# ENTERING THE KINGDOM OF GOD

The University Papers Volume 8, #154

*You are God in expression in reality.  
You are the Christ shining forth  
as My perfect idea on earth.  
(The GodSelf, 3:2)*

Enter the fixed position of God in Man and stay there, for I AM all there is. THERE IS NO OTHER. When we find this truth in ourselves, we have vanquished illusion as our consciousness and become enlightened as the Son or divine expression as I AM. Here is the mark of the initiate.

Take time to heal yourself. It is very simple: just call the Spirit to flow through you. *The healing takes place instantly as you allow it.* And at the vibratory rate you can contain.

Permit the Spirit to integrate every cell.

Let your body be *whole* and complete in the expression of Christ who you are. The dimensional experience that you are receiving right now will alter your thinking entirely. Be ready to accept through your whole being the words that are given, the words that will come, for they have the power to achieve for you your goals in your life that you might be an example to others. Listen now to the Creative Power as I speak to you. Listen now to the wishes of your omnipresent GodSelf.

**Your wish, your every desire,  
all your visions and dreams  
will come true as you believe  
and place your whole  
consciousness in the oneness  
of I AM.**

There is no fallen man. God, the Father-Mother, Supreme One, has always held the two poles (man-woman) in oneness as an expression of Him-Her Self! *Only you can believe in the fallen man. I cannot.*

*Where I place My belief is real and true.  
Let My trumpet blow and learn to live in*

*the quality of life you deserve as the GodSelf. Now peace will come.*

*It is My pleasure to give you the Kingdom. Why don't you take it? On accepting it, I become you. We are one as the light of the world.*

*All good things come to those who hold out their hands to receive. My bounty is great. First receive the Kingdom and the Kingdom will objectify as your life, your world. Is not this the truth?*

**What is the Kingdom of  
God?**

Is the Kingdom of God the place that Spirit has designed for us? The holy place that always was and always will be?

The Kingdom of God is stabilized union with God Being. The Kingdom is the Presence of God *actualized* – a living force – a place of peace and harmony with all that is. The moment we return to the One in consciousness our

# ENTERING THE KINGDOM OF GOD

present awareness changes. It becomes the Kingdom of God. We are restored to the perfect state of Being that is in harmony with all life. It is here that we know greatness. We are complete.

As the Kingdom of God, we are present with all life as ourselves. We have the ability to form of ourselves all that we need and we are granted the full measure of peace that we richly deserve, because we have chosen the oneness and recreated ourselves in that Oneness as the GodSelf.

What prevents us from living all the time in this consciousness? What happens when you include the Presence in every act? When you incorporate Spirit, you are incorporating all life, aren't you? When we begin to exercise this consciousness, we feel the participation of the birds, the plant life and the animals.

We are not living unless we incorporate Spirit. Perhaps that is another reason why we as humans experience the death program. It is because we have failed to incorporate and embrace eternal Life!

The concept of communication with the Inner Voice—in whatever degree you think of it—is building a

*continued from page 2*

*relationship* with God, our Christ Self. So, it is a friendship. It is an inner communication, which begins to weave through all that we are and all that we dream to be. In the finished work of this weaving, we are the Inner Voice, we are the Creative Power, and we most certainly have achieved the consciousness of Higher Mind.

## **Choose Your Own God An Exercise**

What I would like you to do is to write about the spiritual philosophy and the God relationship that you would like to be your life. Take a moment now to design your own “religion,” a spiritual discipline that would best suit your needs and your true belief. Never mind what anybody has said. Never mind what anybody has taught you. You will not be punished for thinking with your heart! Create a spiritual philosophy that is best suited to you and put it down on paper.

**The presence that we call God is waiting to conceive of Him-Herself as your new degree of awareness.** It is okay to do this. It is okay to question everything! Go ahead and question. And watch how the answers come! You are

free to listen to God's (Love's) Voice in you!

When you have finished this exercise ask yourself: How does my God complement my walk? Am I happier now that I know who God is in me? Freer?

In what way might my new “religion” effect my relationship with others, my lifestyle?

## **Feel Free to Question**

Do your fears originate from fear of God, from false programming?—If I do this, this awful thing is going to happen? Do you think that this God that you have realized is going to facilitate your walk on the planet? If so, how so?

When you say you really want to live without fear, ask yourself what relationship does fear have with your concept of God? Because if you know and understand that God is love, absolute love waiting to fulfill you, why would there be fear? If God is love and is waiting to embody as all that you need and require in your life, then fear is not present.

