You Are The GodSelf

THE SPECIALS Volume 4, no. 29 Excerpt from the Immortality Seminar 7:30 P.M., August 8, 1998

The glory of God is upon you and His kingdom is at hand! He speaks of the world dissolving. Yes, of the dissolution of this world. But I tell you this, He has a world for you, *a world of light*. This is the world of *His* creation. He is the Word.

Now in this meditation tonight, enter His world of light. *You are invited in*. And in this glorious, powerful energy sphere, Sananda¹ stands one with you. He extends his hands. He welcomes you.

Yes, you are welcome, he says to one and all. I can lessen your load. Enter in. But first, you must go through the door of the heart. Though the passageway is narrow and demands much of you, it is well worth the trip. Here is the key. Open that door for yourself and I will be waiting for you to escort you through the passageway into the Kingdom of God, into the Mind of divine Godhood. Listen to the words I speak to you as you enter in through the doorway of the heart. Know that these words are just for you; they come to you privately. I give them of me. Pass now through the doorway. Here—here is the key. Turn the key. Let go of the baggage; that which is of no use to you. It is yesterday's world. And be at peace with yourselves. Take no one with you. Am I not enough? And now enter in and walk slowly, as each moment is precious and each step, oh, so sacred. Come. In this experience, you will actually feel a change of heart

energy. Be not fearful for the hearts may stop and begin again in the pulsation of the one. Many a heart has not pulsated with the Creator's breath. Come. Let us be at one in the glory of the bright new world. I AM Sananda Jesus beckoning to you and I say, enter in.

Here is the key. I say, Come. The “fall of man” has never existed in this place for you have never fallen. You are the GodSelf and you are divine being as the light. Now shift your attention to the higher mind frequency, the Will of God, and have that Mind as your own. Feel the Presence of that Mind *as one with your mind*. Dissolve all flesh and let go and surrender into me that your GodSelf might vibrate as your whole form, your creative intelligence, your central universe I AM. *And love*.

We are one body. Never fear that you will have no form, for you always will have form as your divine consciousness. So let it be. And in this way do you change your colors and your hue. In this way do you find your light within yourself—the Presence—and go forth as a Sun of God, radiance of the Supreme and bestower of the new Kingdom on earth.

I have chosen you to walk the plane of light, to manifest the light body, to create out of yourself that which you require in your time on earth. I have called you to the front. I have sanctioned your walk. You are created out of me. I

AM one with you. Thereupon is the power and the glory.

You are the seed of Christ and you have the power to come and go as the light. Let us stand together as a united front as one. Permit me to say this: I have come to select you out of the many. Will you follow me? Raise up your hand as I say this. I ask again, these children of the light: Will you follow me? And so let me take your hand. Give it to the Christ. Ascend into the pillar of light that I have prepared for you tonight in the name of Melchizedek. Peace.

Now breathe the one breath, the Breath of Life into your body form. Feel this breath spiraling into every cell and molecule. *You are the living light*. Feel the center of your being glowing as the original creation I AM. Stand in the Presence of God the Creator and speak with that Voice that is His own in the highest frequency possible for this beloved Earth. We are concerned for her now, not humankind. We have concerns for your planet and her breathing also. Look to her. Keep her safe in your heart. Bless her. Keep her safe. Love her. She needs your love. And respect all her life as an extension of Me.

And so with all the love pouring forth to planet Earth, every living creature benefits from our love and our gratitude—and this we know.

Keep her in safekeeping, Sananda says, wish her well.

¹ Sananda is the ascended name of Jesus

LISTEN TO MY VOICE

THE SPECIALS Volume 4, no. 34

8 PM November 22, 1998

World Mother Center, Tucson, Arizona

The inner voice carries My Spirit. And the sound of your voice in Me is creation.

When I speak in you, I AM and My voice will be heard. In the Priesthood of Melchizedek, voices are of Me. They intone My words. Learn to think with My thoughts, to speak with My voice, to join forces with Me in every way so that you might rhythmically proclaim the Order of Melchizedek.

There is misuse of sound; now correct that. Let the sound of My voice be heard. All things patterned in one way can be changed to another by sound and in this way do I change My universe and so clothe you in the new world.

The minute the sound of My voice proclaims itself, it is heard and all matter is subject to it.

In the sound of My voice, you alter frequencies, change the patterns of life now existing on this earth. Every particle, molecule, atom can return to the God Center by the sound.

As you listen to the sound of your own voice speaking My words, divine thinking, listen to the pattern of the sound. Keep in mind the positive and negative. The poles within must be in perfect harmony to speak the word of God as spiritual sound. This is the voice of a master revealing itself to you as you learn to speak to the particles and atoms, rearrange them, the molecular structure, by the sound of your voice, by the perfect agreement of the poles within as they play upon My creative power

and redistribute energy.

