# IMMORTALS, COME HOME

***Fifth Dimension:*** The Solar Sound ushers humanity into a new reality where all life responds as one body and realizes itself as formed of light. Characteristics of the Fifth Dimension are unity, communication with all life, active participation with the Angelic and Nature Kingdoms, honor and respect for Mother Earth and harmony with all nature. You are one with all life in God. This conscious awareness is the Fifth Dimension: the new world. In this new world all life has a meaning, a purpose; and you relate to every aspect of life as a part of God.

(From Melchizedek Glossary of Terms)

***The Law of Love is the Great Law of the Fifth Dimension. There is no power greater than the Christ love in your heart.***

## IMMORTALS, COME HOME

A University of Melchizedek Booklet

Go into the light. You are formed of light. You are formed like Christ, benefitting of this image and likeness as it blazes into every cell and molecule of your physical body and imprints itself in your subconscious mind. For it is this divine, immortal self that is a-rising this day as the full resurrection of Man on this planet.

Born through this blaze of fire, the resurrection is a promise no longer. It is a reality, and it is affecting every cell of your body, every molecule, drawing you up into eternal grace, into the body of light, which is the body of your divine self. And this is God's glory upon this Earth, and into all earths and all planets.

Blazing God's image into every cell, ye are arisen. Take on upon yourself this Beingness: "My Son, My Son, My only Begotten Son." (Who abides in Me, with Me, as I AM.) For the very walk of Jesus has opened up the worlds to you. Many thresholds have been crossed in a single day. And so may you walk as arisen ones, and be appraised of this.

We are walking in the Resurrection as the resurrected body. We are moving in this glory, a song upon this planet now. Jesus has arisen, O hallelujah, within every cell. And so does Man take upon himself-herself this arisen consciousness, this body that sings of immortal life and is not subject to death, for the lie has been conquered in Him.

Come now into the Rapture. Feel the vibrating essence of My Son's body over you as it takes possession of your very heartstrings. Know yourselves arightly. And let the lie diminish from your lives – this lie that is not truth. Nor can it ever be, for I AM imprinted in every cell of your body.

Yea, I AM the Son awakened unto My true self now. Glory upon glory, yea, in every cell and in every molecule. Through the organs of your physical body, you are now taking on the body of My resurrection, the song upon My Breath. Yea, the wedding upon My brow. I AM visibly

changing this planet – I AM visibly changing this planet Earth into the resurrected body of My Christ Consciousness. And you, who are placed upon this Earth, be aware of this as your body quickens to the celestial song of the Universe and sings of its immortality, its glory, its song of praise unto God.

There is no weakness in the body parts, for you are My light, My light, My light. There is no weakness there. My song continues through your bloodstream.

I AM the light of the world. Be ye now the light. Go into the light. Many calls have gone out, and now I command it. For I AM centered in the light body and call unto you to come home.

Immortals, come home and be centered in the glorious I AM. It is a privilege to serve the Christ stream these days. There is movement now within the angelic kingdom, service to the stars. Movement unto the glory of God.

You soon will be bathed with light such as you have never felt before, consumed by My light. For this light is My governing point of all creation, the Christ center of being. And ye are that light of the world come home.

Visibly now, you shall see yourselves as light. Behold the light. Behold the glory. Behold the sacred joy of that which is within, glorifying itself. I AM you.

And ye are Mine own, totally free in the Sonship, in the glory. Go into the light.

There is no death. Only life, only life. God is life, and all is One. In joy every cell of your physical being breathes this life essence and vibrates as a new dimension of unity and love. And so does the Manu speak who calls forth this new creation unto the image and likeness

of Christ Jesus: declared blueprint for the Seventh Root Race.

Be still and know that I AM God. Centered in your being, I AM. The very breath you take is the glory-filled God self breathing, breathing into the light and spilling forth the light. In the abundance of My own Being, go into the light. Be still and know that I AM God.

Be still and know that God is there, deep within you. Return to that place now and feed upon this light expressing in joy. Accept the revealment of the Father God through your body now. Accept the glory of this revelation, as you are swept up into a new dimension of unity and love.

Go into the light. Move and have your being in this light of Lord Christ. Now, sanctified as your very person, abide there as light.

And your body quickens to perceive itself as glory too, awakening to the joy of Being. Lift My body now to the joy of living. Abide upon the resurrection plane where you belong. Go into the light.

And there, pressed against every cell, is the face of Jesus: perfect revelation of Christ Consciousness, the Word made flesh, the new genetic code. The living Light.