# ENTERING THE KINGDOM OF GOD

**Affirm: Divine Love embodies as all that I need.**

*(From The Workbook: Study Guide for The GodSelf, page 9)*

There is no place for fear in a God of love. *You have the right to place Me in love.* When we have this assurance within us, we can open our door to the I AM presence and live in abundance as the Kingdom of God Consciousness.

Let love, in expression, translate your life into joy and fulfillment. Be cleansed of the false doctrines of man. Come home to Me.

The feast is on the table. Eat it.

*I serve you the greatest feast of abundance the world has ever known.*

## A New Dimension

With every dimensional change, in every Consciousness shift, there is a new realization of God or Spirit. We are moving into a concept of a bright New World, the fifth world the Hopi call it. The universal consciousness or mass consciousness is ready and receptive to receive a new idea, a new concept of God the Supreme. The identification circuits are ready to receive the new idea of a higher power.

There is a transition period where the individual moves from a personal sense of feeling into an unattached and impersonal sense of feeling. The

*continued from page 3*

human feeling is translated into Divine Intuition where it can grasp higher and deeper concepts of reality. The detachment permits this function as it is given through the Higher Self and realized through the heart that is Christed. It is actually the entrance of the Spirit through every cell and molecule. The entrance facilitates God as One.

### Excerpts from *The Workbook, Study Guide for the GodSelf*

(1) The purpose of this workbook is not only to help you with the lesson material of *The GodSelf*, it is also to facilitate a change of perception, to cause you to realize that you are here on earth to learn, to take command of problems and seeming obstacles and to open to the world of light that is the cosmic university on earth.

This is a “solar” school I speak of, which means that activity of this school is directed to the systems of government ranging from planetary to the universe and sometimes beyond.

As you advance in your thinking and become radiance itself, new ways of living as a light being will become clear in your mind and your heart.

You are in a classroom. The Earth is a classroom. And everywhere you go is a living classroom. (Page 5)

(2) *All life is friendly in Me. Once you stabilize in the Christ, there are no enemies. I have none.*

Why in paragraph one is it stated: **I have none.** Is it possible for you to attain that harmony of being? Can you see aright through the eyes of Christ? Are you capable of this? In the place where there are no enemies, why is there no fear? (Page 131)

(3) **If you unite with your God Spirit in you, you become friends with all life.** (*The GodSelf*, 36:11) You enter the “circle of life,” don't you? To be friends with all life is all-inclusive. It is the partnership with angels, animals, and the mineral kingdom. All one! What a friendship that is!

Take a walk in nature, in a park or wherever you can find a tree, a flower, a stone, an animal, bird, or fish. Meditate, as you walk, on the oneness of all life and the partnership of all life in this oneness.

# THE FACE OF THE CHILD

The University Papers Volume 8, #155

*Truly I say to you, Whoever  
does not receive the kingdom of God  
like a little child shall not enter it.*

(Mark 10:15, Lamsa Translation)

This is an amazing Bible verse, isn't it? It is with clarity that it is saying to know and understand Truth, one must forget the world. And to do this one needs to reclaim the Christ Seed or original being.

To live as the Christ Seed is to live as the little child, the wondrous child or WONDER CHILD as Emmet Fox alludes to in his books.

Please consider the verses from Isaiah 11:6-16 which begin with the familiar words: *The wolf shall dwell with the lamb, and the leopard shall lie down with the kid; and the calf and the young lion and the ox shall feed together; and a little child shall lead them.*

As you continue reading these verses through verse 16, it is clear to the mystical student that the Code of Melchizedek reveals this Child is you, your true identity, your Christ Self. Yes, the Wonder Child in you is God in you as the Christ, no more sought but found.

As you release the worldly thought, the emotional attachments, and the belief system of the world, you become as a little child again both innocent and free! That Child is the Christ Seed, God in you. This is what the Code of

Melchizedek reveals. It is the Immaculate Conception of your Higher Self or GodSelf. Be there in this Child now. For it is only from the position of the Child that you can and will receive all that I AM, the Kingdom of God!

And in this state of mind, there is peace. The lion lies down with the lamb. *And the cow and the bear shall feed together; and their young ones shall grow up together; and the lion shall eat straw like the ox. And the suckling child shall play with the serpent, and the weaned child shall put his hand into the hole of the asp. They shall not hurt nor destroy in all my holy mountain; for the earth shall be full of the knowledge of the LORD as the waters cover the sea.* (Isaiah 11:7-9, Lamsa translation)

*The mountain is the Lord and he who abides on the mountain is the Lord. Let your footing be sure and strength will come from the mountain itself. Christ is calling you to the mountaintop.*

## Listen to the Child

It is also significant that the last verse in chapter 11 of Isaiah reads: *And there shall be a highway for the remnant of his people which shall be left from Assyria; as it was in the day that Israel came up from the land of Egypt.*

Here we are told through the Melchizedek Code of Light (Higher Intelligence) that as we leave the illusion of the material plane, returning to the Inner Child or Christ Within, that divine Seed of our Consciousness, the Way opens for us to walk as a Master.

