THE TWIN FLAME

THE UNIVERSITY PAPERS #53

The measure of a man is his alignment with the Christ. Let the Order of Melchizedek unfold within your consciousness and agree with the perfection of Being that I AM.

The Ascension includes your Twin Flame, or your Divine Complement.

And so, even as Jesus recognized and drew the two into One within Him in His Ascension, SO MUST YOU. As you draw and bring together the positive-negative within yourself, you are actually drawing the Divine Complement to you, and the mystical marriage occurs.

The Divine Complement is that which is complemented only in the higher spheres (regions of light). The Creative Power is the body of that two in One.

With the merging of the two in the One comes a new body of light. A tangible body which you can see and hear. It is a Holy Spirit body. It is the Creative Power that is God in Man risen to actualize the two as One or divine Be-ing. This is the Personality of The Christ decreed from the Beginning and CALLED FORTH IN THIS TIME.

Now in regards to the unique relationship between the two, the Divine Complements, I cannot repeat too often that this is not a relationship of mortal life or possessive love. **Y o u a r e** ascending into WHO YOU ARE in truth. And when the God-Center is activated within your heart and mind, this is what happens: a return to Spirit and to spiritual awareness.

There can be no Divine Complement without the God radiation active within you, agreeing with the Creative Power (Mighty Spirit, Omnipresence) that is rising: That which is the compassionate love, the selflessness that you must radiate as the Christ. **YOU CANNOT RELATE** (or correspond), **YOU CANNOT COMPLEMENT EACH OTHER UNLESS YOU ARE ACTUALIZING YOUR "IMAGE AND LIKENESS."** That is the full proof of your reality.

*The natural rhythms of My Word connect you.
And there is no other.*

There is no Divine Complement in the lower self. There is no

Divine Complement that satisfies the "self", the selfishness, the extreme possessiveness that often overtakes an individual when he or she is "in love" - because the Divine Complement is the other part of yourself in the Christ or the Vital Self of Being.

As this Earth is opening and finding within herself a new heart, a full graduation into Love is taking place. This, in turn, calls forth the Divine Complement, the complementary energies that will produce a true heaven on Earth. The possessiveness that is the human lot at this time does not correspond to the Divine Complement nor to the degree of Power and Light that is making its entrance onto this planet.

There is no selfishness in Me. It is all unconditional, selfless love in Me. I have no other. Your relationships between male and female are a working out of that which is within you in preparation for that grand union within the Ascension.

Monitor how you react to one another: the masculine or feminine pole in your daily activities, for it is simply a reflection of what is *going on within* you. The negative-positive must unite WITHIN YOU for the star to be born, for this union of the Divine Complement to return to you in its COMPLEMENTARY position of truth and love.

Again, I want to underline THERE IS NO DIVINE COMPLEMENT IN MORTAL LIFE. This union serves only in the Higher Self, the Christ attitude, or the higher spheres. I would suggest to you now that you reflect upon this very deeply, that you may be called into a deeper yearning.

The closer you come to ascension, the closer your vibratory Complement comes that you, together, will rise into a new name. But you must remember that your love must be UNCONDITIONAL love. What is taking place in your outer life, or outpicturing, in the polarities is simply a reflection of that which is taking place within you. The Complements must come together WITHIN YOURSELF to actualize the Divine Complement. When the two are One then you are in the Garden of Eden or place of Creative Power and positioned in Me. It is then the holy dust will fall bringing you a peace and a harmony that is all I AM in

truth. You are brought to this Plane by the union of the two in One in Me. Then the harvest will come and what a harvest it will be! I that AM create in the fullness of My Thought. All is in Me and I AM in all. Complete and vital in the truth. Every individual has this potential – every individual who returns "home." That is My Plan.

The soul's mission is to rise into God or Creative Power. It is the passage of this soul into the Creative Power that is the Path. Be alert and observe your relationships. These relationships give you truth. They tell you of your self. Any lack of respect you may be showing to your masculine or feminine counterpart is only a reflection of that which has not come together within yourself. If you cannot align the positive (male) and negative (female) poles within you there can be no completion of the creative cycle. You will be unable to activate the Creative Power (soul energy) and unable to produce or manifest; thus blocking the energy that desires to rise as Daughter of God, CREATIVE POWER. That Daughter-Power seeks to serve the Will of God. When you cause an imbalance within yourself such as I have been discussing, divine initiation is stopped and you may well find yourself in a prison of your own making. To release yourself, the Creative Power must rise in the form of womb-man, woman, the second Eve. If you mistreat the female, your energy will be blocked. It cannot rise and restore itself to its rightful position in the alignment of God.

