The Message of Aquarius

SOLAR NEWS Vol. 8 No 3

(Meditation Gathering held in 2009
at the University of Melchizedek
Center, Mt. Shasta, California)

Good evening. I am Saint Germain. There is a chain of energy that is flowing into the Mt. Shasta Vortex and restoring the fault lines, as well as creating a vital new placement of New World circuits and energy fields. There is a need for all to raise their consciousness *now* out of the mortal - to leave their present abodes and to scramble, so to speak, to the highest peak of their awareness. You are badly, yes, desperately needed to work with us, the Cosmic Hierarchy, in this plane of Love Divine.

It is important - and I stress that - for each one of you here tonight and all those who are a part of the great University of

Melchizedek to be as Love Incarnate, hearts aglow, to recognize you are as leaders and expressions of this New World. And the Door is opening - the portal gate into the Infinite Being I AM - and is beckoning to you now to enter. And in the gladness of spirit, do come, for we have been waiting for this Hour and for you to enter in. You are mortal no longer. Therefore, you can DROP the mantle of mortality that you have carried - for perhaps many of you - for many, many ages.

There is a need for you to approach the Throne of God, to kneel at that Throne and receive the Crown of Light that is your eternal right as cosmic sisters and brothers of the New World frequency.

This is the dawning of Aquarius, indeed. Yet, it is more than that. Infinitely more. For we are conducting an experiment here on Earth that has never been done before: where those who are placed at the vortexes of this beautiful Earth will function as a single body, radiating out the magnificent New World Energy that will be likened to a magnetic field or fields, I might say this, that will draw others into this Light Energy - this magnetic *field*. This is a movement of the highest order. It is your time on Earth to behold the Light, first within your heart as a Solar Field of Consciousness, Love Divine, and then radiate out that perfect Love (the I AM Presence) that the Creator has

bestowed on each one of you to ALL that you see, to ALL, I say, even ALL.

There are no enemies in Cosmic Consciousness. This is a borderless love, cosmic in its intent, and it is for you a new day. Glory! Halleluiah!

Think now what I have said to you. Your origin is love, unconditional love that was given to you through great avatars, spiritual teachers, and the one you know as Jesus, your Creator Son. Now it is time to love as He did and as He does, as we all do as a cosmic brotherhood after the Order of Melchizedek. Teachers rise, teachers come forth. Be the examples now of the New World Energy - a Light of the world. Be that Light. Come out of your hiding places and come forth.

As the communities come together in the highest order of Being - and this is a cosmic order - pay attention. *You are as magnetic fields* vibrating what is intended to be. We have waited a long time so that you might rise in your own awareness and become as the Light you are. Yet now it *is the* time. The curtain has parted, and we are in the Age of Aquarius and the World of Light.

Now you see the portal, the magnificent golden gate, opening for you to enter - and you will enter,

The Light of God

SOLAR NEWS Vol. 8 No 5

The tremendous Light enveloping our planet at this time demands much of us. Yet, we are the People of the Light, and as we resume our duties as Light Angels, we let go of that which has held us in its custody. We do not report to the world, but to the Light Angels and that field of overwhelming Joy that is the place we are most accustomed to and have so missed. Enter the Kingdom of God.

Be open, not to the world's version of prophecy, but to the Light's revealment. What is happening is that the planet is overturning the ego and the new dimension is rising into revelation. The Incoming Light or Second Coming is opening and stimulating the brain cells and Kundalini. The awakening caused by this Light will allow you and others like you to accept the New World and forgo the false predictions and beliefs of the supernatural world of good and evil. This is important: Do not attempt to bring into the New World energy field anyone or anything previously identified by and through your mind. This will not work. All is identified by a revelatory Spirit that is hard at work on the Earth!

The Melchizedek University, in conjunction with the Order of Melchizedek, oversees the World of the Revelatory Spirit. *This Spirit has been released by the Universe Mother Spirit (Creative Daughter).*

All is new - thus a NEW WORLD Dimension! Let go; be clear.

The University of Melchizedek

This University, based in the higher realms, concentrates on alignment to and with the Higher Mind. This is why the Inner Voice alignment and fusion with that Voice of Light is concentrated on in the first degrees of Study with this University. It must be learned and assimilated that

there is little truth upon this earth or through any of her religions. This is because fear and ego have often caused misinterpretation of many of your religious scriptures and beliefs. The Christ Voice called me (Crystal) to the Word by saying, *Listen to My Voice, My Voice only. No one knows the Truth. Go Back to the Beginning. Before the time of Jesus. Go Back.* And shortly after came the words, "I AM laughter and song. What has been said of Me is wrong. Correct it."