Be receptive now to the Child within, your purity, innocence, and faith. As you do this, you will become the Child of your own consciousness. You will forsake all else and follow Me.

The gift of the Child waits. Will you come home?

*continued on page 6*

# THE FACE OF THE CHILD

*continued from page 5*

The world says you can't do it. The Child is not of the world and knows it not. The Inner Voice points the way and the Child walks the way. There is no argument in the Child. For the Child is not of the world.

Return to the Child in you. Realize that Child is the Christ Self and as you do this, accept the bounty of the Kingdom for "Son, all that I have is yours."

## The Garden of the Child

*Once the Christ Seed is opened and I AM released as expression of your conscious awareness, I embody Myself. Give Me the opportunity to embody. (The GodSelf 27:39)*

AM I not the God Seed in you?

Will I not supply My own?

Turn not away from Me but into Me that you might receive of Me all that I AM.

I AM God in you.

The consciousness of the "little child" and the consciousness of the Garden of Eden are the same.

Let go and let the Child live in you as you; and listen to your Inner Voice for this Voice is your Christ Shepherd leading you into the land of milk and honey.

## An Observation

Recently, as director of the Center for International Cooperation (CIC), I facilitated a workshop at the United Nations called *Global Community: The Earth and Her Children*. The presentation offered speakers who represented voices that were not often heard or considered in the governments of our nations. These voices were: Voice of the Environment, Voice of the Animal Kingdom, Voice of the new Education, voice of the Indigenous Peoples and Voice of the Child.

As I reread the transcripts and the summation of the points made, I asked myself: What was the purpose of this workshop? What did it achieve? The answer I discovered almost immediately within myself was that all the "voices" represented: environment, animal kingdom, education and indigenous peoples all were *within* the child. For the child—until programmed into mass consciousness—was at one with all voices. The child embodied all voices. The child, in fact, lived in the kingdom of

oneness. So, out of this memorable workshop rose the wondrous Child, the purity of the Child who laughs and embraces all life and knows no separation.

For me, what emerged from CIC's workshop is the incredible Child and the realization that it was time that "a little child shall lead them." The Voice of the Child must be heard, first within each one of us and then in and through all parts of the earth. Because it is this purity of being, that can guide us into the Bright New World of unity with all life.

## Hug the Child in You

God expresses through the Christ Seed (Image and Likeness). The Christ Seed is you.

Remember who you are. Your true circuitry is the Christ within. Your identity as born of Truth is the Christ within. You are immortal as the Christ, the Child who is God. Touch that place. Be there. Oh the world, "Herod," will try to persuade you that you are of the world and that the world knows what is best for you but PAY NO HEED. Keep your

*continued on page 7*

# THE FACE OF THE CHILD

*continued from page 6*

eye single, as Jesus wisely counseled, and your body will be filled with light. That is to say, you will know that you know.

God (the Universe, Universal Life Energy) nurtures and provides for the Child. That is what the kingdom of God is all about—the Child in you. When Jesus advises that you seek first the Kingdom of God within your heart, the Master is connecting you to your vibrant innermost Self, the God in you.

Aligned with your inner Self, the Divine You, your Child of Grace, God the Parent Flame will supply your every wish, desire or need because the Child of God is OF GOD. *And your every wish is My own.* Once you have stabilized in this understanding, in this Consciousness, you dwell in the Christ dimension and the riches of the Kingdom (God Consciousness) are yours.

Now, during the process of leaving one system for another, you do have to exercise and practice the laws of righteousness or right-use-ness. That means your identification must be with the Christ Center or the Child in your heart. *I AM not of the world.* Each time the voice of the world attempts to dissuade you from your course, reaffirm that you

are the Christ Seed. All the forces of the Universe are with you in this declaration of Truth.

The face of the Child dwells within. The Child is My Spirit in you. It is the Christ within, *My Seed*. Realize you are that Child of Grace and be clothed with the purity, faith, and joy of this wondrous One.

## A New Humanity

(A selection from *The University Papers* number 83)

Human beings as a whole are experiencing a consciousness evolution which could be called “the second coming of the Christ.” From the depths of despair, human beings will rise to the light of joy. Inhabiting a body no longer, human beings will be one with the form of their expression but not trapped by it. They will walk freely as air.