Every deed that you put yourself to, every act that you undertake, first you must ask yourself: Is this of the resurrection? If it is not, discard it and throw it away.

God unites the two in One as it was in the Beginning. Not as you want it to be or as you think it should be but as it WAS and always shall Be through the formation of God in you.

HOLY SPHERES OF LIGHT

Consciousness manifests. You have but to change your consciousness to change the world. This is a key to your survival. Monitor your reactions, your

feelings, your thoughts. Treat the opposite polarity with love and respect. He/she that you see is part of yourself. Remember to create out of yourself first; not let the outer world dictate. If you can stand in Oneness, you can decree to the world. All is not stable until there is a certainty about your own position.

When you have achieved unconditional love, that sense of selflessness, that unification with the Christ, then you will see and know the Divine Complement, the Twin Flame. As within so without.

Because of the times, we must pay particular attention to this Divine Complement. We must remember that there is no ascension without this union of the two in One.

You cannot force a relationship. You cannot force someone else to think as you do, to feel as you do, to live as you would. The forming, uniting, of the two in One - the divine relationship - emerges as a direct result of your own consciousness of Oneness. There is a Presence in this emergence: the two become the One. The personality (the mask) dissolves into the frequency of light. The man and woman join in a frequency of nine.

The sharp discomfort in energy between two attempting to relate in marriage, business, family, is often a result of lack of attunement with the Christ-Center. Communication must come from the Christ-Center, the Love-Center of our Universe. You, who have stepped on the path of Ascension, may find that your relationships with the opposite sex are changing. More and more you will discover that the only relationship you may have is with the God-Center. From that place (Jesus called it the kingdom within) a relationship emerges of the light.

As you are awakening the powers within you, you are awakening the grace of God within you.

Pay close attention, for the polarities will express in many different ways. And it comes acutely as your time draws near to vibrate the wholeness of your person and the beauty of your life. To become "One" again in conscious reality is the desire of God. As God's plan as the Supreme Being is to express and know Himself-Herself in conscious union of Himself-Herself through you, so does the need to surrender into the perfect rhythm of God-Being become a focalized presence within you. There is

a need for the two to surrender or merge into that One.

There is no "outer" polarity other than that which is WITHIN you. What you see in your outer world is simply your own polarity reflecting back to you. You correct any mistakes you make on the outer by returning to the One. Consciousness of union re-creates itself. It is the blessing of the all-forgiving God. (Forgiveness can be likened to an eraser. It does not look back.)

You cannot force a relationship. Relationship emerges as the One...the City Foursquare. The preparation you have had in this University, and through other schools of light and love, to center on the Christ Within will be very important now as you enter a new era of response-ability. A new life. (This University offers a very full and rich program, laying a foundation for your increased response-ability in the Resurrection and New Era. Books, Cds and supplementary lesson material can be ordered through the University store at <http://shop.melchizedeklearning.com/main.sc> .)

Your Christed energy (Jesus saw the Woman as perfect, by His side) as female is to align with the male pole: divinely drawn together. The two in One must reflect the oneness and the glory of God.

We know in truth there is only one. The power of the Creative Energy draws us together. The Divine Mother calls you back unto Him. And that love that you seek in your heart as companionship is the love of the Creator in you wishing to express Itself into every pore of your body. But you must leave the world now as you have known it. Pack your bags and leave. For the world is not. It never was. This that I give you is My heaven on Earth. It is the blessing of My embodiment: the two in one in the higher degrees of Love.

I Am the Universe Creator speaking. It is I. Hold now this perspective of that which is to come. It is My reason for your life in this vessel. Hold that vision. Watch your ways. And be ascended. BE ASCENDED. Yea, I say unto you: BE ASCENDED. And these things that have been will be no more.

