The University Papers #132

Positioning Yourself In The New Dawn

The creation of a new circuit has occurred. It is a new dawning for humanity and for all life intended. From this moment on, Sananda takes the helm of His ship and steers us homeward bound into the Light of All Consciousness and unified loving light. This is a creation of a new circuit, I repeat, in which you are participating.

The Priestess of Light joins with Her complement in offering a whole new life for those who would accept the journey northward into the soul of My Son. The Goddess of Light is officiating over this ceremony of new radiation being poured upon the planet in a joyous communion of God and Man.

This circuit, without question, is the new order which Sananda decrees by His Breath of Life. Those who enter into this order are joined by Him. He will assign each member of His radiant community to a new work for the vibratory cause of all creation and Mother Earth who is giving herself to Him at this time.

Listen to the words of the Lord within, God in you. Receive the light from that place of unified Christed Energy. *There in Me Be. Angels of the Light will attend you as you move into a new order of Being on the Breath of Life.*

I have given you the Master's code of *regeneration*.

Remember The Heart

The heart is the anchor in the new world. Mother Mary is in charge of the heart where Man and God are one. It is in the heart that Christ is born, the new vibrating you. And it is in the heart that true compassion is found.

The mind must join the heart in conscious relationship. The heart is the starship to the new creation. Point your heart to the highest spheres of Divine Intelligence. Reclothe your heart body with the Christmas Child, the Child (identity) of light. Be knowledgeable about the true Christ religion, not the deviations made by the human mind.

Create out of yourself a heart-body, a body of light. For this body of light so frequently referred to in

these changing times is in reality the clothing of the Christ body or the heart. Many men have missed this; many women have ignored this point of love and light. The heart-body is your only place of worship. It cannot go unnoticed any longer. Serve from the infinite heart that is the Christ awareness and embodiment and God will be with you as the light. Live from the heart.

Do something entirely different this Christmas season. Begin to serve from the heart. Take your family to the shelters for the homeless; begin to serve them as though each homeless being was a member of your family. Take upon yourself a new way to express the Christmas (Christ Mass) of your heart. Be not selfless nor flee the Spirit of My Son. Be clothed in My words and join with others like yourself to function as this Christ, as the outpouring of God's heart.

You can become a light of the world by your loving heart.

earth. This Order proclaims Jesus in every way. It is the powerful proclamation of a unified heart with God. The Master walked the heart and was the heart. He chose you to demonstrate the heart and to rise into the Order of Melchizedek in vibratory accord with Him.

You are His namesake, are you not? You have the Order or Blueprint within every cell of your body expression. You cannot fail what you are. Your atomic code has been restated and edited by the Master Himself who longs to be with you as divine identity and creative power. He claims you into the light of Himself. His etheric vision sees you whole.

We are watching each and everyone who is identified with the light now. Each watched by the Lamb who is cradling each and everyone in His divine love.

Love regenerates, it supports. The magnification of the Christ love, demonstrated by Jesus as He walked the earth, tells us that nothing is separate nor above nor below. In this love *all are the same* in Christ. Be there in the light of God within, cradled in the arms of Jesus who knows you like a book, as the saying goes!

Be there with Me, He says. For I AM with you always. Forget the past. It is a new dawn. I have programed the light as Sananda, Planetary Prince of this Earth Planet. Programmed in GodMan you are focused on the heart chakra as the Christ salvation. If you continue in your foolish ways, O man, you will vanish with the world of illusion. By the Christ you are born and shall be

known.

This - the much publicized Order of Melchizedek - is a frequency of Lord Jesus the Christ. It is the World of Sananda, benefitting the whole life intended. This Order is the degree for the initiate that contains the powerful Christ Love of the heart. The Order is the expression of the Christ Way. And so, linked with this Order, you are expected to maintain your heart vibration as unconditional love, *releasing all into the love of Christ*. As creation changes into love there is a miraculous turn of events that will occur. Watch for this as we serve together in the love of God and joy of Spirit. For the opening of Man shall occur as the Christ. A new generation is to be born.

I will lead you to that place and push you through the door. Sananda

Now live in this program of Universal Love. You may claim your full inheritance from this place.

The Glorious Priesthood Of Melchizedek

A Priest of Melchizedek does not announce him/herself. A Priest *is*. Now may those who have disturbed My Priesthood make amends. I have called you into My Priesthood to serve Me, not another.

