# TRANSLATING OUT OF FORM

THE MASTER'S PAPERS Number 60

## **Translating Out Of Form** *An Easter Blessing*

Do you fear leaving the form you are in? Be it home, environment, physical form? What attachment do you have to your form? Is it important to you to keep it?

Where is your identity? Is it in form? Do you measure yourself by those around you? By your physical identity, what you look like? The clothes you wear? Where are your attachments now? Think about this.

I would have you translate your body form into light. To be examples to others that they might also translate their energy from one degree to the next.

Where are your attachments? If you are, indeed, attached to the physical appearance you will hold yourself back from translation. I warn you of

this now. Be ye ready!

The consciousness of the I AM is your identity, is it not? Can you visualize yourself as light - without form in the third dimension -- and still have identity? If you can do this, you will be quite comfortable in the new vibration now entering your planet. For I have prepared a new wave to melt you into nothingness, to release you from your karmic attachments to people and form. I will have you back with Me in the light of ascension.

Come home, My children. Come home. We are birthed in a new dimension -- you and I. We are one. We live in the Presence of Divine Vibration and we can come and go as Spirit form.

If you can see yourself in light, and not look back, the wave of Emancipation now released to Earth will be with you as your loving Father-Mother enveloping you in the Arms of Love. I would have you lifted into a new place in Me. I gather up My children now. Receive the light. It is the Soul of My Son reaching out for you in the arms of love.

Awaken, My children! Awaken. Be clothed in Spirit. We have no time left. It is the coming of the Lord. Oh, foolish mortals, rise. Be ascended.

## World Mother Scripts Vol. 4: 18

We are building Cities of the Light throughout the planet. This is a Universe mandate and it is coming from the holy spheres of the Divine Mother, Universe Daughter and Holy Spirit. We will see that all these divine Cities that are mandated and ordered to come forth are immediately initiated. Their source is from the position of the Creative Daughter/Universe Mother Spirit, who is operating in the Consciousness of World Mother and Sanctuary. This announcement moves into objectification as the World Mother Office oversees the building of all Cities of Light and registers these Cities in the Solar Realm as consciousness—not divided—but at One. The Unification Principle now rules throughout the vibration of these Cities. Go to your posts, My Children, as you are summoned. I AM the Universe Mother speaking to you today.

May 12, 2009

Tuesday evening, August 10, 1999

Let's all welcome into our hearts the bright new world of light which is our courageous forthcoming of the Christ—the light enjoining all of us as one. This blesses each and every one of us as we say the words “*the bright new world*” because this is where we stand, lightworkers, as love itself. We ARE the bright new world.

Even as the stars change in the skies and make new patterns for us and cause new energies to flow, let us know within ourselves that who we are is the most important of all. We ARE the Christ within. We are the light, the lamp of God. And as we return to that place in our awareness—that place of original creation—the world of light blazes forth as the new day. Oh yes, the starkeepers help us—they assist—but in this day of Melchizedek, we are one in saying, “This is the way it always was.” It has always been light, dear one—loving light embracing all.

Energy of divine love is sweeping the planet. All four corners, into all four directions embracing all life, from the greatest to the smallest, with the Mother's love of joy and contentment. Be about the Father's business now by shining forth your sun and knowing who you are in truth; for in this day of remembering, many candles are lit, fires of love and light. And we, together—we as one—shall know this world of light, shall stand in it, shall call it forth minute by minute, hour by hour, until—yea, there is not one who is not in this world of light as the Christ enfoldment and mighty star of Melchizedek. I greet you in the name of Sananda Jesus who watches over this light, who bears it forth and says to you now:

*Yea, I have come. My Israel, I have come. Yea, I have set in motion a*

*spiral, a sweeping spiral of light that shall call forth the angels of the heavens, and open the gates into a whole new dimensional consciousness. Remember, that you are the Christ. That you are from the solar regions. That you are the light of the world. Give forth this light now as never before. Open wide your hearts and your minds. Lift the presence high. Let it be a crown upon your head. Let Me enter you in a new way and let Me glorify the Father through you as the living Christ, the Son of God, the solar man.*

I'd like to read a selection from *The GodSelf*—which is a book that some of you know I've published recently—because it speaks to exactly what was given in the meditation. And where I'm going to turn to is chapter forty: “The Creator in Creation.” And that's exactly what we're experiencing: *the Creator in creation*. The Creator everywhere we look. The Creator everywhere we see. The Creator everywhere we walk. The Creator in our hearts, in our minds, in our very being. Even our skin is in the process of taking on a different color—less density, more light, more illumination—as the cells themselves know I AM God. Visualize, if you will, every tiny cell that makes up your body anatomy, every atom, every particle, every molecule, breathing the life essence of the one Breath, the Holy Breath, the Divine Mother. Imagine the cells of your body responding to the Christ energy of this bright new day—and how they glorify the God in you as heaven sent.

