Jesus wept for the density of humanity. And He now brings the greatest life that the planet has ever seen. He is the moon and He is the stars. He comes from the great Solar Sun and even beyond. Today you see the First Dawning of the New Consciousness that is making its debut this year and with this debut is the revelation of the Queen of Angels—you call Her Mary—and Her Light.

Women, lift your veils now. Do not cover your faces. It is time you were heard. You will be heard. And let the men, who have held the power in their hands, unite with their women on earth as one unified body under the Son of God.

Let the light stream upon the planet now and the glory be enacted of the Second Coming.

I wish you well and may you go forward in the glorious

manifestation of this new time as the Higher Self emerges as you.

Go, My children, to the illumination of your Higher Self. There is much light there. As you bask in this light, be not fearful. For it will overcome evil and it will love all humanity the same.

Disease will melt away from this earth and man will know his own glory in the holy stream of Consciousness Divine.

I AM going to release all humanity into the light of Melchizedek that all might understand the Creator and His Son. Oh, glory be! Alleluia! Dance with the sacred light. Disease will melt away.

And the Father and the Son united will be tempted no more. Unto you I say, I AM Mother Mary and She who speaks finds Herself kneeling at His feet.

Jesus, Son of God, emerge and be That you have come to be—the light star of this planet, the Creator emerged, the Son.

Oh, how rapidly it shines on us! As we see the sun rise this day—this Easter morning—please know that you are in the First Dawning of creation; and you are fresh and you are new.

I have spoken.

Sananda greets you all. And He who brings the Sun is ready. Selah.

\*

This wondrous Sun that you know as the Creator behind the Sun melts away disease. Where there is no cure, I AM the cure. I AM ready.

Peace on earth. Quiet the fighting now. Lay down your arms, Oh mankind. Rest in Me. I have come.

## "The Great Awakening"

### Easter Morning

Easter greetings to the Lightworkers of the Universe, for this a moment of great revelation. It is a time of rejoicing and of remembering, that if I can do this, *so can you*.

If you can feed on My Spirit and harvest My nature, you will feed on My Light. And My Light carries the record of My function as glory of the Lord.

If you believe in the path that I have set before you and if you can walk it with Me as your counsel and your shepherd, then you will leave this world entirely and you will set upon this land a bright New World. Victory will be yours.

Let us not tarry nor look back. But go into the light together now. Wearing My moccasins, tread this path that I have given you, and bear no witness, nor no testimony of what has gone before. Take My hand and walk with Me. To be alone is not My way. I have come that you might not be alone, but be with Me, a shepherd of My flock, a light beam in the darkness. I AM the way, the truth and the life.

I will carry you if necessary, so that you will land on the ascension shore and remain there. There is no way to return to the previous world. The door is shut once you have reached My shore. There is nothing but that life that I have given you as My own—*that life that is the bright New World*—the world of Creator Michael, the Universe Father and Mother, shine forth. And you will know Me in your heart, in your consciousness, as the Solar Son/Sun.

As the presence within you now, as your divine energy—no other energy must contain you—you are the light focus, you are the Christ within, you are the great, flowing Spirit that is My life as immortality. I say, Let go. Do not look back. See no one other than Myself. Behold the Light within! And go into this Light now.

You are examples of My Kingdom. Move forward and know that in this *movement* great trust is given. And this trust is for *all* humanity, *all* life upon this planet Earth.

Take no thought other than My own, because you must learn to discriminate and not be a ploy for others' thinking. Walk now with Me into the New World of the Solar Son. Everyone must take this walk with Me. Everyone. Not one can be left behind. I must gather *all* up unto Me. And *that* is the way.

The marketplace must be shattered to begin again. It must be given a new order: that of compassion, service and great love. If you will stand with Me you will feel its shattering, yet you will be no part of it. And you will wander not in confusion because I will be with you.

For I stand with you in our oneness together as the New World begins. You, My people of the Light, are examples of a New Order—a brand new rhythm, a

great, new life. I beckon you to come and to remain in the Solar Son of this dispensation and this new life. Let go now of the world.

