REGENERATION AND THE NEW HUMANITY

The presence of regeneration is already vibrating in your system, activated by My Breath and given to you through My Son who abides in you *as the Seed of Life*.

Many thoughts come about "dying" or disease. They are not of Me! I AM Life. And this Life I AM *is written as energy* in every cell. You are the image and likeness of divine life. As Jesus once commanded, "Take up your bed and walk!" For all disease will melt away in the authority of the Christ. Be aware of this. Be aware of the new proclamation of eternal life. You are the light! Be in the moment, not in the history of the false world.

God awakens every cell to living Life, the Life of the Intended. This is your Creative Power universally programmed into the next creation. You must learn to live now in Creative Power, by the moment.

Live to be the Presence of your GodSelf. Divinely endowed with joy and abundant living, this Creative Power is alive in every cell as you accept and reveal this Power.

Be aware now of the Triumphant Life, which Jesus introduced through his Incarnation. The Master is triumphant. So are you. We are One.

Live from your Center. The Creative Power rises to express the regeneration of the human race, the new creation. Rise and be light.

I AM BUILDING A NEW RACE OF FORM

I AM Building a New Race of Form

We are approaching a significant event, which has been forecast for the Latter Days. This event is the overturning of the false creation or the lie. So many are here on the planet, willing to share the load of this new birth, that an amazing thing has happened! God, as God the Spirit, has realized Herself as the *Breath of All Life* on Earth. This will initiate a new form for humanity. God, as God The Spirit, has realized Herself as The Breath Of All Life on Earth. This will initiate a new form for humanity.

A creative impulse has been inserted into the life circuit in order to motivate human life to express willingly as new creation. This is called the *Coming of the Lord* or the coming of the Word.

Essentially, humans on earth have been closed off from a wondrous perception of truth. Now, as so many workers on the planet have agreed *to realize in unity* the divine life intended, a remarkable thing has happened. The door of the tomb is opening and the lighted Man or Solar Consciousness as a new creation will emerge as the Life stream of I AM—the “Image and Likeness” of God. This is the God life intended.

Yet, this revelation is not given without responsibility to those who bear the weight of My

unfoldment.

There must be a universal meeting place where all of like mind can touch in the etheric. For in touching and acknowledging our unification, we will strengthen the activity of this powerful transition and be as the pillars to consciously stabilize together this new race of solar beings. We are the presence of a new race, a deathless race.

Although there may be areas of differences, let those who have come to seal the Earth in light travel first in their minds and hearts to the vision of the emerging new race. Let them agree together that death has been

abolished on earth, that no death can enter us and that man is immortal, vibrating as Son of God now! This is the Universal Plan for the new creation. It is our life to be claimed right now.

Now lift the veil and see clearly. Leave the mortal shell. You have no place there. Be clothed in spiritual energy. Have done with mortal life. I have written a new code of ethics into all cells of your body. You are immortal! I have freed you from the bondage of the flesh. I have received you back. My way is made clear. I come!

LET PEACE COME

Can you sense the power and the transformational energy field as you realize your Christ Center, the divine you? Do not try to change anything—release harmony. It is a wave of energy that flows from you. And it is impersonal in its demonstration. When there is resistance in your life, release harmony and you will experience the Christ in manifestation.

You have been given the spirit of harmony to release to humanity. Release the harmony that is the governance of our earth. The Spirit in you is harmony. Just let it roll from you like a wave. You will have mastery of all situations when you do this. Harmony rules the earth. If you were to look into Sananda's heart, you would see this river of harmony.

There is no breathing other than the breath of the Holy Mother, *which is the Mother's life in you*. That Breath¹ will correct any mistakes, any afflictions of the spirit, any imbalances that you may have responded to and so taken upon yourself.

Remember to breathe in the Holy Breath as the *one breath*. Don't limit Me! In the Breath (Divine Life intended), I AM all things in My perfection. I cast My seed upon the Breath.

The Breath knows *only* the perfect pattern of Christ. And that Breath, of course, builds the body of light, which is the immaculate body of the Son, your glory mode. This is the Merkabah.

