The Immortals and the Immortality Program

SOLAR NEWS Volume 5, Number 10

Those who are Immortals will know what I am saying is true. They will collect as a body now to bring in a higher dimensional field that will enhance all Earth and her creation. These are my words for the Immortals who are gathering now.

Immortals are creators. They are able to create energy spheres, tunnels of Light and Love, through which they can pass from one dimension to the next.

They are present in the higher spheres as well as here. They cross over from time to time.

Every Immortal on this earth has been awakened. *They know who they are.* They have come to energize the planet, to save her from extinction, to light the way for others

to follow. Many of them are environmentalists, those who are displaying bravery as they try to save the planet from human beings. They are courageous.

Immortals are Melchizedeks, but more than that. They are found in many dimensions of time and space, but hold no awareness of either condition. Often their awakenings can be dramatic and severe. They connect with the higher realms immediately when they awaken. They travel into consciousness worlds past and present and they know the future. They are creators of future realities. And they have the power to change the future. The Immortals are well prepared to serve in these Final Days. They are blood brothers to Sananda.

All the clamor for immortality will not result in immortality—that is nothing but glamorous wishful thinking and cannot be upheld in the higher spheres. To function as an Immortal your declaration of freedom has to be made, and that declaration will be upheld.

For the Immortal, the immediacy of God's Word is the only code of Law. I do not mean the interpretations of various scriptures, but the flashing Tongue of the Creator, the Spirit of the Living Light. All Suns of God know this and have relaxed into Its frequency, the Christ Within (the embodiment of the Word).

The Tests and the Disciplines of an Immortal

- The consciousness of the Immortal relies on no one, no drug,

or medicine. The Immortal draws his or her necessary healing from the Spirit of God or the Blood of Christ. This Blood runs freely but must be focused upon to receive the benefit. Therefore, there are no dependencies on outer cures as the Spirit Itself (Herself) does the work. (The Spirit may appear as a medicine, a vitamin, etc., but it is the Spirit that is the conductor of the healing. The focus is on the Spirit and not on the seeming instrument of the healing.)

- God's Word is sufficient. That is the Law and the Immortal understands that his or her immortality is fed by this mastery of alignment. The constant adherence to the Inner Voice facilitates this program of Absolute Law and Governance through Christ. We are now in a new world of energy. The Centers of Light will respond to the registered focus and call of the Immortal.

- An Immortal is never a guru—a leader but not a guru. By his or her example, the Immortal points the way to the Inner Light *within* each individual seeker.

- An Immortal has had previous training in traveling from one dimensional sphere or world to another. *They know their way.* They live on many worlds at once. They are not subject to one world. They are ready to serve wherever they are called.

The Immortals and the Immortality Program

continued from page 2

They are focused energy points for the New World and they often act as guardians between dimensions.

- The Immortal is not part of a mortal system. Immortals are creators of new systems of governance where the GodSelf is the recognized inhabitant and citizen.

- When an Immortal awakens, the process of the awakening can be severe, as I mentioned. He or she must overcome all fear. The present world or system is energized and governed by fear. Most decisions in a mortal's life are based on fear. To align with the *Immortal Program*, fears dictated by the world cannot impede the intended Immortal. Eliminating fear from the subconscious is one of the primary actions of the Holy Spirit/Kundalini. God's world is not based on fear, as there is only Life Eternal in God. God's very nature is *life*. (My first instruction during my Spiritual Awakening was: "Listen to My Voice and My Voice only. No one knows the Truth. Go back to the beginning." Thus, God's governance was firmly established in my mind.—Crystal)

- Jesus was an Immortal. Thus the Master's path leads you to immortality and the function of true government on earth as it is in heaven. The Holy Spirit guides and lights this path and delivers you to the destiny of your true self.

- The Immortal has no leader other than God's Voice, the resonating Inner Voice of Unconditional Love and Light. Thus, the Immortal has no "boss," no job other than his or her service for the Light. He or she is free of the world's system, free to act in

accordance with the Creator's plan.

- There is no death in the Immortal's consciousness. There is no age, nor thought of man's concept of age. An Immortal refuses to celebrate his or her birthday and he or she has none. There is no consciousness of birth or death. There is only God's World of Light—and in this World, all healing and realignment comes from the Holy Spirit or Holy Breath. Constancy of focus brings results.