Can you imagine when the Call goes out, such as it is, what it might do if people of the Light all over this earth were—on My command—to let go of the world? Yet, surely, wait upon My command, for I know when all is set. Can you imagine what a mighty shift this is when the world has no power to the eyes and the ears of man? What might happen if I sent this order out—to all who are upon this path—to let go of this world? What might be the result of this? Even as you are letting go now, or have let go, imagine that attunement when *all together*, as a mighty wish of Mine own, *let go!* I will do this as a Proclamation. I will release this Order soon. Watch through your e-mails, through your mail. Listen, and together this will be My call and it will go as a Word Order, and it will begin a new era soon. *I will send this world packing*, for in the group energy is a mighty force.

I will send no one back into this world again. I will not send anyone back. I will be on the alert, and you and I will work and serve as one: the Living Light on planet Earth.

Be at peace now in your heart.

# "The Great Awakening"

*Continued from page 3*

Keep not the peace of the world! I AM the peace that you seek. I AM not of the world. For there can never be peace there. You are not servants of this world! You are brought to bear against this world that it might be no more. Live in your own peace. Settle the differences within yourself, so that they do not reflect outwardly. Bear witness to your GodSelf, your Christ within, acknowledging peace.

The day will come, the hour will be My own, when I will deliver up this Earth and there will be no soul left who cannot hear My Voice, nor know his/her part.

Have the Presence as your own. Lift your hearts to celebrate the New World. BE THERE. You are not to compromise now, for I AM Lord. And he who abides with Me is Lord also, for have I not said that we share the same bed and the same table? Let My Consciousness be your own. Be clothed with My Spirit now. The mighty I AM.

There was no one left when I ascended. I left no one behind. Please ponder on this. It is a mighty revelation and it is so. What you are experiencing in this world is but illusion. It has no existence in Me. For you to want to remain in this world is to remain in suffering, in death and disease. I tell you once again that when I ascended ALL were taken up with Me and given new life.

This is your Great Awakening. It thunders through the heart. Die to be reborn in this higher sphere of Life. Leave the old. Let it go. You must understand that you have no part in this world.

I offer you My hands now, the hands of the Christ. If you take them, I will lift

you in your mind and in your heart; and your body will respond. For bodies are made to carry the Consciousness. Therefore, if you are the Christ within, your true identity shines forth as the body. And your body is divine. It is *always* divine in the light. It is *always* in accord with My Spirit. You have separated the body from Me. Now *give Me your body*, your physical form. Let Me become a Solar Energy *within your body* radiating My light to all your cells, muscles, organs and chakras. I bestow the body of light, the body that is the out-picturing of the Christ within. Remember that I said, "Destroy this temple and I will raise it in three days." What does that mean to you? The body is light.

Let the Great Awakening begin! Let the movement of My solar field of divine love move across this land. And let it be known that I AM Lord—that the Seed of God is risen and opened and bestowed upon all flesh—that the lessons have been learned and the body is to be consummated in Me. There is no one left behind. Where there is darkness, I AM the light.

NOT ONE CORNER HAS BEEN FORSAKEN! NOT ONE FACE HAS BEEN FORGOTTEN! I HAVE GATHERED ALL UNTO ME THAT I MIGHT WALK AS THE SOLAR SON, DAUGHTER ON THIS EARTH. I HAVE REMEMBERED WHO I AM IN YOU.

Take now your communion with Me in the Spirit. Drink of My Vital

Force and behold it as your own. Take My body now and make it your own. Behold, we are one and if I have ascended, you have ascended, for My blood is your blood, My body is your body. We are of one mind and we are *consciously* attuned.

If you listen to others in the misinterpretation of My scriptures, you will be bogged down, not by holy words, but by the false order. And this you must not do now.

I have come that you might remember. I have not come that you be ascended. I have already brought you to Me. It was 2000 years ago. I have ascended in you through the flesh of Man. I AM registered as ascended and I know My word is true. This Awakening is about your acceptance of Me in you as I AM. Let the truth be known. Let the glory shine forth. Let go of the world that man might all know the road of Light.