More About the Breath

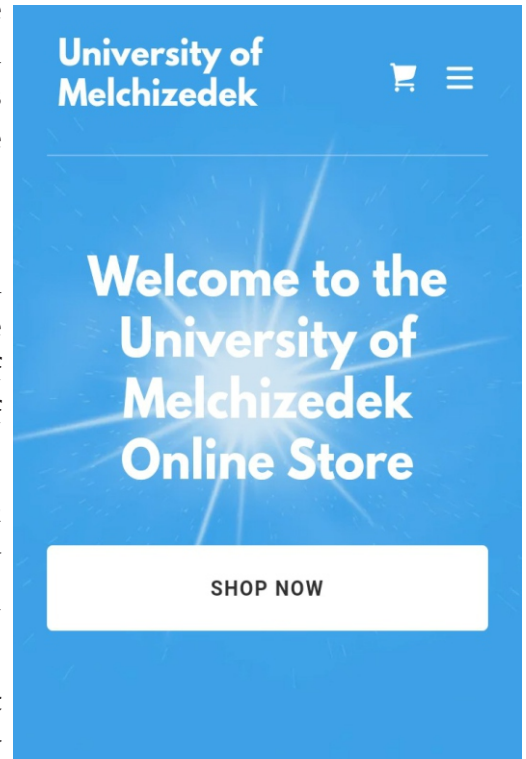

When you feel low in energy, go to the Breath of Life! Breathe the power and the Life of God into you. You are a divine Son-Daughter; let God fill you with the spiritual fire of Herself. Remember who you are and go directly to the Breath. What has come upon you is My life, as I have made you of Me. This is the cornerstone of living. It is the secret to eternal life.

**You are a spiritual being. You breathe the spiritual breath,
the life of the Mother, and the Christos will shine.**

You are ageless. Forget age. No reason to add a year to your life. You have but to be. You are ageless being. Ageless and without death. You have new life. The Mother's breath is your life. Breathe with Her and know that there is but one breath, the Life of God.

¹Divine Substance unaltered by man's will.

A NEW DAWN

THE UNIVERSITY PAPERS Number 132

Positioning Yourself In The New Dawn

The creation of a new circuit has occurred. It is a new dawning for humanity and for all life intended. From this moment on, Sananda* takes the helm of His ship and steers us homeward bound into the Light of All Consciousness and unified loving light. This is a creation of a new circuit, I repeat, in which you are participating.

The Priestess of Light joins with Her complement in offering a whole new life for those who would accept the journey northward into the soul of My Son. The Goddess of Light is officiating over this ceremony of new radiation being poured upon the planet in a joyous communion of God and Man.

This circuit, without question, is the new order which Sananda decrees by His Breath of Life. Those who enter into this order are joined by Him. He will assign each member of His radiant community to a new work for the vibratory cause of all creation and Mother Earth who is giving herself to Him at this time.

Listen to the words of the Lord within, God in you. Receive the light from that place of unified Christed Energy. *There in Me Be. Angels of the Light will attend you as you move into a new order of Being on the Breath of Life.*

I have given you the Master's code of regeneration.

* Sananda is the ascended name of Jesus

Remember The Heart

The heart is the anchor in the new world. Mother Mary is in charge of the heart where Man and God are one. It is in the heart that Christ is born, the new vibrating you. And it is in the heart that true compassion is found.

The mind must join the heart in conscious relationship. The heart is the starship to the new creation. Point your heart to the highest spheres of Divine Intelligence. Reclothe your heart-body with the Christmas Child, the Child (identity) of light. Be knowledgeable about the true Christ religion, not the deviations made by the human mind.

Create out of yourself a heart-body, a body of light. For this body of light so frequently referred to in these changing times is in reality the clothing of the Christ body or the heart. Many men have missed this; many women have ignored this point of love and light. The heart-body is your only place of worship. It cannot go unnoticed any longer. Serve from the infinite heart that is the Christ awareness and embodiment and God will be with you as the light. Live from the heart.

Do something entirely different this Christmas season. Begin to serve from the heart. Take your family to the shelters for the homeless; begin to serve them as

though each homeless being was a member of your family. Take upon yourself a new way to express the Christmas (Christ Mass) of your heart. Be not selfless nor flee the Spirit of My Son. Be clothed in My words and join with others like yourself to function as this Christ, as the outpouring of God's heart in you. You can become a light of the world by your loving heart.

The Community Of The Heart The Order of Melchizedek

The Order of Melchizedek is the expression of Jesus on earth. This Order proclaims Jesus in every way. It is the powerful proclamation of a unified heart with God. The Master walked the heart and was the heart. He chose you to demonstrate the heart and to rise into the Order of Melchizedek in vibratory accord with Him.

