THE UNIVERSITY PAPERS VOLUME 8, #147

The Crystal Tablets are open. These registered, vibrating energy crystals contain the fiery essence of a whole New World of light. In these Melchizedek papers you will be able to read the incoming records of the Crystal Tablets and understand the new Consciousness emerging.

Let it be known that you are starborn, a Christ conscious creation of love and light.

THE COMING OF MICHAEL

The Christ Body has become the planetary circuit for the entrance of Michael, your Creator Son.

Heed the flesh no longer, for the workings of the flesh will deter this entrance.¹

The enormous Incoming Energy field of Michael Himself realizes a new dispensation of Light and Life wherein the planet Earth herself shall be translated and carried forth into a new place.

Look to the stripping to begin of greater proportion. That which *must fall away will fall away*, and a world will emerge of the Christ Body no longer hindered by mortal error. Your safety zone remains the GodSelf, *the Presence of God within you*. Look to your Source! becomes the urgent cry as fires leap at command of the Father and bright Light appears on the horizon to beckon all home.

This University has continually stressed the Inner Voice or the Shepherd within the heart and soul of Man. Now unify with that Voice and see that you respond to its divine leading. For the Day has come upon us when all must listen and follow the Loving Shepherd into the House of God.²

The rhythm of Michael, the Universe Creator, beckons to you. Let the wave of this Unifier become part of yourself. In this way will you, Daughter, or Son of God be carried forth to a Bright New World, the Living Light of God.

Transmutation is moving quickly to reorganize Earth and her people into a living sun. As Christ (Sun)

¹Belief in physical death is a working of the flesh. There is no death in Christ energy. The constancy of Life eternal manifests now into higher chakras to begin a new era of the Bright New World. Remember your GodSelf is your consciousness of who you are - right placement of your energy in the I AM Presence. Flesh here means mortal substance.

²The House of God is where no error befalls you and you have the ability to come and go as the sacred Light of Himself.

emerges through the hearts of many, this will bring about immediate effect. Each and everyone will be touched by this Light and returned to the Father in whatever way is possible. For the Masters do not wait any longer. Mother Earth cries out. The sacred Word has been given to bring Earth to her place as a lighted, joyous planet of Christ expression.

Because My Spirit passed through Earth and reclaimed her by My Breath, I, Michael respond now. She, who has given to Me, now receives of My Blood (current of Energy) and shall soon be translated into Living Light. Let it be known that this is so. For this Time has come and so let it be known. I shall qualify Earth as Living Light. Let My Flame rise higher as I bless her in My name. Sananda, Christ Michael.³

"The new life is My activity in you, the very vibration I AM. It is a circuit change, this new life. It pauses and begins again with new breath. You are at a threshold. And lo, My Spirit beckons you through that threshold. The way is open to a new life that is God given. I AM translating you into a whole new sphere of realization. Rise out of earthly consciousness. Be rested in Me." (The GodSelf, 61: 1-2)⁴

The Inner Voice⁵

"My personal guidance will usher in a new era if you would but let Me speak and govern aright. I AM Christ Consciousness in you. I AM the One who is sent. I AM the shepherd of the

continued from page 2

new age." (The GodSelf, 51:27)

The creative circuit that we call the Inner Voice is the Higher Mind circuitry where Father and "son" meet and eventually fuse. This creative circuit is the potential Man has within to rise above the pulls and density of a false world and to become a master him/herself in the guiding embrace of the Father within, the Thought Adjuster.

There is not one who cannot achieve what Jesus did. He pointed the way. With the entrance of Michael into your system *as government*, there is a change in the personality and purpose of the Inner Voice. It is now enlivened with Christ Michael's breath and must obey His mandates for universe government. It is interesting to note the very same Thought Adjuster who served Jesus and Machiventa Melchizedek is overseeing all Thought Adjusters on planet Earth. In the days to come, the circuitry of Creator Michael will influence the Inner Voice as Christ government or the System of Michael.

Thus, what has been played with by some, explored and tested by others or obediently trusted and followed by still others, in its culmination is the Christed Mind, the Father and Son, the solar level of perfect will and judgment. What

has been called the Inner Voice becomes the personal Adjuster as a divine complement to the Creator Son. If, as Jesus said, "I and the Father are one." "You see me, you see the Father." Then, the Father within or Thought Adjuster is *at one* with the Creator Son Michael.