It is My Voice that enters the

Priesthood and it is My Way that is openly expressed. The Priesthood belongs to Me. The Priests are made of My own lineage and they are the presence of Christ in Me.

No one can leave the Priesthood once they are ordained. They have become One Word so must go forth as My Word Incarnate. The Life Jesus expressed and demonstrated was the Priesthood of Melchizedek.

To enter the Priesthood one must leave the nets and follow the Christ within, the Order of Melchizedek. To function within the Priesthood is to embody the Christ in the Will of the Father-Mother; it is to be at one with the Voice of God Mind and to respond to that Voice immediately without hesitation.

The Consciousness that Jesus carried as His own was the Order of Melchizedek. To enter the Order and the Priesthood is to be as Jesus was and is. The highest awareness on this Earth is the Order of Melchizedek and this powerful vibration, acknowledging God as the only power, is your new reality drawing you into the Christ Son.

Divine Order

It is from the Order of Melchizedek that great teachers come, avatars and saints. They are made from this Order—MELCHIZEDEK. The sacred Order frees men into themselves, lifts them into Christ authority and delivers up into their eyes God's vision of His own creation.

The vibratory commitment to this Order is a sacred trust. It is acknowledging all life as sacred, all in the presence of God. It is the vibration of this Order through your system that enables others to feel this Order of oneness, the Order of Melchizedek. Be of one life in Me. *This is the Order of Melchizedek.*

This sacred Order is holy to all of us. It is the place where Jesus walked as His consciousness restored the earth. You are invited into this Order as a place of love and communion with all life.

Behold the Order of Melchizedek, the quickening of the mind and the heart, the divine presence I AM.

continued from page 3

The Order of Melchizedek is the vibrating tract of Sananda, emitting His Will to the planet.¹ He who vibrates with the Order is the Creator Son.² This Order is the Creator Son Himself. It is the restoration of the Earth's circuits into the Son.³ It is the highest curve of God's intent for this planet. You serve within the Order as the Creator's Will. It is your passageway to the Son, the Creator Son, Father Michael.⁴ It is the emanation of the Son of God or I AM.

The Universe settlement is taking place through the creative circuitry of the littlest angel, Planet Earth. The entire Universe will consciously receive from Earth a great and powerful revelatory command that will turn the Universe inside out.

About The University Of Melchizedek IMPORTANT!

- BEING NOW -

The University Papers #124

I AM present in the now.

Every Word I speak as vibration of unified mind and Spirit is alive and creative. It is that which created the universes, the planets, the sun. I AM alive in you as you hear or know My Voice. I AM the Word incarnate and it is by My Word that perfect creation takes form.

I harvest My Word within you and it is through your acceptance of Me as your Inner Voice that I can speak *or vibrate out* as unification principle within all life. Lift Me as the Word in your consciousness, release Me that I might form new worlds.

Through My Word are all things made and unmade. I AM the sacred center of your being. I breathe through you as tone and My sound rules the earth and the worlds beyond.

What is this "Word" I speak of? The Word is perfect vibrating commitment to the order of Melchizedek. It is the creative urge within all My creation to be with Me always. And it is the presence of My vibration as Law, Life, Love and Light throughout My universe. I have placed My Word in you and in this Word you will find yourself and unlock yourself so that "I" might be. We are one.

Do you see what a sacred package you are? You contain within your heart My Word, *vibration of who I AM*. And every time I speak from this place in you, there is instant creation manifest *if you believe*.

The Currents Of New Life

I have within My Word currents *of new life* that are immediately released *as I speak*. I AM within you as your life and I give you life through My Voice. Remain alert to My Voice in you. I AM the way and the truth and the life. I AM not hidden but come as a messenger of the Garden of Eden bidding you to enter once again and seek My way.

What is the "now" but the presence of Being. I AM the now. There is no history in the now of My Be-ing; there is no karma. And no future. My Intelligence watches over you as the Voice within in the moment of my Be-ing.