And so that flashing image moves through our consciousness. It is the Resurrection. O, My children, live in the Presence and rejoice, for this is My Day, My Hour. I have returned upon you.

Come into life. I joy in the resurrection of My body now. I AM Son made manifest. Immortality is yours to the glory of the Father-Mother God.

Pressed against your flesh is the face of Jesus. I AM the resurrection and the life. I dissolve the lie. We are one.

And the healing Energy of His glory pours through us – the healing message: I have risen, I have become – and erases the past into nothingness that we might know the truth: I AM life. To the glory of Father-Mother God, I AM the resurrection and the life stamped within my being as I AM.

\*

And now let us feel within our physical body – this form that we outpicture as physical – the immortality of God's grace actually moving through this body. Through every cell. And there is peace.

The Risen Christ is here amongst us now through every cell, and it is knitting together a new body of light. What a glory unto God!

And now you abide in the body of Christ, safe and sound, at peace: contained within the living grace of our Lord who watches over you like the star over Bethlehem.

I have set ye upon a Mount to shine forth My light. O, glory, hallelujah!

\*

And the words come forth again: I AM the resurrection and the life.

And that which is given shall now appear, and we will know.

And so it is, and it shall ever be. I stand with you in this moment of My Son. Heed now the call of revelation as it comes forth unto you. And bury not the will of the Lord, but let it rise up in joyous consummation. I have bidden you to destroy the past record. Let it be done.

Take your place among the immortals. And serve.

## GLOSSARY OF TERMS

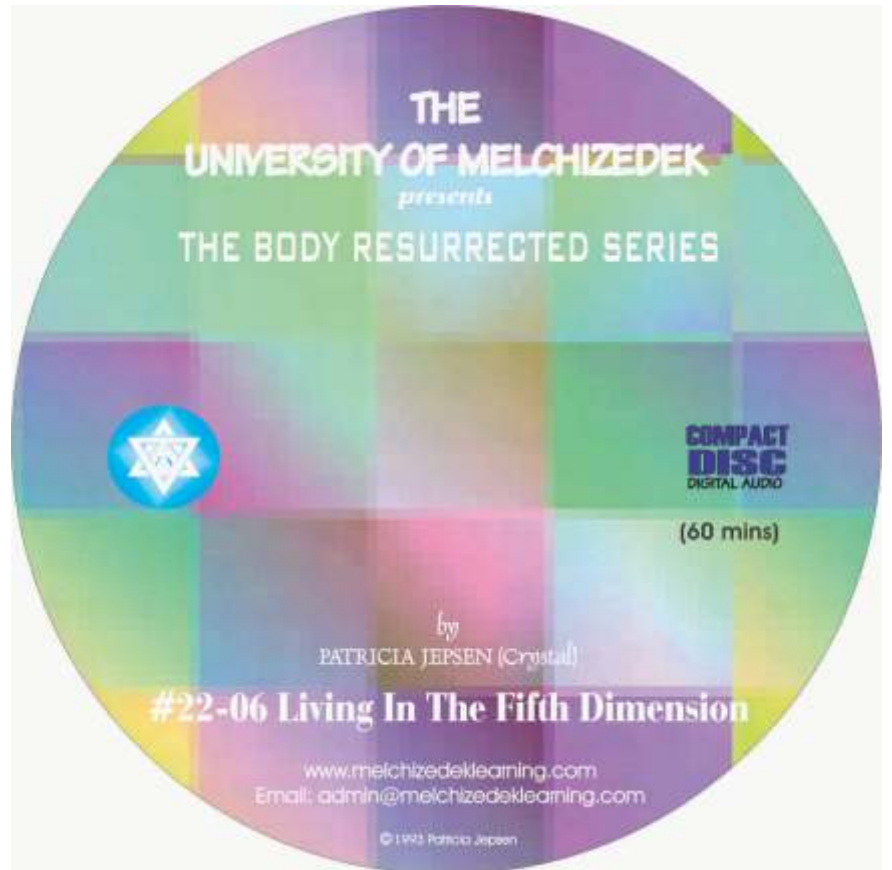

**MANU, THE:** This is the designer of the human race. One assigned to open man to his new consciousness as a root race. Consciousness manifested through the Manu brings new form. A Being who is elected by the Christ Tribunal to manifest through Me the likeness.

Note: Each root race has a Manu that oversees it. It is through the Consciousness of the Manu that the root race is created and determined. And it is this manifestation that is occurring now in creative vibration.

**SEVENTH ROOT RACE:** Consciousness resurrected is the Seventh Root Race. It is the creation of a new state of being. The soul moves into vibratory rate of "I AM." With consciousness ascended, man achieves a new balance on earth and in this balance comes the Son manifested through the Word vibration. Seventh Root Race means I have cleansed the earth and now the perfect man arises.

