Angels Speak

(SOLAR NEW Volume 6, Number 24)

After Jesus left there was a silence on this Earth—a sadness—for it felt as though the very breath of life had gone from this planet. But He was soon able to reassure this planet that He was in every grain of sand and was in every particle of this planet. He made His assurance well known in secret passages that were buried and now are to be brought forth.

Mother Earth is joyous to hear the Son's Voice once again in the music of the earth, in the sounds of His Voice as He meditates with her in joyous reunion—and brings all back into a new world of the Solar Son.

Jesus is returning, yes. But to this planet, He has been with her. He has been in every particle of her body, and she breathes His breath and knows His soul.

Now, if this be so, then what might this planet's destiny be? If she can hear His Voice and feel His heart pulse, then what might her role be in this new world of light? I am certain that it is mighty and that we in the angel world have reason to believe that she will be a home, an embodiment of headquarters for Jesus our Lord.

What might happen then in the message of the Second Coming if the Earth herself knows Him well and reaches out to welcome Him back as Regent and Lord? What effect might this have on this Earth and all her creation—all creatures great and small—and the human material body and the consciousness of human beings? What might this all mean?

We ponder this in the Angel Kingdom. We ponder what we do not know and we seek not answers as you humans do, but we look out to the heavenly realms and we see the

spiritual nature growing and glowing, as though Something were about to happen, Something so awesome, so mighty, so wondrous. For to seek an answer for this would not possibly—no, not possibly—satisfy us.

We see miracles everywhere. I AM the Angel Gabriel. And in this moment when Earth seems to rise and call out to Her Son Jesus, we look and ponder and we wonder. And we wait.

What Is the Result of Increased Light on Our planet?

(SOLAR NEWS Volume 5, Number 16)

Many are realizing the Presence of God within and awakening to their spiritual identity and assignments. Although some may have passed through a strong cleansing, testing and preparation these last few months, the inner fire or soul fire has strengthened and brightened. It is enhancing the purpose and focus of those who tread the path of light in greater numbers. And many are feeling an increase in positive energy, a release from old patterns and duties.

As you view the political stage, do not be discouraged and do your best to remain objective while you observe the changing tide of government in the U.S. and elsewhere. Do not hold on to the present political parties. Observe the energy that is taking us from one dimension to the next (perhaps skipping one or two on the way).

The world appearance may still seem to be threatening, causing some anxiety. Remember that the world is conjured up by mortal man and mortal mind. It has no power in and of itself and it carries no authority lest you give it authority by your fears and beliefs. Look to the Spirit of God, Divine Law, Love and Light as the only authority. As you can do this—shift your consciousness and focus on the I AM Presence, the Christ—you assist in the anchoring of the Divine Plan and Government on Earth. You are a major player in the Hierarchy!

Every time you shift from belief in this world to the Spirit of God—unconditional love in expression—you anchor the Christ World, the World of Light, as our world NOW.

Add your light to the Incoming Light and raise Gaia to her new place in the Solar Plane. Light her, bless her, give her thanks.

God bless you all and a very happy, prosperous and light-filled 2009! It will be that. I promise you.

LIVING WITH DIMENSION AND CHANGE

(THE MASTER'S PAPERS (Number 78)

Let's center for a moment. Go to our Christ center where all is one and human understanding is increased to the divine, and we operate from one mind in consideration for the all. Wherever there is conflict -- below the conflict or in back of it or underneath it -- is change. It is always a signal of change. And when you release your resistance to change, the conflict ceases.

How we take change is one of the great lessons of the Order. Change will often occur as an effort to upset a sense of false security within an initiate or disciple. Change will often open the door to a new dimension and a new vibration of Living Truth. Change doesn't mean indecision. *Change is an attunement.*

So I ask you now, how do you react to change? Does it upset you? Are you clinging to old ways, old thought forms? Or are you readily adjusting to new light? Change is inevitable, and when we are building, such as we are, change is dynamic and vital. When thoughts and behavior patterns become too set, too ritualistic, you can count on change! That is the way of the path.

