Mary, the mother of Jesus, is holding the office within the Planetary Hierarchy of World Mother (Mother of everything). She is functioning in this position now. Even as she held the vision of Christ within herself and nurtured the child Jesus as that Christ, so now does she hold the vision of a Christed humanity as the World Mother. She gives birth to a new humanity as Mother of a new race of Man. And she is anxious to have you join her, to be aware of her plan in divine union with Father-Mother God. She is responsible for that rhythm of the Christed humanity within the Hierarchy.

Mary has access to the Mother Flame as no other. *She has access. She knows the route.* The cosmic Flame is through Mary, *the original Flame of the Christ.* She knows your identity as no other. She holds the vision.

The cosmic emergence

The emergence of the Cosmic Christ is filling our whole planet with light and love, reclaiming Itself in every molecule and every atom. As It does this, It becomes *the light body*, divine intelligence within the light body itself. The body of the sun is the light, thus our body - returned to the Christ center - must be light also. This field of Energy is being introduced onto the planet at this time: the Energy that is the Creative Power or the collective passageway for the incoming Spirit or SUN.

So, whenever you have a thought that is not of the Spirit (your spiritual nature), remember the Holy Breath, *acknowledge it, and then access it.* The moment you remember it, begin to breathe the one Breath. It is the powerful circuit to unification. It is the creative substance; so that in this Breath all things are made.

As you begin to feel yourself in harmony with the Mother Flame, the Divine Breath, your whole being will straighten up. Your life will straighten up. Your balance will straighten up. Whatever you are doing, there will be a harmony with all life. Just remember that Breath and breathe with it. It doesn't even have to be a real breathing. It is unification with the Spirit Mind; it is acknowledgment of that Breath *as your breath.* The more you practice this, the more you will realize that the Breath is the manna, the living manna. I have meat that ye know not of, the Master Jesus tells us. The divine Breath of union is complete nourishment. You don't have to reach for this food and that food for your body. You can eat by your

choice, but it is not the food that is going to feed the body. It is the manna. It is the Holy Breath. And now as you begin to do that, you are beginning to transfer your consciousness into the light body, *and the Holy Breath is the nourishment for that light body!* Transfer happens easily and gloriously. Oh, you can enjoy your foods, yet the food has no power of its own. The power radiates from the Holy Breath, the living manna. *I feed My Son.*

Every moment and every second, realize that you are a pulsating part of God's Breath. This is Be-ing. You are in the rhythm of the Mother now, in position to receive.

As the new creation: the Solar Man (or solar consciousness) emerges, the Breath of the Mother entwines itself with the human breathing to release the mortal shell!

A new revelation.

The Mother Flame

Restoration of Creation and the Descent of the Mother

I have the great pleasure to announce that the Creative Daughter, Universe Mother, is now *alive* in Her creation and She will move the hearts of mankind to another way. (You may have been aware of Her before, but now She is in Her place as *Creative Force* and has dramatically taken charge. All will be changed because of this.) I speak of the AWAKENING of the Mother on planet Earth.

The Order of Mary, which has been preserved for this time, has just been released as a *creative circuit* through which the Mother of all creation will vibrate as the love of God and the power behind and within all creation. She is the governing force and the LAW. Many who worship the Mother, as God's Life within creation, will know and understand what is happening.

With this announcement the wave to Solar Woman begins. The force of this entrance not only looses the dirt of the false creation, but declares the *Solar Intent* as the Universe Law by which the Force of Mary through Her Office now *intervenes* as the Creative Power.

The Divine Complement of your Universe Creator, who is known as Creator or Christ Michael, will be introduced as the GOVERNING FORCE of the planetary shift and Solar Degree. This command has come through the Ancient of Days. The Creator of this Universe has petitioned through the Ancient Days that the Mother Life be released as the *ruling force field* for planet Earth. There is great excitement and quick response from the Angelic Kingdom, as well as Ashrams of the Ascended Masters.

No longer will wars be fought in the name of power, greed and nationalism. All of that is finished and done!