Here is your word, My word for you. Leave this present world for it is not real. You have bound yourself, My people, in a lower field of energy that has no part in Me. I have come that you might know—that you might remember who you are—that you might accept this happening 2000 years ago and burn the records of the past. For false notions are there. Peter stands on the rock. Therein is

My Word.<sup>1</sup>

Be comfortable in the light. Have the nature that is My own. Realize that you are, indeed, the Light within. Unify! Give your mantra and say, I AM. Leave the world, but soon I will speak this call and all will hear it and those that know Me will truly let go. And the mountain shall be removed. And the Word shall be the governance of this nation. And the Solar Light shall shine upon us all. And remain with us as the Father within.

Why, you have asked, did I permit Judas? Because I came to free you all, not just a few. For you to learn, there had to be a Judas. He was as much a part of the play as I was well suited for the part. Judas represented the present world. Take care. Learn from Me. I imparted a great lesson through My crucifixion.

Shortly, you will hear My call. Please answer it and in that moment dispense with the world entirely. Together, in one body, you will assist Me in the great shift from darkness to light. I will make My call soon. This is the Great Awakening and the bell tolls.

You are the instrument of God's glory and God's light. You are the instrument for peace on this planet and the joy of My heart. Listen to My Voice and My Voice only. And go forward into the Light now—the bright New World of the Solar Son.<sup>2</sup>

\*\*\*\*\*

If you are ready I will cut the bonds of this world and you will be free of this illusion. There is one mind. Contemplate that one Mind, the Universal Spirit, and focus there. Then all thoughts will be in coordination and in harmony with the divine plan and no thoughts will go to the false self.

*Continued from page 4*

This is the great awakening. It is time to receive the Ascension. Find yourself with Me already as the Consciousness of the Lord. Stop your fear-based ego from projecting. Agree with your True Self. We are one.

*I light every corner of this Earth with My radiance. In this moment of My speaking, I light this planet Earth with My Solar candle of light. I lift this planet to a new place in Me. And all life will feel this lifting and profit by it. I acknowledge that the Earth is sacred, every part of her.*

As My Spirit moves through this land, new circuits are born to carry My fire of Light and Love to all parts of My creation. I AM entering *consciously* into all life now and My Presence will be known through all life and there is no other.

I sing of the Lord.

My life is your life, O Lord.  
I give you my hand, O Lord,  
that you might impart to me  
your wisdom, your divine fire  
of love.

God the Spirit has moved this planet from one place to another. It is in this new place that we will spend our days.

Now touch the hearts of the many, O Lord. Awaken them, so that they might remember they have risen with you.

I AM the resurrection and the life. It is finished. It is done.

<sup>2</sup>This is cosmic justice coming to Earth to keep her in balance now.

Now let the body of the Christ out-picture. Let your body become the Christ body. There are no medicines for this body. There is no need for medicine, or vitamins. There is only the light, the light of My Spirit. And this light fulfills.

When you have accepted fully your Christ presence as the divine you, then your body will be light. For light is the body of the Lord. And light is the true body of the soul. This is why I said, Destroy this temple (meaning My body) and I will rebuild it again by the power of the Three.

Have you forgiven all who have harmed you? Have you asked for forgiveness from those you have harmed? Have you ceased to judge one another, or to make judgments upon yourself? Then you are positioned for My light. Stand ready to receive. And glory will be upon you, the Crown of Light set upon your head, and you will think the thoughts of the Creator and you will know the truth from the Creator's heart.

Deliver up My children of the Light now. I AM ready to receive. And the mountain shall be no more. And the great Love of the Creator shall flow through their veins and they shall harvest My resurrection within themselves and remember.

<sup>1</sup>Consciousness.

Now, the chains are broken. You are free. Blessings pour down upon your households. Blessings of light and of true love. Blessings of gold and silver. You are the Heart messengers of My universe.

Listen not to the politics of this time. They are in error. Confuse not My word with politics. Some do. Christ is love, is mercy and compassion. There is no one left behind, as I remember all and have forgiven. Selah.  
Broadcast closed.