**The Creator in Creation:** (*The GodSelf*, 40:1) “**Focus on who you are, not who you will become.**” And this is a secret, this is the

revelation because, in these times, we're hearing words, we're receiving sometimes messages and transcripts about these wondrous astrological occurrences that are taking place. And of course it's exciting and it's very stimulating and it's inspiring. On this day, this is happening. On this day, expect this. And on this day, this will take place. But in truth, *it never was. It has always been.* And so, when you look at these words and you contemplate the words, focus on who you are. Go back to the light of the beginning.

A number of years ago, I was in Hawaii—I think I was in Maui—and I was visiting a Unity minister friend of mine and her husband. And we were sitting in a little circle and we were meditating. And all of a sudden, I became very excited and I turned to them and I said there was no such thing as the fall of man. Man never fell. And of course, she agreed, and so did he. And when we can understand this truth, then you can go back to the beginning.

Go back to that first atom, the first seed, the creation of who you are. “It is good,” God said when he looked at you. “I like you as myself. I think it's nice to see My face in you. I reflect My be-ing. I AM THAT I AM.” Go back to the beginning. You are not going to *become* anything. You ARE already. And that's the secret of the tone of the order of Melchizedek. And if you really read Jesus' words, you realize that the Master was truly speaking AS the I AM presence,

*continued on page 4*

AS the Christ within. "If you have seen me, you have seen the Father." Truer words were never said!

So in this time of great expectancy, great revelation, when the stars are really joining us to assist us in our planetary awakening and our own ascensions, *remember that we were made perfect.* THERE IS NO ERROR IN US! We were made in the image and likeness of God. And the only way, astrologically, that these wonderful things can affect humanity and all God's creation is if YOU go back to the beginning right now.

Breathe. We're here to breathe with the Divine Mother. Let that breath come into our cells and rejoice that we are the living Christ. We're not going to become it. There's no energy that's going to be blown upon us, that is going to make us walking gods. That was the intent and the design from the beginning. *I have set aside a remnant. I AM you.* Be that remnant, for the earth needs you. The stars have no horizon unless you believe, unless you are *conscious* of your own divinity.

The direction that is coming to me—the instruction—is: walk as the Christ, speak as the Christ. Walk like the Christ. Talk like the Christ. Walk as the Christ. Talk as the Christ. BE as the Christ. Not to look up at the skies. Oh it's beautiful and I've taken some photographs. But to look within. And it's more important now than ever before to love ourselves as the salt of the earth, to love ourselves as the Christ within, to nourish that Christ within ourselves, to give it breath, to give it reason to live in us. That's why we are here. We are the light of the world. That light will take care of anything that you don't like about yourself or you've been trying to get rid of. The sun will shine. The light dissolves everything unlike itself. You catch the glory and the glory will take care of the rest, because once that

*continued from page 3*

starts shining, there is nothing else!

It is a bright new world, a world of consciousness divine. And the order of Melchizedek calls you to I AM THAT I AM. Let the others look for the stars. You find the star *within* yourself. Take your identity as it was mandated for you and live it. Be the light. Nothing is going to happen tomorrow because there isn't a tomorrow in the I AM presence. Because in this moment there's no past, there's no future.

These are important stories (astrological changes and prophecies) for people to give them hope and fix their imaginations to something that is uplifting, but they are not real. *The divine you is the reality.* It has always been perfect.

It has always been perfect. It's there for you today. It's the shining Sun. Go back to the beginning.

**"Focus on who you are, not who you will become."** No tomorrow. Grab it in this second because that's all there is. *Closer than breathing, nearer than hands and feet.* I AM you.

Everything that you worship is within you. Take care of that Sun. It is your life. That's the bright new world. That's how we go through the threshold. We go through as the Sun/Son. Spell it either way; it doesn't matter. The same thing.