The material that composes the Inner Circuit or Inner Voice is of the Father or Thought Adjuster. **I sent Myself out of Myself to draw you to Me in everlasting embrace.** This amazing circuitry is what we, at the University, have consistently identified as the Inner Voice. It is the Voice of Truth in you beckoning. And it is this Voice of Truth - that when focused upon - will alter your appearance and vitalize your "sonship" in the Infinite Truth.

I encourage you to seek the highest truth and deepest desire of your soul when calling on your Inner Voice. **I come that I may ascend in you as the GodSelf.**

The Voice of God (Eternal Truth) transmutes all error. It is the constancy of this Voice in you that delivers you into the Life abundant.

The purpose of this Voice is to resurrect Man.

As more attention and emphasis is placed on the Inner Voice, the greater will be the achievement of Michael to contain His creation or universe within Himself. *From this will come*

*the embodiment of God The Supreme.*⁶

continued from page 3

Prepare yourselves for the Incoming Light.

God governs through His-Her Inner Voice. In this way does He-She bring all home into the Light. As the Creative Power merges with the Inner Voice⁷ it proclaims the power of God or Truth in your system. Once the Inner Voice has spoken as God within, that Word will objectify as you let it. Do not doubt it. Be aligned with it. Be clothed with the Voice so as to take it on as your Self.

On page 80 (18:18) of *The GodSelf*, these words are written: "It is My Word that beckons unto you and My Creative Power that decrees. I AM the new law upon your system. Thus comes a system of government that takes precedence in your life." And on the next page (18:24) "Words tell you nothing lest they carry My Spirit. I AM all there is. Humans must leave the lie and come home to Me."

Look not to the words I give you but to the Presence emitted through the words. Listen to that Presence only, for that is your guiding Light. It is the ministry of My Son. Be eternally guided by the Spirit of God within you.

Leap to Higher Mind now that you might be governors of My nations.

He who abides in Me is fused with My Spirit and governed by My Thought. I have not entered you to be silent. I have come to speak. And thus the

Inner Voice, as it proceeds into the higher consciousness, is the faculty of Spirit that ignites the brain cells and restores kundalini (indwelling Spirit of God, or Holy Spirit) to the revelation of I AM.

There are three main degrees of the Inner Voice. These are:

1. Intuition and sensory perception (*I stand at the door and knock.*)

2. The Shepherd, Intelligence of Jesus guiding the flock home (*I of myself can do nothing.*)

3. The Father within (*I and the Father are of one accord.*) Active participation with the Father's Plan which results in:

Fusion with the Thought Adjuster (Father within) (*You see me, you see the Father.*)

The conscious rise of the initiate into the third degree of this process results in a companion to the Universe Creator in His forthcoming alignment to all who are connected to "the Father within" or the Thought Adjuster.

SEEDS OF THOUGHT

The Last Shall Be First

- ★ Find the humility of your heart to practice the Presence.
- ★ Be willing to surrender your

pleasures for God's pleasure.

- ★ Lift your heart and soul to the love of Christ. And let the measure of love that falls upon you be given forth without judgment nor any expectation of reward.
- ★ God's world is the Presence. It is time you joined Him there.
- ★ Without harm to anyone, walk the path intended for your soul.
- ★ See the Christ in everyone, animals included. Walk with nature and respond to the kingdoms as your friends and allies on the path.
- ★ Be patient with others who are still victims of the world. He who is not a victim can show compassion.
- ★ Judge not that you be not judged. When God is with you, where is the other?
- ★ Unto the least of you, I say "Come." You are My Israel. Where I AM, you are welcome. I have broken bread with you before. Let us do it again, in My Name.
- ★ You, who are My workers, take your places now. It is time. Those who remember have no argument with Me.

(From *The University Papers* number 136, page 5)

⁶Concerning God The Supreme it is suggested that you review *The University Papers* numbers 3, 8 (section 4), 17, 108, and 56 and 127 on the Thought Adjuster.

⁷This occurs when the heart chakra (center) is open and the "Christ" is born in you.

THE UNIVERSITY PAPERS VOLUME 8, #146

The Crystal Tablets are open. These registered, vibrating energy crystals contain the fiery essence of a whole New World of light. In these Melchizedek papers you will be able to read the incoming records of the Crystal Tablets and understand the new Consciousness emerging.