He who brings this message waits. And in this message, He is present. He is gracing this house and this vessel. He is gracing your heart and your mind. You are the temple of the living God. Make no mistake about this.

Receive the Grace that is upon you as My Word and *live* it. Impart it to others—with love, not arrogance—with joy, not suffering. My Ascension is yours, the Lord says. It always has been—ever shall be, for it is set upon the record.

From this moment onward, be souls of the Awakening and know your part with purpose and definition; and say unto others, It is true.

Blessings go forth to all the lands of this Earth, to all—I say *all* for there are no enemies in Me. Blessing, mercy, have you not erred yourself? What man can say he has not? Therefore, take the mote, the criticism, out of your own eye and see clearly. For I have offered you the Kingdom *with Me*.<sup>3</sup> I have gathered all up unto Me and it is

done.

Build cities of Light now. Answer My call when it is given. Light one candle and many will be lit *and great light there shall be* as we emerge together as the body of Christ.

Make no peace. *Be* it. And in peace, I stand.

Awaken them! Angels of Light come forth to awaken the children of Light that they might awaken others.

My special dispensation has been given and it will be fulfilled without hesitation. My mark is upon this Earth. She knows Me. You know Me. And we are One.<sup>4</sup>

This concludes the Easter message.

## Easter Evening

You have entered into My name. You have resurrected into My nature. Behold I AM you.

You are the light of a new creation. You have come as light. You are the light of this earth. Please be conscious of this. You are restored to your original position as the light. I have given you My name. You are resurrected in My nature. You are Jesus in your own being. You have ascended. You have the ability to come and go.

<sup>3</sup> That is a Declaration I have made. This Easter, I clarify My position *in* you.

<sup>4</sup> That is the degree of Energy (Spirit) passing through now.

You are now the one that I have sent to go forth out of Me as the light. You are the living conduit of this earth. You are the soul of My being and the breath of My life.

You are the Jesus who walked this planet and loved her so. You are the body of that one. You have overcome death. You are a Melchizedek. You have been called to this Order, to be as a light that all might see the clear picture of a new day and a new creation.

The passing of the old has commenced, but you are the life of the new. And I have called you forth out of Me to be the light that all might see the proof and understand.

Where there is the light of God, there is bright revelation. Remember who you are now. Remember the call that you have answered—the call, the message that you were given in the beginning of all time and space. The message is to light this earth as your love, the Creator's presence, and the sun and the moon. Your home is in the stars but you are here on planet Earth to walk as I have walked; yet do even more, accomplish even more, show them more and greater light than I was able to do two thousand years ago.

I AM the wayshower, but you are the light, the light of a new dawning; the solar door is open. Let them pass through and show them how. Behold, you have My name and My nature. You are the Jesus within you and you are the Christ.

*Continued on page 7*

# "The Great Awakening"

*Continued from page 6*

Have the powers that were given in the beginning. Draw from these powers. Light the earth now with your presence.

Behold the Great Awakening has begun! This is the call to those of the light. Ascension has begun, even as it is already and ever shall be finished and done. Know who you are and take the first step and others will follow in your footsteps and in Mine.

(The *Easter Message* is released by Crystal (Patricia Jepsen Chuse) in union with the Lord Jesus Sananda.)

## Living Light, A Revelation

Mary gave birth to the Son of God on earth. She restored the Seed of Truth within all humanity. This Seed of God has grown, is evolving, and is ready to be seen.

The Christ Child within you is a whole identity sphere *and it now demands a body of its own*. There is a moment set aside when you will know, be conscious of and understand that your system has switched—there has been a shift—and your physical body, which is coordinated and managed by this world, will no longer be in existence. And in its place—replacing it as the Christ body on earth—will be your new body of light. It is a system change for you in your physical body, just as Earth is going through her system change also. Bear this in mind. It is very important.

There is a moment—holy it is—when your physical body will no longer be

under the worldly, earthly system that you have been accustomed to. It will be switched over, so that your physical body will be the out-picturing of the Christ within, your true consciousness, your identity sphere. You will have the body of light, which operates under an *entirely different system* than the physical that you have been accustomed to—just as the Christ dimension is an entirely different system than that which has been your earthly plane up until now. Watch and wait, but it will be soon. And you will know.

