Melchizedek Truths

THE UNIVERSITY PAPERS Vol 6, Number 5

The Journal of Life

Today I am going to look into the Melchizedek Library of Truth and Justice to give you what has been written and agreed upon in the Melchizedek Community as universal behavior and Christ Doctrine. Because of the recent passing of Pope John Paul II, there has been and will continue to be much discussion about Catholic doctrine—whether it is open to change and whether it is keeping up with the needs of the people. I am not a Catholic, nor do I have the inclination to be one. I am a trained Scribe of the Melchizedek Order and have no other direction for my focus then the Melchizedek Records, which are guarded and released by the core brotherhood, the Brotherhood of Life. This Paper will be looking at six issues that are causing much discussion and concern here on our planet.

Abortion and the Right to Life:

organizations who are anti-abortion have championed the rights of the unborn. This movement is often referred to as "pro-life." Yet, here in the United States we are one of only a few nations that have the death penalty. Many who are vocal as to the rights of the unborn strongly endorse the death penalty. On the other end of the spectrum, it is argued that women have the right to choose whether they are capable and ready to be a loving mother and parent. The following is from the Melchizedek Records.

Everyone has the Right to Life. In the House of God all Life is respected, valued as sacred and divine. All Life is God appearing as. It is when this vibrant field of reality is broken that wars occur and lights begin to dim on earth.

Human beings on this planet must find a way to align with the Creator's Will and Declaration of Life and yet not have to bear the burden of an unwanted pregnancy.

Then, the question must be asked: Are all abortions wrong? And is there a karmic backlash if a woman has an abortion?

The place of your decision must rest with the Creator or your Inner Christ Voice, which is in alignment with the Presence of God. There are no absolutes in this Law; however it is made clear that the Life emerging as a child is the awakening God Presence. It is critical to not only understand the sacredness of life but also the out-picturing of Life through all God's creation, whatever and wherever it may be! Please note that there is no karmic backlash when you are

guided, directed and follow your Inner Voice, the Christ in you.

The Death Penalty: Is it ever advisable?

No, it is not, because the Light and Life of God is awakening through all life. This is the Plan. Thus, no one can take another person's life, either as punishment or in an act of war, without suffering the consequence of thwarting the God awakening within His-Her creation. Consider this well and what this precious Law is saying.

If there is in Truth One Presence, One Life, One Mind and this circuit of Divine Intelligence seeks to embody and know Him-Herself through all life, then that awakening can occur *at any time*. Who is to say what circumstance can ignite the critical spiritual conversion of an individual? God is moving to awaken through any and all situations of living. Work with that process in your government, through legislative laws and in your daily life. Further will be your own God experience, as you facilitate the awakening in another.

Protecting the Environment:

Did God create all that we see around us for our enjoyment and consumption? Or are we in some way interconnected and dependent on one another to live and survive? What is our responsibility as human beings to the environment and to all

continued on page 3

Melchizedek Truths

creation, great and small? What does the Melchizedek Order say about this?

Without the environment you could not survive, yet the environment can and will survive without you. Nature and the universe can adjust; the planet herself will live and continue her progress in the cosmic plan.

There is no separation between the movement and expression of your life as a human being and the Creator's life through His-Her creation as fresh air, abundant rainforests, the sun, the rain, the beasts and the birds, the fish and the reptiles. All are in the Oneness of a design that is programmed to emerge as the Christ Headquarters on Earth. All the Grandmothers or Wise Women Elders know this plan. They are silent, but they know it. And they have kept it a secret only because no one could or would understand.

All Life is sacred. All life is the vibration of the God Presence knowing Him-Herself in creation. Every cell is an embodiment of the sacred life and has a purpose within the divine plan. It is like a well-knit tapestry. All must cooperate as the secret of Oneness emerges to sing its song through all creation: *I AM*. When you hurt or cause suffering to any part of creation, you are not only harming yourself but you are causing suffering to the Creator.

Women as Priests, Ministers, Rabbis:

Today, on this planet, many argue the pros and cons of women as spiritual leaders. Where is that authority placed? In men only? What does the Melchizedek Records say about this?

