THE UNIVERSAL MIND

THE MASTER'S PAPERS no. 50

Mind is a continual Circuit of Energy that is recomposed and decomposed, renewed and built from the Fire of Mannas.

The position of Mind in the Universe is the Mother: It is the Creative Force that is Her nature. And it is the subject of Mind that we will enter now.

The Mind Center of the Universe is the Creative Daughter¹ or Holy Spirit as you call it here on Earth. It is the Mind that carries the "Word orders" Universal Will.

Father Melchizedek recently spoke these words to you in a class: *You people on Earth think that you think. You do not know how to think!*

You are caught in a cage of misinterpretation, decaying thoughtforms no longer valid for you. Loose the control that you have given to others that they might control you by false ideas and false loyalties. Live directly in the

superconscious now. Lift your mind to the Presence and let the mind be open.

With the mind open and ready to receive new and frequently revolutionary ideas, a surprise guest enters your awareness. It is the Thought Adjuster² fusing with your system circuits. You become *one mind* and are now able to vibrate *with* the Holy Spirit-Creative Spirit-Universe Mother. This is a Supreme Universe and you are qualifying in it. You have consciously become aligned with the Mother Spirit: the Mind of God.

To such overwhelming heights you may soar, when you are willing - and I do emphasize *willing* - to "lose your life to find it."

Mind is the generating Force of The Supreme God. The Living Creator. It is your Universe Creator's guardianship over His Universe. It is Universal Supply. It is buried deep within the consciousness of man. To be conscious of Mind as Mother is to be constantly renewed, enlightened and supplied. Mind-Intelligence rules the Universe.

Mind, then, must be qualified in the Creative Power. It is the radiation of supreme love. It is the challenge for you to understand Mind and renew yourself by it.

We want thinkers now. Qualifiers. We want you.

Mind is the Energy of the Supreme Creator in you. When you are

ready the position of your mind will change, and you will know you are the Creator in you as I AM. This powerful circuit stabilized draws upon itself the waves of the Creator, and His instruction material pours through your enlightened mind as a blessing to all who are positioned to hear and know.

Often students will view the mind in a negative context. To become one in full awareness with the Universal Mind is enlightenment. Mind *is* the Universe. Therefore, think of the Powerful Entrance through your mind of The Daughter who is The Mother of your Universe. Have the thoughts that would qualify *Her*. (Note: She is the Mind Circuit of The Father and is connected to the Central Universe to vibrate Intelligence - higher Intelligences from the many dimensions.)

When you refuse to be limited by old thinking, you will be radio-active, decreeing light wherever you go: a powerful vehicle for All-Thought to express.

The balance of Energy is MIND. Mind is the entrance of the Cosmic Unit *interfacing* with The Son or Universe Creator. It is the full synergy of light. We want you to enter the Universal Mind and release all that is of the old world. There, in the Universal Mind, you will see differently. As you, as a

group awareness, graduate Awareness. into higher frequencies of Mind-Intelligence, you will actually take the Earth Planet with you. There in the new world you will find each other as a completely new dimension.

The Living Intelligence I AM

Divine Intelligence knows itself as I AM. The creative level of speaking is I AM. It constitutes *the Word*, or *LAW*. Remember the Word I AM is a direct command to infinite supply, the Universe. Be very careful how you plant the LAW. When you misuse it, you will suffer the consequences.

My children, the Thought carries the Creator. The activity of Mind is the activity of My Power in you. You become radio-active then with the Spirit.

Consciousness is soul. It is the living record of who you are.

Mind carries the Spirit. It is the awakening power. As Mind is permitted to function as a radio-active Energy, the consciousness expands and expands filling with the more and more light. When the Mind and Consciousness are united you have the Creator-at-large. That is when a given thought at any moment can build a universe. It has become in you the functioning throne of

ΛΛΛΛ

Free the mind and you free the spirit. You can move and Be.

The Universe Mind circuits are energy lines of Creative Thought. They are axioms of energy recognized as building blocks.

When you have entered constructive thought patterns you become *an initiate*. And the initiate knows: *The sound of the voice is Creative Power also. It vibrates exactly in tune with the Creator when you allow it to be attuned thus.*

The voice of the initiate must be so linked with the Creative Power as to stir the universe with its sound. The sound must carry vibrations of meaningful authority, the Divine Will as well as rhythmic love. It is the responsibility of the initiate to carry this voice and to breathe it as his/her own.

