The Lighting of Mother Earth

THE SPECIALS Vol. 3, No. 31

It is time now to bring Earth into her ascension physically. Not etherically, *Physically*.

So that the Earth can feel¹ her ascension process also, **I decree life energy into all molecules and atoms of this planet Earth. I decree the presence of the Ascension Ray under Sanat Kumara. I also decree that this planet lives in harmony forever after.**

In the days hence, there will be many changes on planet Earth. Earth, Gaia, Planet Harmony, will no more tolerate the insurrections that have occurred. We are now working to erase completely the misinterpretations of ¹**intuit**

Earth's energy and her mission in this solar system. *This planet agrees with the Universe Creator. She is entirely in agreement with the presence of Creator Michael in this dimension. There is no reason for her to hold back in her progression to the light any longer.*

Those who desire to remain "laggards" upon the Earth shall not remain. They shall be taken to another place which has been prepared as a school, a special sphere to guide them into a new age. The contamination is over.

We are moving directly to initiate Earth's consciousness into the Solar System. A Solar Ray is descending, which is the out picturing of the Melchizedek office. And this Ray develops within itself and onto this plane of Earth *a new consciousness of reality through all.*

Consider the animals

This morning, as I looked at the three Golden Retrievers who grace this Center and provide much love and companionship and healing for all who come to visit here and study, I knew in my heart that it was time that they stood in their positions in the angelic field.

All animals in embodiment now will begin to personify from the Angelic Kingdom angelic qualities. Be it

healing. Be it divine love, protection, guardianship of this planet Earth. They are to resume their position in the field of energy that we call angelic. *There is no reason to hold them back any longer.*

We are rejoicing on the inner planes as planet Earth takes her ascension and moves into a new reality of visible light and love. Creator Michael visits this planet to welcome her in a special ceremony as she moves into the Solar Ray of His own divine love.

Through spheres of light

We are blessed with planet Earth who has shown such patience, such great love and yet such suffering. But we who have watched over her through the animal kingdom, through the plant kingdom - for many are gathered here this morning - say unto you that this is a changing time when all mankind, all humanity *will think first of this planet and all who live upon it.*

We, together this morning, embody a circle of divine being that calls upon Mother Earth to ascend; **and decrees to every molecule and atom of this little planet that the Golden**

Ray of your Planetary Prince Sananda will penetrate every particle of this planetary body - moving her in grace through the spheres of light to a new place, a new rhythm in the crystal grid of I AM.

I am pleased to announce to you this morning that we say: It is done. We now move upon this planet as *one body of Divine Intelligence* masking nothing.

Planet Earth has arrived. Behave as such. Treat her with reverence, holiness, and she will guide you directly into the Planetary Prince's office, his divine mandate on Earth.

The Golden Ray descends.² And this does mark Earth as a special planet in our Universe. Indeed, very special. As your planetary Jesus has said, "The least shall be first".

Your planet Earth has arrived. We thank you for your participation this morning and your generous gift of your heart energy into this ceremony. Now that planet Earth is resurrected, you will act differently in your body, mind and spirit as you physically take your place in consciousness - as the rays of darkness recede - to the seat of your ascension, to service upon this Earth in the oneness of God.

²**The "Jesus" Ray of transcendence.**

She has a new rhythm

Please be aware of her new rhythm. **It has been activated.** Give precedence to that.

We give your thanks and recognition to the planetary guardians who, too, have abided in much suffering, as they have watched over and protected Mother Earth. These indigenous peoples of the many lands, in spirit form and in physical form, we call you all forth in this celebration that you might be honored also and recognized as angels. Peace be with you.

Nothing is hidden any more. Nothing is hidden. Step forward angels. We are seeing you in a new way. And we will recognize you and know you as persons of great worth in the formation of a new planet Earth and a new sphere of intelligence. The bird call carries the angelic message also as do the rivers rushing in the oneness of My Being. No man is left out if they join the circle of Be-ing. Waste no time: come home.

With the full authority of Sananda, I proclaim the Earth lifted into a new name. God protect the Earth and all upon her. And let love rule through

every living thing, for the blessed Mother comes to settle in and receive her Earth planet back unto Herself.

