THE SACRED WORD

(Excerpted from *College of New Learning Lesson 25, "The Christ Identity"*)

***I AM* is the sacred Word. It is powerful and all-complete in itself. It is the rhythm and the very life of Melchizedek. When you say this Word you are bestowing the Creative Power. It is the creative essence itself.**

The Word "I AM" is the Word of Power. It was originally given to us for a purpose. Oh, but how that purpose has been hidden! Who would know that the power of Almighty God rests in these two words of love and light: I AM. To know God is to know the meaning of these words. The mask of power is lifted when we understand the Word I AM. *To the degree we understand, we are initiates.*

If God were to find the perfect hiding place for "His" power, what better place than within man Himself?¹ To give an individual power would be

foolish until he or she has returned to the "Kingdom" or oneness with God. Therefore, the power - so sought by man - must find a hiding place *within* man. And here it rests until man rises out of the "fear-based ego," or little self, into *capacity to Be*. It is written "I shall come again" but *who* might this "I" be? Surrendered in the light, man knows and keeps the silence.

How sacred is the Word I AM! Great is Its power in you! As rhythm of universal Godhood, It lifts powerfully and universally into a whole new idea of who you are. It is the Creator Himself. But who can know this until the density falls away? In *knowing* God, one knows the I AM. In *Be-ing*, one *is* the I AM.

¹ This is the learning story of Adam and Eve, the Garden of Eden, and the "fall." In Genesis, when read in higher mind, woman is the symbol for the Creative Power. The veiling of woman, as is pictured in the well-known painting of Nicholas Roerich called "Mother of the World," indicates that man (humanity) is not yet ready to receive the potent Power that is veiled. When individuals begin to view themselves as sacred vessels of the Divine Power, God, and with reverence speak and feel the Name I AM as that divine Godhood within, how might our world change, and our lives?

Instant Manifestation

What thought you attach to "I AM" is manifested; it is objectified. *I AM is the NAME of God in you.*

How careful you must be! With what care you must speak the Word! Yet how often it has been misused calling forth the false and the untrue!

I AM is the name of the Adjuster in you, the precious God Spirit that dwells within you desiring to be heard. *In oneness only do you hear Me!*

Now, as we move into the World of Light, all beings must be cognizant of this Word. For the time has

come to use It in harmony with all life. To create from It!

When the much loved Master Saint Germain gave His first teachings concerning the Mighty I AM Presence, few understood, nor really applied what they had learned. He again stands before us and beckons to those who would be enlightened to listen! For He says to us, **God has placed Himself within the human heart. It is only by unselfishness, loving service to the Christ, and sweet surrender to the GodSelf that this Mighty Light will externalize as Melchizedek Power and join with you as the Light of all creation. The Mighty I AM is returned to man only as man returns to God.**

Remember that the words and feelings that are identified with the Word "I AM" create. And it is always *instant* creation, whether it be of the negative or the positive vibration. Be aware of this. It is your duty to care for the "I AM." It is the Inner Child and your responsibility!

Abiding within the "I AM" is the Creative Power. It is the first and the last, the beginning and the end. (It is finished even as it is begun.) Speak in purity from the Mighty I AM Presence. Speak in humility and in harmony with Mother Earth. Keep the balance!

Even the silent thoughts can hold the power to build or destroy. As a case in point, when you have a negative, impure thought about yourself, it is understood even in the silence that the I AM precedes your thought and your feeling. You cannot be clothed in light and misuse the "I AM"! Be aware of this.

The Unveiling of the Master Key

When the Master Jesus said, *I AM the resurrection and the life*, hidden in His words was the clue. For the Master in His infinite wisdom was saying "to those who have the ears to hear" that the Word "I AM" was the *immaculate Key* to resurrection and full ascension! Only a few heard Him, but those who did went on to raise themselves out of the dense material world. *The Lord gave power to those who could hear. Just as He is giving you power now!*

Thus, the Word "I AM" is the resurrection and the life. To gather up your forces into the I AM is to return all to God, your highest point and degree of consciousness.

Consciousness returned to Melchizedek is the "I AM." This is conscious union with God. These words bring you into the Priesthood of Melchizedek, connecting you with the Master Jesus who overcame death through the oneness of I AM.

Christ Is You

It is not only how you vocalize the Word I AM, but it is also how you silently think "I AM." The Omnipresent God is within you waiting to be heard. You, who breathe the light of God Intelligence, speak with the light. Draw unto yourself the great light of I AM and radiate out the Divine Presence to all, great and small. This is the first command of Be-ing.

So, it is important how you think about yourself. You are the Christ. You are designed to Be the Christ, bursting forth as God Consciousness! You are born to brighten the earth! Come forth and shine! You are a living vortex of Creative Power.

THE SCIENCE OF BEING

(Excerpted from *College of New Learning* Lesson 13, “Mass Translation”)

My World of Eternal One: The Science of Being

The natural laws of My rhythm will become a part of your life. We will *act* as one being. You can do that which I AM doing without hesitation. There is no thought other than My thought. We are truly bonded in a fulfilled Creative Power of My Daughter's Breath. The Daughter is the Key to your new life—and is that not wonderful that you have become what you are?

