*My Beloved Teachers and Help Mates who gather together now to receive Me in your hearts at this season of joy: Let us not linger in materialism but rather celebrate the Christ in the heart, the gift I brought as Jesus. There is no one greater than another when we know, together, the Heart of each one and the deliverance of the Son.*

## ***The Tree is Lit The Message of the Second Coming***

Sunday Morning Service at the  
World Mother Sanctuary  
December 2, 2007

I seek those who will enter Me at this moment and receive My blessing of New Life, for I have come upon you as the Lord thy God to benefit the many through your hands and feet. I have no other way to reach those but through you and thus, I have prepared you so far to enter Me and to continue My work on Earth.

Even as I would do, so shall you do. Love with this heart that I have given you. Greet all in the name of Jesus; for it is a powerful name, indeed, that My Father bestowed on Me *before* entering this planet Earth, which I love so dearly.

Now in this moment, let this message that I gave to My Hand, Crystal - and if she will read it, please, even as I have given it to her to give to you - so may you feel an inner dwelling of My Word.

Script number 118

*Those who have been gifted with the Light may not know it yet. When I give the signal all the lights will be turned on! The real celebration begins! I AM announcing the Body of Christ - the Tree of Light! Without this you cannot go on into the place I have provided in the Solar Realm. Peace be with you.*

Early in the morning before He had given me His Message, I

had turned to this passage in the New Testament.

Matthew 25:42-45 (George M. Lamsa Translation)

*For I was hungry and you did not give me food; I was thirsty and you did not give me drink;*

*I was a stranger and you did not take me in;*

*I was naked and you did not clothe me; I was sick and in prison and you did not visit me.*

*Then they also will answer and say, Our lord, when did we see thee hungry or thirsty or a stranger or naked or sick or in the prison, and did not minister to thee?*

*Then he will answer and say to them, Truly I say to you, Inasmuch as you did not do it to one of these least ones, you also did not do it to me.*

And that is the order of the Kingdom. For lasting grace, you must find these things

within you and serve. For My Light is not hindered by the passing of time!

## **An Order into Oneness**

So much of my (Crystal's) life has been to plead the case of what Jesus was just telling us: That we are a BODY OF LIGHT - HIS BODY - blessing Earth now. That we are a people - not of clay - BUT OF HIS BODY and the Solar Consciousness that He represents through us and in us as I AM. If we are centered, we know this, and wander not from this conviction.

And we know from our own personal experience on this journey that the Spirit of God - in Eastern religions we would call it "Kundalini," which is the rising of the Holy Spirit, the Mother Spirit within us - *crucifies* the lower self. It *crucifies* the sense of self. It *crucifies* what Paul calls the "old man." Only to bring us up in celebration as Sananda's Body - the BODY OF LIGHT AND LIFE for the new evolution.<sup>1</sup> This is the Collective Consciousness that we know as the Solar Dimension, "the land of milk and honey." The Creative or Divine Substance only obeys this BODY now - the all-inclusive Body of Light and Love we know as the Christ.

Yet, so many fight this Act of Love - but the fight is over, isn't it? For Jesus, Sananda, has proclaimed that He will turn on the Light and

*continued from page 2*

that we will, in many cases despite ourselves, rise up into a collective Consciousness that is the World Savior. It is the Christmas Tree of Light.

It isn't that we lose who we are; we find it. Jesus said that we must lose our life to find it. And how well He spoke that truth. For it is so.

I plead my case once again. REMEMBER THE WHOLE. For in this way, you will be blessed with My abundance, not that of the world.

For this Center is not serving a single belief or culture or a single religion. It has many forks to its road. It is a celebration of the *whole* after the order of Melchizedek. And we are One.

Why does the word "tithing" come to my heart and mind so often? It is simply the language of Spirit building - undivided - the Tree of Light! And I still in my inner vision see the Master standing here. I know that it is a blessing to be in His presence and to hear His voice within me, but there seems to be something else that He asks of us.

**As Given From the Lord**  
*Your heart must grow so large that it is encompassing all this earth and embraces all the*

*children of the earth in all their myriad forms. Can you let your heart grow to such a place that when you see one hungry, you will feed that one? For I am with you now and this is the Second Coming of the Lord Jesus Christ. Yes, I AM here amongst you and I expect much from you and much that you will give.*

Now let the Tree of Light begin. Let the Christ Body be shone forth as the solar union of all people on this Earth. This, my friends, is the greatest Tree of all. It is the Christmas Tree of LIFE INTENDED for all humanity. For it is the embodiment of all your hopes and dreams. It is drawing into the Christ Energy Body the ones who have come to serve at this moment. LET THIS TREE BE LIT in the Name of Jesus, the cornerstone of all creation. Let it be done.

