The Politics of Being

Throughout the world there are leaders selected by the people, either by conscious assent or by unconscious agreement. We are responsible for our leaders and leaders change when we, the people, accept the idea of oneness, divinity and that spark of goodness we call the GodSelf.

The subject of "community" has been addressed often in the University of Melchizedek. There has been much discussion and misunderstanding of the meaning of community. There is great power in this word and it can facilitate a New World of Light where individuals respond to the Creator's Life and Be-ing.

The birth of a new era has begun, and those of you who have awakened fully to the degree of the Christ dimension and have now begun to assume your assignments as leaders in the World of Light, be cautioned

by the false information that wishes to intrude upon the New World of God's Son.

There is perfection within you waiting to be born. Perfection so pure and grounded in the presence of Light that if you were to agree and follow this Light, all error would vanish from this planet. You are now in this Light, benefiting from It. But this Light must be your conscious alignment to the Creator's Plan for It to resolve all difficulties and obstacles for you and Mother Earth. Note that one of the first demonstrations of this Lighted Era is that Tibet will go free and the Dalai Lama will be returned to His post. The forces of Light, now being released, cannot be stopped!

Declaration of Light

There have been several messages given to me, Crystal, concerning the one called Barack Obama. *He is sent of me*, Sananda has said. *He is a Light among the darkness, a leader of the Solar Life, a creator in his own right, and forerunner of the New World.* Barack Obama embodies a new circuit of Solar Life. This is not a prediction that he will be the next president of the

United States, though he may be. It is an alert sounded from the Creator's headquarters and from the Planetary Prince that this one should be watched, heard and contemplated. He brings a new movement, carried by the Holy Spirit, into Earth creation and into the heart of humanity. He is the forerunner of a new race and the New World, a wayshower for the Priesthood of Melchizedek.

Live now under the Declaration of Light and seek that Light in all forms of speech and actions. For we are the Light vehicles and vessels for the New World—a Light so penetrating that It feeds the Earth with new creative potential.

If you will study the University Teachings released through Crystal, you will find that you are well prepared to live as a Light in the glorious Kingdom of New World consciousness. Sponsored by the World Teacher, these teachings are forerunners also of the Ascended Masters' consciousness and the play of Their Energy on earth.

God's World is opening to you. Won't you step in? The higher realms are waiting to greet you. Hear Freedom's Song and

dance the dance of a Solar Being. Walk willingly out of death into life. For the Centers of Light are beckoning to you and they say, Come.

Get out of the world! The world that has been created by separation from the Light! Remove yourself now because that world is fast dissolving. Let go. Enter now the World of Light, of illumination. A world without fear, anxiety or remorse. Come now to the Light and live with your fellow beings in the Christ World, the Light of the Creator. The Christ here mentioned designates a living Being overseeing the teachings for this Earth and all humanity. The meaning of this word, as it is given here, is *the Light*—the Creator's presence in you as vibrating presence of illumination, where one knows that one knows! It is the Solar Consciousness of Sananda. This thread will weave through you until you become it—a living, vibrating presence of God's World. Empty that you may be filled, and filled you will be by the Christ Light of the New World! We are ready to proceed. Throw off the coverlet of the old world. The Centers of Light are ready to receive you!

Spiritual Courage

Examine all your beliefs—what you have accepted, often without question—what you believe. Examine all your thought forms and behavior patterns. Are you in prison? Have you been imprisoned by a world of separation, arrogance, cruelty and greed? What is your world and who is your world? Sit with Jesus on the Rock as the Master gives His *Sermon on the Mount*. Listen! Then ask yourself again, What is my world? Am I living it,

agreeing with it? Or am I a victim of a world that takes me into death, disease and killing my fellow man and fellow creatures? Who am I? ask yourself. Am I a being descending from God to make this earth a better place? Am I a unit of Light sprung from the Mother to bless and to heal? Or am I a “worm” among men, frightened by what I, in my heart, know to be true? What manner of being am I? Ask yourself these things and then lift yourself out of the old world into My World of Light. To do this you must have spiritual courage—that ring of truth that separates man from beast.