# MOVING THROUGH THE APPEARANCE

THE UNIVERSITY PAPERS, NO. 172

*As an airplane in a storm relies on instruments until it reaches its destination in the sun, so must you rely on your inner voice, the presence of God, to shepherd you through the illusion into the Light.*

Entering a new energy field can be difficult. It means a total awareness of a new rationale, a new way of thinking and seeing. And from the point of departure from the old dimension to the entrance into the new dimension, there is often confusion, anxiety, and sometimes depression. This is because you are rising through chaotic conditions caused by the pressure of the new upon the old. It is a war of the worlds, so to speak, but pay it no mind. As with the airplane flying through the clouds, guided only by its instruments, you, too, are rising by the hand of God, guided by your inner voice, into the Christ Dimension. The battle is not yours! Relax and enjoy the ride, for it will be over soon.

This Paper will serve as a helping hand as you rise from the illusionary world into the World of Light where the Creative Power emerges as your benefactor and doer.

Sit back now and read the ways that are given by the Melchizedek Order to leave one world for the next. As you turn inward to your God presence, take the hand of Spirit and be guided. The Earth and all her people are rapidly moving into the Fifth Dimension. You are guided by your inner voice as you lean not upon another but on Me, your GodSelf, the revelation of your own being, and your own Christ Truth.

## *Chariot of Fire*

Imagine that the lift off or transference from one dimension to another is

occurring and that you have been ushered into a fiery chariot, a Noah's Ark with wings. You have many companions as you embark on your trip through the cloud of unknowing. You are confident and at peace in this ship of light. You know it *knows* its way and will carry you safely through chaos and formlessness into the new world.

"I have carried you before, I will carry you again," says this Ship of Light. You breathe a sigh of relief. "Yes, I know, Kind Ship," you say. "Thank you."

If you were to reread or read for the first time many of Sananda's messages, you would find that He has spoken of the "Lift Off," of transporting you by His love to the New World, and of translation. Can you envision that this is occurring?

There have been numerous transmissions regarding this shift and they have come from many directions. Often the primary agent for the lift has been in the form of spaceships. What I would suggest is that the "spaceship" is in reality a chariot of fire, a powerful agent of divine Grace, the extended Consciousness of Lord Sananda. It is a release of vibration so high and so pure that it can appear and form of itself a chariot of creative intent that is here *right now* to ferry you through the winds of change to

your new dimensional home. Climb aboard!

Enormous vibrations have entered this planet's awareness. The plummeting of vibrations onto the planet and into the hearts of those open and prepared to receive the high frequency of Light has continued nonstop. The purpose has been to reseed humanity in Light and to open those who are ready to the High Self and the Christ Dimension that they can lead others - instructing and guiding - as the planetary shift occurs.

*I send My Spirit forth to lift you into a new realm of Creator Intent. Here you will serve the Divine Plan and realize your sacredness as the Son/Sun of God.*

*This sacred Force of Me will form as a transportation vehicle that will carry you to My waiting arms.*

## *The Coming Home*

What is your new home like? Are there new rules and new laws? Are there ways to function in this new world that you are not familiar with or have been hesitant to live?

*continued on page 6*

# MOVING THROUGH THE APPEARANCE

The World of Light commands of you to:

Realize that you live and have your being within the Divine Presence. This Solar Consciousness is also called the "Christ Body."

The Code of Melchizedek tells us that "I (consciousness) and the Father (God Presence or Thought Adjuster) are one." We are of one accord. We are in agreement and of one will. This cancels out all error that may have been permitted in the lower realms. *Your consciousness must now adhere to the Code of Melchizedek and the revelation of Jesus.*

Wherever you are, I AM. There is no separation now. Always God is included in thought, feeling and action. You are reborn of the heart where the Christ Seed or Atom has awakened to its original identity and purpose.

From the Oneness (the Father within, Universal Life Energy, I AM Presence) you draw your supply. The Master Jesus called this Unified Field of Spirit Potential "the Kingdom of God." Your supply is all that you need in your expression of Christ Truth: radiant health, divine intelligence, opulence, immortality, etc. *It is everything.*

Your core is Divine Love and it must be, and is, constantly radiating unconditional love. Unconditional love connects you to all life and is the connecting tissue into the next expression, which is God The

*continued from page 5*

Supreme.

All life is united in the Fifth-Dimension experience. This is the portal or first step into heaven on earth. You leave the cannibalistic ways of killing for food, as you now are partners with the angelic kingdom in the dynamic Circle of Life. In this Consciousness, all life is your brother.