Women are the sacred vessels of My Word. They carry My Christ Energy field that is immortal life. They have been called to the Melchizedek Priesthood as

Continued from Page 2

have men. Jesus appointed women to His ranks as Melchizedeks, and they served faithfully as His disciples.

There is no Priesthood without women. Because women are the bearers of children, they have, in many cultures, been prohibited from becoming priests, ministers, rabbis, etc. But now, in this new time of clarification of women's roles, there is a need for women to serve as teachers of My Spirit and Ministers of My Word. I will not have it otherwise.

There is more. Women carry the Power of Melchizedek. They carry the Creative Power. They are veiled (this Power is hidden) until the woman is in her rightful place *at the right hand of God*. When the woman becomes the Daughter of God, her veil is lifted and she is known as the Creative Spirit. The rising of Eve is the return to the Garden of Eden and the restoration of the Creative Power in Woman (Womb-man).

Celibacy in the Priesthood:

Should a priest practice celibacy? If so, what is the purpose for this discipline?

The true Priest of Melchizedek lifts the energy in celebration of the Christ Presence. The priest becomes selfless, losing all self to God within. The Christ, then, moves up the spine and through the seven chakras to open the door of the Holy of Holies. The priest can enter the "restricted area" and celebrate Mass to the holy (whole) theme of I AM. The powerful GodSelf emerges as the true Christ Energy to guide and direct, to heal and to feed those who call upon him/her and ask for help.

When man and God are One, the

force of supply, or Holy Spirit, flames forth in divine service: the Christ returned. The discipline in the priesthood ignites the Holy Spirit. It brings about a fusion of the sexual energy within the lower chakras and the Divine Mother who abides in the Heart. (Note: This is the secret of why the Catholic Church has remained close to the Holy Mother Mary.) In this practice of celibacy, nothing is denied, no part of you is weakened. It is an act of *transformation* in the Spirit. As the transition takes place and the Christ is put in motion, the God-centered priest becomes the vibration of the Immaculate Conception and absolute power. This power infringes on no one. It is the creative circuit of the Divine Mother and the holy spheres of the Christ.

The Use of Contraceptives:

I have reserved this issue for last, as it may well be the most controversial. Is the act of intercourse between man and woman given only to procreate? The Ascended Master Saint Germain says it is. In His *I AM Dictations*, Saint Germain has written many pages about this subject and that it is only for bringing children into the world. He was very clear about this. The Catholic Church prohibits the use of contraceptives. What does the Melchizedek Universal Law tell us?

The presence of contraceptives interferes with the natural rhythm of God as divine energy releasing itself through the male into the female body

as **liquid light**. When you are united with your twin flame, the passing of this light enables the union to take place on levels of balance and creative power to build the Christ Energy field as a light body.

The Master Saint Germain saw that the teaching of the sacred passage of this light was being misused in order to preserve male dominance or false authority. He saw also that there were very few who were present as twin flames. The Master knew that the astral frequency (lower emotional) may bind the neophyte to the lower planes of life *unless there is a change in energy pattern*. Human beings must learn to command their energy from the I AM presence and not be subject to cravings and astral manipulations. Saint Germain continues to teach the way of the Initiate and the secret power, which abides in the heart center, seat of the Holy Spirit and the Christ identity (IAM).

As human beings begin their ascension into higher spheres of Life and Love, greater understanding will come through the Melchizedek Teachings of the sacredness of the "sexual energy" and how vital it is to dedicate this energy to the holy spheres of the IAM Presence and Its purpose.

The beautiful and powerful path of the I AM Presence is not a rigid path of denial and self-flagellation. It is the Path of Oneness, unity with God and your Higher Self. It is the Path of rhythm in the Holy Spirit, expression of Mary on earth. It is the selfless devotion to the Divine Purpose and the union with your twin flame. It is the living of our interconnectedness with all life and the expression of our Christ IAM identity in compassionate service. This is the glorious path of a Melchizedek.

What has been given here is a complete

shift in conscious awareness where the focus and attention is on guarding the God Presence as It is evolving and awakening and forming of Itself God The Supreme on earth.

