The Thought Adjuster

(University Papers no. 56)

Enter that place within your heart and mind where the God Center dwells, and behold the Light within you. There AM I. This consciousness of union creates the circle, divine union. And in this Union is all life conceived, nourished as the Supreme or Beingness. Thus comes the great initiative of your Life: to conceive the Son.

Enter now this consciousness of indwelling Creator where I AM. In this way do all things come to pass as "good." For there is only that in Me

Remembering the face of Jesus (Divine Blueprint and Key to your own divinity) is written and alive, recorded in every cell, every molecule, every atom of your physical form ... be conscious of your reality in every pore of your being.

Come 'home' to Me in this way. Let God in you actualize in vital expression. I have recoded you into the highest form possible for this time.

The Light of I AM is in you and there is no darkness (ignorance).

I AM canceling out all shame in My Universe.

And you are at peace in a never-ending flow of My Being.

Thus comes the word and the word is given supremely as released Consciousness upon the flesh.

AND NOW, SAITH THE LORD, THE WORD IS MINE...

From the Melchizedek Glossary of Terms this definition of the Thought Adjuster comes ... The focus of Intelligence in man. The Father's Life Spirit in you as Divine Intelligence. Voice of Christ within the soul of man; My Consciousness made manifest in you. The revelation concerning the Thought Adjuster was first given in The Urantia Book, where it reveals that the Thought Adjuster is the Father Fragment.

First, let us consider the name: Thought Adjuster. In this name we learn to understand that grace has penetrated our thoughts. What a glorious premise this is! How beckoning is its promise! The name "Thought Adjuster" gives us the understanding of the activity of the Father Fragment that abides with us. The Thought Adjuster will adjust our thoughts or: in the creative fire, Give us the Word, the Omnipresence of God.

When we give it that breath and that recognition, we are activating Mind-centeredness, that ability to be one with God in thought. It really distributes our thoughts so that we coordinate with the GodSelf and the rhythms of the Universe.

This union with the Thought Adjuster aids us in our resurrection and ascension and recreates for us

the divine one as our Christ within. It is the frequency of God in us.

There are those of you who have complained that you have trouble meditating. Some of you tell me that you are not able to concentrate and to quiet your mind. Try this: Acknowledge your Thought Adjuster, invite "Him" into your consciousness and into your meditation. The Melchizedek Glossary of Terms says: It is the role of the Adjuster (Parent Flame) to lead you on to higher horizons, greater focus and deliberate unity with the Father.

LEAVING THE OLD

Even as we are reaching up, or reaching within, we have that presence of God - that Divine Stabilizer - reaching out to us in ways that we cannot even begin to understand.

And so, we have a coming together in oneness, in confirmed unity. Always remember that God in you wants fusion, wants oneness even as you want oneness with God. In all ways you work together in a coordinate spirit of universal love and life. It is a beautiful dance of My Name. This conscious realization that you are one with God is the glory supreme. This realization flashes through the Universe and gladdens the spirit of all universe creatures.

The Thought Adjuster, the Divine Stabilizer, indwells the human mind. As the Creative Power - the supreme Daughter of the Universe - connects with the Thought or God Consciousness, reality is born. New levels of creation emerge. God is on the field once again.

The closer you come to the Thought

continued from page 2

Adjuster, the more you know I AM God. When you can look at these words: I have come, and know the Truth of Being, what then? Are you not brought to the understanding that the "I" that has come, is the Christ radiation of yourself? Have you not turned the key to Jesus' presence? The Master tells us in His ministry through us, "I and the Father are one." Is this not the revelation of the Adjuster also? What is this "I" that has come? It is the presence of your own GodSelf. It is the GodSelf emerged or vitalized. Some say it is the "second coming of Christ."

As you become aware, and invite that Presence to attend you, invite that Presence to shine and glorify Itself through you as you, the love will fill your being of God the Father. You will sense that person of the Adjuster - the spiritual essence of the Father God - and there will be Truth in your system once again.