Let the celebration begin. Original sin is to be abolished, for in Christ you are born of Me. And you are not hampered by anything - for you are in Me and I AM in you as one.

Let the waters pour down and let the Blood of Jesus Christ

<sup>1</sup> Sananda is the ASCENDED NAME OF JESUS.

# Entrance of the Creator

The Solar News Vol. 6 #22

**“To those of you who have gathered here tonight - I know you well. For we have frequently talked together in the higher planes. I AM Michael the Universe Creator.**

**“I have come to say to you that we are establishing a Temple here - a force field so that I might speak and so give my words through you to those who will hear my Voice and know my sound.**

**“I AM the Creator of your Universe. I AM the Son who came as Jesus and I welcome you into my radiance, and I call you into action now as the centers of light on this planet are being opened to greet the new day and the Christed dimension of the I AM.**

**“I welcome you into my Self as the Creator of this Universe. Listen to my words as Crystal speaks them to you, as she reads from the Book of Life and introduces me to your neighborhood and to this Earth in a way that perhaps has not been understood before. Listen to these words as they come now - not a doctrine, but from the holy sphere. There is a greater part to learn now. I open the spheres of light to my Intelligence and into this Sanctuary I come as golden radiance of my Self. I AM Michael the Universe Creator and I am registering through this Sanctuary my Voice.**

**“This is my complement who speaks now and in her own way she will tell you who I am and why I am amongst you now as The Son. These are my words that I have given her to speak to you. Now let**

**us come together in the sound of my Voice. I AM.”**

Crystal: I am introducing the Universe Creator into the Sanctuary. He will stand with me after the Order of Melchizedek and we will be as partners here. Now let us read from *The Urantia Book* so as to set the Vibration. This is a section we have read many times before and perhaps now it will have even greater meaning. (*It sets the tone for my entrance, Creator Michael adds.*)

Crystal reads Paper 33, pages 366-367 in *The Urantia Book*. When the reading is completed, the message continues from Creator Michael.

**“Where is the man who would lead this movement? Is he far from reach or have you met him now? Who is this one that you search for? And if there is such a man, have you thought how you might reach him - how you might touch his garment - how you might be with him always?**

**“There is no man, is there? Other than the one who has been given you in the heart. No one to seek other than that one that I have given you of myself. I rest in the heart of all humanity. I AM Man itself. And if the Mother Flame is to rise - as She will - that child must grow and should be the one you seek.**

**“Is this a process that is now**

**intended for us? Might you be chosen to lead such a movement of that Mother Flame? Can you walk without fear - egoless perhaps, yet ever-present on this earth - two feet on the ground?**

**“Many angels have come for this purpose and they were selected very carefully for this time of day. And now they are asking to be a partner with you and they mean just that. Their wings are your wings.**

**“You are the examples. Each one sitting and hearing and reading or listening to this tape is an example of that process that has already begun.”**

...Meditation...

*Set no barrier in front of you, see no obstacles. Let us know together that we have the Office of Melchizedek within us and that we are open to express the full measure of Divine Love, God's governance on earth.*

*That all that is necessary pours through us as vessels of opulence, God's glory shining forth to build and to renew this blessed Earth.*

*We are the fountains of His joy, the promise of His reign, the glory of His becoming. Therefore send no thoughts of*

# The Winter Solstice

The Solar News Vol. 1 #14

**At the World Mother Center, Ojai,

December 21, 2001

Now do the heavens open to reveal a new light. There are solar sons emerging and these ones will lead the others to the new Sun. The glorious Sun within yourself shall come alive. And so shall you become a Sun of God in majesty and with light that has not been hitherto seen on this planet, There is to be a mass translation that will be occurring soon. I wish to prepare you for this translation that you might become a light that *all* might be lifted by the light that you become.

By order of the Great Son of the Universe, let us go now into this new dimension of Christ life. Let us join with others like ourselves in this new dimension of creative energy, holy light, manifest Intelligence and solar love, Let us know that as we join together as a group body all over this planet Earth, there is a Sun blazing forth that is causing great changes upon this planet Earth. We are in a new dimension, lifting others to this higher realm of divine love and holy grace.

Act now, walk now, as you would in this new dimension of the light. You have called; I have answered. You have sought and now you have found. You have opened into a new world, a Christ world. At this time of great revelation, ask for the Holy Spirit that it might cover you with loving embrace, its

glory. Be at peace now in yourselves. Understand that we are together, a peaceful world. We are a world of light.