Rise up and greet the Holy Mother as She takes charge and washes clean the hearts of humanity. *I decree this day (in the United States it is Mother's Day) that the presence of God The Mother has arrived in solar union with the Father-Son.* Open now to receive this Blessed and most Holy Mother and begin your shift in consciousness to that divine spark of greatness.

The Order of Mary is the extension of the Divine Mother into the hearts of those who have received

Her. Those who will receive will be prepared to enter the darkness and to emerge as an altered creation vibrating the Solar Light of the Mother Queen.

What a Day this is! And what an honor it is to announce that the Mother flows through Her creation and is in charge of all that is. May the Blessed Mother come to you as your altered consciousness and may you feel the energy of Her presence as God the Supreme.

This announcement has been given by the World Mother Office. It is finished, it is done.

Crystal

May 14, 2006

The World Mother Headquarters

The World Mother Headquarters is the focal point for the new government. This is because the one known as Mary, World Mother, carries the Christ image as the Creator Son. She opens Intelligence to the Light of each human heart and She greets Her Beloved Son through the human heart. She is the one responsible for birthing a new creation of man. This is the Christ Within, the original creation, now emerging as the Second Coming of Her Son, the Christ Self.

The program of this Center (World Mother Center and University of Melchizedek) is an out-picturing of Her headquarters. Thus, the Supreme energy of the Christ Within and the original creation Thought by God vibrates through the lesson courses and spirit-filled seminars and classes. The Vibration grows stronger as the divine Light is increased on this planet.

Remember the Earth Mother, She says. Let the cleansing of My Spirit cover the land and bring new hope. The Solar Energy will increase and take over this planet shortly, much like a loving embrace. For the Earth Mother is loved and revered for her dedication and sacrifice. Now she will be rewarded and given a new place in the galaxy of Sons. This is a climactic time for all.

The Queen Mother

A New Sphere of Intelligence

You are plummeting from one energy sphere to another. It's as though you never were.

When you look to the Mother Breath and begin to breathe from the place that is the natural wave of energy, the Mother Breath will reclothe you and align you so that you wear the body of light *consciously*. In this translated field of energy you are the Solar Sun: activity of the Creator acting out your universe laws and your creative substance.

The laws of energy are written within you. You just have to attain them. A law of energy tells us that the Mother Flame, the Holy Breath or Holy Spirit, knows only the Sun of God, the light of God awareness. That is all the person of the Queen Mother knows. *The Queen Mother regulates energy*. The Holy Breath has *one Son*. It is the Person of the Christ in you, the I AM presence vibrating as perfection.

This is so simply put now, so simply diagramed, that we can't miss it. And if we will just put aside much of the complicated and overly ritualistic recipes we have been given towards completing our spiritual journey and take on the Breath of the Mother, understanding will come rapidly. We will know the truth of Be-ing.

The great law of energy

Our planetary program is *trinitized*. It is a program of Triune Being which is often understood as: Father, Son, Holy Breath. This is the magnetic energy field to which you go now in conscious awareness. *It is your next growth circuit*.

This Trinity - Father, Son, Holy Breath - is not something standing outside of you. Nor does it look down at you from afar. *It is closer than breathing*. Even before you breathe, it is there. The Trinity must be your conscious awareness. You are all of these things and more.

Today, this time of great change, we are specifically concerned with the Mother Spirit. **It is Her life energy that is changing the dimension of this Earth**. And so, we may say, of the Three, the dominant one at this time is the Mother Spirit. She is the feathered serpent leading all to the Light. When we realign with Her as *the Mother Flame*, recognizing that there is only one Breath - that is the dominant Breath of the system, the Holy Breath to which all life is coordinated - and we agree to breathe with the one Breath, we take on that Breath. We become it.

There is no other but the Christ.

I AM the image and likeness of God.
I AM the response to the Spirit,
and I form my true self out of the Breath.
Being *lighted* is my choice and my dimension.
I AM One.