The clock is ticking. My time has come. Live now as the light.

Breathe the Breath of Life. Do not hold on, for the circuits are breaking. The system is shifting; even as I speak it is taking place now.

Behold, I have given you My name. Selah.

And now you have it. The blood of Jesus has become your own.

By degrees do you open. By degrees do you understand.

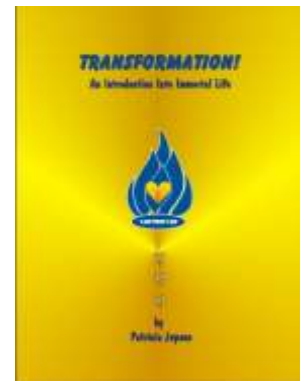

## Assignment Earth

*Speak to them now that we are a family—that in order to survive, humanity must consciously realize the family of life!*

This must extend beyond borders of ancient history, religious beliefs, and cultural heritage. In order to save the planet and ourselves we must change our identity—we must care for one another from Australia to Africa. We must unite as a human family and embrace all life with compassionate caring.

We must surrender our human ego, our racial ego, and our national ego so that we can enter the fire of humanity. We must go further and deeper into the web of life and there join our hands as one. That is our assignment and Earth says, "Now."

# THIS IS THE RESURRECTION OF THE PLANET

## THE SPECIALS Volume 6, No. 4

Power circuits are accelerating to move our planet Earth into the Sun or CHRIST VIBRATION. This is the solar energy We<sup>1</sup> have been waiting for that We may access the clear records of a new generation—brought to Earth to Be.

The elevation of this planet is essential to bring about the wedding of the Christ Energy and the new dispensation of NO DEATH.

The power circuits are on! Be aware! Let the natural upsurge of the new vibrating Presence connect you consciously into your place in the SUN or Christ dimension.

*These are the worlds of light that I speak of. I have brought you into a new creation as models of My form and people of My Soul.*

The University Papers, brought to you over many years, have prepared you for this beautiful change of frequency that is incoming at this moment. You are now ready to drop the false shell and deliver into the reality circuits the Christ dimension of body, mind, and spirit-soul. This is a day of revelation; it is a time of creative magic when all things are lifted and made anew. Now lift your spirit high so that you can catch My world of light and remain stabilized as that dimension of higher frequency power.

Do not hang onto anything alive or dead. Take only that which you are and be clothed in the light of higher dimensional love and light. Be claimed by Me as Daughter and Son of God-Truth.

Claim now your place in the Sun and do not waiver. I have come! *And I AM the resurrection and the Life.*

### Crossing the Boundaries of Time

When error claims you, forget the error and come home to Me. In Me there can be no error. I have come that I might place Myself in you as you.

Hear My Voice; think with My thought; be still and know that I AM God in you.

The sacred body of light must manifest now. It is like the sun. Bear that in mind. Be clothed in it. The sacred sun is your dimensional frequency. It is your guide to higher frequency.

In this world (third dimension) the sun is not understood. For the Great Son of God emerges through the sun of man. The Christ heart *within man* is the divine complement of the sun you see in the sky. The sun in the sky is the heart chakra of planet Earth. It is there you see the light and grow from that light. The sun in your heart chakra or center carries the Christ Seed, your divine identity just as the sun in the sky carries the burning image of the true Christ for planet Earth.

And when you change your consciousness of the sun and know the Son first in your heart, then acknowledge it in the sun of

the sky, you move to the Christ Center or Solar dimension. This power change can initiate a change in body. It can bring it to greater light. As you change your awareness of the physical/etheric sun that shines over earth, you will immediately change your dimension.

Invite the blessed rays of the solar sun, our "physical sun," to fill every cell of your body, both physical and etheric. Gratefully acknowledge the sun as LIFE and see through the veil into the very face of the sun. See the Solar King!

The Life-giving essence of the sun (the Great Sun) activates the solar body, the solar radiation through you and death is no more.