What have you done with My sound, oh My people? Bring it forth from the temple of God after the Order of Melchizedek. Sound makes of itself stones and bricks and mortar. Sound is God building and realizing perfect perfection in every particle of energy.

Seek My inner counsel. Look to Me as your heart-mind. Then speak My words through you as the God would speak them in perfect harmony as sound, and realize the force is met with agreement and delight as angels build with you a new world order of My Son.

Sacred sound is now your task, so be about the Father's business of vibrating out of yourself harmony, peace and joy in the God Center of your being. Keep the sound in perfect harmony with Me as it floats out of you to change the earth and heavens too.

Try now to be aware of the sound of your voice and the rhythm of your soul, as you contribute as an energy builder to the creation of a new circuit of energy that is of this order.

You must guard this energy, precious as it is, sacred as it is, and never speak one word lest it be of Me in the holy sounds of the Mother.

Important Notes on Sound

- The ascended masters speak only in the coordinated sound

of the Creator. That's what we expect from you now.

- You can alter creation by the sound of your words.

- And if necessary you can dissolve the world entirely by the sound.

- No hiding behind hair ribbons and tricycles now.

- You emit solar energy that will heal the earth and golden spheres can be recreated by your voice.

- Stand in balance in harmony as two poles in One. Then let the creative power rise to meet the Word. Build of the light.

- Hear the Divine Voice of Being within you, and create out of yourself the light world by your Voice. Your Voice is the creative energy vocalized. God voices His-Her Will through your throat chakra (center). It is when you are in positive ascendance at one with My Will that My creation is formed.

- All the training before is in preparation for this. God's world is to be built by you. Take up the command post I have set you upon.

- Place My sound as you would seed the earth and know that that which is given will come forth.

Now I'm giving back to you what was taken from you. Guard it well. And know that these words are for initiates only. You are not bound, but free. My Spirit hovers to be known.

God created by sound. And so will you.

ROBE OF LIGHT

THE SPECIALS Volume 5, no. 18

Mass translation will begin. Many will wear the robe of light. It is a translucent robe of fiery content allowing for quick dismissal of all negative vibrations and enhancing the creative energy to manifest in immediate radiation.

Your readiness rests in your dismissal of the illusionary appearance and the acceptance of the goal at hand, that of vibrating the GodSelf. Are you ready? Have you the pleasure to walk with Me in the sunshine of a new life where I AM? Give thought to this and all that it will cost you before agreeing to the light body. Heaven will rest in your answer. Today is the day of mass translation when many will don the robe of light. I have designated this day as the day of resurrection and forthcoming ascension.

Live without attachment to any mortal concept. Have no mortal concept. Realize I AM in this moment radiating Who I AM in harmony and in balance with all My creation. See that as your Christ emergence. Walk, then, with authority and speak words as I have taught you with grace and benevolence. Rise to My authority that you may be a king among man, a light in the darkness. Bear witness to Me as the only authority. Be cleansed of all your previous records; be cleansed of mortality and in this way stand ready to receive My light which is the light of My own hand.

Rise now into your immortal body. Yet remain on earth to break bread with Me as the new race.

Let the world know that the light is for all. I come not for the few but for the totality.

Let the passage of a new age begin when man begins to realize light as divine substance and returns to the light as light.

Let this My day of resurrection begin. Sananda

Illumination

Fire meets fire in the Mind of God and those who have the fire will continue on to a place I have provided for them of Me.

As I have promised—I have made Myself a promise also—to finalize the new creation and this I have done by My life. I have agreed to return you to the Father. Every single one shall be returned, for I have not forgotten a single hair. I have lovingly given attention to all.

Settle into the New Light Energy field of which I AM a part. A given part for your ascension into the Breath, which is the sanctuary.

Now give hope to many. Remain positive throughout the shift and believe on the Word as it is measured to you.

In these Papers, released in Crystal Light, will be instructions and counselling as you move quickly and decidedly into My New World of Harmony.

Forget the past. How often have I said this to you? How often have you heard and forgotten? My child, My child, I do not speak idly. I speak

from the knowledge of My own Awakening. Have you not thought of this? If I be the Appointed One by the Father, might it be wise to listen and follow My words to completion? I have forgiven you, yet you linger in your old ways. Where is your confidence in Me? I AM the shepherd of His flock.

Now the Flame is lit. Be aware of the constant vigilance I have for you and all that abide on this planet. I have love for all. My watchful eye extends to the far corners of this planet and each and every day I watch. I watch for the ones who come and are seeking My instructions. I have watched and I will not fail in My watch.