Let it be known that you are starborn, a Christ conscious creation of love and light.

There Is No Future

Energy balances itself in the NOW. In the circuit of God and man rests the key to immortality and the vital energy field for continual happiness and vibrant living.

I created you NOW. I did not create you for tomorrow or yesterday. You as man or consciousness are My vibrant and eternal vessel through which I can be.

The I AM Presence, divine energy recorded as Being, carries no extension into the past or the future, for there is no future in the Presence or Being. There is no such time as past or future. There has never been such a time nor shall there ever be. The light and life of God can only recognize Itself NOW. Herein is the secret to the Bright New World; it is the place of unity without time or space.

I AM the cloth of My own creation.

Heed the circuitry of My new creation. It is NOW.

The brightness of the New World is the Consciousness of the Christ. It is the Presence of God manifesting as molecules, atoms, particles of glorified light and it is through this world that all may see Me.

The NOW is the creative Presence circulating into every energy particle and it is through these crystals of life energy that all will know

Me as I AM. It is through detachment and living the impersonal life that the energy field of the Bright New World can be experienced. Possess nothing. Own nothing. Have everything.

A Bright New World

Here are three important messages of Universe Truth and God intent that may well be the keys to eternal life and the invoking of the Bright New World.

- ★ There is no future.
- ★ I mold you in the now.
- ★ Stay with Me and I will erase the past.

Everything is order in God's divine universe. Order is the consciousness of the molecules as they lay themselves against one other in perfect symmetry of light and mind. As each particle of divine energy becomes aware of itself as divine (part or member of God's body), a perfect rhythm vibrates to the entire collection of particles causing each one to lift and ascend into Oneness. The collective energy field of the new physics radiating cooperation and genuine love will create a new dimension and will enable you to walk this planet Earth as light.

The general assumption that you must change something for it to be

something is relative to dimensional thinking. When you leave that term "dimensional thinking" and see things another way, then there is Truth only personifying itself in radiant circles and spheres of God intelligence — particles that know themselves as God, or the extension of what we call God as the fruitage.

But this fruitage cannot be separated from God. It is God. Living in this world of creative embodiment is perfection at large and it is the creative Intelligence revealing Itself like an ocean wave in every life experience.

Now let's return to the three sentences previously listed.

There Is no Future.

If God, or the I AM Presence, is only in the present as "I AM," why does man feed on the future, even to planning his/her own death? Can man overcome this tendency or has time projection become such a habit, engrained in mind and heart, that man is forever imprisoned in the world of illusion?

continued on page 6

Starborn - There Is no Future

continued from page 5

The holy spheres of light are descending and all that has been thought of as impossible will be possible. The consciousness of Unity will prevail. Listen to your Thought Adjuster - your Inner Voice - and your highest thoughts will be confirmed. *What has been a duality planet will no longer be. I enter as One.*¹

Consider the statement "There is no future." In reality there is no other moment than the now. Given this statement, can you understand the importance of bringing all your attention to the moment? All retrograde energy wasted in forming the past or projecting a future for creative purposes must be returned to the I AM wherein God dwells as you! In the All-Energy moment all is formed of Me. The causal reconstruction is I AM THAT I AM. This is the Bright New World. The light of this Bright New World is the creative power blazing perfect order as the One.

To have no future, or to consciously know there is no such thing as a future, is to enter Being. Then you can speak the one-word decree with power and love saying I AM! The Presence of God desires to show Itself in *all* forms of Life as you consciously reclaim your power as the One in Being.

Understanding that in Truth there is no future looses all attachments. Memories are attachments. Let the past dissolve, and live in the Presence as God's Son and receive the benediction of the full Grace of the I AM Presence.

A prerequisite to vibrating in the World of Light is to receive the NOW

as your only moment in time and space. Bring all to this creative energy field of the living Presence, the I AM THAT I AM.

I mold you in the now.

Now is the creative energy field of the I AM Presence. It is in the present moment that you experience the God presence. God consciousness is always now; it is the emanation and self-realization of Being. Being projects I AM.

God consciousness, then, is the nuclear frame for all to be formed in radiant perfection. The light of God (Truth) manifests instantly and can always be seen when consciously realized.

You will never find yourself in the past nor in the future. This is because God is only in this moment. (There are no moments, in Truth, but this in human language best defines the concept of "now.")