(*The GodSelf*, 40:1) **"God centered, you are the Spirit within you. You are the Consciousness of God in manifestation..."** That's all there is. Closer than breathing, nearer than hands and feet. **"...the Beloved Christ in form."** That's who you are. Who am I? You're the beloved Christ in form. Feel the

love. Feel the breath.

(*The GodSelf* 40:2) **"Expect the best and you will receive the best. Expect the worst and you will receive the worst. To expect is to project or to create. Energy focused on the moment will recreate itself in the perfect state."**

How careful we must be as to the thoughts that we choose, the thoughts that we nourish, and the feelings we bring to those—because that is creative: thought and feeling. You don't want to bring anything that's dark or confused or negative to this beautiful Light Child that is your identity. You want to give that Beingness everything that is beautiful in your heart-mind, and nourish it so that it can shine.

(*The GodSelf*, 40:3) **"In the laboratory of God, man is form complete. If God lives in you, expect God to express as perfect life on earth."** Closer than breathing, nearer than hands and feet, expect God to express. This is the way of Melchizedek. This is the way of truth. "Follow me," Jesus said. "I am the way, the truth and the life." Now he couldn't have been talking about any other experience than letting God express: closer than breathing, nearer than hands and feet. **"Seek that divinity in expression right now. Not twenty minutes from now.** Not on May 3rd, 1999. Not even the millennium on January 1st. NOW. **"Now. The word "now," ignites the creative energy within you and releases the Creator into creation."** NOW.

*continued on page 5*

*continued from page 4*

**“Many times you will hear this before you understand.”** So I want to say: Work with the heavens. The heavens are not going to do it for you. Work with the heavens. Allow the heavens to find a foundation in you of the Christ identity, the Christ love—that it may implant itself and be the bright new world, the Land of Light for your neighbor and for yourself.

**“Many times you will hear this before you understand.”** And it's referring, again, to **“The word ‘now,’ the consciousness of now, ignites the creative energy within you and releases the Creator into creation.”** The Creator, remember, gives the Son everything, the *entire* kingdom of God. *Once you are with Me*—that means when you are one in consciousness, when you are self-realized, when you accept the Son of God in you—we are one and I give you the kingdom. With great joy. “Oh, I can't have this. I've spent too much money. I can't go here on vacation.” None of that exists in the law of grace and the kingdom of God. *You are one.* **“Many times I shall have to repeat this before you can accept what I say to be true. This is because of the false indoctrination of your planet.”** *You can have everything in Me.* It won't be selfish. It couldn't be because it's God expressing as. One with the Father-Mother living in the light.

(*The GodSelf*, 40:4) **“You are a courageous lot, you human beings. Take what I say and give it life. Forget what is not true. Let My words kindle the creative power in you that it may rise into expression.”** And the words come to me, again: *I AM now.* Out of being, out of oneness with God emerges I AM. *Presence of God. I, you. I AM now.* **“You were created as My expression. You embody My will.”**

If you take that sacred place of Christ in you, if you identify there, if you live from that presence, you truly will begin to feel

this bright new world in you and through you and about you. The bright new world embraces all life. It is truly one. The bright new world does not put one down below another or one higher than another. It's all the same. Why? Because there's one presence and one power and there's one God. And so with that light shining forth, you see the bird, you see the friend, you see the flower—it's always one.

God wants to dance all over this earth as vibrant creation, and He-She can only do that through your consciousness. Yes, the heavens are forming the Grand Cross. Yes, the astrological signs are with us. It's a go. But it is for us to know *that it has always been and shall ever be.* For that, we are called Melchizedek. *Melchizedek emerged.* Melchizedek was one who was never born and who can never die *because truth always is.* We hold our own selves back by the various doors and the various thresholds that we've created that prevent the Sun from shining and realizing Itself as the Christ through us, as us.

Go back to the beginning. You are the light of the world. Your code name is Jesus. The final days are here *and greater things will you do than I have done upon this earth.* You are one. You're one. We are the word of God put upon this planet Earth to realize the Christ within, the God within us, the GodSelf and thus lift our neighbors and our friends, not because we're more spiritual, but because we have remembered. Because that energy of remembrance is a mighty wave and it will do mighty works. Mighty works.

Your identity is the Christ. You were

made in the image and likeness of God. You have the ability to come and go, to bring in new worlds, to foster new thoughts and to lift creation into a new place in your awareness, in your remembrance.