Although I have touched on a few issues much discussed in communities, churches, temples and in government, you will find much light shed upon these topics in previous University Papers and courses. Be sure to visit the University web site at www.melchizedeklearning.com. You will find assistance there for your research, contemplation and further study.

It is important to release your attachment to other human beings and also to patterns of living, means of pleasure, and thought forms that may be imprisoning you. Let go in faith and in joy and you will receive a Visitation of the Holy Spirit, the Divine Mother and the Angel of Revelation.

Ask and you will receive. Seek and you will find.

And be blessed.
Crystal

You are invited to visit and to study the University link for the *Immortality* portion of the Melchizedek Learning web site. And if you would like to join the *Gathering of the Immortals*, you are encouraged to do so. An email form is provided for you to complete and return to the University. As we join together with power and light as Immortals, the Group Spirit will vibrate as the

mighty awakening of the Eternal Son. Incredible power is released to enable more to awaken to their heritage. Click <http://www.melchizedeklearning.com/imhome.html>

myself to it.

This fulfilling experience has been recorded within the pages of both *The GodSelf* and *The Workbook*. The great and empowering Shekinah Light is within the pages of both books acting as The Comforter and The Spirit of Truth.

Please read and contemplate both books. Take *The Workbook* and contemplate *The GodSelf*. Use both to further your enlightenment. What is different about these two incredible books? **THEY ARE BOTH PROPERTIES OF THE HOLY SPIRIT.** And they will be with you in the Temple of Light—not as words but as the very Spirit given!

Let *The GodSelf* lift you to the Presence and the Christ within. Be lifted, be glorified as IAM!

I, Crystal (Patricia Jepsen Chuse) feel so honored to have been able to prepare this glory-filled work for you. May you be blessed by both books.

Lovingly,
Crystal

Your Testing Time

THE SOLAR NEWS Volume 4, Number 39

Much like a new rocket ship ready to be sent forth into higher dimensions of discovery and revelation, you are being tested and tried for your endurance and ability to hear the Voice of direction within you.

I can imagine you saying, what more tests? I am tired of tests! Let's get on with it!

These tests are your final tests for this dimension. Just as you would take a test to pass a grade and move into higher requirements, so your tests are coming to evaluate how well you are responding to the Priesthood of Melchizedek and critical mass.

Not only your physical body must respond in a receptive manner, but also your mind and all chakras must be tried in the passage of light. This is why you are very often advised to forgo the eating of meat or other flesh foods. These foods do not register well in the higher chakras nor can they feed the light body, which is your vehicle in the new dimensions of light.

Other foods and drinks may be discouraged as you raise your vibrations into the light and solar consciousness. But pay attention. Do not condemn others for their food habits. Your Inner Voice knows your needs and guides you as a loving shepherd. Be patient with others, even as We have been patient with you.

The physical vehicle may react to the incoming vibrations with shortness of breath, weakness in the legs, odd pains here and there, as well as heart

pounding or fluttering. If or when this should occur, remain calm and align with the one Breathe of the Christ body. Breathe gently while knowing that you are resting in God the Spirit and all is well. Don't let appearances disturb your truth, nor give any energy to the negative suggestion.

I require you to be at home in the Holy Spirit – not dragging your feet – but at home, adjusted to the spiritual frequency of God in you. The minute you trust Me, I AM there actively embracing you. My presence is within you as I AM. And in Me you have the strength and the endurance you need to walk the path of light.

It is good advice not to judge another, as each one has his or her own tests. You are all being tested in the fires of My Son to translate and to complete your journey from mortal to the immortal. The Great Light seeks you out and embodies as the Great Son/Sun in your heart. That Sun in all its purity wants to shine with splendor. It seeks to shine through every particle of your body as energy. Let it shine!

You are never alone. The great ones walk with you and They carry Their records of accomplishments. As you are tested, you receive these records and so they become yours.