We are gathering together with the angelic realm, with the Master of the Great White Brotherhood, with the Solar Lords and Ladies. And in this Awakening, there is much rejoicing. We are all singing the songs of praise and of joyous love.

Give birth to the new! Give birth to the new! We hear the angels sing. And we open our eyes and we see. We finally see the Earth in her new dimension, in her garb of light! And oh, what a welcome sight this is! What a glorious sight! What a joyous sound we hear in this Hme of light.

Bear now My Word forth as I have taught you to speak, Speak these words. Bear My messages forth that they might be heard. And give them love that all might feel the Christ within your own heart. Beckon them forth. Come hither, say. And invite them all into the new world of joyous love, reconciliation, yea, forgiveness.

Embody now My light. Take on the light body as your own. Become accustomed to moving as the light of the world, the very salt of the earth. Bear no thought of malice towards anyone. Fear not, it is I.

Teach now all to love and to greet the Christ in the heart of everyone. Teach them that.

Ascend now to My glory. Let go of the mortal world, the world of illusions, the world of death. For I have called you to life. I have asked you to overcome death, to walk the way I have walked in the glory of the Son.

Be born anew this eve. Be born of the light. Anticipate this light. Behold it. Hold fast to this light. Immortals ye shall be!

My hand is upon you. That mark is upon your brow, You have been chosen to walk as light. Into the holy spheres of Intelligence, come. And send no thought backwards. For glory awaits and the fullness of My Being shall comfort you.

Now take your place with Me in the havens I have prepared. Renounce death entirely. I have called you to life. And to life, you must come.

Be now a soldier of the great light of Sananda, Jesus. Walk with the Lord Christ Michael. Wear the crown of His overcoming. Declare that death is no more.

*continued on page 6*

# The Winter Solstice

*continued from page 5*

I stop the rhythm of Earth and I start it again. Now breathe My life into your lungs and know that you have overcome death in My life. As your past dissolves, so you are life eternal. Each one, take your place. Israel, I come!

There is no death in Me.

## **Christmas Eve Meditation**

December 24, 2001

(The Solar Energy field, which has been created out of group expectation and divine love, is now ready to realize itself as a living vortex of creative power. This powerful energy vortex completes itself as the Body of Christ, Sananda. And all that have participated in this building of group experience can now realize the full potential of this powerful and dynamic creative power.)

You are part of a large vortex that covers this earth. This is the Second Coming - the Energy I speak of. This is a magnetized energy of the Solar Son, the Christ rhythm. You, My children, are prepared. You are a part of the Son. This mighty vortex of energy will be responsible for raising all of humanity. Each one of you has a place in this Energy. Each one of you has an important job to perform. Each one of you has been called by Me to radiate out the Mighty Christ.

You have the Energy of Christ the Lord with you as this mighty vortex. You are embraced by the mighty field of the Solar Son and take your radiance from

that. You are My heart and My sun. You vibrate to all humanity the Christ.

The formation of the vortex has not been easy. It has been a trial and many have been tested. You achieve this position with Me as pure authority of light. The regions of light welcome you into this new portal of vibrant Christ domain where all will be welcomed in the name of the Solar Son, the Christ Risen. The central vortex is open and you are an intricate part of this Christ Light.

Partake of this Light yourselves. You are welcomed in the doorway of this mighty vortex of the Solar Son. Receiving this Energy field as your own, remain quiet, partaking of this and receiving this as your alignment.

## **Release the Christ**

Sunday morning Service  
December 30, 2001

My peace I give to you. My Word is abundance. As I speak, all is formed. Learn to speak with one Voice. Learn to give the I AM, the golden presence of your Self, the message of the Christ life, that it might be formed of you. We will be opening you to a higher level today of Christ performance where Man (consciousness) and God are one. No thing can come between you,

nor can there be any interference whatsoever. For the Christ is the Flame of Me - there is no other - it is the GodSelf.

Open now to the Christ identity as I release the Christ of you. Let this be your new life. The Christ within becomes your performance of Love and Light. Behold the Son of God is eternal life, light, manifest as your body form. And in this way can God come in this great new power as Divine Love on earth and throughout the heavens to come. Be still now and open to the great horizon of the I AM Presence, the Christ of you. Leave the world, as you would know it. Grasp not to the ring of the world and enter into a new cavern as you join with Me, the Christ of your being, as Life eternal.