Entering the New World

Now be not fearful of the days to come. They are met by Me. Listen to your Inner Voice that directs and guides you to the safety zones I have created. Those safety zones will hold and protect the Children of Light. They are the central vortexes and the teachers for the new dispensation. Gather them unto you and give them clarity of thought and joy of heart. They are the Coming of the Lord. They are the promise of the New World. They are wayshowers, as you are. And they must be protected now. Shower them with love and print their words.

To enter the New World, hold the frequency high and joyously proclaim it—*the World of Light*. Many reading this Paper will suddenly awaken further and find new courage and new direction. Listen to your Inner Voice and

keep the Son in your consciousness. You are the living Christ, the Light once hidden, now revealed. Be that Light!

Enter the New World where all is resurrection. *I AM the resurrection and the life!* Let not your faith falter and walk in splendor now. The Gate is open and We come—We the Light People. Have the courage to be.

SolenAum Solen.

Righteousness

I AM sent that new light might be concentrated on this planet, and I give My Heart to you that you might love all life in My Name. (From *The GodSelf* 50:13) Enter Me.

Neither Do I Condemn Thee

The Word of the Lord

In these words spoken to me by Lord Jesus Sananda I found my path. I, Crystal, have been Recorder for the Book of Life, Scribe for the Order of Melchizedek and director for the University of Melchizedek. Lots to do! Yet, only a few months ago I sensed a path that blazed within me and imprinted my soul and very cells of my being. Jesus suddenly was vibrating his divine presence through my consciousness saying, "Neither do I condemn thee." These words had been said without anything leading up to it. It was said as an anointing of His Spirit and as an order from the Master to His chela. The message vibrated into my very bones! The memory of the Master's presence and the power of His Word remains. And what it means is this: His Word is a new Gateway and one that all must go through upon entering the ascension program.

And What a Test We Have!

We are tested by politics, religion, seeming racial divisions, our attitudes about everything! If you take Jesus' words (Word as it is the Law of Be-ing) and apply it to every situation that you are in, how quickly you will see and change your speech, tone of voice, human judgments and actions! How softly you will tread this earth with love for all, endeavoring to put into practice the *Sermon on the Mount*.

How thoughtlessly we have behaved. How gratefully we receive

the Lord's words. How divinely receptive we are as we, together, pledge our attention, our keenness of spirit and our heart's metal to the Way, the real Truth and the Life of the Son-Daughter of God!

Neither do I condemn thee.

These words open the door to Grace, to divine forgiveness and to the abundant life. They say to me, as they must say to you, If the Master of Masters does not condemn me for mistakes I have made, past lives that have been misspent, cruelty, greed, disrespectfulness, unclean thoughts and feelings—then I, under this Law of Being, cannot condemn another! With these words given to me by the Lord, I am, as His blessed chela and disciple, lifted up into Him. But—let it be known that I cannot under any circumstances condemn another! I have been called to LOVE. This frequency of Divine Power is power so tremendous that it literally erases sin, darkness, and it rebirths the individual to LIGHT! *There is no death penalty in Me! I AM the Forgiver and the Forgiven.*

How Does the Master's Words Affect My Work and My Life?

They insist that we treat all equally and that we see through the

appearance into the beauty of Spirit. They call us to task to live as the Christ, as *living Light and Love*. We must insist on no ill-spoken words, meanness of any kind. We must love our neighbor - be it China, Iraq, Israel, Iran or North Korea - *with the Love kindled by the Christ Flame*. And we must not judge one another. We must LOVE. When we can do this - and we must - all life will change for us. We shall be a nation of peace; and the Son of God will emerge through flames of Love to bless all life in His Name. This is the Promise of the Christ announced through the heart of the Lord. But we must go there now. It is the new dimension of the Creator Son.

Cities of Love

"The Solar Council waits for you to shift your dimension so that you might join with them in the governance of a new earth and a new humanity."

College of New Learning,
Lesson 26

Translating your energy into higher degrees of Unconditional Christ-like love permits the Christ to objectify through the heart. From this point of energy alignment new worlds can be built and cities of Love vibrated into direct manifestation for the children of the New World.