AN EASTER MESSAGE

April 15, 1990 Castleton, Virginia

Blessed are they who celebrate the Cross because then they can understand the resurrection. And the Holy Spirit descends upon them and there is great joy.

You are passing into a dimension of consciousness where there is great light. Be ye prepared as ones for this light.

Allow yourself to be parented by God. When you give yourself to Me, you have both father and mother. There is a fulfillment in this, and a positioning into the balance of all life in you.

Be a lighthouse unto many. Restore the poor. And give them hope and joy. Begin to think of others rather than yourself. And listen to the Voice within that shows you the way, the holy Shepherd of yourself, that is ever conscious of your truth and blends His breath with Mine.

"I have risen!" What "I" is this that rises to proclaim itself? He who is given "I" knows the I. It is the precious Son of God, My revelation in you. If "I" is risen, isn't it time we recognized that "I" in us that IS risen?

This morning the words came to me: Break the attachments! Attachments may be to people, may be to situations, things ... or even thought forms. As we break the attachments a new sound can be heard in our system, the sound of light: I AM!

The body is taking on new energies: proclaiming the King in all systems! The Son is risen through every cell of our body! It is the proclamation of the great emergence of Great LIGHT - high intensity light such as we have never seen before. We are to experience the light of the Universe Creator through our system!

And all things shall be returned home. Isn't this the day for rejoicing? This high intensity light is the Solar Logos knowing Himself as I. As this manifests in Creative Power many devas (angels) dance with joy.

The Cross lays heavy on the soul, but as it is absorbed into the system, a new threshold is connected. And we see the light. And the light is great indeed. And from this light, there comes the two in One. The Holy Trinity comes forth.

The Twin Flames are joined because the great light draws them ever closer and near. Remember from the previous lesson that the relationship, the complementary power which exists between the two, can only be experienced by the Divine Complements in the very highest and the purest degree. Twin Flames do not relate in the lower self, nor through the passive desires of mankind.

And the love experienced by most human beings, as seeming mortals, the love that human beings have sought, the conditions that they have placed on love, that "love" is not available in the spheres of light. There is only one love and that is the love of The Christ. He Who is given unto thee in the center of your self. THERE IS ONLY ONE LOVE AND THAT IS THE UNCONDITIONAL LOVE OF THE LIGHT THAT FOUNDED US: The Christ. Seal of Melchizedek.

So, as the two move ever closer to one another, there is love. Not love for the individual, but a love that is as the sun shining upon this earth and throughout the cosmos. It is like unto a star, a great star of universe consistency. For as we have learned, the fulfillment comes from within. Then that fulfillment draws your Complement to you as ONE AND THE SAME. And you, then, are love, blessed and returned to the Original Creation.

MAN AND WOMAN

UNIVERSITY PAPERS #58

The University of Melchizedek offers you a place to come when ready to break the chains, or safety locks, of your false securities. Then you move into the vast realms of the Spirit where the only guarantee is your own consciousness in God.

Man and woman are aligned to ascend together. They must learn to live together in a peaceful life. Yet, in this peace, each must stand in their own light and function *within themselves* as light. This constitutes the immortal being.

What you must learn, O people of this earth, is the following command: Be true to your Self in the creative power you are. This must be your lesson: To live in the Presence of God, Beingness, whole and complete in your Self. No separation - but complete. For in this completeness lies your state of immortality and the power to Be. Seek first That which is within you as love and all else will manifest in the truth circuit you are as you go from glory to glory in regions of light.

As to man and woman now ... First learn that everything you see and hear is first created within you. That is the secret of eternalization. The creative spark must be ignited within your soul. From that spark will come the Divine Complement. This is the male-female together in harmony, the perfect "marriage."

As you understand the male-female within you and sense their love and cooperation with one another, so then shall you know agreement in your earth experience or your embodiment. Man and woman are not separate. They are one or One, as you draw Me into you as "I AM."

Seek not the mate. You are the mate. What kind of a mate are you? Are you loving in yourself? Supportive? Are you receptive and loving to the other half of your Self? Can you give and receive? Answer these questions now.

The only mate you have is I AM. As you

process out the old system, you will find this to be so.