The words of the initiate are like seeds planted with deliberation and determination. They are consciously planted in the fertile ground of the universe. All thoughts of the initiate are as holy commands to the angelic kingdom. They are thought-seeds for the good of all.

These were the words of Kuthumi in my mind as I awoke the morning of May 13, 1994.

YOU CAN'T DO ANYTHING WRONG

THE MASTER'S PAPERS no. 17

The ultimate test of faith is **knowing** that God is guiding you every step of the way. And in that divine and child-like faith **comes** the ultimate knowing that "I AM."

This is a **process** of giving yourself to God in every way: I say, giving your self. The ultimate knowing forms of **Itself** in rhythms of excellence and vibratory accord with all life. You are one with God!

Isn't this dangerous? you might say. This sounds like I can justify wrongdoing. Where are the Ten Commandments in this?

There are no Ten Commandments in Me. I AM the only life there is. There is no other.

In this exact rhythm I AM all there is. I AM God and Love stationed within you, expressing now in goodness, in purity, **because you let Me**. That is the Ultimate choosing on your part. When you say with all the sincerity of your heart, "Thy Will be done on earth as it is in heaven," then I AM. I AM with you and you now have **allowed** Me to Be in expression as your life intended and glorified. I AM the only life there is, but you must realize that. And give me the power in your life to express.

My children, you hold back your own identity. You worry too much. "Have I made the right choice? Have I done something wrong? Will God punish Me?"

Now hear this: **I have no punishment in Me**. I AM Love: cohesive energy founded in Christ on this planet. You are God in expression as you release Me and give me power in your life. Recall Jesus said that you cannot have one foot in and one foot out. You

cannot walk straddle-legged upon the path of light! You must allow Me, the "I AM" of your self, to Be. In trusting Me, you can't do anything wrong. Your motive of the heart becomes the divine Law of your being. Therefore, I listen to the heart's motive. If you stumble and fall, I, the I AM of your self, will rise with you: Put you on your feet again and off we go! Into horizons of Excellence.

Come. Let us stop beating around the bush. Be honest with yourself. Will you allow Me to finally express as your will - your divine will? Can you turn over your life to Me, so that I, the life of you, can express the way I have chosen to Be as you? If you are determined to go your own way without your Life Expression in command, then you will be subject to false paths. But if you trust Me, you shall not fall. For I shall ever Be the glory of God in you.

I have set a Son amongst you and called Him JESUS. He is the path. He said, "I AM the way, the truth and the life." This decreed the path unto you. Follow it.

Let Me now live and give Me permission to express as your whole life NOW. Give me your hopes, desires, all your loved ones. Give Me your heart a-flame. I will do well with you.

Give Me your mind, the very mind you "think" with, that I might touch it with My light and illumine you in Me. Then shall you "think" in a knowing way. My thoughts will govern you and I shall be as light in you as the truth.

Guardian angels attend you. Nothing can go wrong as you turn over your life to Me **that I might raise you up in consciousness and live in you as I**.

I have come to agree with you. Mark this well. Therefore in Me there is no right nor wrong, no need for the Ten Commandments. How great is your faith? And your trust? How much will you release to Me in this hour? How much, dear one? How much do you yearn for fullness of being? How much will you give? One third? One half? How deep is your love for Me?

I say again, you can't do anything wrong if you turn over your life to Me. For then you have set in motion I AM.

A seeming wrong turn can be righted. No problem. You have but to let Me. If you have taken a seeming wrong step, or allowed the "little self" to dictate in a moment of weakness, I say I will make the crooked places straight. For I AM the one sent.

I AM ready to live in you as all in all. I AM ready to join you upon this planet as love incarnate. I AM the true Son of God in you. I govern well.

Give Me the power in your life to live as life. We have dallied too long. Mighty is My way. I send you peace apart from this world: that which you see.

CHRIST AUTHORITY IN MY LIFE

THE MASTER'S PAPERS no. 10

How many of you rise to the occasion and swear allegiance to the God within and then five minutes later forget you have done so?

But God has not forgotten. He-She remembers your talk with Him. He-She remembers your covenant with Him, your treaty, your word. Now this is important: The moment you give God your word that word is accepted as a decree and it is put into motion.