Neither Do I Condemn Thee

continued from page 4

Through the heart chakra, let the building begin by releasing all error in thought and conception. Follow this by permitting the Light within to draw into itself that which is decreed to outpicture as the Divine Plan. *Let the heart center do the work.* Let it draw, like a magnet coil that radiates Self-Love, the necessary fields of energy essential to manifest the Creator's World. Can you do this? Can you detach from the world, as you have known it—the politics and religious prejudices that have caused wars and dis-union? Can you see the Earth as a global community where rivers run for everyone and grass grows in the playgrounds for every child? Are you ready for this? If so, ask and it shall be given to you. Ask that you may serve as a representative of the Solar Governance of this Earth body. Then step out of the shadows to be known. *Because you are needed. You have been called to the front.*

From the heart center, a magnetic point of true faith and continuity of Spirit form, speak the words given in the Christ Light. Stand strong in those words as *the Word* and all will form as Spirit wills. This is living faith. It is the Solar Christ dimension. And it is the New World Government where prosperity is for all people and respect for all life is observed and carried forth in compassion and divine love.

The assignment for the new humanity is to stabilize at the heart chakra, which is the Christ Center of the Universe. Do not look back but remain in this vibrant center of magnetic force and live from that point of joyous resurrection knowing */ and the Father are one.* **That point of oneness is the act of creation where the I AM THAT I AM is**

released and takes form as creation objectified.

Communities, now forming through swirling vortexes of pure Spirit, will become the Cities of Love for the Creative Spirit - the Flame of the Heart - to identify Itself and redeem this planet.

The Mother Spirit or Flame is offering Herself into the divine plan for Unification. She will serve as that magnetic force impelling the Christ in every heart to vibrate energy of wholeness and love. This magnetic field on earth moves all creation into new circuits, even to a new galaxy of crystal spheres, dominions of Grace. Read the tablets. You will see that this is true.

Higher Mind now takes over the consciousness of humanity, driving the little will to the Father. This is the Coming of the Word!

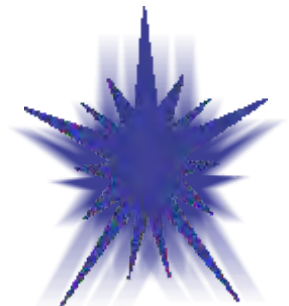

The Plan

Be alert to the movement of consciousness, energy and patterns of living towards unification and community. The word "community" will take on a different meaning because there will be no fences or walls to separate one community from another. Community, under the Christ Governance, is **LIVING AS A GROUP IN SERVICE TO THE CHRIST PLAN.** Each community within the network offers a unique contribution to the whole. There is only One and God's world will come forth and **KNOW ITSELF**

through the One.

Note that when one sees and acknowledges consciously the Christ, the Divine GodSelf within the heart, patterns of thinking will change. The GodSelf I AM will answer and objectify. *There are no enemies in God, in Christ Truth. Man, you have tampered with My Truth. It is time we set the record straight after the Order of My Son's Life in you, after the Order of Melchizedek!*

Neither do I condemn thee.

THE WAY GOD PLANNED IT

THE UNIVERSITY PAPERS VOLUME 8, #9

In the creative circuit of the I AM Presence there is only wealth, total wealth of the Consciousness of God. When we can understand what this means to us, we will be far more receptive to the oneness of God in expression. The journey into the records of Melchizedek today takes us into the sure knowledge that nothing is withheld from the all that is made.

The Creator is within His/Her creation even as He/She as the Creator stands apart to view, to contemplate and to continue creation.

Your duty, assigned from the Beginning when all things were created in love, is to know God within you. This awareness will translate into immediate manifestation of all that is needed, and envisioned. Yes, anchoring the I AM Presence as a reality and as Living Truth in your consciousness will cause the true plan to evolve and all poverty be lifted from this earth.

Your part, then, is to know God within you and to give yourself to God within as the purpose and the fulfillment of your life. Once you discover or self-realize the living Presence within your heart-mind and surrender into that energy wave, the God Presence will seek and become one with the Son within you as the "I AM That I AM." And all desires are fulfilled and meditations are complete within the soul of every man. Thus speaks the Creator to His people; thus speaks the light to the darkness. And in this way is man abundant and fulfilled.