The building of the Earth begins. Many temples will be seen. Much will be given that has not been seen nor even known before. Nuclear testing is to cease, no longer to disturb your Earth. The oceans will rise up against you if necessary, but the nuclear testing must cease and no longer spoil the rhythm of the Earth.

The new authority

There are laws that must be understood. It is advised that we think of Earth in everything we do. Every thought that we have, every decision that we have must contain Mother Earth, or her systems will not serve us nor agree. The Planetary Government far exceeds any government you have ever known on this planet. It is in strict obedience to "the Father's will", the Law of Being.

That means that wherever you go, whatever you do, Earth must be a part of your thoughts. If it is not in agreement with the Earth plan and the new government of our Planetary Prince, then forgo what you have planned to do. *Every*

decision must include Earth. Every thought, every feeling must be in consideration of Earth. You cannot pollute her any longer. Her place is now in the Solar Confederacy.

If you want to be with her as an ascended being, join her now and understand that you must always consider Earth first and foremost before you think or feel or speak or do. **Every action must contain Earth's consciousness. There must be full awareness now of Earth community, the Earth circle of being. This is the program of a Planetary Prince.** It is the way of the ascension.

It is no longer tolerated that you, as human beings, put yourselves first. You are a member of the community of The One. All things are considered here from the visible to the invisible. From the little elemental to the great Archangel Gabriel, we walk together, you and I.

The Pacific coast will be changed. We will now see much more light there. Many changes are coming as this is a program for this planet to ascend to the world of light and love. This ascension is now in full swing.

Lift your heart and mind to the Planetary Prince who carries the full Kingdom of God within him, and

recognize that it is no longer advisable to drench this Earth with your selfish life - oh My humans - your negative feelings. You pollute this Earth.

From this moment on, declare: I will put Earth before myself. I will consider the community of all life. I will not make one decision without thinking seven generations hence. Please remember these things for it is important. It will make a great difference in your lives. Earth will give to you as never before in the program of One.

You must not contaminate Earth with any lower emotions whatsoever! This is said in the full authority of your Planetary Prince. Give back to Earth all that you have taken from her. This is a decree. **You will make no sport of killing.**

And now the angelic spheres open to you as never before. Be conscious of the angels in all your work, in all your service to the Center of Being.

In this ascension program and because we have been focused upon kundalini or the soul power, the soul force that rises up through the human body, we also are conscious of the

Earth's energy lifting her into a new awareness of herself. In this lifting, all creation is divinely affected, touched and radiated with the Supreme Being. Even the animals will be touched. All life: the fish in the sea.

Supply is energy. It is the presence of energy that releases your supply as the finances you need. Money is only energy. It goes with the job. You have it automatically. It is yours when you don't separate your life from the *one life*.

When you give yourself to universal service, you are in that one life, a living part of it. The one life always considers everything: the welfare of the animals and the plants, all living things.

IMMORTALS, COME HOME

Try this exercise.

It will have a calming effect on your whole body and release the tensions that have accumulated.

- Please close your eyes.
- Imagine the Mother's Breath.
- See it in your imagination. Continue to visualize the Holy Breath until it becomes real, an actuality.
- Accept the Breath as your own breath.
- Begin to breathe with it, slowly and in contemplation.
- Fulfilling every need, the Breath moves through your entire body relaxing it and filling it with the divine beauty of Life eternal.
- Control your breathing, your in-Breath, and out-Breath, letting each Breath grace your body, mind and spirit. The Breath is miraculous, all-powerful, forgiving, refreshing and regenerating.
- Powerful healing takes place now as you let the Breath circulate through your entire being.
- You are breathing God into your system; you are breathing Buddha and Jesus after the Order of Melchizedek.
- You are breathing LIFE; you are breathing Consciousness; and *All that I AM is yours.*
- You will know when you have completed this exercise. Do not get up suddenly.

Wait a few minutes. In this moment of waiting and stabilizing in your new life, feel the changes that have occurred within you, both consciously and in your physical body.