LIVING WITH GOD

Have you had experiences where you receive a thought wave that is powerfully pure, purposefully right and keenly direct? That is contact with your Thought Adjuster. It is the right rhythm of creation. Sometimes this contact is a frequency push, a little nudge to do it this way, not that way; to go here, not there. As you begin to become more and more conscious of My Spirit in you, the higher thought forms will be with you every moment of the day. You will be living in the realms of Spirit and receptive to My Voice. You experience the intertwining of this God Spirit, this God fragment in, through your mind. And it is no longer a "Voice" but Being. You are lifted to the infinite realms of the Christ Mind, of the LIGHT OF THE WORLD, which is the tabloid of My Creative Power.

The word "fusion" has been mentioned. God in you desires to be with you always. In truth, you and God are one, but this must become consciously realized and vitally accepted through your being so

that you are vibrantly alive in God as I AM.

There is a longing of that God Spirit in you - the Thought Adjuster - to be one with you. As you attain the divine personality and are one with Divine Mind, oneness with the Father, so the Adjuster attains a Personality. There is a mutual integrating and sharing. A fusion takes place between the Thought Adjuster and the human It inhabits. You become one. If you recall how Jesus would answer His disciples, you can understand He was always aware of His Thought Adjuster. He was actively working with the Thought Adjuster.

The meaning of fusion with the Thought Adjuster is that the personality of the human being is irradiated and consumed by the Intelligence of God. And this causes a "new man" (consciousness rearranged) to emerge: the GodSelf, the "I AM." Man (the human being) becomes a divine personality with a God Mind. The Adjuster tells us: We walk hand in hand.

THE THOUGHT ADJUSTER IS THE INNER VOICE...

For those of you who have read the Book of Life by Minerva (a series of 3 books), you will remember that Minerva speaks of three degrees or initiate possibilities. Three points of progress. These three are: Jesus, Jesus Christ and Christ Jesus. This, in reality, can be understood as the evolving union with the Thought Adjuster. "Jesus" is likened to Intuition: that call of Spirit to listen and to harvest a great name. That is the powerful program you are

beginning to seek as you 'tune in'. The Creative Power then begins to reorganize your life. The patterns are adjusted.

The second portion is that called "Jesus Christ." Here we have the Blessed Savior beginning to penetrate that Voice. I WILL BE HEARD! This is the direct Voice of God or the Thought Adjuster. It can be called "Intuitive Divinity." Intuition becomes holy: It is divine registration of your Thought Adjuster in YOU. The intuition is recognized within the initiate self as a spirally spiritual force, a governing thought. It is the degree of Universal Mind. Here you begin to learn about "the Mother."

In the third degree - that of "Christ Jesus," or Divine Intuition - there is no separation. Truly "The Father and I are one." You and the Inner Voice are at-one. You are one will. This frees the Adjuster to Be in tremendous power within you. It is the radiation of the supreme one. The Voice of Christ in you and you are one. This brings forth the Melchizedek Power.

No longer is there a Voice telling you. You are fused. You are one with that Thought Adjuster, that Higher Mind consistency.

When you can understand that the Father Fragment or Thought Adjuster is ever-present and desires to fuse with you - to be one with you, then you can sense to some degree the program of Paradise attainment. The blessings of God are forever rising in you and spreading their light in your path.

It is the Thought Adjuster's task to stay with you and to bring you home. The desire of the "Father within" is that you follow His will, the will of the Creator in you. This is the divine plan. The Adjuster calls you to move as rapidly as possible into those all-embracing arms.

The Thought Adjuster

continued from page 3

As the degree is reached, that of Christ Jesus, Divine Intuition, My Voice becomes your Voice. And in this way we are merged. And we are given breath to Be. No longer will you seek the Inner Voice, divine Intelligence. As you stabilize in this degree, you have become the Mind Intelligence. Yes, the Father and "I" are one. It is to this Place - so designated by the Father Who loves His creation - that the University of Melchizedek (here and now) seeks to guide its students. When you sit in attendance to this Supreme Voice within you, the Father within, the Thought Adjuster, you are then truly taking up the ordination of the Priesthood of Melchizedek: when your will and God's will become one as I.