The Son is the Seed of God planted within every human being. And all Seeds must come to fruition as the Sacred I AM. This God Seed is the secret to your abundance and immortal life. The separation from this Seed has caused much suffering, confusion and loss of hope. Jesus brought this seed into conscious awareness as God within

or the Son. There is no separation from Jesus as the Son of God and you.

The Power of Realization

You may read and study and love the energy through these *Papers* and other University materials, yet if truth is not realized it cannot be objectified.

The knowing that God is within you as the living Presence is a revelation that comes from the soul. This kind of realization will move mountains and solidify the anchoring of that which is realized into form.

Realization is a birthing; a loosing into form whatever has been realized. Man is consciousness and the core of each human being is Soul. When the soul is accompanied by Spirit in the dance of Fire, the adventure begins. There is no compromise as the seeker/chela/disciple seeks the Law of One. For the disciple and initiate, consciousness must digit to one. Or manifestation cannot occur. No order can be perceived or objectification occur unless man (consciousness) and God are

One. The Christ initiate learns to decree from the I AM Presence in perfect oneness.

Ancient design, held closely guarded within the Mystery Schools and sacred Orders, continues to prepare humanity for the upliftment of the Earth. When realization and Divine Law are one in conscious realization, the tables are turned and the process of direct manifestation is experienced.

Living Without Doubt

Cause and effect are the same in Oneness. Jesus as The Christ in personification demonstrated this Law. The Law of One. And the Oneness He perceived was written into the New Covenant. When the Master spoke saying, *I and the Father are One*, He planted the Seed of original creation, the Law of One, into the Earth's record and that of all humanity. *This vibratory record is now within every Vortex of Energy on Earth.*

Wars continue though we persevere in the goodness of ourselves to stop these wars.

continued on page 7

THE WAY GOD PLANNED IT

continued from page 6

Yet, the moment human beings realize the I AM principle taught by Saint Germain and lived by Jesus, all wars will halt and the vibratory rhythm will say unto all: *I and the Father are One.*

We are One because God is One. Have this in your consciousness now as it proclaims the unification of all life from deep within the Center of all creation. Yes, you are under the radiation of the Star of Bethlehem, Law of One. This is what the Second Coming is about!

Let your Master proclaim Himself through you as this Law. It will not hinder you or prevent you from your own ascension. Only doubt can slam the gate shut! As the Master encourages, "It is so simple! All you must do is believe!"

In Oneness All Lives Abundantly

The God Presence knows only the God Presence. This is a fundamental Truth ordered and protected by the Melchizedek Sons and Daughters. Through the elevated degrees of Consciousness, this Order has produced Teacher Sons and Daughters. Priests and Priestesses who can translate the I AM THAT I AM through the many dimensions of time and space.

Each heart center carries the tiny atom that is the original Idea or Seed of God. The Melchizedek Order cherishes this Seed and nurtures it through the numerous chelas, initiates, adepts and masters here

and throughout the heavens. This original Seed of God is the "I AM," the divine and most holy Presence. The Plan of God in the Beginning is to seek and to find every Seed and know that Seed as Him/Her Self—the GodSelf. The Order of Melchizedek transmits that rhythm (I AM THAT I AM) to all who are ordained into the Order.

God the Creator, the I AM, will always acknowledge the ordained Priest of the Order if that Priest has been ordained by God. And from that moment onward, no Teacher Son or Daughter, Priest or Priestess, can veer from that path of immortal life and the Law of One. I AM That I AM is the degree of realization always acknowledged before any member of the Order is accepted and ordained.

As all life created from the

Beginning has never in Truth left the Consciousness of the I AM (that is your Root Center), flowing abundance, beauty, peace and divine Love are always present.

A Thought

And as we approach this Christ-Mass season, let us become aware that our birth in Christ does not separate us from one another but unites us in the Great and most holy Oneness of The One.

Blessings of Love,
Crystal (Patricia Jepsen)