The mate is within you. Nothing manifests other than that which has been conceived. Can you understand? Join the mate of yourself in complete harmony and allow this mate to objectify as your perfect companion. Loneliness can only come from you - your inability to conceive of your own mate in true form now. Let the mate manifest! As you ascend in light together: I AM one. The mate is part of the ascension so do not deny him/her. Study this well. It is important.

As you learn to release and let - true form will appear on this earth. Come to the place (or placement) of Creative Power and Be. In Being, I AM.

CREATIVE POWER AND THE DAUGHTER OF GOD

Two must become one for objectification to occur. Man and woman must enter the gates together submitting to the loss of 'self' (that degree of self that has been contained in matter). It is through this gate of awareness and absolute surrender to the Father On High, that man and woman will harvest the Child of their union: the Creative Power. This Creative Power - the Daughter of God - is the powerful Creative Energy now being introduced on this planet. It is many, many times more potent than the kundalini force you are acquainted with at this time, and it will introduce to you a much swifter process of regeneration as it is given from the position of the Universe Creator.

Let us know this: Creative Power wants to objectify. It wishes to rise into direct manifestation as Son or illumined Self.

When you allow the Perfection of your being to know Itself as I AM, then the Power will rise and declare Itself in all ways. And you will have inherited My Kingdom. All things become yours in Me. So saith the Lord (or manifest Consciousness).

MAN AND WOMAN ARE CLOTHED WITH POWER

The emotions (energy in motion) of man and woman are intimately involved. Do not fear these emotions; they are just misguided. Draw them into the Higher Self. Cause these energies to work for you and not against you. Negative energies without the support of the GodSelf are destructive. Draw them up to serve the King (I AM)!

THE PROCESS

Even as the conscious and the subconscious must agree to have peace and manifestation, so must agreement be achieved between the man and woman partners. This agreement between man and woman cannot come by giving in - one to the other. It must come by absolute surrender into the Higher Life. There complete

Continued on page 7

MAN AND WOMAN

UNIVERSITY PAPERS #58

Continued from page 6

accord rests. As man and woman face each other - often like two raging bulls locking horns - there is no compromise! The ascension process demands that each partner - sensing a block - goes into a higher state of consciousness. This process can be likened to going through the "eye of the needle." A surrender takes place into the divine will of the Creator, which causes a new, vibrant realization to manifest. Each partner in this ascension process surrenders to the Mind of God or Divine Intelligence. Here in this dimension is the answer, the agreement. And through this process man and woman are connected in a higher degree than before. EVERY TIME THERE IS A STALEMATE AND THE PARTNERS SURRENDER INTO A HIGHER AND DEEPER LEVEL OF CONSCIOUSNESS WHERE AGREEMENT CAN OCCUR, THEY - AS THE TWO IN ONE - ASCEND! That is the process you are going through - many of you - now. Work with the process together.

As man and woman stabilize as new form, new rhythms emerge, and Creative Power joins you as power ready to serve the light. Holy spheres of containment are yours as you learn to go into the light, submit yourself to the light of God The Son. Man and woman are One in that place and shall forever Be. As you can let go of old patterns and join the Oneness in you, peace shall reign Supreme.

To conclude: When man and woman have reached a stalemate and can go no further together but "up", then is the time for both partners to return their energy (e-motion) to God, higher vision. This giving way to the GodSelf creates a new placement of energy, a new dimension. In this new dimension man and woman stand together at-one. The power of God ignites the Three.

LIVING IN THE POWER

This process of opening up to the new light, or the light of Creative Power, signals a new era on earth and throughout

the cosmos. It is necessary for man and woman to practice this higher alignment *consistently* until the energy within them stabilizes. The stabilization is the Higher Mind. It is the creative flow of the Divine Intelligence. A new identity is reached for *both* parties.

As we have studied and realized the potential of the Creative Power as it is directly guided through you as an individual consciousness waking up to the light, so now is given the understanding of the Two in One. Man and woman learn to create together in the God-Center and they do this by surrender - not to one another - but to the One. Holy spheres contain only One, remember that. All things come together in One, as One.

As Creative Power rises and decrees Itself, man and woman are released from the 'karma' of separation. It is time for man and woman to love as Christ. That is the new order. Approaching this new order one learns to direct all love to the Christ Plane. There it (the love sent) is expressed in a universal way.