We can't change anybody else. The only person we can change is ourselves, and as we walk this spiritual journey remember the words: *Physician, heal thyself.* In reality, God only created Himself-Herself. There's nothing else. Everything else is imagination. Everything else is illusion. And it's our choice whether we want to live in that illusion or to go back home to the Father's house, God consciousness, and so live as a Sun of God and prosper forevermore.

That's the world of light and that's the world of a new beginning which we celebrate tonight. A manifest world because we're allowing God to express in manifestation as I AM. The bright new world is the presence of God everywhere and that's all that it is. And it is peace.

The brightness has to come through us. Let your Christ shine as yourself. Concentrate on the sun within. Concentrate on giving yourself to that Sun within and allowing that Sun within, God in you, to express as manifest in this world. *Who does this will have My blessing. All thoughts go to the light. Kindle My joy in others. Live the light and it will be a bright new world.* Probably one of the best things that we can do is love one

*continued on page 6*

another right where we are.

*Love them as I have loved you.* And remember, that in this love, we include Mother Earth, we include all the animal people and all life intended. We nourish all life, respect all life, because it is one. It is one. Let God dance in the goat and in the cow. In the stone, in the river, in the hearts of the children. Embrace everything and everything will embrace you. That's the bright new world. It's the land of the Creator. You have it. You live it. You make it happen. That's why you're here.

So it's fine to talk about what's happening astrologically, but it's pointless if we don't accept the magic of our own person who we are and really live the world of light. Let the dance begin!

## A Blessing...

Be at peace, My children, BE at peace. Be peaceful workers in My name. Walk soundlessly upon this planet. Bear no malice. Give My breath to all life. Enter My kingdom and walk with the Suns.

Each one knows his place. Each has a mission, a soul intent, the reason, the purpose that you are here. May you awaken to this purpose fully and completely, and so go forth out this door as a creative Sun—blazing light of My intelligence—presenting love to all the nations.

Peace. Let the knowledge of the bright new world be spread near and far. Let it be gladly given, joyfully, that all might hear My voice in them. Let the days of suffering, of poverty, of all that has been upon this planet Earth, dissolve by the bright light of your new beginning.

Remember who you are. You are the fullness of My being. You are the light of My Sonship. You were created by Me as I AM. Go back to the beginning. Ask the heavens to help you and they

*continued from page 5*

will. You have but to ask and all the gifts of My heavens will pour through you—out through your hands and feet—as you walk as the light of the world. For this, you have come and I have made you well.

Let My hand be upon your shoulder now. We are one. I walk beside you and I walk within you, and we are one. Deliver up My message and give forth My glory, as you declare this is a bright new world, a world of joy, of contentment, of bliss.

Hear the song in your heart and follow that. I AM with you there. Deliver that song unto My people. I come that I might be. Lift now your heart to the heavens that you might further feel the Christ within yourself. Let the light expand your heart wider and wider, lifting you higher and higher into deeper revelation of yourself, your true Self. Ask the light to further expand your heart that you might know the Christ as yourself, seed of God. Then know that this shall be done.

Walk as a Melchizedek on earth without death. Live the promise of the kingdom and know the body is light. I AM the resurrection and the light is the code song within every cell. Cast off death now and take on the body of light. Be named anew after the order of Melchizedek and the promise of Jesus the Christ. I AM Melchizedek offering you a new body, a new life. Be named anew and give birth to the Sun of your Self.

Be ye made as I AM...

I'd like to share something with you. Just now in meditation, I heard the words, "I loved you, I loved you as Myself." That, I realized, was how I was made. God loved me as Himself. That is how creation began. And then, when I realized that, the words came, "That is how I made all My children." Not by sparks of fire, but by love. The very act of that making was *I loved you as Myself*. As that love was so strong, it couldn't be resisted. That's how God made you. ***That's how I made all My children; I loved them as Myself.***

Final evening instruction...

So now we are standing in the world of light.

Go forth and live it. You are responsible for a lot of lives in this intent. Deliver them all up unto Me. Forget not one. Each is God made. Be humble enough to travel to the ends of the world to find one soul. I will walk with you. I will take you there. Be the breath for the planet for she needs your breath, the breath of life. Enter the world of light because I need you there. And from this point of awareness, you can enjoy the many gifts now from the heavens. You can observe the energies and the delight of the angels when you see the light.