You have no other identity but the God presence, the GodSelf, in the now. *I AM always with you. We are One.* Thus personality, as understand in mortal thought, must fall away in the consciousness of the Christ or NOW. There is only the Presence appearing as you. And in this oneness, you are brand-new each second. Yet nothing can be lost in God because God is all, everything.

Learn to identify with the God (Christ) presence within your heart for here is your immortal self, flashing forth its identity in clothes

of fire. Please note here. This is important. As the great shift occurs and the veil is lifted from your mind, you cannot become lost in the great God presence because you are identified as the Son! You are already practiced in the born-again experience of identification. You know God in your heart and mind and you have already placed your faith in God's presence in your heart-soul. In your constant reaffirming of the Christ-Son within your heart as who you are, you will find a deeper awareness of Truth and your own place in the Presence. But do your homework! Please! Affirm and focus upon your heart center as the Christ within. And then accept and return consciously to that place of unity with God. Practice this many times a day until this practice becomes automatic.

Meditate on these words: *I mold you in the now.* When you come "home" what happens? No records remain of past experiences. "I and the Father are one." The soul remembers nothing but the bliss of Being. *Here in this place of unity where I and the Father are one, you are perfect being, blessed of My Be-ing, in harmony with Myself.*

Stay with Me and I will erase the past.

Consciousness resting in Me has no past. We are One.

I have always advised individuals to avoid psychic

¹. This is the Christ dimension

continued on page 7

Starborn - There Is no Future

readings and predictions about the future. *Your destiny is in My hands!* When you put your trust in a psychic reading and believe in it, you may well be thwarting your spiritual growth. Trust in Me and know the truth of I AM.

The GodSelf is the whole Self. When activated, the God presence is all that is. This God presence carries no mortal vibration; It is the Consciousness of the I AM THAT I AM. To vibrate at one with immortality, you must leave the mortal sense. The God presence is without illusion; It does not decree illusion. Therefore, when you step into the Presence, all past mistakes are erased and you find yourself released from karma and dwelling in the sacred NOW.

The Four Seasons of God Consciousness

Just as Nature teaches us about the four seasons of the circle of creation, so it is necessary that we understand that we, ourselves, are subject to the four seasons. As we can detach from a possessive life of "my," and "mine," we can better appreciate the turning of the wheel within ourselves. The circle of creation goes on. We embody it, yet for the most part we fight it! Out of ignorance we demonstrate death, disease and manic depression. With better understanding of God's turning wheel of life itself, these negative manifestations will drop away.

Fall, winter, spring and summer is self-explanatory. These four seasons are all part of the renewal process as we learn to allow the rebirthing of who we are and what we are. When the wheel of this creative process functions as it should, we

continued from page 6

drop any past, negative and unnecessary expressions to renew ourselves on the axis of Spirit. We can recreate ourselves within the GodSelf and so never face death in the physical way that has been accepted on this planet.

One of the best ways to reaffirm our life is to move consciously into a recognition of the great GodSelf we are, then release ourselves into the all-loving God presence - without conditions, desires or possessive, emotional attachments. This kind of surrender will initiate a response of your higher self, the GodSelf. Through this dance of creation, you lose yourself to find yourself. And you are renewed with the fire of Life and the great power of God blends with you as the Christ.

If you are feeling a sense of depression, consider that you may be in a creative cycle, actually preparing for your renewal and rebirth. Make a friend of this process.

I hope you will read and contemplate this section. It is new in presentation and immensely important for these changing times. Understanding brings light.

The University, Gateway to the New World

The University of Melchizedek, fathered in the many spheres of God Intelligence, is connecting to the Earth. This will bring a new educational direction to all expressions throughout the world.

The Great White Brotherhood has grounded itself through its initiates who now stand ready to bring forth the higher and deeper revelations of God Consciousness.

You know who you are. You have been tested and tried by the fires of Intelligence and divine Love. Listen quietly and know that specific instructions are given to propel the initiation into a New World of light and joyous expression. Heed the message of the Inner Voice and go joyously, when you are called, to the Temple of Sananda and the sacred solar presence of Melchizedek. We meet in this fold and gather as One Body to present the New World Consciousness.