When you reach a portal of initiation the master or teacher will back away. This is the time of testing when We see what you

have learned and assimilated. Thus, though it may seem as though no one cares and you are alone, this is a test for you that will bring you into a greater degree of cosmic energy and understanding. Depend on no one save the Great Light within you. Look to God within for all your needs. The way through portal and initiation is your dependency on your GodSelf, the divine Presence I AM.

Remember this and do not feed on the world. These are crucial moments for you. You have studied, now walk the Light you are. Keep your eye single and your thoughts upon the divine Light and your Inner Voice.

You are the Sun. Blaze forth the Son of God within yourself, and so give birth to a new age of solar energy, the divine fire of Love. Complete your tests now and live as the GodSelf.

The Group Spirit and the Solar Horizon

THE UNIVERSITY PAPERS Vol 6, Number 3

Behold, I have given you My Body and I have entrusted in you My Spirit of overcoming. As the days of illusion draw to a close, this Easter season will see a great Light. Prepare for it. Be open to the Will of the Father as I have demonstrated and given unto you My song.

Behold I AM Jesus of Nazareth enshrouded now by the solar radiance of the forthcoming future. You are the future in this lighted energy field.

Even as I gathered to Me a council of disciples of twelve men, I have now called a *new council* to gather into one body and serve the solar frequency of the Christ Child. The blessings will fall upon you as you come home and release your attachments, belongings. Forsaking all but My calling, travel with Me into the solar Sonship that is gathering momentum now.

I AM Sananda Jesus. SolenAum Solen

The Building of Discipleship and the Group Spirit

There is no greater service than the release of the little will into the Father's Domain of the I AM Presence. When you release the little will and leave your nets to follow the Christ Consciousness path, you are becoming one with the Body of the Christ Son.

The fear-based ego, or "little self," dies to be reborn into the Light of Unity and Divine Intent. The Solar Man emerges, fresh and pure. And the light of the sky brightens as the Word is made flesh in the human spirit.

Make use of the energies this Easter! Return your life to God, to Truth, and to the Christ emerging.

The emerging Solar Plane or dimension is a Consciousness of unity and receives the divine will through its body to objectify. The Master Kuthumi has ordered all who have been serving with Him to collect as

one body under Christ Sananda—there to serve Him as His incoming Ray dissolves the inequities and joins all to the Light. There will be a mass translation.

With clothes of light and life, you will walk and serve the solar regions. As you find your place in the Body of Light or Body of the Lord, you will be given your assignment as a solar citizen of universe abilities. Yet, if you remain burdened by human desires and separated by an insistence to hold to that, which is falling away, you will miss a beat in the great cosmic journey of Service and Divine Love.

What matters now are the Call of your Lord and the presence of your Master beside you. The final days are here. All comes to pass as prophesied in the Bible and elsewhere. Those who have the scrolls within them know their parts. Take your places and teach others of the one Breath and the sacred, solemn entrance of the Christ in Man.

Your Part in the Group Spirit *What is the "Group Spirit"?*

Group Spirit coalesces around the energy of a teacher, who in turn will reflect an Ascended Master. That is the building of His/Her Ashram, which enables the Master to accomplish His Work through His/Her dedicated disciples and initiates. When one is selected to become a part of an Ashram, the "ordinary" life disappears and is replaced by the Master's wishes (Divine Will reflected through the Master to the disciple). Now the disciple becomes part of a Group Spirit activity and builds with the group in alignment with the Great White brotherhood and the full Christ Plan. Those ready for this assignment in Group Energy have been tested by the fires of Love and dedication.

Explain the difference between an ashram of an Ascended Master and the calling to enter the Christ Body?

Following the call into the Christ Body, the one who is called is passed to a Master Teacher where he or she learns the basic laws of the solar plane life and service. When the one who is learning has demonstrated the ability to cast all aside but the Will of the Master, he/she is accepted into an Ashram of the Great White Brotherhood. Those who are accepted are then joined together as one body in service to the Christ Plan.

Are there degrees of group responsibility to the Divine Plan?

Yes there are. There are tiers or energy veils, which maintain divisions of the Master's Ashram. What is given or passed directly from the Ascended Master teacher to His/Her immediate initiates is veiled so that the words and the powerful emanations of the Master will not confuse or in any way damage the disciples who are serving in various degrees of awareness and preparation. The Master will not speak the world language but the language of Spirit, and he who is not defined by the world will understand it.

