# Easter Vibrations and the Glory of Opulence

## Workshop # 1

1

**Receive My Presence as your Light-Life unfolding. I AM the radiation of Divine Supply left in the storehouse by Jesus Christ when he ascended. The Master wants you to have all that you need and require to facilitate the planetary shift into Grace Intended. With this thankfulness in mind, Ask and you shall receive. Seek and you shall find.**

The dynamic force field in place through the life of Jesus is for you to enter. What does this magnetic field represent and what does it offer? It is the BODY OF THE LORD, the CREATIVE CIRCUIT of his Name. As you release the order of the world and realize that you can enter and become one with the promise of resurrection and ascension, you are

magnetized into that Center of Jesus where the veil has been rent and the restorative values of the human race are in place. Reclaim this Octave of unity with all life. This is the vibrant Idea that Father-Mother God holds for you. Here in the restorative field of Creative Energy and Unconditional Love there is no death and there is no disease! You are magnetized to this vortex as you agree and believe. I AM always with you!

This central energy field, radioactive as the Body of Light or Christ Circuit, registers with the Universe the Father's pleasure with His Son. His ONLY Son. Who is that Son so recognized by the Father-Mother God? In the vortex of the Christ Energy Field, you are recognized by the God Presence as the ONLY SON OF GOD. This vibration of recognition reaches into the vast supply of the Universe and beyond. You can write a check today from this Consciousness and it will be filled. Why? Because *I and the Father are one!* Jesus, the Son of God and radiance of His Spirit as the Christ Messenger, gave you this code to manifest and to bless you in His Name.

Jesus' Life and your Life are One in this vortex of Creative Power and established identity as the Christ Son/Sun on earth. Thus, you may ask anything *in My Name* and I will behold you as My Son. I will give you that which you ask, and I will vibrate My Be-ing (Holy Spirit) through you to objectify your

needs that are My needs as One. Thus speaks the I AM That I AM.

Please study and contemplate what has just been written before continuing.

## Divine Supply

***I AM everything you need, am I not? I AM He who created the Earth and Heavens. I AM abundant Life. Thus, when the Master Jesus announced, "I have come that they might have life, and have it abundantly," the Master was speaking directly to you. (See John 10:10 George M. Lamsa Translation)***

## Test Yourself on These Emanations of Truth

- § Can you define the phrase "I AM" in the context of the first sentence?
- § As you meditate on the words given by the Truth Circuit of the Universe, what feelings do you have and what revelations come?

§ What does Jesus mean by the word “life” and why does he add the word “abundantly” to the word “life”?

§ What does the preceding paragraph have to do with supply and in particular, your own ability to receive the glory of opulence?

*For to him who has shall be given and it shall increase to him; but to him who has not, even that which he has shall be taken away from him.* (Matthew 13:12, George M. Lamsa Translation)

Here is the first principle of supply. It is the instruction that what you *believe in* and *give substance to* will vibrate into your life. You are the creator and the created, the first and the last. Essentially the Master Jesus is instructing his students to have faith and to believe in That which God has promised. This is a land of plenty. We must realize this consciousness and vibrate it!

The scripture verse has nothing to do with money or possessions. Far from it. It has everything to do with your faith in the Unseen. *I AM the Kingdom within. Seek and you shall find.*

Recall the primary principles that we studied in the previous Abundance Workshop. (See November 2011 Community of Light newsletter.) Here they are

again:

### **The Four Principles You Already Know**

Unconditional Forgiveness  
Unconditional Love  
Clarity of Mind and Heart  
Feeling and Expressing  
Gratitude

### **An Exercise**

Now consider the Master Jesus' life and the example he has given to us of the Son of God Consciousness. Now focus on the four Principles listed. Ask yourself: In what way did the Master personify these four important principles of the abundant life?

Then focus on your life and the example you are setting for others as Son of God Consciousness.

Which of the preceding principles do you need to concentrate on to align yourself into the glory of opulence? You may want to list these four principles in a journal or notebook and review your progress each day. This will keep you on track!

God loves you as His Son, Daughter. When He cannot find you as His Son, Daughter and original creation, He is unable to supply you with the glory of His opulence. Return to the Son of God Consciousness and you will receive Me as Myself. AM I not everything? I stand at your door and knock.

### **Opulence: The Gift of Heaven to You**

O p u l e n c e i s everything...EVERYTHING! It is an unending expression of God. It is the flowing river of God's supply. It is the continual vibration of excellence, miracles and the wonders of the Universe. It is My love for you as My Son, My Beloved Son, in whom I am well pleased.

Concentrate this Easter on the Life-Blood of Jesus, the master degree of Sonship in you as your true and everlasting GodSelf. Be aware that during this time, in particular, you have been given access

### **Abundance, Abundance**

*All glory is with me in this  
awakening.*

*Divine Light reclothes me.  
Love embraces me.*

*Divine Supply furnishes me  
with all my needs*

*That I may prosper in the  
service of the King!*

The Presence of God is your abundance. It is this Consciousness or degree that is being offered to you through these lessons. The Presence of God is called *the I AM Presence*.

The Master Saint Germain dictated many books about the I AM Presence, yet to this day only a few have reached that caliber of Understanding and Solar Activity.

As you study these lessons and give thought to the message contained within these pages, you will bear fruit. The light will shine and you will know that you know.