- The Code of Light and Life runs through the Immortal's veins and very soul. Thus, when meals are taken (though not necessary), the Immortal prepares and digests only live foods. (My second instruction in my Awakening was "Eat no meat."—Crystal)

- Immortals have known—often as early as childhood—that there is no need to succumb to a physical death. They also intuitively know that they can exist on the Breath and that food is not needed for survival or for their health. The ingredients within the Holy Breath or Divine Mother when focused upon in awareness will nurture the physical and etheric bodies. (Perhaps you have heard, read about or know a practicing Breatharian as an example.)

- Most Immortals have no set religion. They carry with them the All Knowing Presence that permits them to move freely through many dimensions of time

and space as well as belief structures. They are free beings and they are not encumbered by thought forms of the present world system.

- The Immortals are here on earth to assist in breaking the cord of mortality and the stranglehold that the death program has on humanity.

Be alive in the Spirit, they call!
Let go and be lifted! Be life itself!
And in this way will you free others.

The information released in this paper is given to confirm your heritage as a light being. Some of you who are reading this paper will smile knowingly because the words are familiar. Others who read this message may be unwilling yet to doff the clothing of death and disease—to step out of the world system. Take each step, encouraged by your Christ Within, and be guided by your Inner Voice. Do not, *under any circumstance*, force initiation or take yourself from food when your consciousness has not been prepared. Your guidance will come. However, if you are a realized Immortal, be comforted that there are others like you and they are stepping out of the shadows as the New World government commences. *My System is Light.*

Divine Substance, I AM That

THE MASTER'S PAPERS No. 92

The immortal material (IAM) that is the WORD or CREATIVE POWER is manifest Energy or POWER of the life I AM. It is the Creative Energy of the Word.

In the Angel lessons available through this school you learn that God's Love is constant, never changing and without conditions. The angels tell you that as you open your heart to God's ever present and unconditional love, this love enters your heart and becomes God's heart or the Heart of Hearts. God enters and is.

This love, ever constant, is the sacred fire of Being and is the fulfiller and ceaseless provider of all that you need in the world of light. It is the establisher of God unity in your soul.

The love of God is DIVINE SUBSTANCE. It is the basis of all form in its perfect mold and intent.

Therefore, as you empty yourself of *all* desire and concern for "self," and invite God into your heart as Divine Love (not an emotion), you are inviting the Creative Energy that is God in action into your life to express as all good and the Divine Will. As you courageously take this path of emptying to be filled with Love Divine, you walk the way of the master and fulfill your full mission in the degree of love.

This is a powerful statement I am making to you and I hope you take it seriously. For it will put in motion rivers of power and light yet unheard of on this planet. It is the Christed Energy of the Divine Man.

-Crystal

The Day of Pentecost A Gift of Spirit

SOLAR NEWS Vol 5, Number 26

Those attending this gathering at the World Mother Center in Port Townsend will feel the lift of Spirit at exactly twelve noon. *This is a program for etherialization of the body and will be felt by many throughout My Kingdom.*

I will stop aging now. With this gift you will be able to strengthen your body and remain on the planet as a station of light until your mission is finished. You will not be interrupted by untimely death or disease. This benefits the whole and thus is granted.

The Shekineh Light will fill the room and this Light will penetrate your cells. You will be vitalized and created in a *new image* as you partake of the Gift of Pentecost.

Be on fire! Be on fire! Let My love enter your cells and place within them My solar life as the transfiguration of humanity!

My gift of the Spirit comes to you as My gift to lighten your present load and to grant you freedom through Me. As the glory pounds this earth and grants her freedom also, be ready to ascend!

We are going to lift you up into a very high frequency at Pentecost and you will vibrate into The Son, Oh miracles of miracles! Do not eat meat or smoke cigarettes on the morning of the Pentecost. Lift your thoughts into the highest and the purest realm of mind and heart. Rest assured you are ready as you partake of this golden issue of transfiguration. Mother Mary, the World Mother, and I, Sananda, will be looking after you during this procedure.

Personality

THE MASTER'S PAPERS NUMBER 38

Too much attention is still being paid to the personality. I cannot emphasize this too much. *This is a form of attachment.*

There is in Truth the Oneness. This is the key and it is the Law, the eternal Law of Existence. Only in the Oneness will you find Truth. Only in the Oneness will you find *life*. And this life must not be given false identification.

