OPENING TO A NEW WORLD

University Papers No. 103

A whole new energy is entering the Earth and this Energy is called Creator Son. It is this manifestation of Energy that will be clothing you. It is the embodiment of the Creator Son Himself.

Vibrating to you now is the Creator Himself. By His nature you will be formed anew. In nature and in form you are rising into a new creation, a new creative circuit. Those who are prepared and ready for passage into this new world of light shall be cleansed of all negativity and released from karmic duties. In this way they will find their High Self in themselves and be that One in conscious revelation and solar agreement.

I will cleanse you of the records of life no longer appropriate in this new world of glorious be-ing. This is a new world I speak of, a conscious world, where all creation vibrates at one with the Creator. You will find much happiness in this world I have prepared for you.

Be of this new world and glorify the Father-Mother within. I would have you

be lords and ladies of light and the central unit of My Being. I release you now from karmic duties. Enter in.

Even as the Great Light enters the planet, *it is I*. Be clothed in this light and joy in it. *The presence of this Energy is the embodiment of the Creator Son*. Be apprised of this.

INVITATION

Let us form together a new world, *a World of Light*. This Light is the powerful essence of Creator Michael. He who enables this Energy to flow *is* this Energy. He is the power circuit and the creative power. He has drawn Himself into creation to lift it into Himself, there to embody all life with His consciousness. He has returned to cleanse Earth and embody her.

The moment has arrived when your presence is needed by My side. I come to ask you to join Me in preparing My sons and daughters for the new light. Enter My solar house.

INITIATION

*To surrender is to give of oneself.
It is here in this place of giving that I
become one with you.
To surrender is to place your self in My
hands that I might be.
The very act of surrender calls God forth.*

Because of the intensity of the incoming Light, we have warnings to issue so that all may be prepared to be constant in this light and go forth as light themselves.

Remember to surrender to the I AM Presence continually. That means release at once all controlling ego. Do not try to control nor to hold onto "your" world. It will be disastrous if you do. You have been registered in the light world already. You are

stationed there, aligned in that place of creative power. Be there *consciously* and release *all attachment* to the false world of ego.

In the process of initiation, the controlling ego must surrender to the GodSelf, the I AM Presence. All power, all supply, all life must express directly from the God Center you are in truth. The moment you sense you are trapped in the realm of good and evil, in the false world of duality, *surrender*. Give yourself - all that you are - up into the I AM Presence. Let the rearrangement of your life take place as you release it to the God presence. Do this often. Each time you release your idea, your job, your life to your Higher Self, there is an immediate rearrangement and an expansion that takes place. (I have seen this as a tremendous fountain of intelligent light particles that are suddenly released from the High Self to express as expanded mission. ... a rearrangement of particles formed of the Great Self released into expression as my life. -C.) Therefore, in order to truly release and surrender to the God presence that It may express (beyond ego), you must be willing to completely detach from all and everything that has meaning for you now! You must be willing to become conscious of and active in the world of light. What is truly meaningful will remain.

Be aware that there is much more available to you - as life - than you are experiencing right at this moment. Every time you let go and let God - and really mean it - you will experience an extension of your Self

A NEW DAWN

University Papers No. 132

Positioning Yourself In The New Dawn

The creation of a new circuit has occurred. It is a new dawning for humanity and for all life intended. From this moment on, Sananda takes the helm of His ship and steers us homeward bound into the Light of All Consciousness and unified loving light. This is a creation of a new circuit, I repeat, in which you are participating.

The Priestess of Light joins with Her complement in offering a whole new life for those who would accept the journey northward into the soul of My Son. The Goddess of Light is officiating over this ceremony of new radiation being poured upon the planet in a joyous communion of God and Man.

This circuit, without question, is the new order which Sananda decrees by His Breath of Life. Those who enter into this order are joined by Him. He will assign each member of His radiant community to a new work for the vibratory cause of all creation and Mother Earth who is giving herself to Him at this time.

Listen to the words of the Lord within, God in you. Receive the light from that place of unified Christed Energy. *There in Me Be. Angels of the Light will attend you as you move into a new order of Being on the Breath of Life.*

I have given you the Master's code of regeneration.

Remember The Heart

The heart is the anchor in the new world. Mother Mary is in charge of the Heart where Man and God are one. It is in the heart that Christ is born, the new vibrating you. And it is in the heart that true compassion is found.

The mind must join the heart in conscious relationship. The heart is the starship to the

new creation. Point your heart to the highest spheres of Divine Intelligence. Reclothe your heart-body with the Christmas Child, the Child (identity) of light. Be knowledgeable about the true Christ religion, not the deviations made by the human mind.