ADJUSTER COOPERATION

When you go to bed tonight - there in the quiet of your bedroom - give your thoughts to Me that I might be your thought. Ask the Thought Adjuster to be with you. You will be filled with light. "Ask and you will be answered. Seek and you will find." Closer than breathing. That is how close I AM. Open to experience a love that is, in truth, universal cooperation. It is a degree of God containment.

Now here's another thought for you ... When you recognize the divine Creative Power within you, then it must begin its ascent in you to express the divinity of your own Christ Seed. This is the ultimate purpose of the Creative Power: to rise in revelation. It must be unleashed so that the living Word becomes POWER, becomes trinitized, AND MANIFESTS FORM. From this we can see that the Thought Adjuster, aligned with the Creative Power, would consummate My Word. Thus you think as illumined being, as the Thought Adjuster: Thought of God: Melchizedek.

ONE WITH GOD

As you rise in Creative Power, you willingly give way to God's will. Your will is very much put to the task. You make the decision that God's will be activated in your heart and mind. It is you who decide. It is your responsibility to align with the Christ. As you enter - in agreement and willingly - the will of God, you invest yourself with Universe responsibility. You literally become a citizen of the Universe and are in line with the planetary hierarchy and the Jesus Resurrection. You enter the rhythm of Creator Michael, the Universe Creator. He, in turn, is in line and in agreement with the Father's Love for all creation, and His holy and divine Plan.

You can set up a line of communication with your Adjuster: a recognition, a willingness to serve, a desire for fusion or union. Those things can become a part of your life right now. Enjoy the relationship. Because we, the Adjuster and I in proper fusion, become partners in the ascendance.

You are not alone. I already want you. I AM not concerned with what you think is "bad" or "good." Give these things up - these thoughts of judgment. Live in the Presence. Today is a new day in Me. Release the tension and raise your thoughts heavenward. I AM Consciousness Divine.

The Thought Adjuster is the Father Fragment. It is the Father within. Jesus spoke of the Father within quite frequently. He brought you an awareness of the closeness of the Father. He introduced this Energy into your aura. He programmed you into a new state of awareness.

As you experience contact with the the Father Fragment, there is a joy, a rapture. There is a sense that your Father is well-pleased and that He gives you the Kingdom. There is the sense of this - the pleasure of His company in you. This pleasure of the Father can cause translation and fusion.

THOUGHT IS BODY

As we align with the GodSelf and the Thought Adjuster begins to penetrate our energy field, we realize that thought is our body, consciousness is body. That which we have thought of as "physical body" is product of thought. The thought decrees the body. In this way do we begin to take control over and through the material form. It is no longer solid, dense. It can be likened to soft and pliable clay and it can be changed. This is what the miracle of the second Birth is all about.

Perhaps you are now in the appearance of a particular material body - a particular physical body. But - and remember this very carefully - you are no longer subject to it. It is subject to you. Your material form can change at Will.

When you align with God The Father, you are Spirit. The dominant force in your life is Spirit. He Who gave you His form is immortal.

We are spirit. We are soul. We are the sonship. The divine Presence penetrates our life energy and we are one. So something occurs as we come closer and closer to God through the act of fusion, and through the act of translation, where we lose the sense of identity with the physical form. We are no longer "physical" but spiritual. The consciousness translates into a higher level of containment. God and man are one. And we realize we can come and go. We are not subject to one dimension but to the All-Dimension that is God. No

The Thought Adjuster

continued from page 4

longer are we attached to the appearance. We are vibrant in our Be-ing. We are no longer "physical." We are immortal.

There is no need for death, because we can translate right out of it.