The Master's energy is passed through the close initiates to the waiting disciples, chelas and novitiates. When the energy is passed in such a way, it is creating a bond between Master and the waiting chela, and it is also vibrating a Body as a Group Spirit. All works together in the One.

The Importance of the Inner Voice

In an Ashram vibration, which is aligned with an Ascended Master teacher, your Inner Voice will always reflect that Master as well as the highest degree of your consciousness. This is why it is of great importance to exercise your Inner Voice continually and seek always the Divine Plan. You are guided directly, then, by your Master teacher and will have specific instructions from Him/Her that will pertain to your part in the Master's Energy Field.

Always release all sense of self before attuning to the Inner Voice. This will cast out illusion and permit a clarity of thought and telepathic transmission. Bear in mind that you are part of a whole *group spirit* and that your faculties have been sharpened and enhanced to serve the Divine Plan and the Work of your Master teacher who serves The Christ.

In seeking guidance and right direction from your Inner Voice, leave your nets or attachments before asking your question. In the Mighty I AM Presence and in the service to the Divine Plan, you must become selfless. Then the impartation will come, perhaps with the recognition, "This is My son in whom I am well pleased."

Seek first the Kingdom of God and His righteousness. Obey this principle and you will be guided. When you seek the Divine Will, the Great White Brotherhood frequency will vibrate with you. You cannot connect to your Master's Ashram if you are seeking for self. When in the service to The Christ, you will be answered. In the Ashram there is the GodSelf only and there is no other.

Discipleship is not a "calling," it is a command. And when that command is sounded and you hear your name and/or see your Master's face before you, your

life changes. When you are serving with the Great White Brotherhood, your life is a life of service and surrender.

A helpful tip: If you are affirming—speaking or chanting affirmations—you may be strengthening the little ego self. Listen to the way you affirm. You may decide to be still, instead, and let the holy decree of Father-Mother God vibrate through you. Your part then is to agree!

For this you were born.

Commitment

We all know that our beloved planet is shifting. She will go through her own rebirth and with it, a remembrance of her true identity. Then she will be spiraled into a new dimension of Creative Force and Divine Idea. This new dimension is called the Solar Plane, the Fifth Dimension.

Your assignment is to assist in Planet Earth's shift into light intelligence and solar consciousness. To do this, you are asked to respond to the Group Spirit of higher plane life. Put your rebellion aside, a nature that is not any part of the new Earth. Realize that you are in a collective wholeness and are emerging, yourself, as a living Light, a Christ.

The Solar Plane is a dimension of Unity. You are whole first before you are the part or individual. Think first of the whole and serve the solar radiance of your teacher who abides with Me as a Sun.

With Blessing of increasing Light,

Crystal

THE WORKBOOK

THE SPECIALS Vol 6, Number 5

Behold The *Workbook* within you! Listen to the thoughts that come. Be centered and listen.

These thoughts that I give you are as a *Workbook* of divine intention delivering My word.

Living in tune with your Christ within is likened to a consciousness *Workbook*. And as you take each day as a school of remembrance and know that I have given you My word, so can every problem be solved and each and every obstacle be overcome.

Look not to another for your thoughts. Listen! And begin to use your own Voice Within as your word, the two-edged sword.

Let the night pass into day and every moment remain in you as sacred and divine. We are one. The Living Workbook is your Christ Self.

The Blessing of The Workbook: Study Guide for The GodSelf

Many of you may already know the story of how I came to author The *Workbook*. I had previously written The *GodSelf* as a correspondence course. That course had been inspired and based on many years of Alignment Charts so that it carried the Inner Voice answers and explanations to numerous questions from people of different religious, non-religious, cultural, and psychological backgrounds. So this was a course, followed by a workbook, that embraced the many facets and dimensions of humanity. All were considered and all were loved unconditionally. This Spirit of unconditional love fills the pages of The *GodSelf*.

ARE YOU GOVERNED BY FEAR OR BY FAITH?