SEED THOUGHTS

- ☆ Disharmony is the signal that you are not aligned in your conscious awareness. First come home to Me. Then allow Me to express perfectly.
- ☆ Say to yourself: My body is a cathedral celebrating eternal life. My body houses the victorious Christ Spirit. And this is the force that runs up my spine, aligning, correcting and blessing.
- ☆ To give one's self to God is to let go and to let God. When you do this the chakras or centers will open; you will know and you will be. And love will enter into your system to heal and resurrect.
- ☆ When you go to God, you go to love itself.
- ☆ Abide in Me. I AM you.

THE UNIVERSITY PAPERS VOLUME 8, #149

The Crystal Tablets are open. These registered, vibrating energy crystals contain the fiery essence of a whole New World of light. In these Melchizedek papers you will be able to read the incoming records of the Crystal Tablets and understand the new Consciousness emerging.

Let it be known that you are starborn, a Christ conscious creation of love and light.

WHO IS SANANDA?

In the next few hours, days to come, many will ascend. And the trigger for this ascension is one called Sananda. This measurement of Christ Man is the blueprint for the next generation.

Sananda is the ascended name (nature now acting upon us) of Jesus. The God Presence has set this one upon this earth to trigger the I AM Self to emerge. Even as Sananda is, so must you be. **I AM ascended Life.**

Your Call is into this Sananda vortex. And joy it will be as you, yourself, will realize Consciousness Supreme, the living God in you.

Be of good cheer, My people. Be love incarnate. My nature is to love all the same for AM I not all and everything?

No man is an island unto himself. Each one has a relationship to another. All is bound into My heart and My glory. Come, I, Sananda, say Come. I give you rest and I draw you into My own Self as Christed Man.

I stand atop the mountain and I say Come. And each day I say Come, My mountain vibrates to the tone of My voice.

I AM no earthly Son. I AM of the Father-Mother God. I come to gather you

into your original creation. I AM the blueprint for what is to come. Be now in tune with My Being, as light I unfold in My Name.

The GodSelf is the written word of Sananda. He comes to claim you as the GodSelf, the Solar Man. Reach now into the heart of your own being and find Me there. For I AM not separate from you. I AM not apart.

The New World

He who is brother to another is brother to Myself. My Christ image persuades you to become one with Myself. Life is a circle and it is effortless in My being. I AM the creative power within you. I AM the GodSelf. Turn not away from Me in this hour. I have come to claim you and to resurrect you from a false consciousness.

Now be of Me and I will be of you. We are One. Only in this way will you have the presence to do the work of My Father and to rise into the kingdom I have prepared for you through/by My ascension as Jesus.

That which is given to you is of Me. We are One.

Let the cutting board lay upon the land. I will prepare you for this cutting board. Graduate to the higher realms of thought and mind. For have I not governed you well?

We are One. Let this be the workers' light. The divine blueprint that I carry is your own.

Body now comes to the light. Belighted! Sananda, Jesus.

From this scripture that I have given you emerges the powerful circuit of Christ Jesus Sananda, Word of God, and image and likeness of the Son.

Note: When you say the name of Sananda, I quicken you to My posture. Only in Me do you have the strength and the endurance to prevail.

The Full Measure of Sananda's Name

His presence shall prevail within the Earth's circuits. He is the Creator as Man Ascended. The degree of GodSelf that has been determined by Jesus. Consciousness now reveals a new light that has not had footage here before.

continued on page 9

Starborn - WHO IS SANANDA?

continued from page 8

Each Universe has a Son and each Son as the given Word releases many Sons, stars of Himself, thus mirroring forth into the cosmos the life essence of the Universal Father and His presence in all humanity. The purpose of this mirroring forth is to unite and to fulfill all life essences with My Name (or the Creator's nature).

The GodSelf will identify correctly in the music of the spheres. When you let go into Truth, the focus of divine oneness is consciously released and lo, the Son is consciously restored as your heart.

As each human being accepts the Heart of God (Christ) and realizes the GodSelf is the Creator emerged as the I AM, the Son Vibration connects with other Son vibrations to lift the power circuits of the Earth. Behold the Son of God is the presence of the New World of Light.

In the name of God's Word "Sananda" is the mathematical code of Melchizedek. This actualization and lineage of the Word is mandated for mankind now. You have but to say the name and step into it, as bestowed grace, for a new realization to come. That realization will say to you: **I AM the Word. I AM foursquare consciousness, the king of life. I AM the one sought and the one found. I AM the solar vibration of the East and West solidified as the Son of God. The mountain has been climbed. The Work has been done. I claim this Work as my own. I AM the sacred name. I come as that name in me. I AM the Son!**

And through the Son, living as Sananda's name, sets the New World of Christ Consciousness.