Create out of yourself a heart-body, a body of light. For this body of light so frequently referred to in these changing times is in reality the clothing of the Christ body or the heart. Many men have missed this; many women have ignored this point of love and light. The heart-body is your only place of worship. It cannot go unnoticed any longer. Serve from the infinite heart that is the Christ awareness and embodiment, and God will be with you as the light. Live from the heart.

Do something entirely different this Easter season. Begin to serve from the heart. Take your family to the shelters for the homeless; begin to serve them as though each homeless being was a member of your family. Take upon yourself a new way to express the Christmas (Christ Mass) of your heart. Be not selfless nor flee the Spirit of My Son. Be clothed in My words and join with others like yourself to function as this Christ, as the outpouring of God's heart in you. You can become a light of the world by your loving heart.

The Community Of The Heart

The Order of Melchizedek

The Order of Melchizedek is the expression of Jesus on earth. This Order proclaims Jesus in every way. It is the powerful proclamation of a unified heart with God. The Master walked the heart and was the heart.

He chose you to demonstrate the heart and to rise into the Order of Melchizedek in vibratory accord with Him.

You are His namesake, are you not? You have the Order or Blueprint within every cell of your body expression. You cannot fail what you are. Your atomic code has been restated and edited by the Master Himself, who longs to be with you as divine identity and creative power. He claims you into the light of Himself. His etheric vision sees you whole.

We are watching each and everyone who is identified with the light now. Each watched by the Lamb who is cradling each and everyone in His divine love.

Love regenerates, it supports. The magnification of the Christ love, demonstrated by Jesus as He walked the earth, tells us that nothing is separate nor above nor below. In this love *all are the same* in Christ. Be there in the light of God, cradled in the arms of Jesus who knows you like a book, as the saying goes!

Be there with Me, He says. For I AM with you always. Forget the past. It is a new dawn. I have programmed the light as Sananda, Planetary Prince of this Earth Planet. Programmed in GodMan you are focused on the heart chakra as the Christ Salvation. If you continue in your foolish ways, O man, you will vanish with the world of illusion. By the Christ you are born and shall be known.

This — the much publicized Order of Melchizedek — is a frequency of Lord Jesus the Christ. It is the World of Sananda, benefiting the whole life

A NEW DAWN

intended. This Order is the degree for the initiate that contains the powerful Christ Love of the heart. The Order is the expression of the Christ Way. And so, linked with this Order, you are expected to maintain your heart vibration as unconditional love, *releasing all into the love of Christ*. As creation changes into love there is a miraculous turn of events that will occur. Watch for this as we serve together in the love of God and joy of Spirit. For the opening of Man shall occur as the Christ. A new generation is to be born.

I will lead you to that place and push you through the door. Sananda

Now live in this program of Universal Love. You may claim your full inheritance from this place.

The Glorious Priesthood Of Melchizedek

A Priest of Melchizedek does not announce him/herself. A Priest *is*.

Now may those who have disturbed My Priesthood make amends. I have called you into My Priesthood to serve Me, not another. It is My Voice that enters the Priesthood and it is My Way that is openly expressed. The Priesthood belongs to Me. The Priests are made of My own lineage and they are the Presence of Christ in Me.

No one can leave the Priesthood once they are ordained. They have become One Word so must go forth as My Word Incarnate. The Life Jesus expressed and demonstrated was the Priesthood of

continued from page 3

Melchizedek.

To enter the Priesthood one must leave the nets and follow the Christ within, the Order of Melchizedek. To function within the Priesthood is to embody the Christ in the Will of the Father-Mother; it is to be at one with the Voice of God Mind and to respond to that Voice immediately without hesitation.

The Consciousness that Jesus carried as His own was the Order of Melchizedek. To enter the Order and the Priesthood is to be as Jesus was and is. The highest awareness on this Earth is the Order of Melchizedek and this powerful vibration, acknowledging God as the only power, is your new reality drawing you into the Christ Son.

Religious titles and academic degrees are as nothing to the Supreme Spirit I AM. Let the still small voice of God within speak to you of this and other things that have caused confusion, built wars, divided men.

Divine Order

It is from the Order of Melchizedek that great teachers come, avatars and saints. They are made from this Order—MELCHIZEDEK. The sacred Order frees men into themselves, lifts them into Christ authority and delivers up into their eyes God's vision of His own creation.

The vibratory commitment to this Order is a sacred trust. It is

acknowledging all life as sacred, all in the Presence of God. It is the vibration of this Order through your system that enables others to feel this Order of oneness, the Order of Melchizedek. Be of one life in Me. *This is the Order of Melchizedek.*

This sacred Order is holy to all of us. It is the place where Jesus walked as His consciousness restored the earth. You are invited into this Order as a place of love and communion with all life.

Behold the Order of Melchizedek, the quickening of the mind and the heart, the divine Presence I AM.