You can remain here as long as it is needed. You can go from planet to planet and enter many different systems of the universe as you understand the oneness of Mind. Whatever is necessary will be. You are in the order of the Kingdom. The body - form - that is necessary will be projected. This according to the laws of your universe, your planetary system. The dust particles under the particular law of the planet (any and all planets have their own energy frequency) will activate through your consciousness a body-form quite acceptable to the area you are visiting whether it be Venus, Saturn or Earth. Consciousness is law and the consciousness of the planet will guide in the formation and expression of your materialized form. You can always appear and disappear. Remember that. Form is thought. The activity of your Thought Adjuster guides the radiation.

In this way, you are the light of the world. You are the light of the world. YOU are no longer imprisoned in a body. You are no longer caught by a denser radiation called "the physical body." Because you are detached and returned 'home', you are the governor of your expression. Your thought decrees the form. You form out of yourself - out of your consciousness - the necessary body, the necessary appearance. But always you are the GodSelf and given to that Truth.

You are not the appearance. You are one with Me in the "I AM." Here you stay - remain - as My Child of Light.

You are simply Be-ing in the Presence of God.

After you experience fusion with the Thought Adjuster, the Father within,

you may still pinch your body and it will feel like a physical body. But your CONSCIOUSNESS knows now in some degree (and this will grow), that you are far more than that physical body. That you, in this conscious union with God, have dominion to come and go unafraid, to leave and to return, to increase your vibrations so man can not see you, or to increase the density so man might see you. But you are one with God, no longer imprisoned by the appearance but free. Then you are mortal no longer. You are the Creative Principle alive! Reseeded in the Christ. You are the living light. The Temple of Almighty God. And it is in this rhythm that you will breathe and feed and have your home. For you come now to the Source.

As you draw close to the Father within, the Father within draws close to you. More and more light. More and more light focused upon you. The Devas of Form wait on your command. More and more GodSelf. In the fusion you have your identity. No insecurity, no lack of confidence, no unsteadiness of direction. A clear bell rings - that of the celebration Home.

You see, blessed are they who follow the Christ within, who leads them to this light.

So the Father comes to the son, and the son invites the Father in. And then the Adjuster fusion can take place, at the invitation of the soul, so yearning to be free.

As this Thought Adjuster fusion occurs and oneness is attained with the Adjuster, the Father within, then it can be said and projected arightly that that one - in oneness with God - is Melchizedek. As fusion occurs, you have entered into the perfection that

is God. The I AM.

You see how close God is and with what authority He rules. How infinite is the Presence in the many domains of His experience! And as you enter a new era of Creative Power, go with the Thought Adjuster, registered in your mind and heart, that you might loose this power of Me justly and rightly. And from this come forth as Sons of God, radiations of My own Being. I rule My kingdom well. And man and God are one.

It was Jesus' walk upon this planet that drew the Thought Adjuster close and brought this manifestation into promise. Thus the mass distribution, the given gift of the Thought Adjuster for all humanity was released at the Pentecost BY DISPENSATION OF THE SON, or Creator Michael (living as Jesus). So again, we must recognize and realize the Creator Son as He implanted the soul of Man in the Kingdom of God. And it is the Thought Adjuster's work to draw you ever closer to Me. And you can truly say: I walk with God. Order of Melchizedek.

Thought for Meditation

• HE WHO GIVES HIMSELF TO ME IS NOT SUBJECT TO DEATH.

No Compromise

From the Holy Spirit come these words. The Community to be built is of the New World. The ones beginning this Community, sponsored by the World Mother, shall not compromise. There will be a New World emerging through this community and this World will shine forth as the World of Sananda. The Temple will rise high and reach the heavens, meet with the heavenly spheres, so that all who come to drink of My Spirit on this land will know God instantly and be healed. Blessed are the ones who come and those who would serve without compromise the New World Light.

A Dream

(by Susan Hunt)

One night I dreamt that I was giving a co-worker a ride home (something which did happen in real life). But in the dream, her home was in a valley on the other side of a steep mountain.