Please, now, read the following selection from *The GodSelf*, page 9. Read carefully the sacred passage, for it contains within its word arrangement the gate or *access point* of the new consciousness.

“The world that you have yearned for, the world that you have imagined, the world that you remember deep in your unconscious is the world of My Spirit. To this world you are intended.

“Within your innermost heart is that world; and as you touch Me, you become a part of that world once again. In Christianity this world is called the “Kingdom of God.” It is the *World of Light*. This world consists of everything good and beautiful in life. There love abides, love for every living thing. You have tried to find this world in many ways. But I tell you, touch your sacred life within and that Life will actualize as the world of light. The God world is within you. Go there.”²

I find Myself in you and draw you up into Me. I collect My own. Suddenly, without warning, the energy field of the God Center knows you! In this energy awakening, a spiraling dimension of reality seeks its own. What has been a part from Me now becomes a part of Me. The tremendous force and desire of your Higher Self purges everything in its wake, as It spirals with great velocity into your energy vortex (your “self”) to transform every atom, molecule and particle!

The Mighty I AM Presence is an enormous energy field of God potential, seeking its likeness that It might complete Itself as Its own creation.

² *The GodSelf*, Chap. 1, verses 3-4.

ON DIRECT MANIFESTATION

The Master's Papers Number 37

Stand Free

The children of the earth are caught in the bondage of an "afterlife." There is no after life. Only the now that is created by conscious awareness.

You are not going anywhere. You are where you are.
Now I will speak of something else -- another matter.

These children of the earth are bound in a false sense of materialism. I say "false sense," as to materialize in accord and in the rhythm of the GodSelf is freedom -- absolute freedom of expression. The only freedom is there, not in the coffers of material possessions.

So bound are these children of the earth that few can walk with Me, the GodSelf.

Even those wrapped in poverty, hunger and starvation are there because of the false sense of materiality. There is no rich nor poor in My Spirit. Justice will proclaim this presently. You seek for riches, yet you know them not.

Lead them inwardly now to the Life expression I AM. When "I AM" expressing, all life is in perfect harmony. There is no rich nor poor, only being. I AM That.

Rise out of the mire of dollars and cents. God is life and desires to express as *your* life forevermore. *I have the riches of the Kingdom.*

Stand free, O man, stand free.

Thoughts Concerning Manifestation and Abundant Life

Objectification or direct manifestation, such as the Masters accomplish, cannot and will not occur as long as one is a servant of money. *All energy must obey you.*

Only when one is free of concern for the earthly body can true instant manifestation take place.

True manifestation comes directly and freely from My Spirit and is not hindered by the self.

You can manifest anything you need from the Universal Supply (I AM), the Mighty I AM Presence, the GodSelf.

Don't throw money away but keep it in the Spirit where

it can flow easily and readily anywhere it is needed. Spiritual energy and money are the same through the heart.

You meet the dimension of your own consciousness. All is in harmony in Divine Mind.

Accept the generosity of the Father-Mother God. The One has a Giving nature and would supply you if you would receive. To be receptive is to be open. Open to love, open to receive love. Give up that which is in opposition to this recipe.

You can affirm (put in motion) whatever you need. It is already established you are vibrating in the service of our

Lord. *Receive* what you need, what is necessary for your mission **AND GET ON WITH YOUR WORK**. Don't forget this. You don't have to struggle for anything. You are but to receive.

Divine Mind -- the one Mind -- knows your need and your prayer before you request it. Why is that? It is because your need, prayer, desire is but the voice of My command center delivering up into manifestation that which is ready to be formed. Often the student backtracks and worries about whether the prayer will be answered. Yet I have already voiced My Word into conception. Why delay what already is? Let manifestation Be.

Aligning with the I AM Presence

Aligning with the Presence, you must be willing to drop the old. That is where others go wrong. They want to take their attachments with them.

I cannot lift you if you carry others. You must be empty. There can be no other. I want you for Myself. I send Myself into you that I might Be.

Earth Day is Everyday

Earth is a new world -- a new habitat for the animals to live in and on as well -- a world of wondrous life and light, a world of beauty and creative energy. A world of light. See her in this way and she will respond.

Become really conscious of your planet. Feel her vibrations underneath your feet. Feel her as a living Being, a being who has a nervous system, who cares and has feeling much like your own.

Get in touch with Earth. Feel her now and love her. You are not above her nor beneath her. You are with her. As you are with the animal kingdom, the plant kingdom, the mineral kingdom, the angelic kingdom. You all work together in a spirit of cooperation and love.

How can you stand to see your animals suffer? To hear them cry as they go to the slaughterhouses? Hear the trees when they are cut down without permission from their spirit. Hear them cry! Hear Mother Earth bathed in suffering as the bombs go off beneath her earth. Hear her cry!

Will you join and become one? Will you be able and conscious enough, O My humanity, to hear the cries of those you have hurt? And can you now -- this Earth Day -- fast for life?

Come into the Day of a New Beginning. Earth will heal herself and take care of you if you join the network of Christ unity and entertain no thoughts of separateness. -- K.H.