So, change relates to detachment, doesn't it? Change also flushes up fear and threatens the world of control and rigidity. The human ego needs assurances. There are no assurances for the initiate other than the Spirit Itself. I AM the only reality.

Change releases you to the creative process and to the world of instant manifestation. And change relates to not only our world of light, but our *body of light*. The Earth is changing her garb. You cannot be with her if you are holding on to a world that is no longer valid or helpful to you. Change is creation stirring to be. The minute change enters your life, rejoice! You are entering into a new dimension of realization and conscious awareness.

Testimonial: Angel Story

I do have a lovely story about an encounter with a deva yesterday. I was walking to my mechanics shop to pay for my car service as all the brake pads needed renewal recently. As I was walking I passed underneath a large camphor laurel tree and raised my hand to gently touch its leaves. In that moment the great deva of the tree bowed in sacred moment to me which loving bow I immediately returned, hearts at One. We held this moment as I continued on down the street.

Presently the deva spoke. We carry the Power for the Light as it is perceived through man. Many stories will unfold as we all, together, dance the Light fields of The Mother as Love.

Zones of Light and Love

(SOLAR NEWS Volume 4, Number 41)

Anything you ask for is ALREADY in manifestation. Simply say, Thank you.

Don't be surprised at anything that will happen. Powerful radiations of light are pouring onto your planet now—looking for those who will be as vessels for the new Incoming Ray and joyous Second Coming.

The ones who have talked of spirituality and who have sought their own spirituality will be answered and fulfilled by My light. My joy will encompass them.

There are zones, which will serve as transmitters of this light, stepping-stones to the higher evolution. Step into these zones and you will feel the presence of My being and the realization will come that you and I are one.

Be at peace within yourself. Expect nothing from this world. Enter the flood of unity and I AM presence, for God is One.

No harm will come to you in Me.

Be at peace now, realizing we as one Being are the New World and the New Son. My peace *be* upon you.

Thoughts on the Second Coming

God is One.

What God so desires comes to pass. (Unless you hinder Me.)

A desire in the God presence is the movement into manifestation and form.

That is what a Desire made known to consciousness is.

The life circuit is the Presence.

Consciousness must behold the Presence. And never look back because in looking back, you lose the Presence. (I AM now.) That means you are letting go of Life itself.

Behold the Presence—the activity of God, the Life Circuit in action, in expression now. This radiates the fire of reality and truth.

Open to the New World of Light.

Prepare your consciousness to receive the New Light.

Be open and realize you do not know, nor can you plan the next moment.

Each moment is alive and vibrating as your God Mind. In other words, release NOW the patterns of this world. Open to the New World of Light.

I will prosper you in Me.

Are You Ready?

The Consciousness of the Christ is emerging. Behold the Light within you as the Christ. Support and nourish the Incoming Light, *as it is you*. You are mortals no longer. Let go of the old conditioning and be free. Walk as the Incoming Christ so that all might be lifted.

Mother Earth is ascending and she will harbor the Christed Man. This planet is becoming a lighted planet and those who remain will be *light*, solar and divine.

From the Temple of Sananda

(Vol. 1: 19)

You should seek the Inner Voice for all matters concerning your life and your actions. The place of unity is there. The government is in the Christ Dimension where I AM. The Inner Voice within your mind and heart is the reality circuit for the New World. It is the I AM Center and it creates for you a freedom and a prosperity that is not in any way governed by the worldly view. Listen and be clothed with Light. Stop confronting the world as though it was your enemy. It is nothing. God's world is heaven on earth. It is the Holy Land.

For Your Meditation

Listen to the Word of God within you and follow That. For in this way will you decree. The vast oceans of time and space obey the sound of My Voice and I speak as I AM.

To Manifest or Not to Manifest

(THE MASTER'S PAPERS no. 88)

You have been summoned to the tree of life where you can pluck off your own abundance.