The Order of Melchizedek is the vibrating tract of Sananda, emitting His Will to the planet.¹ He who vibrates with the Order is the Creator Son.² This Order is the Creator Son Himself. It is the restoration of the Earth's circuits into the Son.³ It is the highest curve of God's intent for this planet. You serve within the Order as the Creator's Will. It is your passageway to the Son, the Creator Son, Father Michael.⁴ It is the emanation of the Son of God or I AM.

The Universe settlement is taking place through the creative circuitry of the littlest angel, Planet Earth. The entire Universe will consciously receive from Earth a great and powerful revelatory command that will turn the Universe inside out.

About The University Of Melchizedek IMPORTANT!

The University of Melchizedek offers an intensive and clarifying training program for all who have received an ordination (to the Priesthood) from a person, an organization or church. If you are one

¹Sananda being registered at this time as the Planetary Prince, High Governor of this Planet.

²At one with the Will of the Creator Son and embodying that Divine Will of the Father through the Order for maximum service.

³Planetary love. The Christ vibration or emanation at a planetary scale.

⁴Father Michael is the Creator Son or Universe Creator. This Father Spirit emanates from Michael and draws all back to God.

as GodSelf. You may suddenly find yourself in an entirely new place, new rhythm and with new companions of like frequency. It is intended!

Initiation asks you to let go of your present world and to look to God *only* as your base of supply and companionship. Then, from the God Center, I will express as world, as job, as life intended. *I would have My Son in Me.*

Initiation has to do with identification. In identifying with the God Seed within your heart and mind, you will be permitting the last vestiges of the false world to drop away. And you will see and know yourself as you truly are: a Universe Sun.

Many of you have served long and hard on this planet. Many of you have hugged too tightly the things of this world and have returned to repeat lessons yet to be learned.

As the Great Light is issued and registered through the Planetary Logos, watch and pray! Release your fears and false allegiances. Surrender continually to the Great Light that is the embodiment of God Himself. Release all else and come home, as the chariots of fire approach your planet to gather up the intended.

It is time to leave the world of suffering. There is no time left. *LEAVE.*

A brief reminder: As you have stepped upon the path of initiation, you are expected to give up attachments. If you are not listening or are putting off what you must do, then it is quite possible that you will find that attachment torn from you. *In the Oneness I AM.*

THE RETURN OF MICHAEL

The Son of God is your consciousness. Can you not see why the Universe Creator, the Creator Son, is returning to planet Earth to find Himself in every man? There is one

Son and one consciousness. This is the Creator in man, the Seed of God or Truth This Seed becomes a magnetic Center for the new world of light.

There are a sufficient number of awakened Lightworkers on this planet to call forth the entrance of New Light, Intelligent Energy. Thus Creator Michael returns to Earth, not as Jesus the man but as the incoming Light of a new creation. This is the solar presence of your Creator lighting His world.

ANNOUNCEMENT

Enough Light has entered the planet to lift those ready into a new world. The activity has been stepped up to increase the Light so that those prepared will feel the light and carry it with them. We will learn, or remember, how to radiate forth the light body, how to directly manifest supply, how to appear and disappear as the need requires, how to leave the death program far behind as the Way of Melchizedek is adjusted to this planet and the world order established.

Remain alert and ever constant to the Nourishing Spirit. And be lords and ladies of light. You are wonderful!

IT'S TIME FOR GROUP ENERGY

University Papers No. 104

It is time for group energy and I, Sananda, will enter each group and make it to pass.

You can no longer stand alone. The Body is massing that is available for the group consciousness. It is a place of unity and determination, determination to create the paramount vision of the group circle.

The immediate plan that is being focused upon by Hierarchy is group radiation. It is group consciousness manifesting in agreement with Hierarchy as an extension of Hierarchy and God's Government. Therefore, all are being encouraged to meet with each other weekly in meditation and study classes. Your released energy as a participating group will help Us in our work for planet Earth. Almost, if not all lessons at this time, are for gathering in group consciousness. As you well know, the little personalities are of no interest to the Hierarchy. You are tested for this and guided into group participation, as legions of light descend into appointed Centers of Light and World Service. We do not have much time. Be aware of your group and if you are guided now to join with the group or move to the area of the group community, do so immediately. Your response is most important. Release your "personal" desires into the Group Desire where you will serve vibrationally in tune with the Great White Brotherhood and the Melchizedek Order. We claim you back. Come Home!

From The Ancient Of Days

(Saint Martin, June 1996)

Enter the kingdom of light where I AM, and behold the light within yourself as you enter a whole new dimension of universal love.

Be clothed in this energy of love and light. Be *translated*, that all might be as you are.

Behold now the Incoming Light as it is manifesting on this planet, as the formation of *new energy fields of light and love* become an integral part of your daily life. The mobilization of the light forces is taking place and you are here in position to accept this light, this generation of light that will be entering your planet soon as the vibration of I AM.