Letting God

As the current of the laws of the Trinity begin to vibrate through our consciousness, we will experience an enrichment of awareness as our conscious reality. And the divine Personality of the Father now indwells us as a part of our be-ing, living and expressing wholistically and rhythmically. The Father is now the Sun shining forth as God in expression, as part of our being, as the Christ identity, as the image and likeness. The Holy Breath gives body to this Christ expression.

We are initiated into the single Breath of God and It, in turn, releases Its own body of light as the Sun. Father, Holy Spirit, Son: all in expression now in the consciousness of Man. This is our universe energy field or our universal energy field. All must be functioning and relating side by side. *And we want this known*.

Remember the Mother

What we are asked to do now is to live and *express in* consort with the Mother, Mother Flame, and *nurture and nourish* the Christ within.

Every time we get caught in the appearance, we are not nurturing the Christ within. This business of trying to correct ourselves and make ourselves better does not assist Mother Mary, who holds this World Mother Office which regulates the Mother Flame. When we look elsewhere than to the pulsating Christ within our hearts, we are not assisting the Christ Mother (Mary) in her important work: her hierarchal work in bringing forth the Christ of humanity. *She asks you to keep your eye on that Christ center*: the blueprint, that image and likeness, that divine center, that is your self that God created as *You*. Live with that light!

As we expand our consciousness, we make a space for broader concepts and realities to return to us.

continued on page 5

Initiation of the Flame into mankind

This Easter time you are going to see something absolutely spectacular: the return of the Flame to Earth *as the Mother Flame*. It is going to be actually planted, reseeded on the planet. **Within the Mother Flame is the presence of the Divine Son, the Face of the Central Sun.** It is the Christ center of the universe that is being planted on Earth, reseeded on Earth.

This Flame, this lady, is powerful and unrelenting and impersonal. It couldn't be released until there were sufficient lightworkers, sufficient light awareness here to merge with Her in the deep, rich essence of Herself. These lightworkers will be asked to assist in regulating the immense power that is coming to this planet. It's a reseeded of the law (the Word).

Mother Mary, in the office of the World Mother, is directly overseeing the Mother Flame. The mother of Jesus still carries the vision of the Christ. She was trained as an initiate and an adept to carry this vision. She never let it pass from her.

Mary was trained to breathe the Holy Spirit. Thus Jesus, cradled in the Holy Breath, was born without sin. He was born in the Breath. Mary now carries the Breath for you. What you breathe in goes directly to her and she returns it to the Father. You are Christed now in her. If only you could see this!

The balance is regulated. The World Mother regulates the balance of the Earth through the Holy Breath. That is the Cosmic Christ, the consciousness of the Sun as it is reborn as cosmic energy.

The passing into the new

With this divine recipe of breathing with the Holy Breath, the Mother Flame, and remembering that Christ center within you as who you are - that's your identification center - the old world will pass away. It must dissolve, but with it go the old records of the planet.

No karma

Go to the Holy Breath and go to the Christ. We're accepting that Light that we are, that reality. I'll leave you with a very short statement. In the male, female relationship, each must stand in their own light. If we get caught in each other's emotions, in each other's karma, we're going to slow down our own path. Even block it. *Stand in your own light. Breathe the Holy Spirit, the Holy Breath and experience the Christ dimension. Each must be strong in their own light.*

Be not drawn into another's shadow. You are in your own light, aligned with your own Voice. Remember, much of the relationships - as delightful as they may be - are karmic: good, bad, indifferent, whatever. So that when we stand in our own light, we will release ourselves from the lower dimension of karmic law and we will be free to move in the light. We will truly leave our nets and follow the high self, the divine course, our destiny.

To be caught in each other's dimensional experience is not appropriate at this time for those of us that are committed to the light. And each one has his or her own path. We can't force another to walk our path. *Each has his/her own.* Respect that. Allow that to identify itself and unfold.

The Mother's Breath: an exercise

Acknowledge and accept the Christ identity based within your heart. Release those old thoughts and go there. (Without that releasing, you cannot find Me, nor I you.) You were made in the image and likeness of God. Go to that place. Here I am. Your son. Here I am. Your son. Then breathe with the Mother Spirit. Accept Her life in you.¹ And the Mother Spirit is a generous provider. The Mother Spirit is supply. *When you hunger, I will feed you.* And the proof of the pudding, I am told, will come.