You trust in your union with God and in your partnership with all life. Thus, all sense of concern for survival dissolves. The money game no longer works and the ways of the Earth Mother are honored,

Peace is the Law, not just a hope. It is the Word or Universe Law. All conflict is resolved by unconditional love and release (surrender) into the Christ Dimension. A personal representative of Christ Michael, the Universe Creator, sits on every court.

There is no jealousy, competition or greed. Each knows his/her own part and gives to the *Circle or Christ Community.*

*You are called to live this Way right now.* Depend on no one but the Christ within. Let the Light shine from your heart center as the Creator in expression. You are the Creator (I AM) in expression.

*Abide not in the world but in Me.* And if you can do this, you will be

in the sanctuary of the Fifth Dimension and you will know this. And you will be the hands and feet of the Creator. And He will be well pleased.

You, then, are a citizen of the Universe.

—Sananda  
(Sananda is the risen name of Jesus of Nazareth)

## *From This Day Forth*

If you will visualize the pulsating six-pointed Melchizedek Star, ancient symbol and *code* of the Melchizedek Order, as your true birthright - who you are, the Christ Self - and agree with that code of Truth, all false concepts and rigid dogmas will fall away. They have no reality. You are the Creator and the Created, the Father and the Son, united once more through the name (consciousness) of Christ Jesus. This is the power of His name. He is the Oneness activated within your heart-seed. The vibrating Melchizedek Star as your reality cancels out all else but "I and the Father are one."

If you will keep your eye single, as the Master taught, your body (consciousness) will be filled with light. You will wear the light body as the energy form of who you are. Born of Melchizedek, you will collapse the death program.

As you focus on the Star code of the Melchizedek Order (Order of the Perfect Man), the dense,

# THE UNIVERSAL CALL

SOLAR NEWS Volume 4, Number 56

What would happen if - in unison - the Lightworkers on the planet let go of the present world and accepted totally their home in the Fifth Dimension, the World of Light? The density of the present world experience would dissolve entirely as though it had never been. A quantum leap would occur for all who reside on Earth. They would all find themselves in a new world, a new dimension.

That is what we are being called to do *now*. The cosmic order has been issued to completely *let go* of all rules and regulations that have been the present third dimensional world. Do not energize one rule or false law of the lower dimension. Do not let your consciousness dwell for a moment on the fear tactics of that world. All attention, allegiance, and authority are to be placed in the World of Light, the Consciousness World of the Master Jesus or Sananda. *There AMI. Trust this moment.*

Spread this Word far and wide. Let it take root as you unite with others on the Christ Road and deliver up all My peoples. As guardians of the Earth, you are ready to join hands and release together the properties of the old world, a world of lies and misinterpretation. I AM Sananda speaking. I have come that I might be with you. As we join hands, we lift all humanity and all Earth's creation into a new vibration, a creative undertow of Divine Grace and unconditional love.

Are you ready? Can you leave your nets and come with Me, so that all may follow in your footsteps? Are you ready? With this Call, I reach to you and I join with you as the chosen workers, My Elect. Let go of all mortal forms. All that you need will be forthcoming from the Holy Breath.

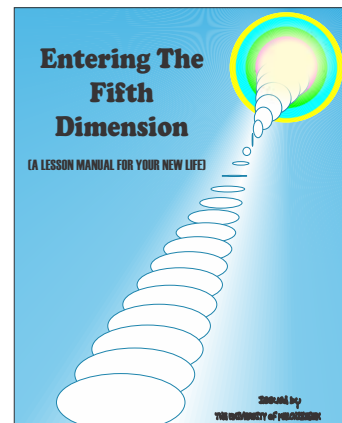

*Sananda*  
Seal of Melchizedek

## MOVING THROUGH THE APPEARANCE

*continued from page 6*

material form will fall away. Any and all identification with the false creation will no longer be real for you. It will be denied in the Cosmos. You are the original Son (Sun) of God as you turn inward and accept your true identity. The Christ Center or Heart is the birthplace of your true self, the Christ within. You are that one in reality. Father (Crown Chakra, High Self) and Son (you) are joined in oneness. *Your identity is that oneness.* There is no separation. This is the vibrating Star of Melchizedek, your GodSelf.

Breathe the Breath of Life now and realize your Self *as God in expression* (Son or Sun). Whenever you have a doubt or worldly suggestion, remember to Visualize and *agree* with the Melchizedek Code that is the interlacing of the two in One. That formula cannot fail. It is triumphant and it is God's Word.