The exact training within the University of Melchizedek is to align with the Inner Voice and FORSAKING ALL OTHERS, FOLLOW ME. The letting go of the dense mind and its configurations and disfigurations of Truth is the FIRST LEAP into the Melchizedek Priesthood and this University.

Go empty to be filled!

To retain the Priesthood in your mind and heart, be ever alert that you are not drawn back into world that controls your thinking and dictates to your mind. The thinking comes from the Higher Mind and is revelatory and filled with the Light of the Holy Spirit. The Christ Mind belongs to God. Celebrate the Incoming Light of the Solar Christ of which you are a part and leave the illusion. This is critical. I AM THAT I AM. Leave the Cross.

In Christ Consciousness (living with the Father within) there is no defense of self, no looking back (there is only *now* as I AM) and no justification. There is only Unconditional LOVE, which Jesus personified as the New Testament. He brought us the Revelation of Love. **All else is no longer valid.** The Creator rules by Love. God in you rules by Love. That is the Gospel we are assigned to spread

to the four corners of this Earth. Not as a religion *but as an action of our Indwelling Christ.*

No one should be loved less than another. The Gospel is false that says that the Master loved one more than another. He could not as He represented and personified Undivided and Unconditional Love. Pay attention to this. *It is so. There is no personal love in Me.*

won't you? Without any baggage, so to speak, no encumbrances, only the Light you are - the Solar Light of the I AM Presence.

Walk through that gate and as you do, you release your mortal life, your antagonisms, your resentments, your preferences, even your loves. I AM waiting to greet you. I AM Saint Germain. All is in readiness for your arrival. As you come, we will join you and we will be as one Brotherhood and Sisterhood. And we will lock together, and we will form a united circle, an energy sphere, that will maintain this Earth in her rising and will be as the sunlight upon the souls of men.

Peace be with you. And now come.

Today's Announcement

From the World Mother Scripts Vol. 4:20

A Declaration of Intent

Let us build a Sanctuary of Light where the Consciousness that will reign will be that of our Creator. Let us see that all life is at one and all is in peace. This community of Light and Life can only happen if the community itself is of a different dimension of thought and feeling. This is a new experience for Earth and her babies. They will all comply with the out picturing of the World Mother Sanctuary if those appointed to lead and demonstrate will step forward as the World of Light commences. Let us build a Solar City together, a City of Light, and in this City let all be comforted by the Creator of this Universe and the Mother Spirit that is pervading now this Earth and life intended. Let us build together a New World of Love and Light. Let us *let* that World shine forth and give birth to a Solar Community that will act as the Great Star of Melchizedek, inviting all to enter. That is the Plan. Let the Holy Gates open and the peaceable kingdom be known.

The Sanctuary of the World Mother will be grounded as the Law of Life, enfolding all creation in the harmonious Circle of Divine Life intended. From the presence of the Sanctuary surrounding and fulfilling all life on Earth with oneness, respect and harmlessness will vibrate the new Solar Cities, the Cities of Light. This will be called the Glory Field, an energy vortex that is the Universe Mother Spirit blazing forth the Solar Dimension of tremendous power, love and Creator Intelligence. This Earth and World Sanctuary will be the embodiment of a New World and

consciousness alignment with the Solar Cities on Earth. You will see many changes coming quickly; as the crust of the planet has been broken, new seeds have been planted and the Way showers are realizing the part each one must play in the raising of this planet to Vibrations of Light.

The total Solar Eclipse opens the door to the holy realms of Christ. Translations, awakenings, and ascensions are slated to occur at this time of evolutionary change and planetary shift. With the powerful rays of New Life entering the planet, prepare to let go even more! Dissolve the differences in your past, forgive and let go of mortal transgressions; for now is the time for ascension, translation, and the awakening of the Immortals. Warning: In the Law of Being you have everything you need and all companionship of like vibration. Trusting that, release and let go of that which you have possessed. In the mind of God all is in perfect order. Be there.

Let all the Earth be a Sanctuary in the Presence and realize heaven is on earth and the blessings of the Kingdom are yours. Be gentle, kind and loving. My suns, call forth the divine you.