The shadow of the Fourth Initiation hangs over you all; yet it can be fulfilled as you understand the Master Jesus' words, "Come follow me." The way has been shown and light beckons. To pass through the

illusionary veil of doubt and separation from Truth is easy. "It is so easy!" the Master Saint Germain cries with joy. "There is nothing to it! All you have to do is believe!"

Believe in what?

And the answer comes: I AM!

**Let us study the message of Saint Germain as He gives it to all who ask and wish to receive illumination. "Are you ready to receive?" the Master asks.**

*God's World is your world in  
the I AM.*

The "I AM" is the Presence of God. It is the vibrating, declared essence of the God Personality in you, within your consciousness, and within your body and mind. The power of this revelation realizes *within itself* no separation. Only God exists here, the heaven on earth, the Father and son. Heaven and earth are the same; Father and son are a unit. Consciousness proclaims this as the "I AM," order of Melchizedek.

**I have gathered you up unto Me that I might be. Being is the second aspect of the I AM. It is the Breath breathing of itself into itself, releasing My Spirit as I AM.**

**The full glory of God is through you as I AM in this degree of abundant life.**

### **Try This:**

Look at the preceding words carefully. Contemplate and meditate on them. Then say the Word into the Breath of all creation: "I AM." Wait. Let the Breath release the I AM That I AM as that which has been created and manifested.

**God in you is the I AM Presence. The power rests in the Presence.**

**God is the only power and that Power rests within you as the I AM.**

**This is what Saint Germain taught and continues to teach in His Ashram.**

## **Workshop # 2**

*continued from page 4*

### **Leave the World and Listen to My Voice**

- § *The Creator Intelligence rests within. It is the power to create.*
- § Go empty to be filled.
- § God as One seeks to fulfill Him-Herself. To be fulfilled and experience manifestation, you must lose your life to find it. That is, be willing to clear your mind and heart of all fear, doubt, old world attachments and rigid thinking. Let go of all belongings, expectations and concerns for survival. Let the God Presence enter you and reveal Itself as I AM.
- § When you and God (the I AM Presence) are a unit in one accord, your Creative Power will rise and objectify that which you require for your journey of service and light on earth. Remember Jesus' words: *I and the Father are one.*
- § Always seek the *I AM That I AM* as your rhythm. Insist on Its Presence. Open to be fulfilled with the glory of God's opulence.
- § You can have anything you want in the I AM. Why? Because you are in complete

accord with Me. When your consciousness vibrates agreement with the Creator, your thoughts are of the Creator and you experience instant, CONTINUAL creation.

God, the Creator, is joyous when He-She is allowed to create through you as consciousness divine!

It gives God *great pleasure* to be with you without any sense of separation or division.

God the Creator *wants* to create through you without any ego interference and it gives God great joy to do so.

Allowing the Spirit of God, the I AM Presence, to witness Itself through and in all creation will bring God's World to Earth and a joy that will uplift all creation.

Here is the secret: Listen to God within you, your Inner Voice. Let the Creator tell you of His-Her dreams and visions. Let these visions and dreams become yours also. When you can do this, you are the Word made flesh. The Solar Light is

yours to manifest in the name of Jesus (your identification code).

Let go of your will for God's Will. Then you and God are One unit of power and Light. One heart, one soul.

The I AM Presence is your consciousness and God's Consciousness at One. At the point of one will, the authority goes forth and objectification occurs without interference from the world and the fear-based ego.

*You have everything in Me.*

*Please Me, the Father within, not the world.*

*Identify with My Son's Voice in you and receive all that I AM.*

*Thus the Power is given. And once given and demonstrated, it is never taken back.*

**Seal of Melchizedek**

In this degree of the I AM Presence, what you have learned and put into practice through your

metaphysical studies still remains true. *What has changed for you is that you are no longer concerned for yourself.* You have lifted that “self” into the Oneness and surrendered your will into the Creator's Will. The three principles “Ask, Believe and Receive” are still actively working, but at a subtle or soul level. You experience now the *I AM That I AM* in movement and in circulation through your consciousness; and you feel God's pleasure as He-She creates the wonders and

miracles of a bright, New World.

When you have the testimony of God's Presence through you, that is the Creative Power bestowed upon the Son of God as you.

Let the glory of God's opulence fill your life, for you are the center of God's love, the root of His passion.

*When you have a vision, realize that it is the*

*Creator's vision with you and that He desires to work with you to complete the vision. This is how new worlds are made and how miracles can happen.*

If God is for you,  
Who can be against you?  
If God is Love,  
Where then can be an enemy?  
If God lifts you to His-  
Her power of manifestation,  
How can there be want,  
disease or death?

into the LIFE CIRCUIT of Jesus the Christ who is the divine personification of the Son of God. *It is due to this personification of God Being or Truth that you can now enter the Son of God circuit and receive this Name as your own.*

During the observance of this Easter period on earth, the Creative Power as Daughter of God is in Her strongest expression. Make good use of this Power that is vibrating to *assist you* in your resurrection and divine Intent. For this Creative Power at this time is closest to the Earth. Be aware and *claim* this Power in your life to make manifest your

dreams of service for the planet and all creation. Receive and accept the glory of opulence as your Creative Power now. Respond to Her. See Her as an unending flow of good, blessing you and your mission as a Christ being on Earth.

All glory be with you in this awakening. Divine Light reclothe you. Love embrace you. Divine Supply furnish you with all your needs that you may prosper in the service of the King.