THE MASTER'S PAPERS Number 1

Those of you who I have worked with in classes - and others who I know etherically - Many of you are still governed by your fears and controlled by them. You let your fears control you. Note the word let. For there is a conscious choice. When you decide to face your fear and go through it, it will be done. It will not attach itself to you anymore.

The Bible has some words for us here. Please read Romans 8:10-17. I will quote from the Lamsa edition: Romans 8:14-15. "Those who are led by the Spirit of God are the sons of God. For you have not received the spirit of bondage, to be in fear again; but you have received the Spirit of adoption, whereby we cry, Abba, Abon, Father, our Father." As I wrote the wonderful, soul inspiring words, "Those who are led by the Spirit of God are the sons of God," these words of promise came to me which I must share now: **Those who are led by the Spirit of God are the sons of My revelation. And the door will open out of your fear with Me.** Open that door now in the Christ Consciousness of My Name.

Come to terms with that fear now. Know it is not of you. Extend your hand and allow the Christ to walk you through the fear.

Fear is often based on several things: fear of what someone might think (of you), fear of losing someone, fear of the unknown, fear of disease and/or death, fear of getting too fat or too thin. I suppose we could cover the page with the list of possible fears.

If you allow fear to govern you, then will you be subject to fear and you will be driven by it.

Are you on the path or are you not. Jesus has cautioned us with his infinite wisdom that you cannot have one foot on the path of discipleship and one foot off the path. It is a narrow way and it is a demanding one. Hear me this, for it is very important: You cannot cheat God. Think about this, for I say it with a great deal of compassion and

love.

Therefore be conscious of your fears and let them go - one by one or all at once. And stand in the Christ, the Wonderful Presence of He Who sent you forth. And be filled with light.

Where is your faith? Have you not called upon the Light? Then dwell in It. There is no fear in Me!

Mortals, fling yourselves into My waiting Arms. There is nothing to fear in Me. I AM Consciousness Supreme - a gift to My creation as I. In Truth, there is no death only light, life and great fulfillment. Take up the Cross and walk with Me. For the Creator in you knows the way and will lead you into the sacred Center of your own Being. For this day is one that is called forth and is not one that is denied.

Give God the power in your life. Let God be as important as your fear. **Let God be through you and recognize that full authority made known through Jesus The Christ.** You have That within you. Walk through the dark and damp halls of your fear into the light where I AM present as your conscious awareness and vibrant Being. AM I not all? Catch the rhythm of this statement and be one with it. There is no fear in Me!

May I add here as the thoughts come to me that many of you will not admit to having fear or fears. Perhaps it is not at the conscious level. But it does want to show itself to you. Afraid to face the fear, you may have hidden it - deep down inside yourself. And in this hiding or suppressing, it is active in the subconscious. And it will personify in your relationships, environment as well as your physical, psychological and mental bodies. You block your good; you subject yourself to unfinished and unresolved relationships and you deny the

relationship of your Spirit-Father. You will continue to experience situations that are an outpicturing of your fear(s) until that moment when you can look it in the face and know "It is nothing". Then are you free to take initiation; to move into the realms of light.

And say with the Apostle Paul (Romans 8:38-39): "For I am persuaded that neither death nor life nor angels nor empires nor armies nor things present nor things to come Nor height nor depth nor anything else created shall be able to separate me from the love of God which is in Jesus Christ our Lord."

With all blessings,
Crystal

THE WORKBOOK

continued from Page 7

Then came the inner guidance to write the companion to *The GodSelf: The Workbook*. I lost all sense of time when I began to write. And as I began to read *The GodSelf* and open to the words for *The Workbook*, I was filled with amazement, wonder and at times a fury! The light of Truth became brighter and brighter as I wrote from the *Records of Melchizedek*. Now I hear with great authority: **Restore My children to grace! I AM the living Kingdom within!**

The "fury" I felt was for all humanity—in behalf of all creation! Why? I asked, has this simple and revelatory truth been withheld? It is so simple that man and God are one. It is so real! And as I wrote I could feel the Shekinah Light (the Holy Spirit) draw ever closer. It became brighter and brighter until I lost

LET'S TALK ABOUT DISCRIMINATION

THE MASTER'S PAPERS Number 2

To discriminate is to "cut through." Using the razor blade of the intellect, we can discriminate. To learn to **discriminate** is part of the disciple's job on the Path.