The night was dark and very misty; it was almost impossible to see. I knew that I would have to work hard to keep the car on the narrow mountain road, because in the past, it had wanted to "jump over" the guardrail near the top, which was dangerous because of a steep drop-off below. I would need to focus and use all my will to steer the car on its correct path over the mountain.

Tonight, however, was different. As we approached the top of the mountain, the thought occurred to me that I should just "let go" of the steering wheel and let the car take its own course! I felt I could do this because there was great harmony between the co-worker and myself, and we both loved and had great faith in God. So at the appropriate time, as the car started to pull toward the guardrail, I let go of the steering wheel. My co-worker and I bowed our heads, laid our hands in our laps, and focused together on

Jesus. I knew that this focus would provide the car with its clear direction once we left the road.

The car happily flew up and over the guardrail, soaring through the misty night sky. Within a matter of seconds, it approached the co-worker's home. As we held our focus, it slowed and descended, coming to a rest gently in front of her house. I was overjoyed. We had found a fast, new way to travel by focusing on Jesus! I awoke with a feeling of great joy and freedom

As I contemplated the dream and its meaning, I realized that the focus on Jesus is what made it all possible. I now needed to put this focus into practice in my life. Since then I have had several opportunities, when things get "rough," to do as in the dream: let go (of the controls), quiet myself, and focus on Jesus. In each situation it has made a tremendous difference.

I believe this dream is a recipe for life!

An Encounter with the Inner Voice

(by David Cooper)

Whilst categorised by the government as 'in retirement', I have 5 small tasks that I perform for local authorities and a school, which may be termed as administrative. With changing legislation these tasks have grown considerably in the past year.

With my focus drawn to grandson Chris and family issues, the work in recent weeks took a backseat. Not only that but my silent spiritual focus lost the regularity sustained over years.

Early last week I awoke very early, and in that quietness and solitude communicated with my Inner Voice. As instructed, I then went to my desk and wrote a list of all the

outstanding tasks which had accumulated during the difficult family period. This came to 40 different tasks - none of which were overdue, though some were close to being urgent.

Within 48 hours I had completed 22 of these, and of the 18 remaining only 1 had a level of priority. A feeling of normality had returned.

I am blessed to have and know my Inner Voice - with silence and obedience it becomes my strength and power.'

**A TREATISE ON THE INNER VOICE
(from the book "WRITING WITH THE
INNER VOICE")**

* **Concentrate on God within you as your Inner Voice. Ask that this Voice speak to you as living Truth, your Higher Mind.**

* **God is higher intelligence, a greater form of your Self than you have realized. God connotes Be-ing. God is the presence of a universal life circuit within you as your Self.**

* **God and the Inner Voice are one. The Inner Voice is the released energy from your Godhead.**

* **The Inner Voice is the fountain pen of God.**

Thus writing with the Inner Voice is the highest form of creative expression. Let us know this as we continue.

God as your Inner Voice never forces itself.

As you seek Me, I will come.

You must want or desire direct contact with your Inner Voice. You open the door to your Higher Mind and the potential genius that lies within you.

If you invite Me, I will come.

Listen to the Voice in meditation and concentrate on it as it speaks to you. Often it will speak to you following meditation. Expect communication with your Inner Voice. Acknowledge it and know that it will speak. The place you make for your Inner Voice will be filled. *There must be room for Me to speak.*

**Man speaks to God that he might know himself better.
God speaks to man that he might know the divinity
within himself.**

A Message from Sananda (Vol. 2: 70)

I AM increasing the Energy through the Inner Voice. It doubles in strength. Higher Mind will show itself and be known! The Solar Energy increases all over the Earth. You have a friend in Jesus! Solen Aum Solen.

An Exercise

Open your journal.

Ask a question before you enter meditation and EXPECT an answer. Know that the answer will be revealed to you.

Relax.

Enter meditation in perfect peace.

All is well. Your Divine Counselor is with you; God is on the other line of your telephone. He always hears and He will answer as your Inner Voice.

Remember: I AM Divine Intelligence entering you now.

