CONSIDER THE ANGELS

Once you are united in conscious awareness with your Creator once again, and know no separation, you become the active Creator body for this our time. That is why the body must become as a sun or light. I, Crystal, looked up at the sky just a few minutes ago and I just gave a little thought to the angelic realm, to the Elementals and the Devas. And as I did, I saw their hands, they were all around this land-this Center-in a circle. It was like a canopy of perfect vibration covering this land and all upon it. And I saw all of them standing as a group. They had their hands raised as though they were preventing unpleasant changes in the weather. They were controlling the elements, governing the nature forces in love and gentleness.

As I acknowledged their work with gratitude in my heart, they, in turn, spoke these words to me: "You help us, we help you." It is impossible to describe the love and gentleness that was communicated to me with these words. I seemed to hold their words in my heart as though this was a very precious communication indeed. And I thought about what they said....

It made all the sense in the world that as we watch our emotions, take care not to soil the earth with our feelings, be conscious of the Elementals at all times and honor their work upon this planet, that we are helping the Angelic Beings who serve so lovingly.

It is very important that we remind ourselves that we have no right to be angry, no right in any way to pass negative judgments, no right to release selfish emotions on the land that we love. We violate our contract with the light. We have come to help Earth, not harm her.

I was reminded that if we cannot control our emotions, how can we expect to ascend and be partners in the universe? What contribution are we making if we dump our negativity on Mother Earth? Or heap it on another?

If we cannot control all emotions within this tiny little being

that we are, how can we possibly contribute to the Ascended Masters' Plan and to the resurrection of the planet?

One of the easiest ways to control our emotions, to take command of ourselves, is to remember our love for the Elementals, our love for the planet, our love for the Angels. We need to remember that these Nature Spirits and all of the Angels of Light are repelled by uncontrolled anger and loud noises. They are very sensitive beings and they turn away from those with angry feelings and selfish ways. It is time to attune with the angels. To become a partner in the resurrection and the rebuilding of this planet.

One body...

Angry words can fuel the storms and the earthquakes of these latter days. Be aware of this. Work with the planet in the light, not against her. We need helpers in the Sun!

We need to consciously remember that we contribute to wars that seem to be very far away-disturbances in different lands-by our negative thoughts and feelings. How quickly a negative feeling can be transported and can fill the heart and mind of people who do not understand how to control the emotions. Angry emotions oceans away may indeed add kindling to a fire and even spur a war! Energy in motion carries itself across the waters and can bring peace or increase the fighting of peoples and nations.

And so indeed, there is great responsibility, and we must, as beings upon this earth, cease to be self-centered and realize our service. The hands of the clock say it is time. It is time we all worked together as one body.

ANGELS SPEAK

After Jesus left there was a silence on this Earth—a sadness—for it felt as though the very breath of life had gone from this planet. But He was soon able to reassure this planet that He was in every grain of sand and was in every particle of this planet. He made His assurance well known in secret passages that were buried and now are to be brought forth.

Mother Earth is joyous to hear the Son's Voice once again in the music of the earth, in the sounds of His Voice as He meditates with her in joyous reunion—and brings all back into a new world of the Solar Son.

Jesus is returning, yes. But to this planet, He has been with her. He has been in every particle of her body, and she breathes His breath and knows His soul.

Now, if this be so, then what might this planet's destiny be? If she can hear His Voice and feel His heart pulse, then what might her role be in this new world of light? I am certain that it is mighty and that we in the angel world have reason to believe that she will be a home, an embodiment of headquarters for Jesus our Lord.

What might happen then in the message of the Second Coming if the Earth herself knows Him well and reaches out to welcome Him back as Regent and Lord? What effect might this have on this Earth and all her creation—all creatures great and small—and the human material body and the consciousness of human beings? What might this all mean?

We ponder this in the Angel Kingdom. We ponder what we do not know and we seek not answers as you humans do, but we look out to the heavenly realms and we see the spiritual nature growing and glowing, as though Something were about to happen, Something so awesome, so mighty, so wondrous. For to seek an answer for this would not possibly—no, not possibly—satisfy us.