The new humans will think entirely differently, their perceptions will be quite altered and death will be no more. There will be no need for death as the Spirit will be alive in their hearts.

Love will cover the Planet Earth and compassion will be what is felt through the hearts of human beings.

The animal kingdom will be respected and not used nor pillaged. As they will no longer be killed for food, a new expression of the animal kingdom will emerge, very much like their devic counterparts. They will resemble “angels” and work with the angelic kingdom consciously.<sup>2</sup> They will have the ability to change their bodies also. As they are needed elsewhere, so they will go.

The Christ Dimension is lifting and requalifying all life on Planet Earth. A mass ascension is occurring which will result in a planetary intelligence appearing which will alter the whole planet, its government and nature itself. Christ, Himself, will promote this planet into a new dimension of greater service.

Beyond all this you must know that all humanity will be born again. All will release the God in them. Every human being living

on this planet will have attained some measure of enlightenment. God within the self.

The emergence of God from within the individual will spark a new creation. What is this new creation? The Higher Self.<sup>3</sup>

I leave you with this. Let all your trappings go. We are in the “final days” now. And you have been selected to reveal the sun.

Note: All scripts are released through the Order of Melchizedek in the proper sequence to facilitate enlightenment.

## Seed Thoughts

- ◎ The Christ Seed is the image and likeness of God.
- ◎ The path of detachment can free you from the external pressures of a false world. Let God in you do the work.
- ◎ In the Melchizedek Consciousness there is One and that one is the I AM, operational and functioning in and through all

life as you.

- ◎ You cannot live in Christ and in the world. The Christ is your true self, the God in you.
- ◎ In Me, you have everything. Your Seed of God in you, is the Christ Kingdom.
- ◎ Come to the Child in you. Let your “smarts” go. Become a child again and receive Truth.
- ◎ Your God Center is who you are. Be there.

*To partake of the creative power and yes, to wield it with wisdom and love, one must be impersonal, detached and at peace. Can you see that this might be the “way” to the abundant life? To you who cannot find peace I must say, You must give up more. Let go and let God. For in this way are you at peace.*

## An Invitation to Love

*The Light will never go out.  
You may change, to be sure,  
but the Light Itself will not leave this planet.*

### Go into Love

As the Guardian Angel for the frequency of this planet, I can assure you that the planet herself is safe and sound. However, you as humans, must change your ways radically so that you might be creators in the higher vibration of My Solar Son. I speak of this now and why Love is so important.

Your immediate potential is the Solar Son, the Christ Within. Here, in this spot of connectiveness, the Earth will rally forth as the Christ Headquarters and so join other planets in the radiation of My Divine Plan.

To cooperate with My Plan it is necessary for you *to take your place* in the vibratory rhythm of My Christ Name.

### The Position of Earth Now

**Solar Dynamics forbid laggards to encroach on the planet's vibratory rhythm. She will not allow those who have previously caused disturbance to her ascension to remain. Unless the attitude of those who have argued against Earth rising changes immediately, there will be - forced upon Earth - the Karmic Board's decision to lift off the planet any who are a deterrent to her resurrection and ascension. This is the Will of the Father and planetary decision.**

Earth is rising. She is preparing for a cosmic leap into a whole new dimension that the Creator has prepared for her of Himself. Even as I speak, this dynamic cosmic shift is occurring.

You, who wish to remain with Earth in her planetary change, take

on your new bodies of light. Use your Creative Power and serve the planet with all your desires, visions and planetary goals. Relax into the tide of perfection and so give Earth her rightful due as your sister and your partner.

Let go of present relationships entirely. Be clothed in the High Self or the GodSelf. Listen to your soul's intent and masquerade no longer in the mortal vibration.

You have been cleansed that you might rise with our Earth and so continue your journey with her after the order of Melchizedek. Be the example of this to all peoples. You are children of the Light!

### The Coming of the Melchizedeks

Approximately every two thousand years you will see an

*continued on page 10*

influx of the Melchizedek Order for the purpose of reindoctrination of the planet as a service center for Creator Michael, the Universe Father-Son. The position of the Earth at this time is one of new birth. She is much like a pregnant womb opening to reveal the next dimension of divine unveiling.

As we enter the New Millennium (2001), the Order of Melchizedek will officiate at the full inauguration of our next US president. This will be the connecting force or bond between the governmental issuance of the Order and the site of democracy in our western world. All who attend this inauguration in their consciousness will be positioned in the planetary Hierarchy as forerunners of the Solar System of The Supreme Government. You who are thirsty to behold your Universe Creator in the body of Jesus may have the opportunity to fix your eyes upon Him as He fulfills His mission and returns. At this inauguration, those who have the eyes to behold Him, will see the reins of ultimate power placed in His hands as Creator Michael, Son of Suns. From this time forth, the rule of law will be, indeed, the Law of the land. Ultimate Power is decreed from on High and He who bears this power, bears the reins of government in the Solar System.