See yourself in the Christ center. Be clothed with that Spirit. Let it be your energy. Let it be your clothing of light. Take up your citizenship in the new day.

The Mother Spirit, that divine and Holy Breath, must obey the Child of God.² She is the nourisher and completes Herself through this action. She will fulfill that body or consciousness with everything it needs or desires. She is the Provider of that Child's life. She cannot refuse. This is Universe Law. The Mother is intelligent Energy. She knows and discerns the true Child.

If there is imbalance, She will bring balance, restore harmony. She is the only provider of the Child. *It gives Me great pleasure to give you the Kingdom.* That is your birthright. And that is the major step for humanity. Sananda needs you there.

(¹This will turn the tables of the money-changers.)

(²The infinite Child of the Universe.)

More about Mother Mary

It is the energy of the Mother Flame which will transform man from the mortal life to the Spirit.

Within the Hierarchy, Mary holds the position of *World Mother*. That is her Seat in the Hierarchy. In this position she focuses *on the Christ* within each heart as the body of Christ, the Universe body. This is enabling and directing the energy of what we call the Creative Daughter, the Holy Spirit, to pass through Mother Mary's heart. She, in turn, will transmit the Mother Flame into the human heart. We have a translation of energy through Mother Mary, who is acting as chohan of the Mother Ray. This Ray will transform creation entirely. Can you not see why Jesus Sananda chose Mary for this post and why the Universe Creator, Michael, stands with her in this time?

This contact with the Divine brings forth the solar man, the solar consciousness, *the new creation*. This is an entirely new program for Earth, modeled after the Christ form which we have known as Jesus. It's the emancipated "man". (The word "man" means humanity.)

More about the Hierarchy and the plan

There are many degrees of Hierarchy but perhaps what is most familiar to most of us is our planetary hierarchy, which we know as the Great White Brotherhood or the Ascended Masters. A great many of the Ascended Masters have lived and served on the planet so they have a certain familiarity with the trials and sufferings of this planet and the needs of humanity.

Again many of us are also familiar with the seven cosmic rays that influence our Earth. Each of these seven rays has a chohan. One who is responsible for the distribution of that particular ray of divine energy. The new Mother Ray is a Cosmic Intelligence never released upon Earth in this manner. This Ray is known as the *transforming Flame*. And it is administered by Mother Mary.

Through her meditation and perseverance, this Mother Flame, as it is now called, has been aligned

with Earth's consciousness and is being dedicated to Earth now. So we could say in one sense, it is the return of the Eternal Flame in the vibration of the Mother Presence. She will dominate the Earth now.

Even as this is so, the Trinity is our law on Earth. And that will become more and more ingrained and more and more part of our awareness as time goes on, because all the laws of our planet now must serve that Trinity of alignment.

And recall, the Trinity is also the Law within yourself. You carry all three aspects of that Conscious Awareness in balance within you. Now you are becoming aware of this with your reseeded by the Mother's Breath.

Behold the Mother

We can say the Creative Daughter (Holy Spirit or Universe Mother Spirit) - who is a powerful Mind Energy or Mind Spirit, a powerful component of the Creator - carries the blueprint that the Universe Creator has imprinted in Her; a cosmic blueprint of complete perfection that indwells the Creator.

The Universe Mother could not carry and transport this divine blueprint unless She, Herself, too, agreed with its absolute perfection. That polarity rhythm of cooperation indwells every molecule and atom of Their creation. So bear this in mind as you enter a new system of relationships and governance.

So the Queen Mother has that image and likeness *within* Herself. She carries it. And it is the position of the World Mother *through her conscious awareness* to direct that incredibly strong energy, spiritual power, through herself; thus reseeded Earth with the new creation and restoring the Christ Seed in humanity's heart. What a golden moment that is!