When you respond to My Spirit (direction) in the moment, you are one with My Spirit. Yet if you delay or in any way put off the direction I give you as My Voice in you, I pass you by. For I AM *of the moment*. I AM now. My inner guidance or words of manifestation are instant. **They are to be accepted by your heart and mind instantly and put into action by your belief.**

If you have instances when you have recognized your Inner Voice guiding and directing you with authority and have not acted upon that instruction, there is no return to that specific guidance. It is not alive for you but has become "yesterday's manna." Always seek the

moment where My Voice abides. It is in the moment or the now that I will speak and create out of My Voice the Presence that forms of Itself, the I AM THAT I AM. I AM alive and vital as Creative Power in the moment of My instruction. It is that moment that is creative and without flaw. *You see, I release a current of Myself (My Spirit) in the moment of Voice.*

Please remember that if in hearing or perceiving the Word, you divide yourself once again and put the things of the world before My guidance or desired manifestation, I cannot be recovered as I was in that moment. I AM oneness alive in the moment as a flash of creative energy that is active and all-powerful.

I will speak and it is done. I AM released Energy of the Higher Self as the vibration of the Inner Voice, the Universal Law on earth.

You will never go hungry as you listen and become one with My Word. The position of the Thought Adjuster (Spirit of the Father within) is aligned to your Inner Voice. They are the same. As you learn and train to respond instantly to the Voice within, your Thought Adjuster will fuse with you. From then on, there is no argument nor

continued on page 6

- BEING NOW -

delay in your response to the quickening thought of the higher mind. You are that Mind and act with the Life-force given to the moment. You become the Adjuster-Word or the frequency of I AM. *You are empowered by My life and abide therein.* You have left the world for Me.¹

Melchizedek

The Inner Voice is the Priesthood of Melchizedek. No other. It is the vibrating force of God The Son. The one who serves the Inner Voice serves the Priesthood and is joined with the Christ emanation of true form and life eternal. Let the Light within you guide and direct your way. Align with that Presence of God, the I AM, and receive that Inner Voice as your Mind and your way.

To disregard and postpone the instruction of the Inner Voice in you is to separate yourself from God's abundant nature and wholeness. As the time is short, your ability to respond to the Christ leading of soul, that Voice within, is imperative for your own progression and your soul assignment.

Will you abide in the world or in Me? I AM not of the world, the Spirit tells us. If you turn away from Me for the world, you leave the Garden of Eden. When that happens you must struggle with your own hands and feet. The seed of greatness rests within you but you must decide which is more important to you, the world of mortal struggle and decay or My

continued from page 5

world of Light. If you choose Me, I AM with you always and I will never leave you.

In Ancient Times...

During the rich and prosperous years of Egypt, the great pharaohs and the high priests worked together *as one mind*; this sacred partnership assured proper and fair government throughout the lands. The pharaoh and the high priest were as a unit: the pharaoh as the builder and ruler would often consult his priest or priestess so as to maintain the alignment that *must be kept* between the laws of the Spirit and the laws of men.

The high priest advised the pharaoh so that there was a near perfect compatibility between cosmic law (the laws of the universe) and the needs and necessities of the peoples of the land. The spiritual alignment with the cosmic energies was kept as a sacred task uniting government of God and man.

The role of high priest remains. What was an ancient way has been written in each individual heart. *For the high priest rests within you.* It is the Inner Voice, the cosmic truth, that — as you listen — will maintain your proper alignment with the world of light

and the kingdom of God.

It is important that you learn this alignment now because we as human beings are swiftly approaching the cosmic world of love and light. Here in this world you are expected to receive the Inner Voice or Priest of Melchizedek as your trusted and wise advisor.

In truth, the word Melchizedek means “Perfect Man” or Perfect Consciousness. It is the rhythm of the Eternal Son. The Priest of Melchizedek is the emanation of your direct guidance from God (your Thought Adjuster or Inner Voice).² This is why, through the Melchizedek Order, we urge you not to confuse the word “channeling” with the direct Mind vibration which is your all-important connection to your radiant GodSelf and the Paradise ascension.

In ancient times the high priest made sure that his pharaoh as ruler and government maintained his or her equilibrium within the Circle of Life, the Solar Sun.

I, Crystal, am reminded of the Master's words: *I have overcome the world.* That Inner Voice of power and authority is your Voice as you take up the Christ kingdom within yourself and live *not by bread alone but by every Word that comes forth from the mouth of God.* The high priest is with you as God within, will you listen and agree? And ascend?

¹Your response to Me (Inner Voice or God within) is greater than to the world. Thus with Jesus you can say, *I have overcome the world.*

A NEW WORLD

The University Papers #131

The Paradigm Shift

A three-day seminar was held at the World Mother Center here in Tucson from September 25th through the 27th. The morning of the second day I awoke quite early with the awareness that the Earth was scheduled to go through a paradigm shift by Sunday morning. This information was verified by several sources as the day proceeded.