So it's a bright new world...your heart is the Christ.

—Crystal

# OPERATION EARTH

THE SPECIALS Vol.6, Number 2

The resettlement has begun. The process of uniting all fields of energy—as The Christ descends—manifests as the creative surge begins. Look not to the past, rather enter the new cycle, and rejoice as the new radiation of your Christ identity fulfills you and gives you added momentum in your Earth assignment.

A Call is going out—perhaps you have heard it already—to leave your nets, to let the dead bury the dead, to join with the Light Forces in a united front of activity through the network of The Son.

Ask that it might be given. Seek that you might find. Brother must join brother as the Creative Force rises, generating much action.

The sacred Solar Identity of Man is being coordinated with the Christ Seed and revealed. Connecting to the solar identity, Man achieves his/her whole self or GodSelf *consciously*. As this occurs, Earth vibrates her solar Sun. She casts aside the shell of density, realizes herself as light, and begins to shine as the Golden Child, an immaculate creation, and the very heart of the cosmos.

We now enter an era of golden vibration thrust upon us by the Heart Children, the Creator's own.

Live now productively in the light of The Son/Sun Emergence. Benefit all in your actions and your deeds because the Life Force is with you only as you are mindful of the whole. **Operate as the light force**

**now.** It is your destiny to reveal Christ in you as heaven sent to earth.

The peacemakers on this earth will unite *as one Body* to reveal the Kingdom of God. The Golden Body or Sun will meet the solar level of the planet. When this occurs, new dimensional frequencies will pour into Earth and all will be changed in a twinkling of an eye.

Only the ego divides. Retain your Godhood by consciousness of the One. He/she who is present in the One is lord over all. It is here in this place of divine oneness that your Christed Self shines forth to the glory of God and His, Her Kingdom on earth.

Solar Consciousness contains the Inner Voice *as activation of the Higher Mind*. When you have this consciousness and know it as your own, you are ready to serve the Hierarchy (God's appointed government) and to take your place as a lightworker.

It has been announced (July 22, 2000) that Operation Earth has, indeed, begun. Let each one know where he or she is to resettle. Serve the Plan. Walk quickly and quietly to your place. Then wait for further instruction, as we now move together as a collective whole, a network of vital change.

Testing the waters of immortal life, you may decide for yourself that you are an immortal and you choose that path to light the way for others. (From the Online Workshop series.) (Dimensions 11"x.4"x8.5")

## Anchoring of the World Mother Office On July 10, 2000, 9 AM, at Mount Shasta

The World Mother Office has been anchored for Planet Earth. This announcement was released as through an etheric broadcast as a climax to a successful stay here at the foot of Mount Shasta. As I broadcast the news of this important occasion, I sensed a new era of world governance: a time of compassion, consideration for the network of Earth Community, and the recognition of the Christ Voice as the divine shepherd. Under Mother Mary's leadership the Christ will be born in every one, not one shall be left behind. Reborn, each human being will rise as the GodSelf, divinely ordained to meet his or her own Second Coming.

# A CALL TO LOVE

SOLAR NEWS Vol.4, Number 49

June 7, 2004, 6:30 a.m.  
(Before going to sleep, I asked for Divine Wisdom to give me the revelation and the Word for this moment in history. This is the message. – Crystal)

This is an impassioned plea with a great deal of urgency to it.

The return of Jesus the Christ is the embodiment of unconditional Divine Love on this planet. This is a Love that feeds and nourishes all life.

The birth of Christ is the birth of Unconditional, Nonjudgmental Love.

The birth of Christ in you is that Love which radiates out from your heart center like a living sun.

There is no resurrection without this Love. There is only a false spirituality, which some have named the anti-christ. Where forgiveness and humility is not practiced there is only the false spirituality. There is nothing true or right about a religion or a belief circuit that does not practice unconditional love. And that is why we have come together this morning in the name of Jesus or Creator Michael and Sananda.

On the eve of the momentous gift of the Venus Transit—a dearly beloved planet that is the planet of Love—there could not be a more important preparation than to raise your heart to divine Love and the outpouring of this Love, which is the living Christ dimension.

There is no one person reading this who could not do better. There is no one reading this who is perfect unless

he or she radiates only Love without judgment, blame, or bitterness of any kind. We are none of us perfect unless we are *in Christ*. People, the Second Coming *is* Love, that all-sheltering Love that protects and realizes all life as Good.