There is no right nor wrong as the man and woman face each other. Both must give into the Light. If you persevere you will understand this ascension process. It is very important that you do understand, as two must rise as one. Let the human ego go as the two find wholeness and completeness on a new level of consciousness: the omnipresence of God.

For those who have no partner in their living experience at this time: There is a working partner within you. For truly mating must begin in you. As you experience that mating within

yourself, the mate of your experience does externalize.

As you meet the opposite pole in your daily life, apply these principles. Raise your consciousness into Oneness and give yourself to that Oneness as you do this. Remember, do not try to change the other person. But rather alter your own frequency; lift your own consciousness; find the oneness within. As you practice this - the unity of poles - so shall your partner externalize.

FRIDAY

(March 29, 1991)

At noon today I, Crystal, received these words: I will glorify the body.

Study these words very carefully for it is a command from the heavens and it shall fulfill itself.

Throughout the Easter Experience (1991) I, Crystal, have been aware that Lord Jesus Sananda is undertaking the Gethsemane experience again. This time in a collective and universal scale. These words have come to me:

As it is Gethsemane again, Christ Michael, who we know as Jesus, is going to resurrect the body of His own people (often called "the elect" in Christian literature). The "coming of the Lord" is this body of light as the resurrected body of man (man, woman and child). I will harvest My own. This is the ingathering.

The Lord Jesus Sananda (Christ Michael) is in the process of resurrecting the members that make up the Body of Christ which is the body - your body, my

Continued on page 8

body - transfigured into the Body of Light.

For nearly two thousand years an invitation has been extended by the One we have called "Jesus" to partake of His body: to sup with Him. This has been called communion in the Christian Church. This participation in the communion - rightfully taken - acts as an Act of Grace.

As you have willingly given yourself to Me, so now I give Myself - My Son's Life - to you as the Light Body.

The Lord's Supper, as it has been celebrated, permits the Ingathering to take place. All members of His Body are resurrected into the Body of Light, or the Light of the Son. This is the degree of Creative Power now manifest. You have the opportunity to manifest this Creative Power in your own consciousness. Attend the Supper with the Lord.

EASTER MORNING

(March 31, 1991)

When Jesus The Christ walked this planet in full awareness that He was embodiment of the Creator of this Universe, He reversed the system and gave new life to every living thing. He bestowed upon this planet a new seed which was created by His sacrifice of the mortal shell - "I AM the resurrection and the life" was His divine decree - and He redistributed His energy as Creator - "I have forsaken you not" - into a new creation or a vibrant new Seed. He renewed the grass He planted. He raised you into the perimeter of Creative Power that is governed by His Word.

We are now to take up the Original Seed of Christ: the Seed, which is creative Fire in you, that was cast in the beginning after the order of Melchizedek (the original Program of God).

SON OF GOD EMERGED

The Creator of this Universe blessed

Earth by His presence. As Jesus, Creator Michael descended upon Earth: here upon this earth He realized His Creative Power (Daughter of God, Divine Mother Energy) and restored His creation to its rightful place saying: "It is good."

Jesus took upon Himself the burdens (karmic imprint) of the world. He wore the mantle, or the mask, of flesh which was the result of the Lucifer Rebellion (sometimes called the Fall of Man). This Rebellion decreed separation. Jesus entered this system to decree wholeness: oneness. His consciousness, being of oneness, vibrated Truth to Earth. Her centers were touched. Earth became the new star of the System.

As one with all life Jesus made Truth vibrate into all regions of this planet; Sananda (Jesus) was the passageway through which God could realize Him/Herself as Son, Universe complete. Jesus consciously released all life into another dimension. In this way are you redeemed and made whole in Me.

Jesus was the Seed of God: *the New Revelation*. To this you are called.

As Jesus rose, casting off the mortal shell, so must you in this day vibrate a new creation for all the world to see and know.

So many have missed this point of what truly occurred. But now we can catch it, can't we? We can understand that the one we called Jesus personified the New Seed. That Seed - which is in our

consciousness - is dormant no longer. It is the very life essence of God Himself in us as One. Harvest that God and manifest that Creator! For I have come again! And I know My own!