Stay afire with My Word. And carry forth the instructions I give that all might perceive My intent for the next millennium of time and space.

I AM your Brother Sananda.

Peace and Justice

That little boy who took your attention was *My own child*.¹ I have brought him back that you might learn from him, of the injustice you do to children, to the Christ light within them and to the process of unfolding which is their right and God-given intent.

Nathaniel Abraham, of whom I

Continued on page 5

speak, was and is a child of light. He was brought to this planet to teach humanity about love. He will be glorified through the light of his own being and return to serve as a Christ embodiment.

The forces that be are proving that there is a belief in the positive side of alignment and that together the emerging Christed humanity will sing a song of hope for the children of all ages.

Take care of My children, for I would have them as I AM. Nothing more, nothing less. I would have them in My court to be judged, for I have the compassion to cover them with new life and to erase all that has gone before. The children need your help. They are victims of your poverty, your disbelief in Me.

Now let no one turn his head nor greet Me as “Abba” without caring for My children first. I would have them all made whole by My love through your heart and your mind.

I bring you a justice system that operates from compassion, divine forgiveness, Christ love. Be clothed now in My spirit; I have made Myself available to crush the injustice alive on this planet. I will crush it, I say, by My Holy Breath and so give back to all My children the Way I have intended as love, light and life.

God's love is the only perfect law. It vibrates as One. Tend to that law and care for the children. All will be made better by this.

I AM your Brother Sananda.

¹ The “boy” who is referred to here is Nathaniel Abraham who at eleven was arrested for murder during a random shooting with several other children. He was tried (now 13 years) in an adult court and convicted. Abraham's defense attorney called the verdict “repugnant” and an embarrassment to the U.S. justice system. –C.

Breathe in now the whole Spirit of your integrated Self, the GodSelf.

Let this presence that is the whole you begin to lighten your world.

Remember that you are much more than you are conscious of at this present moment – much more. You can expand your conscious awareness as a group spirit gathered here today. Remember that all I AM, you are. In My Spirit, you are complete. You can have all that you wish for and hope for, all that your visions proclaim for you and for our planet *as you surrender into the I AM Presence, the Christ in you, the global spirit*. The time is now.

Let us be still in the quiet of our person. Let us know the truth and accept it, our whole being. Let us accept the Universe creativity that is our right and our light. Let us never forget moment by moment, second by second. Let us live this principle of divine activity of the soul and the Spirit. Let us do for others what we would do for ourselves. Let us live in the prosperity of the Christ within.

Be still and feel the presence of the Holy Mother, Mary, as she lights your heart's Flame and reveals to you your great and powerful and wondrous I AM. Now let us begin this ceremony of lighting the Flame within every human heart.

Peace.

From The Will of the Masters Seminar

August 12-13, 2000

When I was meditating, a thought came to me. With the lighting of the heart and the conscious affirmation of your true being, be aware now that every motive of your heart, every desire and every vision that you have is being fulfilled and carried forth by the Creative Spirit, by the Creative Force, by the Creative Power. This is automatic. Now, if you begin to be conscious of

LIGHTING THE FLAME

Continued from page 5

it and reflect on it and accept it, your subconscious mind will act on it, but we have to empower that Creative Spirit that indwells us.

Spirit wants to embody Herself¹ as form complete and as your supply in all ways! But we need to enforce it by our acceptance. Can you believe this! Because it is true!

There is now on this plane *a conscious union between the Christ Inner Voice or the awakened Christ Consciousness and the Creative Power. They are joined. And everything I AM is yours! Let the Christ Consciousness flow!*

The moment you have a connection with your true Self and the Voice of the true Self, the Creative Power is moving out to embody Herself as I AM. Only we can stop it by saying: Yes, but I can't do this, I don't have the talent.

Whatever it is that we reflect back into our consciousness that negates this miraculous sphere may well deter and even stop the objectification of the spiritual energy into form. Recall Jesus said, "*I have meat that you know not of.*" Just say yes to truth! *And the truth will make you free.* The subconscious mind works at the level of your agreement. And the subconscious mind is the Spirit of God! This is your breakthrough!²

¹ The Universe Daughter or Mother Spirit (Holy Spirit) is the Creative Power in full force now.

² I recommend the University book *Breaking Through* as a foundation for this revelation. It is available through the University web site at www.melchizedeklearning.com/cobrea.html

The Inner Voice and the Creative Power are one. The Higher Mind consistency carries the two *as one*. But let us not subject this new dispensation to old world concepts. Let us know the truth and let the truth embody itself as the light, life, of the world.

Let. It is practice, isn't it? Much like a muscle that we haven't used. You are going to *let* the Creative Power³ work for you.