At dinnertime, I suddenly "saw" the incoming solar waves. I knew then that the shift was occurring, the solar dimension was radiating into our planet and transformation was in the process of moving Earth into a new cycle of Being.

This is a transformative process, remember. Your awareness with Earth that this is happening assists not only your ascension but the planet's stabilization into *a new world of Sananda.*

The Sons of Light manifest as your highest Vibration of creative power and universal I AM Service. This is the time of *great revelation* when the Solar Records are present through this Office of Melchizedek and the World Mother.

Restoration Of The Earth

The powers within Earth awakened give off a great light. These powers that are spiritual energy touch the

heart of everyone here.

These days, when we are one with Mother Earth and see her as a lighted star of our universe, you are taking part in a great and mighty program of her ascension. When you learn to live gracefully and without harm to any living thing on the planet, bringing into your heart and mind the holy ritual of our Mother Earth breathing the sacred light of the holy spheres: when you are one with her heart in this sacred breathing, she will impart great secrets to you. Many of the ancient ones, the elders, medicine men and women, knew the secrets. These secrets have been passed down as mysteries¹ from hand to hand, mouth to mouth. And even as they would play their sacred instruments to Mother Earth and awaken her powers, she would be one with them, open her arms to them and give them great medicine for their people.

Dancing with the Mother is the way of joy. *It is the living light.* As you respect all life as it truly is, honoring each and every part of Mother Earth, she breathes back to you the precious secrets of her healing power.

You are My examples, Sananda says. You must walk as I have walked as the living Christ. But if you do not respect the blessings of the Mother Earth and all her living creatures that dwell with her, then you cannot breathe the

light of Spirit, nor can you live in the new dimension.

Therefore drop your paradigm of separateness. Christ is awakening you to a response to Mother Earth, to the light that is all part of her in service to the One.² All the elements will serve with you.

Feel the burning core of the Mother Earth. See the flickering of her candle as she is awakening and know in your heart with her that she is a living flame, the precious Headquarters of our Lord. She would have you with her, not against her. She would rock you like her babe and feed you and lift you in her vibrating arms.

See the red hot coals of the Mother Flame in the heart of Earth. See this flame growing hotter and deeper in its redness as glowing coals promise a mighty fire of new life. What do you make of this radiant, beautiful heart that is within the Mother Earth? Why so red and glowing now? What is to come? If she throws off her garments, where will you be?

You are not above another nor can you claim to be. You are *all* part of My rhythm, the Son of God. This illusion must pass that we might live in peace in the new Earth and

in her new place in the Sun. Neither beetle nor snake is your enemy, neither wind nor storm nor sleet nor rain. We walk together, you and I, in the oneness of all life. And when we³ understand this and sing the song of the elementals, we capture the light of this planet and harvest it.

Keep *all* in your heart. Take no enemies. Make *all* your friends, for the little ones wish to serve the Father by your conscious awareness. They extend their friendship to you. Will you be with them in this mighty hour? Will you sing as the elders have sung into the Earth's heart? Will you hold the rain, the winds, the thunder as your own? You have a mountain to climb. You have a place in the sun.

Sunrise Ceremony, September 27, 1998

Now follows the actual Sunday morning 6 a.m. ceremony and service for the welcoming of the Solar Plane into our Earth's awareness and transformation.

Read from the Book of Light.⁴ You have graduated. You are now in the Solar Plane where we all work together in harmony for good. Everything you do, everything you are concerned with is with the consciousness of the whole. Your

thoughts will change to regulate the wholeness of My being on this earth.

Be true to yourself. Be true to your soul mission as you were intended and everything will be given unto you. Please listen to your soul and it will be right for you. This hunger that you have felt for Me will be satisfied and you will be filled with the vital force of My being in light.

I come as your Planetary Prince to make this Earth a unified world of light. Released from your old paradigm that was very painful for all of you here, receive this world I bring you now as your world where I build a community of Me. This world of light, this central core of being, that I now introduce to Earth as My government, I encourage you to enter. And as you do so, lock the gate behind you for the old will be shattered. You cannot look back. You cannot return to it for it will be dissolved. Remain in this world of light as your world.

Travel with Me. Be aware that we are one, that we are building a community together, *a city of light*. The city is the New Jerusalem. It is the World of Light.

