# Raising the Bar on Manifestation

## Lesson # 1

### *The Way, the Truth and the Life*

#### The Church

*The Life Force I AM permits only the Creator to pass through into life as I AM.*

*Listen to Me, O My creation, and hear My Voice. For in My Voice will be the answer to  
your prayers,  
the solution to your problems, and the revelation of My Being.*

#### The First Mystery of the Church

The Church is the Creative Force through which the Creator (the Presence of God) must pass to objectify in all His-Her glory. I speak of the Unity of Man (consciousness) and God (Being). For in this Manifestation there is no

manifestation. All (God) is One.

The Church is the meeting place between God and man. It is the place of the heart-soul where you go to worship, pray and join with God.

Where Can I Go to Find  
Such a Church?

*The holy ministry of God will  
find you.*

There is a Church within your heart where the Door is always open and the Father waits for you to receive Him and be qualified in Light. To be qualified in Light is to receive the Touch of the Beloved and enter the Realization of Partnership, of Oneness, of the utter joy of being "the way, the truth and the life."

Angels will accompany you in your discernment and alignment to the Creative Force that is God's Will for your life. The sacred alignment with the Divine Will lifts you from "needing" into the partnership of Be-ing. And all

comes to fruition as God's earth, an earth that is finished and done. An earth that vibrates the I AM Kingdom and the Presence as World complete. Your consciousness with God is this place of oneness and perfect peace.

***My Spirit defines Itself  
through your heart.***

Now live prosperously in the Kingdom of God, the Solar (Son) field of the externalization of God's Will as your own!

Every chapter has been written. Every page has been turned. Every thought has been considered and harmonized with the New World of the Light. The Divine Credo is and shall always Be, "Let there be Light."

The Creator loves your joy. The Divine feeds on your joy. And then laughter comes...the laughter of a Spring Day...the laughter of God.

*Weep no more, My Creation.*

# Raising the Bar on Manifestation

## Lesson # 1 continued from page 2

*Let My laughter come - the laughter  
of I AM - and feed My Spirit with  
joy.*

### What Is Manifestation and How Can I Be Free of It?

I AM the Universe, AM I not? The presence of "I AM" resolves the enigma of manifestation. For if God is One, in harmony with all life as Life, what more can be needed. What more can I ask for save to know the way, the truth and life that is.

If God is all, I must enter All. I must realize the All within Me as I AM. Here is the key to abundant living.

### *You are not limited in Me.*

**Before continuing, please stop  
to meditate and contemplate  
what has been given.  
The Heart will open the door and  
give you realization of  
these passages.**

### But You Have to Go Empty to Be Filled

In raising the bar on manifestation, the mind is emptied of the world and its platoon of desires and needs. It becomes like a cup raised to be filled with the Light of the Presence.

Radio waves of Light - heavenly Light Intelligence - broadcast into the system of the Universe the universal law that as the empty cup is raised in expectation and belief to Divine Mind, *it must be filled to overflowing!*

*Be ye perfect even as your Father in  
heaven is perfect is the royal*

command. To be perfect as God is perfect seems outlandish and absurd until - UNTIL - one is emptied and filled with the Grace of God and the divine understanding of Truth. When the Witness of the Divine fills us with complete knowing there is no separation between God and soul. The Perfection we are commanded to Be can only occur - and it MUST for our soul's sake - through the abandonment of the worldly desires for the infinite reality and PEACE of God's World. The Master Jesus called that World the Kingdom of God. And He called us to that World before all else.

God's Presence in Truth is the only reality. To let God is to release the fear-based ego self or "little self" and to posture ourselves in Higher Mind and the full riches of Kingdom Consciousness, the I AM THAT I AM.

*Now can I give you what you  
need.*

*Now can I restore you to My  
Self.*

*I and the Father are one.*

**Even as the Lord is perfect,  
So must you BE in the Lord  
(Word)**

**That He might shine forth  
as I AM.**

**This, then, is the Word  
made flesh -**

**Divine and most holy  
objectification  
of the Mind and the Heart  
where the riches of the  
Kingdom are yours.**

### Prayer of the Initiate

*Oh, Lord, command me  
now*

*That I might move  
accordingly as your  
sacred will.*

*Let my voice be your  
Voice and the radiation of  
my spirit  
Your love complete.*

*And now, using this prayer, in  
keeping with your soul,  
Let laughter come into your  
system,  
The laughter of a delighted  
God,  
A joyous laughter that says to  
you,  
I AM pleased. All is well.*

### The Miracle of "Thank You"

Remember the Master and how He used "thank you" to release the heavens to earth - how He multiplied the loaves and the fishes - how He healed the afflicted and turned water into wine.

The Master knew that if He lifted His spirit to heaven, God would fill the cup to overflowing.

In your relationship to the Divine, open to be filled.

Let the bountiful and loving

## Lesson # 2

### ***The Leaving and the Coming*** **Taking Time to Remember**

*There is a creative process churning within you.  
It is waiting to be expressed.  
But you may be holding back out of doubt, fear or laziness  
From the wonders of the Creative Power.*

#### **The Magic of Being**

What is the magic that stirs within your heart? What notes of song does it play. Are you listening?