Write the answer that you receive from your alignment with the Inner Voice. Remember that your answer may come as an insight, a revelatory experience, a thought, or a complete sentence. You may even receive a whole paragraph! Be sensitive to the communication as it unfolds within you. This is your counselor and friend. You have nothing to fear from your answers. They are made in love.

WRITING WITH THE INNER VOICE

(Extracts from the book - Writing with the Inner Voice)

* Learn how to access Divine Intuition and express it from your GodSelf.

* There is a degree of intuition called the Inner Voice that vibrates as your higher consciousness, deeper awareness and Christ Mind.

* Let these lessons guide you into your alignment with the Inner Voice through alignment and writing exercises.

* These lessons will help you to interpret your own dreams, access your soul record and recall your meetings with the Master. The living Spirit of God lives within you. Access this Mind.

* Also, if you have been "channeling" and now want to move to a higher degree of personal responsibility and GodSelf alignment, these lessons are recommended.

“Voices” and “The Inner Voice”

(from THE GODSELF page 251 – 252)

“Voices” and *My Inner Voice* are not the same. The birth and the release of the one true Inner Voice bring calmness, one-centeredness, a universal perspective and self-mastery. Let go of any desire to hear Me speak through another. Let go of any kind of dependence on others. You must hear Me in you. As you hear Me, you agree with Me. We become one in this Voice, which lifts you into My Sonship of light and love. Any dependence on another will disassociate you from My true Voice. The creative power will not manifest in Its divine intent. The Voice of Truth - Order of Melchizedek - is heard in and through many religions and philosophies. It is the Voice of My union in life. You will discern My Voice by Its sacred rhythm. There is great power in My Voice, and much love. I realize all life in Me and thus all life is blessed. All life listens to My Voice as It is spoken through you as I AM.

When I speak, I bring My Holy Spirit with Me and you know. Jesus has said that his sheep know his voice. He means that there is *an actual presence* that resonates within the Inner Voice that testifies to the Truth. This is the Spirit of Truth. I *bear witness to My own Being*.

Ask for My Spirit of Truth. Ask for confirmation always and know that it will be forthcoming. Know that My Presence must testify to Itself. That is My Word. I bring union, consummation and embodiment. I create as I speak; I vibrate as I sound. When you do not have My Presence identifying Itself through the message, take no heed to that which is imparted. My Presence is love. I stand with My word. I release Myself into you as love. I AM the Holy Spirit revealed. Such is My life in you.

Points To Remember

- 1) We together are one, for My Inner Voice becomes your voice and Christ your vibration. The trance medium gives himself/herself to a particular spirit or entity, often losing consciousness as the message is given. Be one with Me, your Thought Adjuster,

completely conscious of Me in you. *Remember I AM your Mind*. The key to liberation is here.

- 2) As you agree with Me, we work together, you and I, as one. As we walk together, voicing together, then we become fused as one body, one light, one mind. You become like Jesus, speaking in the rhythm of God, after the *Order* of Melchizedek. You consciously accept the GodSelf as your own being.
- 3) My Voice will cause you to stand firmly on the ground, conscious of earth beneath your feet. Vibrations may run through your body as I release My given Thought, vibrations of My pure Being. I will stabilize you.
- 4) Every word that I send to you must be vibrated through your heart and mind in perfect harmony. No swaying nor collapsing underneath My words. No silliness of any kind. Every muscle of your body must be equipped to sanctify My vibration, My glory. I vibrate form. Stand on your own feet and be.
- 5) My word is formed *for the good of all*. My Spirit covers all. The second birth is the embodiment of this truth. My decree goes out and embodies. It forms of Itself. Never release your physical-etheric body to another. In ascension, you agree with the One and you are that One in dimensional frequency. That is the embodiment of the GodSelf "I AM."
- 6) I AM the living church. I testify to My nature in you by decree. I release no false information, nor do you become confused. If you seek accolades or applause, you may cause a coloring of My Inner Voice. I choose to come through clearly and with My perspective. As you learn to listen and give yourself up to Me, the true Voice will be heard. And