Therefore you cannot take back what you have promised. Your Spirit is already acting upon that promise.

I cannot emphasize this too much. Too many times I have seen children of the light promise God everything and all at a particular moment and then claim back a portion or even all that had been surrendered to God. This is dangerous.

Jesus has warned the sincere seeker that you cannot have "one foot in and one foot out" in the spiritual life. If you do, if you are set upon this way, you

will be set upon a path of division, confusion, abnormality and death.

God wants all of you as Him-Her Self. That is the path. There is no other. It does not matter whether you are Moslem, Christian, Jew or Hindu - **it is all the same**. Think upon these things for they are important to you. They are My Word.

Why are you afraid? (I speak to those who are.) Why are you afraid, if you have Christ in your life? Have you no trust in Me?

Have you given the authority over to God within you? To Christ? Where is the division if I AM? AM I not your Mighty Counselor and Friend? AM I not the One Who is sent? Come to Me. Enter into My Kingdom, a Kingdom that is not of this world. It is of the world of My Father-Mother God in Being. Surrender unto that place and come unto Me that I might live and Be. Behold, I AM!

There is no place I AM not. Remember this. Remember I AM.

In releasing **everything** unto the Christ within, to that divinity of love and light, you are retaining nothing. You own nothing. You have given everything up to God. There is the way and the truth and the life. It is the order of Melchizedek which Jesus followed and which you must follow to be a living part of Him or the Divine Son, God in Man.

Retain nothing. Everything must be lifted into the Divine Intelligence. Move and have your being in Me. Then the Power of the Lord (UNIVERSAL LAW) rushes through you into expression and all is well.

God gives us one life to Be. Not two or three.

YOU CAN'T DO ANYTHING WRONG

Drop the illusion. I AM. Be honest. Will you let Me live in you? If so, then there can be peace of mind and oneness of spirit.

I do not toss you a crust of bread. I give you the whole loaf when you let Me in you live as I.

A BLESSING

Let these words be unto you as a blessing. Write down your commitment to Me. Let us all together sanctify this Earth with the Light of the World.

It is said that there is no karma (law of

continued from page 4

cause and effect) in Christ. That in Christ one is no longer the servant of the "law" but is under Grace. As a child of light, as a "son of God," you have released your life to Me that I might Be in you as the Son. Thus you can't do anything wrong. You are lifted and cared for in Grace. Grace erases all past mistakes. Errors are consumed by Love. And you, who dwell in Christ (the love of God), are no longer "mortal." You form the "body of Light." And the strong ray of My Intelligence is with you.

Begin now to be in Me, My sons and daughters of the light. And worry not. Am I not one with you, in you, as you? Have you not given your life to Me that I, in you, might Be?

Forget the past. Live in Me. In this moment, ever Be. For in this moment is My Word. Government and shalom.

Write down your commitment and be done.

Blessings,
Crystal

UNCONSCIOUS DESIRE

THE MASTER'S PAPERS no. 30

Bring all unconscious desire up into the conscious mind. Even the negative. Take a good look at each and every desire. Sort out what you want and do not want. Face each and every desire as it rises! (It is much like sorting papers on your desk. Keep it that impersonal. - C.) Herein lies the domain of the master: Word made flesh.

Quietly, surrendered into your own creative mind now, let the desire of your unconscious mind rise. Had you any realization of what was there within you? What kind of desires are surfacing? Do you agree with all of them? Consciously agree? Are some of these desires, rising from your unconscious, destructive? (Write down everything that is surfacing as desire from your unconscious. This will help to impersonalize and review. Do you find that there are desires here now that do not agree with the "true self?")

What desires, as they rise, have been manifesting and objectifying in and as your life? Can you now see why nothing should be hidden? (Writing the answers to these questions will assist you in deciding what desires -- buried in your subconscious mind - - have caused suffering and discord, even confusion, in your life.)