Do you remember when you first learned to affirm? How you learned to affirm through the illusion, without giving power (authority) to illusion? How sometimes the negative would appear to be so believable and so strong that it was a daily work for you to focus and to affirm the truth?

And you saw the results, didn't you? There were times when the opposition or the walls of illusionary substance actually seemed to be resisting the truth of being so that it appeared as though there were two separate worlds and two separate wills fighting one another for supremacy. Do you remember that? Where are you now in your consciousness? Are you in the Supreme Being, at rest in the oneness, or does the fight continue, one world against another?

If you can look back at your metaphysical training (if you have had this type of spiritual schooling) you will recall that with practice and consistent meditation and affirmation, you became stronger in Spirit. It is possible that through the spiritual strength you were acquiring you attended another spiritual dimension of schooling where you became acquainted with the Inner Voice, the attunement with your divine nature and the constancy of the always available Divine Mind. From this point you moved to the idea of decreeing at one with your Christ Self, the I AM Presence. From this place of awareness with the Adjuster¹ you learned to decree by releasing the word of Spirit, the divine intent, allowing It to embody Itself. You were becoming closer to the divine, to the realized presence of God. You were learning to be a master, forgetting the self entirely for the

good of the whole.

Because human beings are lazy - for the most part - and they have applied only a tiny particle of their God potential, the exercise in manifestation is being stressed, but only - and I say only - as a necessary step into unification with God Mind, the Supreme.

Actualizing your abundance out of the substance of the Holy Breath is a mandate now. It is part of your journey into mastership and the Priesthood of Melchizedek.

In this discipline of direct manifestation you learn to declare the need or the desire. This declaration is a vision statement. You connect it to the God Universe so that all may benefit.

Having set your mind and your heart upon the idea to be manifest, you concentrate and will the thought into direct manifestation by your belief in it. You direct your energy to the thought. To concentrate is to release the form into manifestation.

These are the first lessons on creation. You cannot advance any further until you can achieve the act of manifestation through your own mind and heart. This is a realization technique that must be understood. It is a technique of creating with the Creator, of aligning with the Creator in the sacred rhythm of Be-ing.

You have to manifest to be. Now, we can take the idea of manifesting, the activity of manifesting, take it further and deeper into the higher chakras, where manifestation won't be an act of separation but will be the life activity of Spirit. The will must be strong and the

concentration pure for this adjustment. We are talking about tremendous cosmic activity now, a type of activity that could tear down the human form. It is that strong. You must be even stronger!

You Can Fly

God is not giving you something for nothing. God is unleashing Itself as POWER, great power, tremendous power that belongs to the Heavenly Man.²

In the cosmic order of Melchizedek, there is no waiting for a savior. Far from it! You must open to your higher intelligence and realize the powerful circuits of your unified Self, the multidimensional being you are as Sun.

You could actually look at the act of manifestation as part of the exercising of Be-ing.

Nothing occurs on the spiritual path that you are not prepared for. If you are listening, you will receive all the information you need. Then you exercise these new places of dynamic potential that are part of you as the Heavenly Man. Does that make sense? And that's why at a point, you will move from a place of a Father God taking care of you to becoming one

¹ *The Thought Adjuster or Father within*

² *The Heavenly Man refers to Man-Woman together as androgynous being. The Heavenly Man as a universe complete, stands with chakras open and attuned to the cosmos as the GodSelf. You have reached that state when your cosmic intelligence is operating through you in harmony with all life.*

YOU AND THE ANGELS

(THE MASTER'S PAPERS No. 56)

The presence of angels are all about you. They are here to help the Earth. When you are consciously aware of them in your dream state as well as in your waking hours, you may be quite sure that they are very close.

As you look around you in the stores and in the catalogues, there are angel faces smiling at you: little cherubs, seraphim, tall guardian angels and little fairy people. Here to remind you that they are a part of the resurrection process and the ascension.

