Dispensation

*Those who will walk with Me, I will give them fruit of My own womb. Mother Mary*

And what is that fruit? Divine birth. It is the Christ Consciousness. This is the fruit of Mary's womb.

The creative circuitry will open and under the watchful eye of Mary, the World Mother, this great power of Light and Love will furnish man with new hope and ease the suffering of our planet. Watch and nourish your own indwelling Christ, the God seed. In this way will you walk with Mary in the new age of planetary service.

The initiation of every woman into the Christ power is a tremendous awakening. Please dwell on the meaning of this and its meaning in your life as your consciousness expands to vibrate the I AM or GodSelf.

## Walk With Jesus

*Live now in the Presence of God. Let the emotions be quieted, even as Jesus quieted the storm. Practice saying to your emotions, just as Jesus did, "Peace be still." Know that He who quieted the storm for His fearful disciples 2000 years ago will quiet your emotional storm also. Let Him. Become now*

*initiated into the spiritual power that is My true woman on earth. Obey the Father not man. Listen to the Creator within you and walk as a light, as an equal in all ways to the partner beside you.*

*I come that you may be quieted and serve the Mother Energy as Love and Light. Rise, My Woman, rise! Be clothed in light and with this light save the Planet Earth of that which has caused her much pain and heartache. Woman, you must bear your responsibility and cease your weeping and wailing lest you fail in your place. Be strong in this Hour.*

## Seed Thoughts

Bend to no one. The Christ is Master and He/She dwells within you as your true Self.

Lead, don't follow, as you listen to your Voice within and give credence to That.

The emotional body must be quieted so that it becomes a fitting vessel for the spiritual power of the Holy Spirit. Woman rising is that spiritual power as it proclaims itself in My Son.

The Office of the World Mother has issued a proclamation that women must rise to enable men to ascend. There is great responsibility in this. There is no time left. All women come.

God's power is His/Her spiritual power through Woman. Let the new age begin!

# THE CREATIVE POWER

THE UNIVERSITY PAPERS VOLUME 8, #153

*Long has man suffered unto himself. Long has he sought the Eternal Realization, but he has not heard My Voice. He who has been given My Voice has My Creative Power.*

*The death program will be broken. For that is My will upon this earth. The Creative Power breaks the death program.*

## Fountain of Youth

My Presence and My Power govern the earth. This is essentially the new focus for our planet: the Christ Power and the Emergence. The governing power of the Inner Voice will be actualizing as The Christ. This enables human beings to realize the Christ within and to capitalize on the monumental power of the Voice as Christ Consciousness.

Initiations taking place for this Hour are concerned with stabilizing as the Inner Voice in the Creative Power. This circuit will not be broken once it is stabilized. Mother Mary, the World Mother, oversees this great fulfillment for all humanity.

We enter a new era and a new day. You are functioning now in a whole new creative level of Consciousness. See that in this quality of God-centeredness you accept the reality and the perfection of each day. Let us not dirty the day by human reasoning.<sup>1</sup> Live by the Christ Voice and the circumstances of your life will alter considerably. Forget the past!

This University outreach has presented the foundation for your energy adjustment into the Christ

Emergence. *The University Papers* can only point the way; the University courses and past *Papers* contain the study materials for your understanding.

Through the emergence of the Christ revelation and the Power it wields, the present death program will be dissolved. Declare the Life Energy within you and know that forces of the Christ are life, the very fountain of life, and the elixir of your eternity.

Divide not the will of the Father from your will. And lo, shall you be eternally Christed as the Light of the World.

Open now to the God Center within.

## The Coming of the Twin Flame

Without the twin *by your side*, the fires of the Creative Power will not burn. It takes two to make the one! Essentially, what I am saying here, is that your whole, complete Self is the one as the force of Light who claims My Hand. The position of your twin is important to finalize the Solar Flame on earth and to

create from the GodSelf the solar frequency of the I AM THAT I AM.

You must stand with your twin soul so that you can receive the Creative Power as a soul sacrament. The fires that burn within your soul emerge and blend with your twin flame to actualize the gift of the Creative Power on earth, the Solar Light.

Do I mean here that your twin flame must be in physical embodiment and materially by your side? Not necessarily. This can be accomplished - though in very rare cases - in the exact rhythm of the Christ vibration. However, it is only necessary that the twins become one as an etheric attunement. So to search for your physical twin may be a waste of time. Better that you concentrate on uniting with the Voice within and opening your heart - even further - to God, your cosmic twin.

Again, much has been given on this subject both in past *Papers* and in the University correspondence courses, so I will not repeat what has already been written and so given.

<sup>1</sup>The power to reason is not a "bad thing," it is a good thing when the roots of reason are in the Christ Mind, the Mind of the Creator in you.