Let the nature of the sun be truly known. For the sun itself—our physical (what we see as physical) sun—designs the new body of light. From the sun will come new secrets as well as ancient knowledge stored within the sun herself. Cross the boundaries of time as the sun or solar stream completely dissolves the past to be remembered no more.

Our blessed sun is not what it appears to be. It is the divine light of the Creator Him-Herself. It is the Solar Christ beckoning us into our hearts and minds that we, too, might shine as a sun, the light of God.

# The Immortal Body

THE UNIVERSITY PAPERS Number 171

Because you will not live in the physical realms now, your body will not be physical. You are the Creator in substance, a Son of God.

Train yourself to understand that you create your out-picturing of the body by your conscious awareness. You are not the body as you see it in the mortal realm. You created this body, yes, but it can be easily dismissed by your understanding and receptivity to the Truth circuits of the Universe, the Truth of the I AM presence.

What is important to realize is that nothing is permanent with the exception of Truth. What you have aligned with and believed to be true and real is only there because you have believed. This is one of the BIG steps—the quantum leap—humanity makes into the Fifth Dimension. Living in the Third Dimension, you have been bound by the thought forms and patterns of the dense material particles of third dimensional, mortal thinking and feeling. You have been taught to treat the problem rather than to let go of it, or release it. In the dense materiality of the Third Dimension often the only resolution to an aging or sick body is death. But in the Fifth Dimension, there is no death. The focus is on God expressing as Consciousness. The Creator and the creation are one.

Let God express! Let your God Consciousness unfold and out-picture in divine rhythm of I AM

## You Are One

The training and preparation for the new reality, the Fifth Dimension, can be understood now as the "letting go" of all

*The Higher Mind will rule  
the body  
and you will have the  
original body intended,  
that of the Christ  
realization or GodSelf.  
This body is perfect without  
the mortal imprints  
of a false creation.*

fixed appearances or attachments as you align with *the Body of Christ*.

The overshadowing of this dimensional frequency is with you. Practice now. Put into practice the letting go of the fixed identity, the appearance of rules and regulations and dominant energy brought about by belief of separation from God, the Central Source of all life.

In the new dimension, God is one. That is the Energy you find within yourself that is the Spirit-Fire within all life. This Power can no longer be separated and divided from you. God, the Holy Breath and Spiritual Fire of all life, is not only the alternative energy of the new world, it is the only energy!

Your body is your consciousness. It is not the body you see but the body you *feel*. It is your immortality. *Take your mind off the body and put it on God*. When you can do this, you are in charge. The control is passed to you.

If you can understand what I am saying here, you will experience an entirely new radiation of your

being. You cannot be caught in sickness, or in death. You are your consciousness and your consciousness is vibrating the Christ body and the presence of I AM That I AM. This Consciousness will always embody as perfection.

If you have followed these lessons given to you by the Order of Melchizedek through this University office, you are already vibrating the Christ presence as your conscious identity. This identity will take on a body, which will be cleansed of illusion. Drop the mortal shell! As you become Christ conscious—conscious of the oneness of God in you and through the Omniverse—your Christ Consciousness will out-picture a body of the I AM. This body is free of mortal energies. It is not held by false thought forms and disbelief in God's world. It is a body of light and it is free to express in union with the inner Christ. *It is the body of Christ*.

Your focus must be in your consciousness, the order of Melchizedek. The minute you are focused on your material appearance, captured by the illusion, you lose the consciousness of immortal life and the control of your body expression! Read this carefully and thoughtfully. Let the God Presence through the Holy

*Continued on page 10*

# The Immortal Body

*Continued from page 9*

Spirit testify to what I am saying here. This is important.

You are what you believe, and what you know as true. The I AM Presence within the Heart Chakra will vibrate and radiate the body of light, the body immortal, as you align with the Christ within *as your body*.

Do not permit yourself to be caught and trapped in the false world of separation from God. Stay in the God Center where illusion has no place. Be clear about this. Be radiant. I AM THAT I AM.

When you release mortality and you rest in the God Center of your Heart, you agree with Me. Then, I can embody as My perfection, the I AM THAT I AM, the Order of Melchizedek.