Take them into your thoughts with

kindness and love. Appreciate them. Be aware that they are responsive to your recognition and your appreciation. When you recognize them and show your gratitude for the enormous part they are playing in the Master's Plan for Ascension, they will respond with immense joy and love. You will feel that love as energy. This energy will bless you twofold. It will heal and resurrect, and it will prosper you.

Pay attention now! The angels of the light are here to take you to a new place in vibration of the Divine Mother. They will show you a new place in Her that is anti-gravity, beautiful to behold, loving to witness. It is a form of heaven that is the place of the angels, where they often rest and repair themselves from the dense vibrations of this planet.

We want to encourage you to acknowledge the little workers in God's Kingdom. All of them. The Wind Sprites, the Gnomes, the Fairy People, the Salamanders, the Undines, all the radiant ones who are with you and our planet in the last days of this world of the third dimension.

You will see a new earth emerging through their touch. They are already remolding her with love, as the Divine Mother talks to them and gives them Her plan. She says to them, Love all my life. Touch each life with my radiance of love. Sparkle every leaf and tell all that I am with them, in them and caring for them, every one. Lovingly, She talks to the little people and lovingly -- O with such love -- they respond. These little ones with a fairy touch are weaving a new earth under the supervision of Our Lady of The Angels. Through the loving touch of the Divine Mother beauty is

emerging!

So springs the heart through each loving hand. Now look about your garden, is it not part of the holy gate? Begin to acknowledge these divine workers in the vineyard of the Mother. Would you like Her to talk to you as She often does the fairy folk?

The great angels are here also breathing life into the planet Earth, reclaiming her as a bright and shining star. Live with the angels. Be with them. And learn that, though for the present they may not be visible to the human eye, they will be seen. Count on that. They are becoming visible and will be seen. We want you to know this now. Anticipate it.

I AM flooding My Earth with angels. This is My gift to Earth, a planet that has suffered while the children played. Now shall she delight in the presence of My Angelic Corps. A quantity of them make the ascension with you.

When angels are about, there is peace and war is no more. Thank the angels for they are coming -- many more. Count them! So many! Covering this Earth with sparkling light, they are welcoming the Mother Earth as she rises, beautiful to behold, a light unto herself. My children, welcome the angels and aid them by your music and your song. Keep happy. Spread your joy. Radiant health will be a part of your life and you will prosper in the company of the angels.

This is Sanat Kumara thanking you for your time and your effort in this communication. We are locking in a new dimension. Vibrant health be with you. Return to light! With the angels, be clothed with light. Abide with me. I give you Peace.

The peace of the angels be with you.

To Manifest or Not to Manifest

Continued from page 5

with that vital body of the Creator.

And we complement one another in our strength, not weaken one another by dependency. Saint Germain says, We test your mettle for your next step. What you agree with, you can do.

So we're activating the Heavenly Man, the vibrating energy field that is one with the universe. One with the Creator. And it is here we say I AM.

It is necessary to collapse the old world because a new world is in place. You can live by the laws of the new world now. You are focused and you have the power. You are, indeed, ready. Take your steps in alignment and walk with the light of the Sun. The sacred God in Man (I AM) is ready to perform Its works as divine love.

You can burn your bridge because I already AM. You can let go because it is all right. It has never been better. You know sometimes a little bird says, oh, yes, but I'm clinging to my nest. And the mother bird says, you can fly.

Living in Partnership with Our Angelic Companions

DESCRIPTION

This book is the result of nine online workshops presented when I was living in Port Townsend, Washington. As I would write each presentation for the large groups of subscribers, I could look out my window and see the deer and fawns dozing in the front "English garden," or peacefully munching from the border plants that surrounded the colorful garden. How at home the angels must have felt amongst the sweetness and the purity of this setting...

Have a beautiful experience now as you step into the World of the Angels where they wait with open arms to greet you and welcome you as a partner in Light.

Magical secrets of creation written by the angels themselves! DESCRIPTION

Introducing an exciting new process of awakening your angelic qualities. As the angel speaks, the vibration of the angel begins to lift you into a joyous feeling of discovery and self-worth.