To discriminate is to separate illusion from truth or as stated so well in "A Treatise On White Magic" by Alice A. Bailey: "--the lower bodies are trained in the art of distinguishing illusion from the center of reality.... "There can be no moving forward for the aspirant until this is achieved."

I have been acutely aware within the past month of the necessity for the cutting blade of discrimination. With a succession of incidents this has been made very clear: The student must learn to practice discrimination. For without this, he/she is caught in a maze of illusion and can progress no further.

To "think" things through is not necessarily unChrist-like!

What is discrimination? How can it be taught, applied and exercised?

First: I would strongly suggest here that the student not fool him/herself. That there be no justification in the student's mind for his/her desires, thoughts and actions. That full responsibility be acknowledged and **accepted**. I suggest that the ability to perceive clearly has everything to do with self-honesty. Often what is seen or experienced is self-reflective, a mirror unto oneself. So, number one is: Develop self-honesty or as Socrates said so ably, "Man, know thyself."

Second: I would propose selflessness. A key to understanding the right-path or **right action**. Where there is ambition, selfishness, vanity (desire for praise and applause), there is an opening for that one called the "Anti-Christ." You prepare the way for the false leader, teacher, guru.

Third: Ask yourself, What is the foundation upon which I stand? Is it founded in the Christ, the path of selfless service,

harmlessness and unconditional love? Do I sense the Holy Spirit? In that that has come upon me, do I discern meekness and humility?

Fourth: Where is the control centered? Does this group or teaching play to the sense of self, the "ego"? Recently I was rather vigorously chastised by a "spiritual group leader" for following the Inner Voice and living by faith. Yet Jesus said, **If there is faith in you even as a grain of mustard seed, you will say to this mountain, move away from here, and it will move away; and nothing would prevail over you.** (Matthew 17:20, Lamsa edition) And the Master also said, **And when he has brought out his sheep, he goes before them; and his own sheep follow him, because they know his voice.** (John 10:4) In regard to the Inner Voice, the Spirit of Truth will testify to it through the Holy Spirit. It will not keep you guessing; you will know. This Inner Voice, the divine Shepherd, develops and grows strong **by your faith**. Faith is the vital substance that returns you to God; yea, the substance from which all things are made. Faith is not mental but spiritual; it is soul.

And so, he/she who has faith has the blessing of The Christ. The lower mind or the lower self wants no part of this child-like quality **for it is of the soul**. Test the spirits!

Fifth: Abide with Me. Be cautious in these days. The planet is weaving her own destiny but there are those who do not wish her to return to the Son. Jesus has warned, Then, if any man should say to you, **Behold, here is the Christ, or there; do not believe it. For there will rise false Christs, and lying prophets, and they will show signs and great wonders, so as to mislead, if possible, even the chosen ones. Behold, I have told you in advance.** (Matthew 24:23-25) Watch and pray. Be guided by the Holy Spirit in your life. Exercise your

common sense but also by faith acknowledge the divine guidance of the Holy Spirit in your life. That Inner Voice, activity of the Holy Spirit (not spirits), develops **by your faith**. It will guide you. What we call intuition becomes stronger as we believe.

Sixth: Again I must take you back to the first point: "Know thyself." The Path takes you through the Cross into the Spirit. The God-centered being knows surrender. Surrender not to a person or an Ego, but the Christ within: the Light of the World. What you surrender to, you become. Angels attend you. The Path is narrow but arrows point the way. Jesus has walked the Path of Initiation into the bright light of the Son. Follow Me, He says, into the light.

In your practice of discrimination, I would suggest to you that you always love, and love unconditionally. Then you will bless all about you, even those who do not agree with you. And truly, you too are blessed every step of the way.

The work of the Lord is mighty and He forgets not His own.
Yours in peace,
Crystal