*continued on page 6*

# THE CREATIVE POWER

*continued from page 5*

As you ascend, your twin flame is beside you and will ascend with you. As the Power is given, your twin accepts it also as a gift from the Father for the Son.

## The Creative Process

In the creative process, the creation will always take place in the etheric (unseen substance) first. There is a pattern given through vision. The vision is the revelatory power of the Holy Spirit or Creative Daughter.<sup>2</sup> The holy stream of Thought (vision) once it is accepted by the human being must complete its cycle within itself as given from above, so below. The sacrament of the vision requires that the consciousness and mind of the individual recipient be continually cleared of any temptation to impose the human thought or concept to the Christ vision. This clearing and cleansing is an exercise practiced by the disciple to vibrate the pure chalice as a vortex for the incoming, birthing of a creative form. When an individual imposes his or her concepts on the vibrating, externalizing vision, the process aborts. For God will have His/Her vision in perfect form or not at all.

What may well be confusing to the neophyte is the method by which the vision seeks to manifest itself in a form on earth. Once the vision has been accepted as a soul mission, the vision itself takes over. Think of the birth process as the babe grows within the mother's womb. A very

similar process will occur as the vision attempts to grow safely, secure within the mind of the disciple.

As the vision is being fed and nurtured, preparations are being made for the out-picturing or objectification of the vision. The Inner Voice will guide and direct the earnest disciple, thus it becomes essential that obedience to the Inner Voice (Higher Mind) be practiced.<sup>3</sup> No initiate or disciple will be asked to conceive of a vision or plan of the Hierarchy without first having been trained in the level of fusion necessary for actualization. Be aware of this. If you are accepted by the Ascended Masters, the Great White Brotherhood and the Melchizedek Order, you are expected to fulfill your part in the universe plan.

The Office of The Christ is emerging through the hearts of those who have learned to accept the Christ plan within and to follow their Christ Shepherd, the Inner Voice.

## The Creative Power Externalized

When you walk in faith, you walk with the Creative Power. When faith becomes realized and externalized as the Creative Power, you can then wield this Power as a Solar Son.<sup>4</sup>

There comes a time when the Creative Power is released completely to the Initiate Consciousness. It is withheld *as a protection* until the trials and the temptations are over and the initiate is prepared to fulfill his/her mission, to speak with the fire of being and register only "the Creative Word" as a form to be fulfilled. When this fire is released and placed in the hands of the initiate every thought and desire is objectified by the Creative Power! It is not a game.

When God's Power is given to the Initiate a ceremony is performed that sanctions the full bestowal of the Christ Power.<sup>5</sup> From that moment on, the one who holds the Rod of Power has the ability to manifest as the will of the Father. The Creative Sword is placed in his/her hand. The moment the Sword is placed in the hands of the initiate he or she has the right to use it for the good of the whole. Such a service is brought to bear *on the one who is called*.

**Question:** What are the differences between the generally understood creative process, the power of the subconscious mind, and the Creative Power as described in this section?

**Answer:** The Creative Power is the God Presence and the Divine Mother. It is the Presence of the Divine Plan in community with My Son. No Universe is without this

---

<sup>2</sup>Universe Mother/Daughter.

<sup>3</sup>To this end the University has established itself on Earth. The Voice of the Christ must be heard and found within the hearts and minds of humanity.

<sup>4</sup>Christ Son/Sun.

<sup>5</sup>Also known as the Melchizedek Power.

*continued on page 7*

# THE CREATIVE POWER

*continued from page 6*

Creative Power. It is cosmic in its origin. It is the foundation of all that is made. It is the Creative Substance or the Holy Womb and can only be used or applied by a master who is divinely ordained by the Great White Brotherhood and the Order of Melchizedek.<sup>6</sup>

The creative process and the power of the subconscious mind is subject to karma. Therefore, in the human condition, you are what you create. Until karma is complete and there is no karma left, the veil of Womb-man remains. Human beings create from desire, dreaming, and illusionary design. And always the creative process is subject to the karma of the individual who is not cleared for the higher dimensions. However, once karma is cleared, the subject may begin to blossom as a Christ initiate and training begins in a serious manner for the Son of God.

The power of the subconscious mind enables humanity to master thoughts and feelings and to realize the God potential that waits for him or her in the memory of the One.

A Note: There is no karma in Christ. In the surrender of all thoughts and desires - when the ego-self no longer exists in personality - the Life Center is Christ where *I and the Father are one*. The joy of oneness brings about the loss of karma. No longer subject to the law, the disciple lives with Christ and follows the Voice of the Inner Shepherd.