Liberation is at hand...

Stay at your station now as vibrations intensify, and the world itself is translated into new energy waves of light and love.

All is in preparation for the new world. Each and every center has received this message. You are now to graduate into new fields of experience where doubt is no more. You *know* and *you know that you know*. And this centralization of the Christ vibrates and defines the order of Melchizedek.¹

Empty yourself and receive...

Your purpose will be revealed. You will know. Each and every one here is activated in this Light. Take the old world off your back. Leave it behind. And do not look back. *Let it go*. For once and for all, I say, you are light stationed here on planet Earth for a purpose: to receive this light of the Creator. To erase the karmic vibration of the past. Grace *only* rules this planet. Love is its energy. Abundance is its message, and

wholeness the community. Be there with your fellow star workers on this planet, as we reconnect you into the solar and stellar vibration that is your home and your familiar ground. Be Christed in this energy now as it manifests through your whole being. And respond to this message with joy and love. Seal of Melchizedek.

A Land Without Hope Is A Land Without Christ

Prophecy tells us of catastrophe on the earth. We hear of earthquakes and storms. If we, as children of the light, are not assembled in the Christ Body, the Body of Light, Consciousness of Unity and Light, we will experience earthquake: a dissolution and crumbling of the false world. You can actually hear the sound of the crumbling of the old world. So, you see, if you are identifying or holding onto that world that is dissolving, then you will experience discomfort.

What appears to be chaos is but the passing of the old world, a falling away of that which is no longer needed or necessary as we move into *a whole new world of light*. And this world of light generates so much power and so much love. It is here waiting for you to accept it. Remember this is old familiar territory. This is where you are most comfortable. This is where you have knowledge Open to that knowledge.

You are a community. There is a calling of all centers of light to reconnect now to this body of light, this world of light. You are *in position* now to

¹ The creative order of The Christ Who embodies as Melchizedek in every dimension. This embodiment is the *primary circuit* of your creation.

continued on page 7

IT'S TIME FOR GROUP ENERGY

heal the Earth. And you radiate as suns of God. Melchizedek offspring. Priest and Priestess after the order of Melchizedek. **Reclaim your position now and act with faith. For I say, you have been lit by Me**

Re-establish the birth of Christ in your own heart. Then go forth as leaders of men and builders of a new world.

Be kind to Earth...

Every time there is an impure thought, the Earth suffers. That is how important we are in the Divine Plan! There is so much activity. So much to learn. So much to understand. So many places to go. So many energies to vibrate in tune with as living parts of the whole. Universe after universe. It's endless. It's infinite. It's wonderful! It's wonderful. There are cities to be built and revelations to behold.

Human beings on Earth are evolving into a *whole new experience of community*. The abundance, the selflessness and the service that is a universe expression, much like the sun, will draw us deeper and further into the Omnipresence of God as I AM, the very nature of The Cosmic Christ.

An example...

In Saint Martin many of the participants at this seminar upon arrival went grocery shopping. As the group was staying in one villa, the supplies were stored in the one refrigerator. And it came to me, "The minute the food -- no matter who purchased what -- hits the refrigerator, *it belongs to everyone*. The minute it goes into that refrigerator, it is part of the universal body. It's not my cereal anymore." I purchased the food *by the universal supply, the Mother of all*, and it must be for all.

Whatever service we are rendering, it is always for the whole, for the group and for Mother Earth. This is the Community

continued from page 6

Spirit we must drink of now. We have become a person of great wealth by the understanding of this basic, primary Law. It is the Universe Be-coming and in this way are we *initiated* into the World of Light. Everything has a purpose.... And when we accept the universal body, universal community...the world of light, we are partaking of and with the universal whole, the All-Inclusive Spirit of Be-ing.

It is impossible to either experience or express lack because we, as expressions of the new humanity, are generating the Christ Body and the creative substance of the Mother. **There can be no lack. There can be no disease. There can be no malfunction in the body of God. Once you step into that circle.** *Join Me in My All-Inclusive Being.* In this realization, include sea people, star people, angels, mosquitoes, dogs, cats, mouse, rock, shell. All must be included in the divine Being I AM.

So everything comes to One. And where we are in conscious awareness is where our consideration is. Consider our surroundings. Study your surroundings. Harmonize with your surroundings. See! Everything is giving of itself in this perfect moment. Flower just giving itself. Giving itself in harmony to this beautiful circle of life. Great abundance. You tune in...you tune into the circle of life.... All of a sudden you're flooded with joy, with love and with a support that is a testimony to the world of light.

A new world system has been activated for this planet and it is a

world of light. Essentially, you have collapsed the old world and bid it adieu. Listen, listen to what it's all about.... Be still and know. Participate now as a group in the initiation into a new world of love and light.