- You are much lighter now because the Holy Breath, the true Breath of Life, has washed away all that is not of your true being.
- Thank the Holy Mother for Her Presence with you as you.
- As you rise from your chair, step forward into your new life as a presence of divinity.
- Do this exercise as often as you wish until, perhaps, you will be so realized in the Breath that the creative energy (God in expression) flows through you without hindrance.
- Your body and your mind are clear, vibrant and present in the perfect order of I AM—the Order of Melchizedek.

Seven Thought Seeds

One for each day of the week

1. You are created wealthy, beautiful and divine. *Be these things.*
2. God is Love. Therefore, you were born in Love. Return to your true parent, Father-Mother God. In Them you have your being and I AM That.
3. Draw from your bank account within. The appearance around you is temporal, subject to your consciousness and your state of mind. When you turn within to your God Center, the appearance must change for the will of God is to reveal Himself.
4. No harm can come to you in Love. Be there in the First Anointing. Love is not only a shield but it is the awesome power of God.
5. God wants you to be God-like. Include God in every thought, feeling and action.
6. Let your consciousness radiate joy—the angels' playland. Be conscious of the angelic kingdom and be with them in your assignment.
7. Stand strong in your Good Place. Hear My Voice. Hate no one. Take no enemies. Punish no one. Unconditional Love causes the eyes to see and the heart to know. Be Christed After the Order of Melchizedek.

AN EXERCISE

Intended to open the body alignment to the Creative Force.

- Let the light of Spirit fill all your seven bodies with divine love.
- FEEL the Love through all chakras, through your cells.
- Breathe in the Holy Breath and visualize divine love flowing up through your legs, up through your whole body, arms and hands, neck and face, until you can FEEL divine love flow through your crown chakra.
- Let your whole body accept and agree with this love. You are beautiful. You are in a state of Grace.

- You do not have to ask anything of God. You *are* God as you feel this all-consuming Love through your entire being.
- Now complete this exercise by visualizing the divine love of your GodSelf flowing down through your crown chakra, arms and hands - through your entire body - down through your legs, through your feet into Mother Earth.
- You might like to visualize the Love energy, which is perfect in itself, as a swirling and spiraling motion of healing, alignment and joy.
- Great happiness and peace is the result of this exercise.
- The body is relaxed into your higher self, your GodSelf. All is well.

The Mystery Records An Introduction

Those who are drawn to these writings may carry deep within their souls memory of an ancient time—a period on this Earth when Virgins of the Mary Order guarded and protected the Eternal Flame and made it safe for all to come near. Some reading this may feel an excitement of a Promise returned, a shift of values or even a twinge of fear. Memories, for the most part, return slowly and in sequence with the consciousness unfolding. There is no rush to remember.

All is in perfect order and nothing is rushed or forced.

The veil that separates you from your past incarnations has served as a caution. What matters is this moment, and how you live each moment of your life here on this planet. When it is time—and that time will come—for the veil to be lifted, you will be well prepared for the information you are to receive.

Initiation is never forced, and this is the rule of this University and the Teachings of the Order.

What is presented here, as the unfoldment of the Record of the Eternal or Virgin Flame, is passed to the reader in energy units of the Holy Spirit, that understanding may come in segments. You would be wise to spend time in rereading, meditating and contemplating what is released in these documents of fire. A message can be read over and over for the Light contained within. Lord Jesus spoke both to the

masses and to His disciples. They were the same words, yet because the disciple had readied his/her consciousness to receive the fire of His anointing, deep understanding would come, a revelation of the Spirit. The Masters of the Great White Brotherhood and the Melchizedek Order are preparing you to receive the depths of revelation and the Creator's Truth.

Throughout the ages, Mystery Schools were set upon this Earth - Fire Temples - that were training schools for the advanced chela and disciple. These Schools were often in the home of the Master who taught the Consciousness of Light. The University of Melchizedek is such a Mystery School.

The Scribe

This is my work—to release and unfold the mystery texts held in Consciousness and guarded by the Ancient Ones, Masters of the Good Life. May this offering from the Records of the Melchizedek Order be a blessing to you.

This is the time of Great Revelation. Let these Records be opened and revealed to the hungry mortals who yearn for the Creative Fire of the sacred Eternal Flame. These are your Records. They are for you. And may you see in your own being the Christ calling to be an Immortal fed by the Eternal Flame of Love.