Behold the Son emerging! Behold the Great Light of your eternal being where there is no death - only Life abundant. Behold the Love of God within every atom and every molecule of the physical body. Behold the measure of My stream pouring through, I wait.

Abundance I AM. My Life circuit is here with you, the Tree of Life. Behold the fruit upon the limbs. And gather up the fruit that more might come. Behold I AM

*continued on page 7*

# The Winter Solstice

That I AM. My gift to you - the Christ, your own circuited being. Be attuned now in that I AM.

Today I want you to register your identity into the Christ Body. Take it as your own body now. Fulfill your mission on earth, which is the life of Christ bestowed upon you by the one who is called Jesus of Nazareth.

Take no thought for what you shall eat or what you shall drink, nor what clothes you shall wear. For I have selected your finery long before you entered in and I have a table laid for you. Sit with Me at the table of abundance. Sit with Me, as all that you need is bestowed upon you in the Christ awareness.

Take no thought for that which is past, for a new table has been laid. Please, would you sit with Me.

Friday evening at the meditation, the words came: *Release the Christ in me.* And then it became a message for all of us. I *release* the Christ in me. I release the Christ in me!

For many, many years, we have been focused on the Heart Center - on the Christ Center. We have been focused on that as our true identity. We have been realizing through the Divine Mother that we must nourish this Christ in us and that this beautiful SUN/ SON - Sonship - that we have is our True Self; it is the GodSelf; it is the I AM Presence.

Now a greater abundance has come to

*continued from page 6*

us. This is the message of mass translation. Over and over the message has come through me that each one will be touched - *all* creatures great and small will be touched by the loving hand of God, the Light of the World, and *all* will receive this mass translation. Perhaps in degrees. Perhaps not all at once. But all are in line to receive this bestowal of Grace on this planet because our Commander-in-Chief, our Universe Creator, was here with us. He has left that precious gift of Grace for all humanity and *all* creatures great and small. That message has gone out for the year 2002 the message of mass translation.

What I am looking at right now is the message that came in Friday night (December 28<sup>TH</sup>). I release the Christ in me. Release the Christ in you. That means that that vibrant energy field that we have been focused upon, that we have been nourishing - the Christ within us - now becomes our body, our living field of energy by our own permission, by our own *willingness* to live in that Christ Light. And so, we become actually in our *experience*, in our actual earth experience, the living light. And, of course, as we command this to come forth there must be, also, this promise of translation which seals the promise of everlasting life within us, through us and by us.

So, if we can now see this emergence of the Christ as the emergence of this Babe that we have been nourishing, this Child, our own Consciousness, the Christ, as a *field* of energy *that is our body that replaces the physical body* as our body eternal.

Now one of the first commandments in this Walk that Jesus gave us was, "I expect you to love everyone the way I love you." Now, I can hear His disciples saying, "Master, we can't love like that!" And Jesus says, "I hold you to that. You must love. Because you have supped with me; you are part of my body and I commission you to walk as love."

And so, the first commandment that we have in this Christ energy field this light energy field - this new dimension - this light world - is love everyone as CHRIST JESUS LOVED! And if you can remember that it was, as it has been given, that as He was on the Cross...always the master of the situation...that He looked out among the multitude...among those that could not be seen...those who were promised from generations to come...and He said, "Forgive them, Father, for they know not what they do." It includes all people, in prisons and out of prisons. The Master wants us to know that that love must

*continued on page 8*

## The Winter Solstice

*continued from page 7*

touch all life into this body of He says now: I HAVE FORSAKEN NO ONE!

We are messengers because we are touched by this illumination. We are messengers by divine decree. And our first act upon this new world is to love unconditionally without judgement, holding no one to punishment, nor hatred, nor resentfulness in any way. We are commissioned to love.

And so, this blinding light that we are to receive is the Love eternal. Only this Body of Light (this Temple of the Living God), only this cosmic Body of Jesus, this Christ Body, can maintain and sustain such a light. Such a *tremendous love* that we are *commissioned* - that we are called, we are ordained, we are anointed to bestow upon others for the good of the whole.

So, we must *be* of the Christ Body. We must release this Christ. **I release the Christ in me! I release the Christ in me that I may identify myself wholly and fully with the Christ of myself.** And, in doing so, all else is washed clean. All else is washed away; I am no longer a part of an old world that has always been a lie. Now, as I understand it, I may stand forth as the Christ of me, as the Body of Light!

In this Body of Light, we receive the anointing of wholly, perfect love. We are the vehicles through which the Christ Himself can move and perfect His world, even unto the beginning!

It is now time for the mortal to become immortal.