Release your light now, Oh My people. As God's world becomes your world in the powerful circuitry of the Order of Melchizedek bestowed upon you as the circuitry of My Son's name, *Sananda*.

Behold the nature of the living Christ. Touch now this nature within yourself, bestowed on you by the Grandmothers of the past and the Solar Lords of your New World of Light. GodSelf Be!

If you want harmony, be harmony.

If you want light, be light.

Know your presence of God is all things to you.

Be clothed in this Presence.

Sananda's solar ray bestows upon you a Son.

The original GodSelf is Sananda, model for the new life as the Son.

The Lord waits not for man but *is* man.

Each day awakens to increased Christ energy. Each moment establishes the star of Bethlehem.

Enter now the glory of God in the fulfillment of your nature.

I AM the living Christ in you.

The World of Light

Cease all effort. Be.

The absolution of an old world, programmed into the consciousness of humanity, is erased. It has no place in Me.

Let the nature of Man rise in ascendance and proclaim the name (nature) of Sananda.

I bestow upon you this name, that you may be with Me as I AM. My Consciousness joins you through the name of Sananda.

There is a Law that says that all Truth must be personified. There must be a given example of a Truth by Man himself. Otherwise, that Truth remains hidden, and not fulfilled. Thus when Jesus ascended into the rhythm and the nature of Sananda, he gave thought to his ascendance. He proclaimed the great Law of Ascension and delivered into Man's cup the fulfillment of Man ascended. By acceptance of Truth in degrees it is given, do you attain your godhood. As this Truth is accepted, realized, and absorbed in consciousness, it lives.

Mathematically the name of Jesus digits to five, the number of Man. Sananda's name digits to seven or the Order of Perfection. Each name carries its own Law and triggers higher consciousness entering the soul of humanity.

Starborn - WHO IS SANANDA?

continued from page 9

Bestowed upon you is the name Sananda, the rich and pure name (nature) of ascension. The whole body is light in this name and in this name you are the ascended Man or GodSelf. Be lifted in the name of Sananda, the consciousness of Man ascended in divine love. Let the GodSelf proclaim Sananda as your blueprint, the vital force of I AM. Be that name in yourself. Be it.

From *The Book of Sananda*¹ recorded by Sister Thedra read:

I say unto them: I am not amongst the Black Magicians, neither am I of the dead! I LIVETH! I LIVETH! I LIVETH! I cry unto thee: See! Behold the Lord. The Lord of Hosts. The Lord of Lords – Behold This Day – See The Hand of God Move – Rest in Me and be ye made whole, for this have I spoken.

I AM HE which has been sent of Mine Father that ye be awakened. So be it, I AM Sananda

The Book of Names

Each Name is a nature of God or Truth. When avatars are sent to mankind, they depict a name of God or Truth. And this name is to be respected yet embodied by many and glorified.

Every religion has one name that it reveres. Often the person or persons remain identified and fiercely loyal to one name as the all-

name. Thus, the prison of dogmatic belief will often bind individuals so that they go no further in their relationship to Living Truth, the Consciousness of God unfolding.

Each Name is a personification of Truth. And each name or aspect of God's nature is for all.

It is wise not to stop in your consciousness unfoldment. Rejoice in the Living Truth and fulfilled will you be as the GodSelf.

The name Sananda, bestowed upon you, is the risen Man or consciousness. It is the ascended being registered on earth so that all humanity can read the glorious records of a world of light.

Sananda gathers all names of Himself into His Person as the solar ray of Melchizedek is extended to all mankind as the hand of Christ. Let Sananda's world be your world, the world of light. Complete your circuit now on the campus of the University of Melchizedek.

Let the one who takes My name become as I AM. For that is My message to you. I AM the Son.

Seeds of Thought

There are seasons to My Life.

When incubation is indicated, be at peace.

Let My Spirit bring forth the new.

Empty and be still.

It is often in the times of stillness, when nothing seems to be happening, that I birth in you My life.

Have the confidence and the patience to move and have your being in the seasons of My Being.

Let go and let God.

Rest in the divinity of your person and trust in That.

I AM not anxious. Neither should you be.

Are we not one?