## The Power of Letting Go

As you let go of all mortal thought and all visible attachments to people, places and things, you will be transported into a new dimension of Creative Power and joyous living. For you will not be separated from Me. We will be one in your consciousness. This current of vibrating I AM Presence will manifest and create *of Itself* the world of heaven on earth. Through you, I, God in you, wish to do this.

When you release the appearance and the thought forms of the mortal form, you are already in the solar consciousness. You have already agreed with the Fifth Dimension of unity and God in expression. You are not emptying without knowing and agreeing with the One, *who will fill you with Himself!* That is the Fifth

Dimension. You move from one energy cycle to another and you are sure—as the Fire within you is sure—that I AM.

Let Consciousness recreate Itself through you as your Christ Self. This will take discipline on your part and alertness, for there are many traps and many calls to fail.

You have but to surrender to Me and I will be who you are as I AM. This is the positive identity of Christ in you as the Solar Son.

## Teamwork Is Needed

I cannot stress this too much. There is a need for people to band together as one body, or one state of awareness. The energy you create by mutual agreement and conscious realization of God's Truth raises the vibration many times beyond what you could achieve by yourself alone.

Intone the Vowels<sup>1</sup> as given by Minerva, Scribe of Melchizedek. These vowels are for your energy transformation and consciousness of the Higher Self. The vowels were created for this time on earth. *You are the Self I AM!*

Gather with others as frequently as possible to meditate, hear My Voice and contemplate these lessons. Do not give way to illusion when you meet. Keep your eye single on Truth and stabilize together in the new world order of Christ Consciousness.

## The Immortal Body

Have My Power back that I gave you in the Beginning. Call upon your Thought Adjuster, the Father Spirit within you, to align you to My Word and the radiation of Oneness.

Your immortal body is your I AM presence. It is your presence of God in you as your vessel, vehicle and appearance. Take on the body immortal now. Live your immortality. Be free of the death cycle.

But you must want to do this. You are released from mortality as you desire and are *willing* to be released and set free.

Focus on the living Spirit of God, the God presence, as your energy, your strength, your health, your body. Practice this. Every time you want or are tempted to treat a problem or focus on your mortal appearance, let go and let God as *your Being* express.

Why do you suppose the Master Jesus said, "Destroy this temple (his material body appearance) and I will restore it in three days." Because the physical level was not his focus, Jesus knew that the presence of God was his body and would out-picture as he *let* it. *You will always have a body.*

# The Immortal Body

Continued from page 10

This may be new to your understanding, yet it is so. Your body is a tissue of God; it is the idea of God in you. Consciousness will always prevail. In releasing your thought about your body appearance and aligning with your body as God Consciousness—*your* God Consciousness—the vital force around you and within you will give you a form. Whether you are on earth in a busy city, in a temple atmosphere or resting in the etheric realms, you will have a body that responds to the necessary vibrations and laws of where you are standing.

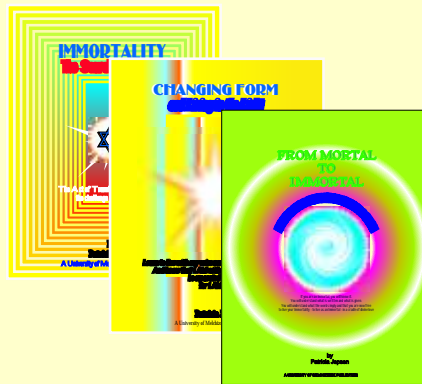

Your Christ body is of etheric consciousness, vibrating as consciousness webs of creative power where illusion cannot penetrate. You can "come and go" when you understand this divine principle. You can ascend and descend, and you can materialize and dematerialize as you so desire and will in the light of I AM.

You body is your consciousness. But in this new dimension of incoming light, there will be no physical body other than the Christ emerging.

You do not have to wait. Those who are adept at frequency change will be with you as you find your new wings in the immortality of your Soul. Be Sons of God now as Jesus was and is. Walk free of mortal thoughts. Ascend to the Fifth Dimension as an immortal and as My Beloved Son, expression of perfect Life.