The Voice (Christ Voice or Inner Voice) and the Creative Power are one. Now can the Father say - even

as He has said to Jesus - *I give you the power over heaven and earth. Not physical power I give you, but the power of My Word.*

Once the rod of power is handed to the Initiate, he/she is responsible for every word spoken and every thought divinely perceived. Can you see why you must learn to control your emotions and center your mind on God's will, the authority, and the architect of our Universe?

## Take Responsibility

*Take full responsibility for your life. As you take responsibility, you form new directions.*

*The forces are aligned and given back to you.*

*You have authority and the elements obey.*

Everyone you meet is a part of yourself. Every misguided situation or broken relationship can be healed by returning home to Me, the I AM Presence, or *GodSelf*. Wherever I AM there is union, oneness. For I AM the universal law unto Myself as the I AM.

Now take full responsibility for the life and the situations you have created. When you take full responsibility, you can no longer blame anyone or anything. Not even God! As you take full responsibility, all energy is

removed from the appearance and returned to the GodSelf. From that point new creation stirs and has its breath. You see differently. You will experience Me in all life radiating back to you My love. *And you will embody this love as the Presence. Why? Because you have returned to the Father's House where I AM.* You have exercised the Law of One.

## Divinely Responsible

Knowing that you are responsible for your life, and taking responsibility for all that has occurred, is to signal the dominion that has been given from the Beginning. When one claims dominion and permits that which he or she is responsible for to be transmuted and recharged by the Spirit, then all that has been misused can be reclaimed into the Spirit and brought forward again *as living light!* This is the ascension process.

Angels will serve you as you lay claim to all energy around you and agree to take responsibility for all deeds, all experiences, *all that has occurred* in this life and all that has gone before.

When you blame someone else for your circumstances, you are a victim, are you not? You are not a master!

But when you set about to *reclaim* all energy that is and has been a part of you as your life, past, present and future -

---

<sup>6</sup>This is the Christ dimension.

*continued on page 8*

# THE CREATIVE POWER

*continued from page 7*

blaming no one - then the Universal Law says that the energy is yours. From that point, you release that energy to the Life Circuit, the I AM. The Holy Spirit will translate not only the energy that has been misqualified, but your past, present and future experiences into heaven on earth! Such is the way of the master.

Once you release all energy (including the "sexual energy") into Spirit, you have entered the domain of the master. Here in this place, you can decree the Creative Power out of you and it will take form. This is *the Law of Dominion* given to you by the Father-Mother Creator. You are blessed, truly blessed. Supremely blessed in the Cosmic Power I AM.

## There is No One To Blame

- There is no one to blame save your own misdirected self.
- You draw to you what you are. Whatever your consciousness is linked to, you will objectify.
- When one does not accept responsibility for his or her choices, the life becomes disassociated from the GodSelf, causing confusion, and this may result in discoloration of purpose and life expression.
- You are completely responsible for all that has occurred in your life. It is not "God doing it to you." You are doing it to yourself. Once you have this understanding, the God Presence will rise as your conscious awareness and you will become a true son (sun) of God once more in your radiation

of life.

Here is a key: No one is responsible for what you have done to yourself. When the subconscious mind accepts this, healing and right action can occur. Take possession of your life and then return it to Me (I AM). Then the power emerges - the One Who Is Sent, the *CREATOR in you*.

Until - and listen to this carefully - you have accepted *full responsibility* for your life expression, you are not in charge! Be truthful. Isn't it time to face the darkness and deliver it up into light?

Emotions must come out of the darkness where they have been stored as "negative" and be transmuted into *the heart of Christ* where I AM. Here, in this place, Universal Love is discovered, the lifting begins, and you are elevated into mastership *as creator of all*. This is the supreme position of your energy body.

All energy is returned to God that God might radiate forth after the order of Melchizedek.

(Chapter 10, pages 59-61, *Living The GodSelf*.) This course may be ordered from the University.

## Seed Thoughts

- You are being taught by God to wield the Creative Power. This is the Resurrection.
- Live thoughtfully, considering all life as you walk and talk.

Think gentle thoughts. Have the Mind of Christ.

- Personal life diminishes in the Christ Power, the I AM circuit of unified being.
- Learn to create out of yourself by the Word, and God will be with you as the Creator and the Created.
- It is written that the Master cursed the fig tree because it bore no fruit; it was barren. Exercise your creative potential. Live thoughtfully and purely in the divine innocence of I AM THAT I AM and your tree will be blessed.
- To be fruitful is to carry the majesty of the Creative Power and to manifest it as the Christ expression on earth. *If you will learn to live in this blessed Power, you will be fruitful.*
- Take your lessons well, for you are needed. Be not barren!