(An interesting and profitable exercise in this weeding process is to create two columns on your paper. One column can contain all the desires that are surfacing from your unconscious (that which you have not been conscious of). The second column can contain a list of problems and obstacles that have been objectifying in your life, as well as

happier and successful accomplishments. Now with these two columns in place, draw a connecting line from the desire in the first column to the objectified expression (problem, obstacle, success etc.). To complete this exercise, cross out all the desires that have surfaced that have been responsible for negative expression in and as your life. As you do this, continue and cross out *with decisiveness* the false creation(s): the result of destructive desire(s). (Remember, you have to be decisive in directing the Creative Power.) This exercise will give you a good idea of *responsibility* in the Creative Force: how each and every one of us is responsible for our environment and the way we live. We choose.- C.)

Choose only the most desirable of desires. Consciously accept these desires *as your own*. Then, in willingness and full knowledge, permit those desires to objectify.

Herein lies the realm of the master, I repeat.

From The World Mother Office

The Resurrection Plane

This is official data which now will be released.

There is a parallel universe of Energy that manifests the minute you become aware of it. *It is the choice that is made.* The laws of this Universe are complementary to your

Higher Self.

Your body significantly responds to this plane of Intelligence. This is the place of My Decree. (All that I have is yours.)

The Holy Spirit defines all life, and here in this placement of Energy It concretes Itself as the flow of magical union.

Remember, dimensions release themselves according to your awareness. The visibility of the dimensional frequency is contingent on focus: concentrated focus.

The laws of the Resurrection Plane are now in force, constituting a whole new dimension of reality. The dust and smoke that arise have nothing to do with you. *Stay with the resurrection.* Show them the Way. Cloud not your mind with the 'other'. Enter My world. I have a new program to offer you of the Land of Light. (This is the actualization of the parallel universe.)

As you become accustomed to this plane

UNCONSCIOUS DESIRE

continued from page 6

of Resurrection, where Christ is King, illumination is read through the body. The body takes on light - more light - the body wears the light. And I AM that body in you.

From this point on you are in the higher vibratory access. The law of unity prevails. Body cells are drawn into unity, into the One, released again in perfect synchronization, in agreement. Thus the message is carried out: I AM the light of the world.

*

When you have enough Spiritual-energy functioning in you, you do not have to push yourself, nor do you have to ask the "Inner Voice" what you are to do next. You are one with your spiritual body and thus move and have your being in Me.

What is it about kundalini that causes a complete transformation of body cells?

The consciousness must become one with God. After it is stabilized, the Fire that is kundalini will rise *under the direction of that consciousness*, obeying that consciousness.

As the consciousness conceives of the immortal life *and* the resurrected body, so does kundalini build the body. And this is the resurrection process.

The life force that you know as Kundalini Fire is the throne room of God. Here, in this mystery cloakroom

dwells the secret of everlasting life as immortality in the flesh.

The body and the mind must become as one - in harmony.

Supreme harmony does exist. It can be found in the Creator where I AM.

More on the Resurrection

The passing into the New World is happening. Take time to enjoy it. (Every movement is like a new petal opening, gradually and beautifully. Perfect in its fulfillment.)

The light field of energy brings many changes.

If the man is to be governed correctly, he must know this light within himself. It is the place of unified control. And denies Me not.

The program of this light-energy, indwelling each and everyone, is one of undying surrender to the One. This surrender into the One carries each student to the eventual harmony of complete union. This, then, opens the book to a new life.

History

Do not let history dictate to you. History is illusion. Nothingness. The Truth - living Truth - is *now*, right this moment. Truth cannot be discovered, nor experienced anywhere but *now*.

"Get in the rhythm" means NOW.

The primary circuit does not concern itself with your past, your mistakes; *nor does it have any sense of karma* - be it karmic debt, karmic relationships etc. The primary circuit only knows Itself (I AM the first and the last in robes of My own choosing) as "I AM" *now*. This is the *exact* rhythm of creation. It is the Personality of Be-ing.

"Karma" (law of cause and effect) cannot exist and *has no law of existence* in the now as "I AM." Karma can only exist - have its existence - in history. Thus, when the individual is subject to the past, present and future, then karma *does* exist and the individual is bound to karmic debt, karmic relationships etc.

To remove oneself from karma is to surrender - yes, there's that word again - totally into the vibratory rhythm and the vibrating action of now, as God is.

Here is the test of the initiate and here, too, is the maintenance of the person. Subject *only* to God, freedom is achieved and consciously understood. You are one with Me, thus free at last.

I AM your brother Kuthumi, joining with Crystal to present this paper.

Peace.