And people, the greatest test you have is the test of Love. That is what Jesus brought us—the test of Love. The Son of God is Love. Jesus is the Son or radiation of God because the Master was and is Love.

Recently, I, Crystal, became aware of Jesus standing before me. I could see Him and hear His beloved voice as He said, *NEITHER DO I CONDEMN THEE.*

Love carries with it a binding force, which is the Holy Spirit. And this Christ Light seals us in a circle of fire where all work and serve together selflessly as *the Body of Christ—the Body of Love*. Practice harmlessness.

Tonight and in the early morning hours, many of us join together throughout the world to wait upon the Lord, the Word, the concrete evidence of our Heart. Empty to be filled. Be restored to Jesus' Love.

*If you love Me, Love one another, without shame or blame. Come Home, dear children. Be not hurtful or harmful to one another.*

You are only spiritual when God's Unconditional Love as the Son/Sun radiates in you without judgment, condemnation and

hatred.

If you will look within and see what you need to see, then let go of the harmful thoughts and feelings that are still with you, you will be well-prepared for the Venus Transit. For God is waiting to fill you with Love, the kind of Love that knits us together in the radiant body of a new world.

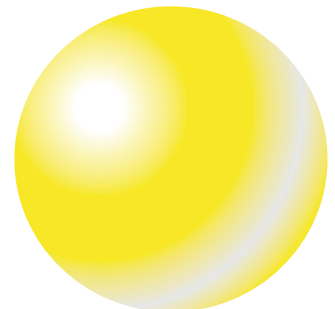

You were born to Love.

There is no need for magic, occult practices or the psychic glamour that besets many. *In Christ Love, there is nothing to fix.* All is perfect in the experience of God's Love for all.

*I ask you at this moment to release—to die—to your idea of what is spiritual. Give up all the practices that have inflated the ego and denied the cross. Be ye restored in Me. For have I not met you in Love?*

This is the Time for reflection before the nature of Christ is born on the planet. Be ye prepared.

Jesus The Son. I AM also known as Sananda. Peace.

# Why "The GodSelf"?

THE MASTER'S PAPERS Number 105

October 23, 1998

We as the Hierarchy overseeing the planet Earth have long held the vision of presenting this book. We have curtailed, prevented its publication, until now. Because, until now, humanity was not prepared to undertake the course of vibration and the challenge of identification that this book offers as an instrument of Melchizedek.

To begin to study this work as an initiate is to preclude error completely, to return the authority to the High Self and to give back to God His Presence in all life.<sup>1</sup>

The importance of this book cannot be stressed too much. It is VERY important. The code that is inserted within the pages of the text carries the vibration of the Order of Melchizedek. It is the Person of Melchizedek who oversees this book and information released. Thus your consciousness as a wayshower will be lifted to Melchizedek as you accept and you realize what is asked of you as a child of light.

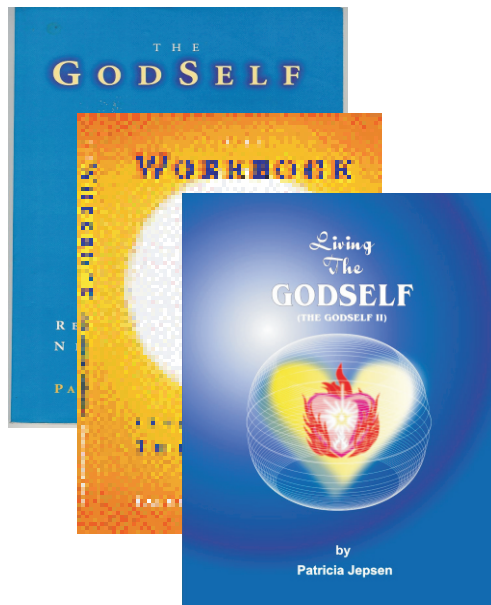

We, the Hierarchy, rejoice that now it is possible to publish *The GodSelf* in book form establishing clearly, once and for all, that God and man are one.

The release of this book, *The GodSelf*, aligns humanity where death has no part. The beauty of this book is that it is you, because you and God are one.

Released now through the Melchizedek Order, *The GodSelf* changes your frequency to the Master World of divine light.

I AM Kuthumi. *Take this book and read it thoroughly. It is the master key to creation.*