You are in a new space. It is a new dispensation given through the Father's love for you. Soon you will sense our understanding and participation in this creative energy. Because it is stabilized in the Mother, it is reacting in a rhythm far different than previously. It is completely and lovingly all for you in your ascension as Son/Sun of God. It releases itself immediately for your good. *I want you happy on planet Earth.*

What occurs when we rise out of the limited sense of self into awareness of the GodSelf—our superconscious mind and solar awareness—is that we ascend into a community spirit, a group spirit. We as human beings will not know death. We will conquer death. Death will no longer be necessary as we will walk in the Spirit and speak with the Voice of Truth. We will be that which we have come to be: the holy city of God. You can out picture as any age that is convenient and appropriate.

³ Divine Daughter.

You can live eternally because you are your heart's flame and everything is objectified from your heart's flame.

Nothing in this world should dictate to you, absolutely nothing. Everything comes from within. Hear your Voice! Listen to your truth. Reveal it! Everything comes from who you are, your true self.

So, what we are talking about is the emergence, but not an emergence of an avatar but *our* emergence as the Christ Self! This is the real emergence.

If you live by the Christ mind, you live abundantly. Live abundantly by the fruits of your Christ revelation.

It is imperative that we love our Christ Self within, the GodSelf who we are in truth. That is our identity. You are the GodSelf. You are powerful. You are precious. You are beautiful. You are incredible. You are the Christ light brought to earth. *Let Me embody as you.*

There is a revelation—and it's in *The University Papers*, number 153—that announces that our inner voice, intuitive knowing, and what we call the creative power are fused. That is new. And what that means is that there is nothing between my thought, and the ability to have it take form. How idea takes form will come by inspiration and by

THE WORKBOOK

THE SPECIALS Volume 6, no. 5

Behold *The Workbook* within you!

Listen to the thoughts that come. Be centered and listen.

These thoughts that I give you are as a *Workbook* of divine intention delivering My word.

Living in tune with your Christ within is likened to a consciousness *Workbook*. And as you take each day as a school of remembrance and know that I have given you My word, so can every problem be solved and each and every obstacle be overcome.

Look not to another for your thoughts. Listen! And begin to use your own Voice Within as your word, the two-edged sword.

Let the night pass into day and every moment remain in you as sacred and divine. We are one. The Living *Workbook* is your Christ Self.

The Blessing of The Workbook: Study Guide for The GodSelf

Many of you may already know the story of how I came to author *The Workbook*. I had previously written *The GodSelf* as a correspondence course. That course had been inspired and based on many years of Alignment Charts so that it carried the Inner Voice answers and explanations to numerous questions from people of different religious, non-religious, cultural, and psychological backgrounds. So this was a course, followed by a workbook, that embraced the many facets and dimensions of humanity. All were considered and all were loved

unconditionally. This Spirit of unconditional love fills the pages of *The GodSelf*.

Then came the inner guidance to write the companion to *The GodSelf: The Workbook*. I lost all sense of time when I began to write. And as I began to read *The GodSelf* and open to the words for *The Workbook*, I was filled with amazement, wonder and at times a fury! The light of Truth became brighter and brighter as I wrote from the *Records of Melchizedek*. Now I hear with great authority: ***Restore My children to grace! I AM the living Kingdom within!***

The "fury" I felt was for all humanity—in behalf of all creation! Why? I asked, has this simple and revelatory truth been withheld? It is so simple that man and God are one. It is so real! And as I wrote I could feel the Shekinah Light (the Holy Spirit) draw ever closer. It became brighter and brighter until I lost myself to it.

This fulfilling experience has been recorded within the pages of both *The GodSelf* and *The Workbook*. The great and empowering Shekinah Light is within the pages of both books acting as The Comforter and The Spirit of Truth.

Please read and contemplate both books. Take *The Workbook* and contemplate *The GodSelf*. Use both to further your enlightenment. What is different about these two

incredible books? THEY ARE BOTH PROPERTIES OF THE HOLY SPIRIT. And they will be with you in the Temple of Light—not as words but as the very Spirit given!

Let *The GodSelf* lift you to the Presence and the Christ within. Be lifted, be glorified as I AM!

I, Crystal (Patricia Jepsen Chuse) feel so honored to have been able to prepare this glory-filled work for you. May you be blessed by both books.

Lovingly,
Crystal

revelation. Now students will be encouraged to focus on Higher Mind capability and capacity rather than memorizing by rote the limited concepts of a fastly deteriorating world program or world mind. A new door has been opened. We are invited to walk through.

This is an exciting and stimulating era, as we accept the program of the whole Self and join universally with all that we are in the spiraling consciousness of our heart's Flame.

Live consciously in Truth.