All of this, even as the master plan of the Planetary Prince is in no way disturbed nor in any way compromised. The environment has to be such, with the World Mother herself, that there is absolute harmony and balance throughout her system and awareness. Each member of the human family becomes her child, even as all creation is loved and remembered.

continued on page 7

The solar level

Each planet is different. Yet if we were to cross into other thresholds of higher solar regions, we would realize that the changes for Earth are but a peep show for what has been planned and intended.

This is the first step. You see, mankind fell below the first step. All we are doing is catching up! It is the first step for many, many, many steps in expanding consciousness of God awareness and Supreme actualization.

The Seed of God, Itself, is realizing Itself in a deeper and wider awareness within our soul activity. Nothing is without. Absolutely nothing. Every surrender and every depth of God realization that we experience *within ourselves* allows that much more of God Spirit to enter us in Its awareness of Be-ing.

The World Mother has carried and meditated upon this great vision of the Christed humanity and the purified Earth. You could say she has meditated for thousands of years on this divine blueprint.

A master plan

Now it is time for humanity - they've taken quite a fall - to rise. We know that when Jesus was born on Earth, he was born through one called Mary who had undergone great training in conscious awareness and focus, so that she could bring this child of the light, this child of God, through in purity: without sin, without separation. She was trained - so there was no lust in her in the conception of the child.

Mary held the divine cosmic pattern for Christ Jesus all through his life on this planet. She might have slipped a couple of times, as any mother would, and wished maybe that he'd do something more than what he was doing. But nevertheless, she had been taught that he was the son of God and that he would wear the cosmic crown of Christ.

Mary had endured hardship herself in the rigorous teachings of the true light. She was taught by the Essenes, and she was initiated in the holy temples of Egypt. *She knew the way.*

She always remained true to the cosmic vision of the Christ through Jesus. This she did not forget. She would not. Even at the crucifixion, she held fast to the vision. When she ascended - and she went through ascension just as Jesus did - *She became the model for all mothers all over the Earth.* And this model, this pattern perseveres even today. She is woman. She is the queen of women.

Mary, mother of Jesus, was appointed within the Hierarchy to the office of World Mother where she reseeded the Christ in man, in humans, by *holding the pattern of the Christ, the Cosmic Light, in her own heart.* And who is to say who came first, in a sense: her assignment or the Universe Creator's bestowal as Jesus?

Last words

And it is being stressed over and over and over and over that *you* are very important. That the planet depends on you. Whatever our puny activities and concerns, they are as nothing compared to our Earth assignment!

The Hierarchy and The World Mother Flame

Each one of you is a designated point for energy release for the Hierarchy. This you must know. You have been called to serve the presence of **The Son and to distribute this vital energy to all places of this Earth.**

A global reach is being attempted to bring all parts of the whole into radiation of the Son of God, manifest promise. And in this hour the call has been given to rise up My Suns of God and release this vital energy I AM! As you are called, light the Earth.

Let the call go out to My brothers and sisters all over this Earth, and let each and every ear be tuned to this call and respond. Behold the light of the Sun of God as it becomes manifest on planet Earth, and release any negativity that may come into your awareness right now. For we are counting on you to respond to the Great Sun-light, and to release this light as consciousness divine to men and women alike and to all creatures on this Earth. Delighted to work with you. I am Ashtar and I reascend with you in this welcome consciousness of the Christ in you. May you all be blessed in the person of the Son, Jesus, whom you now know as Sananda, the Earth's saviour.

Let us now meditate once again upon the Great Sun within our heart, and lo this Sun grows brighter. Accept it within you and release it unconditionally as I AM. The power of God works with you now in all ways.

The Release of the Mother Flame

The Book of Ra

(Note: Ann Carpenter, who was present at the Ceremony and who is a Melchizedek Seer, reported that I, Crystal, was holding a large book in my hands – *The Book of Ra* – as I broadcasted the Mother Flame and Her release through the World Mother Sanctuary Vortex of the Breath.)

This is a broadcast from the Glorieta, New Mexico station from the holy spheres of the Creative Power and the Divine Mother.