What if in your holding back - denying the powers of the soul and heart - you are denying that part you are to play and contribute in the planetary shift?

What if you could cause magic for the trees to grow, to sparkle like an attunement with the Divine? What if this inner Magic I speak of is the Christ power of Life? **It is the joy of being one with the Creator.**

God's world is magical, truly magical. When a child is born, this little one sees the magic and focuses upon it. And until that magic is denied by adults due to fear and forgetfulness, the babe and child has conversation with angels and feels the protection of the Circle of Life.

***This you must return to, O My creation! It is the fire of My Being. You have forgotten the wonders - the magical wonder - of My life as I experience it through your eyes and heart! Now lift up your eyes to the heavens and laugh and gurggle as a child once again.***

***Remember the centers of Light and where they are. Remember to feed these centers with your inner Light. Give nourishment to the plants and seeds and fields. Make things blossom! For you are the Song of Earth upon the earth singing. Remember and see the angels in the sun and the partners of light throughout the heavens.***

But only the Creator can create what is right and pure, you say. In the arms of the Creator you are the creator. You are the Dancer of the heavens and you can do all things I can do *because I AM with you*. I AM not separate. We are not even co-creators because we are One. One Unit of Perfection sealing the land in light and blessing all in the magic of being!

#### **Pure Love**

Listen to the Creative Energy that is your Inner Voice directing creation into spirals of fire. With the fire is the perfect form—that which is to be objectified in Christ image. The power to release this form into life awareness lies within you. It is the direct application of I AM, the Creator's

Sound bestowed on you as the Image and Likeness of God.

Christ, the Beloved, takes form from fire and inner joy. So that all might enjoy this inner form of Divine Perfection, I, the God Presence or I AM, speak through you and declare this into form as perfect love embodied.

The fire wherein the form is held is My pure Love. *That is the fire through which all must come as the embodiment of the New World.*

#### **To use your powers given to you by God:**

- \* Direct your attention to the Flame within your heart. This is the creative substance through which all is made. It is the Consciousness of The Christ, First Seed of God implanted in the soul of man.
- \* Experience true Love, the passion of The Christ, the Solar Presence (I AM) of the GodSelf.
- \* Now, in Be-ing, be attuned to your Inner Voice that speaks with *all* in mind, conscious always of the

great whole and the web of life. Here is where the Creative Power is released. It is in the place of unity with all life and the pure, unconditional love of the Creator I AM.

- \* As the Word is spoken and accepted through you as Consciousness of The Christ, it becomes the spiraling energy of Creative Power. Once released, the Creative Power becomes a fire of enormous potential - much like a great mother or womb enclosing the special child, seed of God - nurturing the embryo of form in its perfection AFTER THE ORDER OF MELCHIZEDEK, the I AM THAT I AM.
- \* If that form is not disturbed by foolish thought and doubts, it will objectify and the full magic of your being will be realized. For you are enjoined with the Creator as well as enjoined with that which you have formed in God's Mind. (There is only one mind in Truth.)

You have only to wait upon God's presence to know the magic of your life and the hidden powers you have been given *in the name of Jesus*. The world does not understand this phrase. I will teach you about it now.

## A New Heaven and a New Earth

Name is your nature. It is who you are. *You are identified by your name.*

The principle and the sacred ceremony of "accepting Jesus the Christ in your heart" is to eliminate the rigors of all ancient ways of traveling to God awareness or oneness. *Heaven has reached you through the Christ-centered Being*

*we know as Jesus.* He is the Christ Seed that has been firmly imprinted in your heart-mind: *the way, the truth and the life.* This is not a religious personality - weak or strong as you imagine him - but a SEED dropped by God Himself into the Heart of Humanity. (There has been so much written and brought to life through the released University Records that time and space will not be spent here on the mystery school teachings of this one.)

The name of Jesus is recorded now in your heart center, the Christ chakra. Jesus is your nature, when you receive the written code of divine love and ascension through the heart.

Imagine that God sees you as the Image and Likeness of Himself. God knows you as His-Her Son, the perfect Light of Himself! You are the nature of the one who has been given power over heaven and earth! The one who spoke in the Voice of Truth or God; the one who shed his blood upon the earth and called her into ascension; the one who demonstrated the forgiving, unconditional love of God - when realized - is *you*. You have the nature of Jesus, His Christ name, when you receive it and declare it as your own. Your soul will lift you into the realization and revelation of this paragraph. The material mind will find no answer here, only the heart will know.

Today is the day when you leave the world and come home to Me. The magic of being is yours in Me, the Christ within, God The Son. Open wide.

## Lesson #1 continued from page 3

nature of God see all that is needed and *let* the fulfillment enter you and be a part of you. *Let* your cup be filled to overflowing!

Balance, harmony and perfect love are trinity partners within the I AM THAT I AM.

The Law of objectification is balance, harmony and unconditional love.

The heart knows this Law and when the heart is lifted as a cup in gratitude and thankfulness to the Creator or ALL, objectification will occur.

This is the Law of Being, God knowing Himself on earth as it is in Heaven. It is all Heaven knowing Itself!

Now go you forth *in the Law of God* as a joyful participant in Oneness, *the Allness of Being*.

*You are not limited in Me. Come home to Being and be.*