A Word About the Cities of Light

What is important to remember and understand is that the essential ingredient to actualize the City of Light as a Solar City on Earth is the ability to manage energy: to regulate the degree of energy vibration that is to be induced and retained as the Central Fire and

continued on page 5

All "Lightworkers" who have volunteered for this time of service on Earth are being fully awakened to their missions and to their true Self. The purpose for this awakening is to ignite the recall to occur, so that all who have come to serve in this great hour of the planetary shift and recovery program will be able and willing to shine forth their GodSelf and to light the Earth with their Heart Flame. With all the Lightworkers aligned and focused upon the Light within the heart and allowing the paradigm of the old world and false self to drop away as though it had never been, there will be an interconnectedness or GROUP SPIRIT/ENERGY FIELD actualized. This field of Light made up of all Lightworkers in the Christ or Solar Dimension of Awareness can and will ignite the Flame in the Heart of the planet. That network of Light, brought about by the Lightworkers returning to their true Self, will blaze Light into Planet Earth and into her Flame of planetary origin as a Being of Light, a LIGHTED PLANET. Suddenly, all in some measure will be touched by this Light and the new dimensional field of the Solar Plane. This gift you bring to the planet as a player, a divine partner in the LIGHT PLAN.

Those who have been "chosen" or "marked" as the ones who have come as Lightworkers to begin a new era of Light and Love on Earth are the Christ Intelligence of the New World. They embark with Lord Sananda and the Ascended Masters on a journey that has never been tread before. You are a part of this journey - an awakening soul who will embark on this great journey as a mission of Light. You will be with many who cover this globe. They are awakening and will soon be fully awakened as Beings of Light and Divine Love. You are one of those beings.

"There is no death. Ground that."

February 26, 2009

Spoken to Crystal at the
University of Melchizedek Center
Mt. Shasta, California

With these words Creator Michael, the Universe Creator, gave the permission to all Immortals to GROUND THEIR FIRE and to walk as Immortals in the true sense, vibrating the sanctity of the Creator Son and His Beloved Universe Queen known as the Universe Mother Spirit: the Creative Daughter.

Background...

I, Crystal, was meditating on the focus of the Melchizedek Ranch property - seeing it objectified, and with the Masters agreeing with this manifestation of the new University of Melchizedek Headquarters as the "I AM University" in Mt. Shasta. I recall shifting my attention to Creator Michael and being still as I listened for His Presence. It came instantly, and as if from far, far away through many galaxies of time and space, the Creator said, *"There is no death. Ground that."* This is the ordained will of our Universe Father. Those open to His words and direction will know their part and so begin to walk in the Life Circuit of Divine Life as an Immortal.

As I was recording in my journal the words of Creator Michael, these words were given: *The Immortality Circuit must be established here.*

An excellent description of the Immortal appears in the book *From Mortal to Immortal*, available from the University. It is an awakening Call and for you it may be the familiar and most loved reality of Light. The following is an excerpt from a page in *From Mortal to Immortal*: a book that beautifully describes the Immortal.

From Mortal to Immortal, page 38

There is no "god" above or a heaven in the higher realms. There is only their consciousness integrated with the Life Form of Jesus as the Son - the glorious Sun.

Once established or stabilized as an Immortal, benefits are yours, which enable you to consciously control your environment and vitalize the surroundings. Immortals can and do carry their ability to control environments in which they visit, work and play. If an Immortal is in your midst, the light of this one's consciousness will testify to his or her presence as an Immortal. Always, an Immortal vibrates complete union with Father-Mother God and registers total freedom from the bondage of the world.

The Call

The words of the Light have not been forgotten by those who have been sent. And it is in these words of Fire and Life, which feed the souls of the Immortals, that you will find the New Circuit and the power to leave the world entirely.

Your consciousness can transfigure all life. Let us be about the Father's Business as the glory of God.

**The University
focuses on the
stabilization of the
Immortal Circuit and
declaration of the
Creator's Word:
There is no death.**

Crystal

Mother Flame within the Solar City, the City of Light. Thus, there is a need for training in this field of upholding and maintaining Creative Power, lest there be no Light in the City of Light! The Priests and Priestesses of Melchizedek, trained by the Central Fire through the trials of Lemuria, Atlantis, Egypt, the Temples of the Orient and Ancient Eastern Melchizedek Mystery Schools, will once again take their places as called. When conscious of the Eternal Flame and Her presence on Earth, the Cities of Light will become holy vortexes of the I AM presence. Care must be taken that all Cities of Light serve as beacons of divine order, compassion, and respect for the sacredness of all life.

The work now begins to organize the communities of Light that they may serve as the energy centers for the New World dimension and the Christ Government on Earth. (The Christ Government here does not refer to religion but to the all-consuming and embracing Light of the Central Son and the Cosmic Christ.)

**The Kingdom is within.
My Kingdom lies deep within
the soul.**

**As you rely on Me, so you are
lifted into the new vibration of
Creative Power: the Creator in
expression.**

**The Creative Power shall rise up
in positive ascendance as I AM.
There it shall declare Itself as
one with Life, as the light, the
Christ in expression.
(The GodSelf 42:33-34)**