The Law is I AM. There is but One universal Law in Truth. There is no other. Read your GodSelf lessons carefully. Study the words. They will tell you of this.

When you decree "I AM," you do not decree against something. This is important. Because when you do this, you are setting up error, feeding it and giving it life. The I AM *is the Life within you*, and this Life must express outwardly if and when you are resting in that I AM, seeing Truth not evil, not even the personality. You must live in the Presence to have the Presence objectify. And this must be written over and over until you understand. The Word – the eternal Word of the Creator -- is I AM. When there is no other in your consciousness -- only then -- forsaking all else -- will I come to you as universal Being to objectify Myself as That which is needed or desired for all creation. You see, the minute you rest in Me as I then God is. The firm and positive identification with the GodSelf does the work.

Never mind what people feel and

think. Stop trying to appease the personality of your loved ones, your boss, your teacher. For these things will cause a block in your consciousness. It will stop the flow of Life Intended.

The appearance has no power as you rest in the Oneness that is My Be-ing. My Thoughts are greater than any thoughts in the material field. When you allow yourself (for it is always by your choice) to be drawn into the personality of another, you lose your consciousness to that one. You have placed yourself in the prison of personality. You have caused affliction upon your body and your mind. You have trespassed!

Be not concerned with another's reactions. What they are doing or feeling. You have no time for that now. You must walk as light and release yourself at last from the mortal fields of existence.

For many eons, many of you who read this have been caught in the debris of this planet, caught and bound in the respiratory system of the false gods who are now emerging as the planet is being cleansed for her transformation. Many a cloud arises that you must not claim. You must recall your strength in Me and leave all behind. Hear the Master's Call, the Call that rings forth in the heavens, "Leave your nets. Come follow Me!"

Now in these last days of a false world, train yourself to stay -- I say stay -- in the Light of the One. Read *The GodSelf*. It has been especially written for you for these times. Raise your consciousness into the Light and free yourself -- O My daughters and sons. To Heaven's Gate you must come! Free at last!

Pay absolutely no attention to the personalities of others! Do not mingle in the false personality that is your "downfall." You must leave everything and everyone. Come join the Master now. As He speaks so it is. *Forever it shall Be. For I send My Light to you that you might be returned to Me as the Christ.*

Leave the personality. Leave the false world. I want you free. Free in Me that I might begin to live in you as is The Plan for all in All. Do not tangle with the false name. Free yourselves! Enter now My Life. For that is the World I have made for you under My Sun. Sananda has spoken when He says: *Go free! Stand ready to ascend!*

Eternal blessings are given from the World of Light,

Kuthumi and Crystal

Easter of the Soul

UNIVERSITY PAPERS VOL. 8, NUMBER 3

Living Abundantly

Say to yourself and mean it: *With every breath I breathe, I AM abundant. As I go into my deepest Self where I AM, I find my Self in Me.*

This Easter brings a *knowing* that God is within and all life is a glorious expression of God.

The tremendous increase in the Light has caused eruptions—not only in the form of earthquakes and tornadoes, but in expressions of increased violence and suffering. You who are cleansed and prepared for the incoming Light are asked to increase the amount of unconditional and nonjudgmental love that is imbedded in your soul as the Christ. Learn and practice to respond to every situation and story on the news with divine love. This is the Easter of the soul. You may not know this yet but you have been brought to this planet to neutralize the violence and assist in the translation of all humanity in this glorious hour of transition into Christ Light. Let the gentle, kind, compassionate Buddha shine through you and please, judge not. We are in the Light of the Solar Son/Sun. Let the Light of radiance from the Creator Son pass through you into all creation as the I AM.

But first, love your Self, your Christ within. When you love and adore your Being within your heart and soul, the body takes on the Light of the inner Teacher. Only then can true love radiate out into all creation. The Light of God must shine through your heart

now and cleanse this earth. Be not concerned with how others think and feel. Be in the Higher Self, the Christ. You have come to do this. You have come to Be.

Thinking and Being in the World of Light

Have you ever stopped to think, Why do I believe in the program of this world? If there is one Presence and one Power, how can there be death, disease, meanness and cruelty? Why have I believed in the stories and the belief of others? Where is my Voice in me? What is the truth? Something deep within me stirring tells me I have been living a lie. I have been buried in garbage—trash—falsehoods. If God is Love then Love is, in truth, *all there is*. Everything is born of Love and is, in truth, divine love in expression.