COME TO THE BODY OF LIGHT

(March 31, 1991 8:00 PM)

Now if you will focus on your body of light. Feel the mantle of Christ, the light body, as your form. Begin to become accustomed to its vibration - vibrating in tune with the glorious Christ - the light of the world. You have been promised this light body, and it is with you. You are on the Plane of Resurrection blessed by His glory and the achievement of His promise. (My glorified Flame is within you.)

Feel the body of light as your own being, your actual body. Within this body, you have all the things you need. You simply accept, receive, and let go. The letting go permits the actual forming or materializing of that need.

Again, your house is the body of light. It is the glorious Creative Power sealed as a radiant vibrational holy sphere. It is the second coming that you speak of so often in your churches. In this place you will never die.

ENTER INTO THE PLACE I HAVE PREPARED

No more are you weakened by mortal longing. Occupy the body of light and feel it as your body now: the immortal body of Christ. Here in this place be. It is the great anointing. Every chakra is open.

The "Judgment" is over: Concluded by the Karmic Board. I have received you into My Kingdom and have welcomed you with open arms. You

see Me not, but I AM. And I hold you in the direct beam of My Presence. I cancel out the lie.

Thus a new field of Energy is born. Come, travel with Me into realms of light. Here abide with Me. We are one.

Nourish the Christ Flame as It is indeed the body of light. Well nourished, It becomes a fountain of My Presence.

Be at peace now, resettled in a new life of Creative Power and dominion. Hold that sacred spiral that you are. Train yourself to seek this lighted form in expression, fanning that light within you. Lo, it shall become your actual beingness vibrating as the body of light.

Every time you seek that Flame within, It radiates outwards and is intensified as the body of light. You are able to travel in this body, blessed by My Presence everywhere you go. Your molecular structure is changing right now. Sealed off in this Presence, I permit this change in you. Let the change occur and you will recognize the immortal life you are; and you will see the Creative Power rise and express with love. And it will express continually in and through the Christ Mind: as all your needs are furnished and given unto you as seed of My own kind. (This is emergence of the Christ Race, the vital energy current of Jesus.)

Let go now of the mortal, of the false sense of self. Reclaim your body of light (the activity of the Christ). A great anointing is here. Let the Father within be fully glorified by My body in you. Have you not supped with Me and taken upon yourself My body? Shine forth the given Light: the vital Flame of the Lord thy God, who inhabits you as you. Identify with that Flame.

Feel the body of light. Sense it. And adapt yourself to it, as you begin to change into a much lighter dimensional body. You are enraptured now.

WALK LIGHTLY

Let peace now descend upon this planet. Earth - Begin to ascend! I want you conscious, Earth. Even as Man is conscious, so must you Be. You talk with Man. And he (and she) must answer you. Lo, there shall be an interchange. And that interchange shall focus a new realization of Creative Power, as all come to the realization of attunement.

I glorify the heavens now. All things are touched. Not one ray of life shall remain standing lest it breathes the Breath of Me.

Walk lightly upon this Earth. Have the glory to walk with her. Give her breath to breathe; and listen to her needs and answer them, as I would answer you.

I call the Earth into a new circuit of energy re-formed in Me (stabilized Grace). I AM breathing in new Breath. Into My lands I enter one by one, and pour Myself into them. Each bud of flower brings new leaf. Walk lightly now in the body of light, that you might complement, O Man, this Earth.

As you take upon yourself a new body (of light) so does Earth. This planet is not forsaken. I sent you to be with her at this time that she might rise with you.

Position yourself on the glorious Plane of Resurrection. I have come!

THE THUNDER OF CHANGE

When one is drawn onto the spiritual path, searching for a reason why...there is much information. But as the seeker begins to believe and to stabilize in the spiritual dimension, something (seemingly) goes wrong. Like a warning thunder it comes, growing louder and louder. It is the shift. For even as the growing awareness of a spiritual life becomes sharper and more profound, so does this shifting awareness cause a new dimension to emerge. New patterns arise to take the place of the old. During this period, it can well seem as though one's entire world is collapsing.

For the neophyte, this can be frightening indeed. Here is where wise counsel tells the seeker: Stand steady. All is well!

So it is with our planetary shift: STAND STEADY. ALL IS WELL.