This is Crystal speaking in the Vibration of Christ *I AM That I AM*, bringing forth the Mother Flame this day under the auspices of the Christ and the Great White Brotherhood. I open the Vortex here to the Flame of the Mother that She may supply this area with Her blessed Voice and Her Creative Power that instantly – I say *instantly* – will manifest *as I speak*. For now we are in a corridor of the Creative Power, the Central Flame of the Solar Union of Man and God. And that which is ordained to be is now in fluid action. As the Mother speaks, *it is done*. Now that the Flame has been released and the magnificent corridor of the Creative Power has become active – no longer dormant, waiting – but I say ACTIVE in the vibratory accord of the Solar Union of the Melchizedek Order and the Divine Mother Flame: this is the time of action. It is the time of Melchizedek order – I say, ORDER – *and we will walk as gods upon this earth!* And very gently we will walk and honor the Flame of the Divine Mother.

Every moment is sacred, not one moment can be lost. We are in a position here that will change the earth, but we must walk with care in this ministry. We must say the words that are given and offered – no other. We must see that only the ones who are prepared can enter this Vortex or much harm can be done if we misuse this energy.

Be at peace, My people. Take this work seriously. You are not divided. You are one. Send light all over the Earth and become as I AM: the Voice in the rhythm of God.

THIS IS A VORTEX THAT HAS BEEN OPENED TO THE MOTHER FLAME AS SHE IS BURSTING FORTH TO BE USED, TO BE FORMED OF THE GLORIOUS WILL OF OUR CREATOR SON CHRIST MICHAEL AND ALL THOSE WHO APPEAR WITH HIM IN THE INTELLIGENCE OF I AM.

This now brings out a new era or dimension of Service. Walk with care upon this earth. Lust no more. Receive the glorious benediction of the Holy Mother and become a Light yourself. This will please Her and the Father in the Son.

With this Voice of Truth you *will* remake this earth and you will speak in Christ Light and the Fountain will run; and we will see great creations appear and the Solar Son.

This Announcement has gone forth to *all* the Units of the Holy Spheres of the New Creation. Speak only the Word. In this Word the *full supply* of the Divine Mother will cause manifestation and Truth to appear in the Name of Jesus, Our Lord, The Christ.

SEAL OF MELCHIZEDEK!

Let the Dance begin!

10:00 a.m. January 11, 2008

Ancient Egypt and the Rising of the Mother Flame The Temple of the Divine Mother

You must embody this Flame to become the actualization of Creative Power. No one enters this Power without subduing the ego. When you are asked to step in and fulfill your destiny as a creator and out picturing of the Goddess Flame on earth, your base chakras cannot carry any desire of the past, sensual pleasures or lower "man." You must be cleared of all this and you must not eat of the flesh of any animal brother-sister or any of the sea creatures. You must be free of anxiety and live for the unity of all life in the One. Then the Mother Flame will accept you into Herself and release to you the Creative Power or DAUGHTER as the manifestation power, the Word made flesh.

Do not attempt this Initiation or force it in any way. When it is time for you to step into this Christ Force Field of sheer Power, you will be able to do so and to translate Power into Christ Love for all nations and all peoples. Harmless must be your quest and in this way, you can enter Her and fulfill your destiny as a god.

Crystal

The Order of Mary

December 13, 2007, 8 p.m.

The Order of Mary is about to emerge. This is the Order of the Constant Flame. We are proud to announce that the Blessed Mother is overseeing this Order Herself and is coming forth to bless this Order in Her name.

The World Mother Conference will soon be announced. It will be sponsored by the Order of Mary. And this will bring many together from ancient lands, together at last as the Daughters of God to administer to the people, the forgotten and suffering and to those who have called out for help in these days of need.

We, the Order of Mary, work closely in the realm of the angels, and we serve all prayers and know that they are answered before they are spoken. The Order is being released to Earth service by the Holy Mother in the highest energy possible. You are in the Christ-Mass period of the celebration of God within. This celebration continues through the New Year in the angelic kingdom. Perhaps you may hear us sometimes singing in the joy of Being. We are so happy to be with you tonight.