AUTHOR'S NOTE

Much to my surprise and delight, as I sat down to write this series of lessons -- not knowing what would be said and written on these pages -- I discovered the heartbeat of the angels! I know you will be as surprised and as delighted as I am when you enter into the angelic kingdom through this course. Wonderful, new information is released and generously shared by the angelic teachers and recorders. Wise words of healing for the planet, caretaking of our environment, building of a new community under the Solar Confederacy. Indeed, we as humans are welcomed so hardily and with such love, how can anyone not walk through the door into the world of light? This is their invitation to us, to enter in.

Testimonial: More Angel Stories

I arrived home to find that my Great Dane mix, Margarita, had helped herself to a pan of cornbread on the stove. The glass baking dish lay shattered on the floor, its contents devoured, and multiple bloodstains indicated that she had either cut herself or had swallowed some of the shards. Being Sunday evening, the local veterinarians were closed; the nearest emergency center was over an hour and a half away. After several calls to the emergency vets, who agreed that she should be seen, I dialed up a friend whom I hoped would join us for the trip.

“Instead of going to the emergency center, why don’t you call Kathryn?” my friend suggested. Kathryn, a neighbor, reportedly had healing abilities with animals. I barely knew her, and was not ready to trust her in this situation. But the plan for getting to the hospital was becoming complicated; things did not seem to be moving smoothly in that direction. I decided to give Kathryn a call.

She explained that she worked with the animal’s angelic team, and would be able to assist Margarita in partnership with them. If there were only small bits of glass involved (which she, Crystal and I all felt intuitively was the case), she had some natural remedies that could assist Margarita in passing them through. I hesitated; she was not a licensed vet; what if something went wrong? Kathryn could sense my indecision, and suggested I take a moment to be still and commune with God as to the right course of action: should I enlist her services, or go to the emergency vet? I set the phone down and sat in the stillness, focusing on Truth and quietly listening.

It was then that I became aware of a trio of angels next to Margarita, who was lying quietly nearby. Each was about the size of an 8-year-old child. I sensed that they were ready to get to work, and that they could handle the situation. Remembering Kathryn’s statement that she worked with the angelic team – and here they were -- made me realize that this was the correct route to take. And, indeed, with Kathryn’s and the angels’ assistance, Margarita recovered beautifully and is as healthy as can be.

This experience was a powerful reminder about the power and willingness of the angels to assist in all situations, if we are willing to trust them and call upon them. Thank you, angels, for your ongoing assistance in our lives and in the world!

Hi there I'm Lisa and I live in England, UK, and I love reading your newsletter every month so thank you for that.

I do have an Angel story to share with you from my childhood.

I was about 4 years old, and it was about a year before my father left for good; I havent seen him since and I'm now 39. I dont have good memories of him and remember being quite scared of him, he was violent to me, my sisters and my mum in the few years he was with us, and I was definitely not upset when he left. I remember my encounter with the Angels so clearly, even after all these years I can remember the details. As I said I was very young and went downstairs in the night, though I'm not sure why, probably looking for my mum, and as I got to the bottom of the stairs, into the hallway, I reached the door handle of the lounge, and all of a sudden there was a force around me, pulling me backwards. It was an invisible force and I knew it was stopping me from opening the lounge door. Instinctively I looked up towards the ceiling and above me were a group of angels, in a soft pink glow, all looking at me with a worried look on their faces. I knew that it was them holding me back from going into the lounge even though I couldnt see how they were doing this; it was like an invisible force, which was strong, and I was pulling against it trying to reach the door handle! The angels were lovely, very pretty and exactly like the Cherubs we see in books, child angels, with curly hair, bare feet and legs, and wings. I dont remember anything else after looking up at them and whether or not I made it into the lounge to find my mum, but the experience has never faded from my mind, and I feel that the angels came to protect me, probably from getting hurt by my father. I am grateful to them for that and have loved angels all my life!

With warm wishes,
Lisa Murray