You are His namesake, are you not? You have the Order or Blueprint within every cell of your body expression. You cannot fail what you are. Your atomic code has been restated and edited by the Master Himself, who longs to be with you as divine identity and creative power. He claims you into the light of Himself. His etheric vision sees you whole.

A NEW DAWN

We are watching each and everyone who is identified with the light now. Each watched by the Lamb who is cradling each and everyone in His divine love.

Love regenerates, it supports. The magnification of the Christ love, demonstrated by Jesus as He walked the earth, tells us that nothing is separate nor above nor below. In this love *all are the same* in Christ. Be there in the light of God, cradled in the arms of Jesus who knows you like a book, as the saying goes!

Be there with Me, He says. For I AM with you always. Forget the past. It is a new dawn. I have programmed the light as Sananda, Planetary Prince of this Earth Planet. Programmed in GodMan you are focused on the heart chakra as the Christ Salvation. If you continue in your foolish ways, O man, you will vanish with the world of illusion. By the Christ you are born and shall be known.

This—the much publicized Order of Melchizedek—is a frequency of Lord Jesus the Christ. It is the World of Sananda, benefiting the whole life intended. This Order is the degree for the initiate that contains the powerful Christ Love of the heart. The Order is the expression of the Christ Way. And so, linked with this Order, you are expected to maintain your heart vibration as unconditional love, *releasing all into the love of Christ*. As creation changes into love there is a miraculous turn of events that will occur. Watch for this as we serve together in the love of God and joy of Spirit. For the opening of Man shall occur as the Christ. A new generation

is to be born.

*I will lead you to that place and push you through the door.
Sananda*

Now live in this program of Universal Love. You may claim your full inheritance from this place.

The Glorious Priesthood Of Melchizedek

A Priest of Melchizedek does not announce him/herself. A Priest is.

Now may those who have disturbed My Priesthood make amends. I have called you into My Priesthood to serve Me, not another. It is My Voice that enters the Priesthood and it is My Way that is openly expressed. The Priesthood belongs to Me. The Priests are made of My own lineage and they are the Presence of Christ in Me.

No one can leave the Priesthood once they are ordained. They have become One Word so must go forth as My Word Incarnate. The Life Jesus expressed and demonstrated was the Priesthood of Melchizedek.

To enter the Priesthood one must leave the nets and follow the Christ within, the Order of Melchizedek. To function within the Priesthood is to embody the

Christ in the Will of the Father-Mother; it is to be at one with the Voice of God Mind and to respond to that Voice immediately without hesitation.

The Consciousness that Jesus carried as His own was the Order of Melchizedek. To enter the Order and the Priesthood is to be as Jesus was and is. The highest awareness on this Earth is the Order of Melchizedek and this powerful vibration, acknowledging God as the only power, is your new reality drawing you into the Christ Son.

Religious titles and academic degrees are as nothing to the Supreme Spirit I AM. Let the still small voice of God within speak to you of this and other things that have caused confusion, built wars, divided men.

Divine Order

It is from the Order of Melchizedek that great teachers come, avatars and saints. They are made from this Order—MELCHIZEDEK. The sacred Order frees men into themselves, lifts them into Christ authority and delivers up into their eyes God's vision of His own creation.

The vibratory commitment to this Order is a sacred trust. It is

acknowledging all life as sacred, all in the presence of God. It is the vibration of this Order through your system that enables others to feel this Order of oneness, the Order of Melchizedek. Be of one life in Me. *This is the Order of Melchizedek.*

This sacred Order is holy to all of us. It is the place where Jesus walked as His consciousness restored the earth. You are invited into this Order as a place of love and communion with all life.

Behold the Order of Melchizedek, the quickening of the mind and the heart, the divine presence I AM.

The Order of Melchizedek is the vibrating tract of Sananda, emitting His Will to the planet.¹ He who vibrates with the Order is the Creator Son.² This Order is the Creator Son Himself. It is the restoration of the Earth's circuits into the Son.³ It is the highest curve of God's intent for this planet. You serve within the Order as the Creator's Will. It is your passage way to the Son, the Creator Son, Father Michael.⁴ It is the emanation of the Son of God or I AM.