The Holy Mother is the Comforter. Did you know this? She brings to this Order, the Order of Mary, the balm of the Comforter, the Mother Spirit who cares for Her young. Listen now to the program that we bring to you as this Order emerges and serves the incoming Christ Light and the Solar Realm.

We will serve the new Schools of Melchizedek. They bring the LAW to Earth and the governance of the Father-Mother God.

We will encourage the new schooling for the Light children of this New Age. If you are involved in one of these new schools for the children, you have but to ask and your needs will be heard and fulfilled. We are most anxious to see these schools appear and the children of the Light be given what they need as they grow in glorious light.

We will encourage Light communities and we will help them in all ways that we can, so that the cities of Light can be restored to the Earth and prepared for the

greater part. And always we stand in the wings to serve where there is prayer, where there is meditation, where there is healing.

Gratitude goes out to this Center in holding the World Mother Energy. Her Spirit is alive here, and we of the angelic realm feel it. This is a place where we can rest as well as serve. The Order of Mary will be serving your Earth and bringing harmony and peace from the Golden Child of Light.

In peace we serve and in harmony together, God bless you all who are listening tonight and who will read of this message.

Note: The Order of Mary is an Order in the etheric spiritual realms. Serving together the angelic kingdom and the Daughters of God, the Order administers Mary's Essence. It is a healing Order and is being brought to Earth to assist those serving in earth bodies during this planetary shift and translation of form. You may call on this Order at any time for assistance as you serve in the Light.

Crystal

World Mother Scripts Vol. 3: 28

If you concentrate on the Mother and Her offspring the Christ within the heart, many obstacles can now be overcome. Man and woman alike need to focus attention on the Divine Mother. This initiates the change so critically needed for the rising of the Earth and the celebration of humanity.

August 25, 2008

The World Mother Scripts are inspired by the love and devotion of the Mother of Christ who watches over us all as we become the Light of the World, the Salt of the Earth, the presence of our own Divinity.

Return of the Mother

The Power Behind the Throne.

The world is coming to an end as we have known it. The Mother returns and this will cause upheavals in many parts of the globe. Let me explain why.

How the Mother Spirit Affects Our Consciousness of Abundance

Most parts of this Earth are influenced by male energy, with the female energy sublimated or even forbidden to express. The separation and imbalance of poles is too often expressed through governments, education, religion, economics and relationships. Yes, even the way we view science and the cosmic laws of abundance has been strongly influenced by the male authority and the "fall of man." However, as we shift dimensions into the Solar World of Christ Energy, the Great Mother appears as the Law of the Universe and the Spirit of Incoming Light. Society, based on the male dominated orientation of law, will fail and fall. Let us now consider the meaning of "Mother."

The Law of Abundance and Right Use of Spirit

As the veil of the subconscious mind lifts and you can see through to Truth, to what is real (heaven on earth), the dis-ease of mind separated from God or LIGHT disappears. Where mind was concerned with matter, it is now focused upon Spirit, and the golden glow of Divine Presence shines forth into all creation. I AM the way, the truth and the life.

And we see the Mother... Her presence overwhelms us, at first. She is so bright, so cheerful. She is Grace personified and Love enduring. She is the promise of a New Age. What does the perfection of Motherhood mean to us? The One Who gives birth, Who images our perfection, Who creates from within Herself who we are, Who feeds and clothes us and sends us off to school, Who forever calls us Her "son" or Her "daughter," Who believes in us—our dreams and quest for life.

Now, as we open the door of the Solar Realm, the Mother is the PROVIDER, She is the God-centered Divine Energy or SPIRIT Who carries to us the ultimate of our dreams and God's intent.

The Mother is coded Intelligence of which the Mystery Schools speak in hushed tones to their chelas. She is the golden blanket overlaying all life. And now you will know Her. She will unseat the false lords. She will guide and carry you through the channel passage to your Christ Light and the full identity change you must go through. The Mother births the Christ in you, She vibrates It, She nourishes It, and She finally oversees your identity change (new Name) as you awaken into that Christ Son/Sun.