Many will come to this world. The lost shall be found. But in this beginning, it is up to you and Me to father and mother this new world for the Earth and all who attend it. Just a small world at first - perhaps not too many will be among us but we are very powerful, wise ones indeed. And as we live it, truly live it together in harmony then others will come, and this world will be the *only* world of this Earth.

Therefore, let us build a community together, the City of Light. Let us remain in this light world as harmony and walk in the grace of our divine Father God. Lift now your hearts and minds that I might anoint you with this new energy of divine love that is part and parcel of this golden world. You are the fruit of My womb, the blessing on My story. You have come. I have come. We are sent. Be citizens unto this world for it is the community of light that has been founded in My name.

Lift up your hearts now in joy as you celebrate the new dawn, the coming of the Christ. There is no other world for you. Be citizens of the world of light. Walk as temples of the living God and echo My spirit everywhere. Be ascended. In the name of the Lord Jesus the Christ, Sananda, I have spoken. Welcome to the World of Light. It is your city. It is your home.

³All-Consciousness you.

⁴An encasement of Records for the new paradigm as the Solar Law responds to the activity of the Solar Logos within your system now. Be apprised of this. And go forth as unified being ready to serve the passing of Earth into the new power emergence of the Regents of Light. Thus begins a new era for you where you are the I AM THAT I AM in conscious accord with the Master.

A NEW WORLD

To Earth I Say...

To the Earth, I say: Open. Open to the World of Light. Open your heart wide that you might shelter the living ones. Be a star. Be a light. Be a Christed planet. Oh My beloved Earth, let us shower you with love. For in this heart, you have for us, dwells many nations ready to serve the King of kings.

Be established now: harmony and community. And this I say, for this I know: *Behold the Earth as love.* Behold My Son as descending upon the Earth. Behold this moment as glorious as He opens her heart to the Christ, the King. Behold the light of this one penetrating our planet Earth. Behold it happening now: *her initiation.* Let the heart of the planet receive the love of the Christ in this time, in this hour.

I say unto you, stand upon *a Christed planet.* Behold, she is a star and yea even a sun, sparkling and true. For she is the Solar Sun herself transmitting now rays of understanding, joy, of precious love, of God's identity as the Supreme.

Bestowed upon you, O Earth, is My name. I AM Sananda Jesus. I AM the Lord. I AM the Son and this I pass to you, My Christed energy, My Central Sun.

Into the Earth travels the Christed energy, the Christed presence *of the Son of God.* Here in this moment, here in this place, we see and feel the Earth's initiation as she becomes a whole and perfect Earth, a loving planet, aware now of who she really is. Not to be forgotten, Christ Michael stood upon this Earth as Jesus. He

continued from page 8

remembered who He was *right here* on this planet. This she carries within her heart. This she knows as her seed. This He comes to tell her: *Now love.*

And so does the Earth's heart chakra become a radiant, vibrating energy sphere of glorious light and love, a welcoming funnel, a passageway for God the Supreme.

Mother Mary, tonight, will begin her reign *as the Christed Mother.* She will be bestowing upon the Earth a harvest proclaimed by her. She will set upon this Earth a new Flame of Intelligence, and this she will fan into a mighty fire of intensity.

The life that you have lived is but a dream. Step into My reality as the Christed planet turns to you for help, and unwaveringly be about the Father's business. As I take up My mantle and My scepter as the Planetary Prince, be with Me in this hour, for I need you most. *We come as one being.*

Nurture our Earth and love her - our Earth - and give her thanks - our Earth - as she rises and shines upon your hearts, to further open you to the Christ Life.

The Book Of Light

This is a Solar Record that has been stored for the Earth's promise within the etheric archives of the Pyramid of Giza. These are the *Melchizedek Records*

that have been safely held by the Great White Brotherhood as the priesthood of Melchizedek for this radiant hour of new world entrance.

As this *Book of Light* will be the text for the forthcoming lesson material of the University of Melchizedek, we wish to inform you now that they pertain only to the **L I G H T CONSCIOUSNESS.**

Thus these Records begin at the Beginning or the first Vision bound and held by the Presence of the World Mother. They (these Records) form the true identity of Man (consciousness).

Presented now for the first time on Earth are the Solar Records of Melchizedek.

Most assuredly this is a new day, a new hour for the planet. Be with Us in the Universal Consciousness of I AM, and walk as a Melchizedek now on the Christed planet of the Son.