*continued from page 9*

Thus, the influx of Melchizedek Energy secures the Office of the Solar Son as He takes His position on earth and in the solar regions of Christ leadership (as Sananda).<sup>1</sup>

The reins of government belong in your hands now, as you become Solar Son shining forth as your own Christ Center. You have prepared yourself through the constant attention to your Inner Voice and the God Center that you are. You will be as a Sun shining forth the Living Truth after the order of Melchizedek.

## What's Wrong with Moses?

Those of you who are familiar with the story of Moses know that he never reached the "Promised Land." He could rouse the hunger for this Land among his people but he could not satisfy that hunger. That would come later as the One we call Jesus appeared vibrationally to proclaim the Living Word.

The One we know as Jesus, Emmanuel or God within us, is the Living Truth, High Priest after the order of Melchizedek. He

demonstrated the Promised Land. He said, "Come, all those who are heavy-laden and lost, and I will give you rest." He proclaimed that the Kingdom of God (the promised Land) lay within every heart and the Master called upon each of us to take up our bed and walk as He has walked in the fulfillment of the Divine One.

The Ten Commandments—given to us by Moses—are obsolete. The Consciousness of Jesus could not have presented the consciousness of the Ten Commandments. He would never have introduced a negative into a command. He would have assumed and affirmed and decreed the perfection of your Christ Self.

Are you familiar with the Ten Commandments? Let us look at them through the Master's eyes and be cleansed of them. For they are not sacred unto the Christ, nor should you be subject to them. You are the living water of I AM.

The introduction or INSERTION of a negative into a direct decree will produce of itself the negative. You are a vessel of God Consciousness, a Light that shines

---

<sup>1</sup>Sananda is the ascended name of Jesus. He is the Christ Energy focus for this time.

# DEDICATED TO THE BRIGHT NEW WORLD

in the darkness.

When you pray, pray in this manner:

Our Father who IS in heaven, hallowed BE your name. (I glorify my Father by my BELIEF in Him. I know I AM. Thus I walk in glory all the days of my life. And so it is.)

Let the Christ Power emanate from your Solar Lamp, the GodSelf. Decree from the Presence of God. All statements should be made from this Consciousness. NEVER insert a negative suggestion, such as was attributed to the Ten Commandments of Moses! Give God the Power and the Holy Lamps will be lit throughout the earth in the Name of Jesus. *I AM the resurrection and the life.*

## The Given Truth

A dynamic change is taking place on this planet. You are in the midst of this mighty vibrational shift into a new dimension of perfect love. The healing of this love forgives the past, as all are invited to move forward into a new Body of Christ, the Solar Son.

Allow this Truth to penetrate every cell of your being. Live in this love that it may qualify itself as your field of energy. Be of this love.

I have given you much to think about. And in this Hour—My mighty Hour of Second Coming—accept the Grace of My Hand and bestow it on another as I give to you. Take the peace that I give to you and bestow it on others. We work together, you and I, as the One.

# ENTERING THE KINGDOM OF GOD

*continued from page 4*

Do you feel many friends around you, invisible and visible? Do you feel that the lion can truly lie down with the lamb?

This is a wonderful way to fill yourself with the awareness of loving companionship and the partnership of all life. Enjoy! (Page 132)

(4) Excerpt in original version of #154 Paper:

On the back of your business card, copy the first two sentences of 12:8 which state: It is not necessary to change discord or the false picture, for that which you see is not real. I have no part of it in Me. Refer to these two sentences many times during the day for a week. It is not the object in this exercise to correct the human condition. This is truth. The emanation of truth throughout your system performs the miracles. (Page 49)

## Seed Thoughts

- ★ Love is not conditional. Unconditional love does not impose any conditions.
- ★ The Inner Voice and the Creative Power are one. They agree. They connect in the higher spheres of living. Put yourself in that system and live it.
- ★ Remember, nurture the flame within you. Nurture that place. Put your trust there.
- ★ Listen to the Inner Voice. Know the Creative Power moves as the Inner Voice. You have a God of love moving and anxious to fulfill your every need. You are resting in the Kingdom.
- ★ Push the boat off the shore and sail. And sail fearlessly. You have the power to be and you can claim this power now by accessing the Kingdom of God as your consciousness. Live triumphantly!