If I believe in God and in the presence of God as Christ in me, then, surely, the world I see is but a lie—a figment of my imagination—illusion.

Where Is My Courage?

What am I to do? The world is made up of people I love—all believing in the laws of the world. They begin their lives preparing for illness and death. Because they are told to do this. They are educated in the system.

Many live fast and furiously, gobbling up the vestiges of Christmas and birthdays - pagan holidays - happiness bought from a window in a store. And everything is based on fear, is it not? You know - if you don't do this, this will happen? Who rules? What and who is this "mighty one" who is so in control? Driven by fear and anticipation of the "end," most human beings live their lives experiencing fragments of happiness, not wholeness of being.

Who has the courage to overcome the darkness? Who will come forth and join with others waiting to break the cord and shine the light of our Planetary Prince? With Him, there is no darkness. He is the proclaimed Light for this planet and He overshadows all God's creation to make us stronger, to remove the blindness and the false allegiance to a world not true, not real, not of God.

Let us join with Him—the Planetary Prince—and be brave, courageous, in this moment of sudden awakening.

Will you come, He says. *Answer me. I AM the World of Light. Come to me. And pledge your allegiance to the Presence of God and His Law of Universal happiness, prosperity,*

continued on page 7

Easter of the Soul

gentleness and kindness, Love.

I AM the King of Kings. Listen to the world no longer. Be strong in Me. For I have come to release you from the world—its mortal coils and prison bonds.

I AM Jesus of Nazareth, known as the Planetary Prince Sananda. Behold! I release to you the courage to step forth proclaiming the Light. And the shackle of death will fall away. I promise you this. It is so.

The World of Light

We are in a revolution of consciousness. Question the laws, the ways of the world. Put the world to the test. Where is the authority? What happens if you do not obey a law? What kind of punishment is implemented? Is the world that you live in based and ruled by fear? Because, my friend, God is Love. His love is unending and is constantly feeding the soul. His love reached out and blessed all when He hung on the Cross. Just to show us—He hung on the Cross. He demonstrated His Love. And that Love has not forsaken us. *It is now.* For the wicked and the pure. His Love now permeates the earth and is causing her to ascend—to throw off that which is not of love.

I divide not! I AM judging no one save by My own Heart center. I AM realizing Myself in all matter as Spirit! Can you see this? Can you feel this? For it is so.

Let the Star of David be worn on your sleeve once more, but this time let that

continued from page 6

star be as one with the Universe program of ascension! The two interlocking triangles do signify the perfection of being. And the rhythm of the Star pronounces Son of God, divine elevation into the Heart of God. The Star of David is the ancient Star of Melchizedek, the Creator as the Son!

Have the courage to rebel now. Commit your thoughts and your feelings to the World of Light. Follow no man. Consciously hear My Voice of government upon this land and within your heart-soul. I have given you the truth. Listen! By listening, you will grow in Spirit—strong and with the conviction of My Truth. Live the lie no longer. Question the ways of the world. Do not drink of it. I have better springs of living water prepared for you. I AM the Christ within, the purity of Being, the bread of Life. Come home. Exercise courage and begin to walk as an immortal without age and without dependency on the death package.

I have spoken. I AM Sananda, your Planetary Prince. Seal of Sananda

Live the Truth

Take your initiation now. Many have been putting off the Easter of the Soul. It is critical that you stand up and drink of the Light as God's World entering your consciousness. Let the Light

penetrate all parts of your being. Let the light dissolve all that is not of Itself. Be willing to surrender into the Christ within, that sacred light of yourself. But in this moment, decree *I AM the Light of the world.* And so it shall be. Welcome home!

Copyright 2008 by Patricia Jepsen Chuse ("Crystal")

World Mother Scripts

Vol. 3: 68

And darkness Shall Be No More

This script speaks to all of us today. And so I am reprinting it and with it the following words:

Live now as in the New World. Be conscious that you are building thought forms that will serve as the New World consciousness. The power of your thoughts in collectivity with others of the New World Consciousness will enable the shift from one dimension into a much higher realm of Being. Be conscious of this and steadfast as you serve in this moment of change and incredible Light.

Many of you have successfully turned the page and are now citizens of the New World. You will live in the World of Light and return to the ways of the GodSelf in Triune Living. I AM Michael, Creator of your Universe.

January 1, 2009