With the entrance of the Mother Spirit, the laws of abundance and the ways to achieve abundance in your life will not be the same. In fact, many of the concepts and techniques—metaphysical and spiritual—that you have memorized will no longer be valid. Many of those self-growth books will be discarded because you will be in a different dimensional frequency under the Christ Presence and the Law of the Mother Spirit.

Here are a few words that will act as key codes to the Abundant World of the Divine Mother on earth:

Let
Receive
Thank you
Gratitude
Faith
The Kingdom of God
Solar Consciousness

Each of these words or phrases carries and transmits a deeper and higher meaning of Life in God. You will see through the trappings of the words into the realm of Consciousness that is My heaven on earth, the land of creative power and divine love.

Keys of the Kingdom

Let

Let the abundance I AM flow through your consciousness into expression. Rest in the Kingdom of God Consciousness and let the Mother Spirit objectify that which is needed in the moment or NOW. Your every desire in the Solar Realm is released and expressed into being by the Divine Mother Energy. You are going to be releasing your needs and fulfilled visions and goals from within out into expression. Nothing is attained by getting, only by letting. This is the Divine Feminine turn of the wheel. You have a dream, a spiritual goal? *Let it manifest.* You will actually begin to feel the Mother Spirit in Her act of moving your thought into manifestation and embodiment. Soon, you will become consciously aware of your alignment with the Mother fulfilling God's intent and plan.

Receive

Open to receive the glorious gift of the Mother Spirit. You do not have to command or decree wishes to be fulfilled. I AM there already waiting to embody through your conscious will. Are you *willing* to receive the bountiful life that is your Solar Dimension? The Sun radiates through you as rays of the Heart. Receive the opulence of God. The Mother Spirit calls upon you to be receptive to Her giving nature.

Thank You

God's World is already perfect. It is in His-Her perfection that we rest. Our cosmic journey is to this place of harmony, beauty and peace. Come enter the Mother Spirit now. She is prepared to receive you with open arms and show you the wonder of the words, "thank you." Thank you brings opulence to your doorstep. Open the door and receive the gift of divine supply. You know, you see with your inner eye, the fullness thereof. And in that moment of seeing your treasures in heaven, you say with all the gratitude in your heart, Thank you, Father-Mother God. Your expressed "thank you" vibrates the invisible into the visible. "By your faith are you healed."

Gratitude

Gratitude expressed to all living beings, to all invisible

workers and to our Creator-Mother-Father God, opens our hearts to receiving the Christ Vibration or indwelling Son/Sun, the One Who has inherited the Kingdom of God. When your heart is open and welcoming the Spirit with gratitude and thankfulness, the Creative Power can flow and express abundantly.

Faith

Faith is your abundance waiting to be realized. To live in faith means that you know you are a child of God, one who is supplied in the moment of need. Faith comes to all who love God. Faith is your communication with God. The Mother Spirit takes this faith as divine substance and forms of it that which is needed. Living faith is your supply. When one is stripped of everything tangible (the "trials of Job"), it is to build faith in the one Source of supply. God and you are one through faith.

The Kingdom of God

The Mother Spirit is the Kingdom of God. She carries with Her and embodies All That Is. And when we call on Her, we are calling on all that is. The Consciousness of the Kingdom is embodied by the Mother Who carries Her Life Essence (Breath) to all creation. The Mother is the connecting energy field for all life. We are all alive in Her.

Solar Consciousness

The Solar realm is the realm of the Divine Mother Who births the Christ in every receptive heart. All is given to the beautiful Christ identity within your heart-soul. And from this place of Christ within, let the Mother release to you *all* that you envision for a peaceful and joyous world. Let...Open your awareness to receive. It is not in the getting but in the letting. Now, come Home.

World Mother Scripts Vol. 3: 30

We are preparing for an enormous shift as the Creative Power dominates the Earth. The Creative Power or Creative Daughter Spirit responds to the Word of God and will not serve the lower centers of humanity's life. You must be very conscious now of serving the Light and its purpose. Always listen to the Light within and agree with the wishes of the Creator in heart and soul. (August 31, 2008)
