

Return to the Light

A University of Melchizedek Newsletter

Copyright 2009 by Patricia Jepsen ("Crystal")

On Easter morning I had a dream where I was handed a deflated, sphere-like object and told to inflate it. The voice seemed like God. I blew up the sphere like a balloon. It was only about six inches wide. As it was inflating, I was told the "age of darkness" was gone! The sphere lit up like a brilliant light.

Now Leave the World Alone

Begin to believe that the Light has become your world. That all of the darkness that has been a part of the world is leaving as though it never was. What now remains as the remnant of an old world is very quickly dissolving and it will be non-functional to all who remain to live on Earth. Your job right now is to live by the laws of the New Kingdom, to function as beloved Lightworkers of the I AM Presence, and to raise others by your consciousness into the New World sphere of Light Intended.

For some, the direction will be easy to detach from the third-dimensional world that has been living quarters for humans for many thousands of years. Yet for others it is difficult to let go of previous patterns, beliefs, human ego attachments to the world of materialistic pleasure and suffering. Those who cannot let go, ask that you be helped in releasing from the false and the untrue, the ego-based illusions of a world no longer valid. And help will come.

Your place is with the Light energy of the Fifth Dimension, the Solar field of Life, where man and God are one Being on the Breath. Here in the Solar field of Oneness you live in Community, and the ways of the Priesthood of Melchizedek are introduced and taught for the revelation of all.

Light cities rise out of rubble; ancient vortexes twinkle and sparkle in gladness of serving once again the Planetary Logos and His twin star Venus. All is in readiness for the Planetary Shift. Throughout the heavens and within the many galaxies, huge and magnificent Light Ships set sail to assist in the creation of a new planet and a new human race, the Solar Suns.

The University of Melchizedek offers much direction and revelation as we move now into a whole New World of beautiful Life. The *Daily Scripts* contain inspiration, direction and continual guidance as to the mighty changes of Earth and all creation. The *Monthly University Papers* and *Solar News* include pertinent lessons made available from the Melchizedek Order for this moment in time. *The Community of Light Newsletter* invites the reader into the many transcripts and lessons which Crystal has made available throughout the years of her service as messenger and scribe. If you have not visited the University of Melchizedek web site, I hope you will. (www.melchizedeklearning.com)

You will find on the University web site many books, CDs and correspondence courses listed. Each one is a treasure and vibrates the Holy Spirit and the presence of the Masters. Today, in this issue of *Return to the Light*, I want to particularly mention several new courses as they are very pertinent to right now and the planetary shift.

If you are deeply connected with planet Earth, the beloved animal and plant kingdoms, the Angels and Devas, you will find the following material soul satisfying and joy-filled.

Catch the Magic

The Mountaintop Teachings from the Order of Melchizedek present this lesson series in Four Parts sponsored by the Master Saint Germain with Crystal. 20 lessons. Suggested Donation \$100. If you have been feeling it is time—your time—to lighten up a bit and to see the magic in all life, this course may be for you! Available by e-mail or postal mail. (Please add additional \$25 for US postal mailing, US\$40 for overseas.)

The Woof Papers

As you walk through this door of initiation you must carry with you the consciousness of respect and unity with all life. This is the North Gate. No one ascends without this Consciousness. Included is an introduction by Copper, Medicine Dog. This series carries the Seal of Melchizedek and is highly recommended as an urgent message for this time of graduation. The course contains 15 lessons: 6 lessons each in the first two sections and 3 lessons in the final section. A lesson will be sent every two weeks. Cost is \$125. If mailed, an additional cost will be added: for the U.S. add \$20; overseas add US\$40.

And if you seek to break the barriers of human belief, the false hierarchy and false priesthood, the following new material might furnish the light for your awakening and acceleration of your spirit.

The Return of the Eternal Flame

This Course will introduce the Creative Daughter and the Christ Energy Field, the I AM. The Eternal Flame Papers are released by the Ministry of Justice, the Melchizedek Order. The Seal of Melchizedek is on every Paper, assuring that this is from the Archives of the Universe Father and the Universe Mother Spirit. The Eternal or Virgin Flame carries the Plan for Earth. From this comes the union of all forces in Light. The extraordinary vibrations from this Course may well open the door for you into the very presence of the Eternal Flame. Please be aware of this as you start this study and revelation. Suggested donation is \$120 sent by e-mail, or \$132 if mailed in the U.S.

The New Jesus

The Records of Jesus will be presented to you through Crystal as a door to a New Beginning and a vibrant new way of Life intended. You may find many questions answered as to the Master's teaching, his life, the crucifixion and his ascension. These Records will take you through the Gate of the Solar Son and the Mystery School of Sananda, Lord of the Universe. The information will be drawn from the *Records of the Melchizedek Order* and will be e-mailed or mailed weekly, or more rapidly if possible. There will be 12 lessons in this series. The suggested donation is \$120. If you prefer the lessons be mailed, please add an additional \$12 in the U.S. or overseas US\$24.

Tithing and Its Part in Calling Forth the Abundant Life

In the first record of Melchizedek found in the Book of Genesis, Abraham was instructed to tithe one tenth of his livelihood to his Master Teacher, Melchizedek. In understanding the implication of this directive, Abraham became a disciple of the Melchizedek Order and was consequently ordained by God into the Priesthood of Melchizedek. Tithing, as given by the directive of Machiventa Melchizedek, King of Salem, meant total obedience to the path that Abraham had chosen. He was brought to the Consciousness of Oneness and to his Teacher's lineage of the Order of Melchizedek.

Today, in our studies of metaphysics and the law of abundance, we have learned the importance of true tithing and the commitment we make to the spiritual path and gateway we have chosen. Yet, for many who have tired of religion, churches and rituals, tithing has been cast aside as ineffective and no longer realistic. Quite the contrary—and many prosperity workshops will insist the student tithe—when one can proclaim a financial tithe to their spiritual teacher, Center or church, this will initiate the movement of the Creative Power or Spirit. In Mystery Schools the practice of tithing goes even deeper.

Yet, we do know that when one feels a sense of lack, the first order of the day is to give. When the emotions are quieted and settled in the heart chakra, the rising Spirit of Life and Light will direct, as the Inner Voice, how and how much to give to the teacher, Center or church of your choice. We are taught to put the tithe first—before all other commitments and to listen to the Voice within for instruction and peace of mind. What better time and opportunity to practice the Law of Prosperity and Conscious Oneness than to begin to tithe to this University or to the spiritual Center of your choice? As we stand in the Kingdom of God, we are prosperous, deeply blessed and divinely loved. As Karen Hogle writes, *The darkness is gone. We are in the Age of Light.* And we are together in the Infinite Spirit enjoying every minute of Being. Be blessed. You have come a long way to be here in this Moment!