We see miracles everywhere. I AM the Angel Gabriel. And in this moment when Earth seems to rise and call out to Her Son Jesus, we look and ponder and we wonder. And we wait.

Daily Seed of Thought

As you bid goodbye to an old world, which has only proven destructive to earth, join with the angels in partnership in a new world of their making. The passing of the old world does not take you down with it unless you are so attached to the ways of that world that you will not let go. You must remain stable.

Catch an angel's hand right now! Take this hand extended to you and forget the past. Begin to learn the ways of the Light World.

You may ask to enter the schools of the angels and partake with them the counsel of Jesus and the World Mother whom you know as Mary. These schools are available so that you can open your consciousness to partnership with the Angels and the Deva Kingdom. ASK NOW TO ENTER AND TO LEARN. This lesson series is the beginning of this school.

YOU AND THE ANGELS

The presence of angels are all about you. They are here to help the Earth. When you are consciously aware of them in your dream state as well as in your waking hours, you may be quite sure that they are very close.

As you look around you in the stores and in the catalogues, there are angel faces smiling at you: little cherubs, seraphim, tall guardian angels and little fairy people. Here to remind you that they are a part of the resurrection process and the ascension.

Take them into your thoughts with kindness and love. Appreciate them. Be aware that they are responsive to your recognition and your appreciation. When you recognize them and show your gratitude for the enormous part they are playing in the Master's Plan for Ascension, they will respond with immense joy and love. You will feel that love as energy. This energy will bless you twofold. It will heal and resurrect, and it will prosper you.

Pay attention now! The angels of the light are here to take you to a new place in vibration of the Divine Mother. They will show you a new place in Her that is anti-gravity, beautiful to behold, loving to witness. It is a form of heaven that is the place of the angels, where they often rest and repair themselves from the dense vibrations of this planet.

We want to encourage you to acknowledge the little workers in God's Kingdom. All of them. The Wind Sprites, the Gnomes, the Fairy People, the Salamanders, the Undines, all the radiant ones who are with you and our planet in the last days of this world of the third dimension.

You will see a new earth emerging through their touch. They are already remolding her with love, as the Divine Mother talks to them and gives them Her plan. She says to them, ÒLove all my life. Touch each life with my radiance of love. Sparkle every leaf and tell all that I am with them, in them and caring for them, every one. Ó Lovingly, She talks to the little people and lovingly -- O with such love -- they respond. These little ones with a fairy touch are weaving a new earth under the supervision of Our Lady of The Angels. Through the loving touch of the Divine Mother beauty is emerging!

So springs the heart through each loving hand. Now look about your garden, is it not part of the holy gate? Begin to acknowledge these divine workers in the vineyard of the Mother. Would you like Her to talk to you as She often does the fairy folk?

The great angels are here also breathing life into the planet Earth, reclaiming her as a bright and shining star. Live with the angels. Be with them. And learn that, though for the present they may not be visible to the human eye, they will be seen. Count on that. They are becoming visible and will be seen. We want you to know this now. Anticipate it.

I AM flooding My Earth with angels. This is My gift to Earth, a planet that has suffered while the children played. Now shall she delight in the presence of My Angelic Corps. A quantity of them make the ascension with you.

When angels are about, there is peace and war is no more. Thank the angels for they are coming -- many more. Count them! So many! Covering this Earth with sparkling light, they are welcoming the Mother Earth as she rises, beautiful to behold, a light unto herself. My children, welcome the angels and aid them by your music and your song. Keep happy. Spread your joy. Radiant health will be a part of your life and you will prosper in the company of the angels.

This is Sanat Kumara thanking you for your time and your effort in this communication. We are locking in a new dimension. Vibrant health be with you. Return to light! With the angels, be clothed with light. Abide with me. I give you Peace.

The peace of the angels be with you.

CREATIVE LIVING

I open my home, my workplace and my church to the angels.

I open my life, my heart, to them.

I am ready to create with the angels a sanctuary called Earth.

Pause for a moment and focus on an Archangel. Just the vibration of "Archangel" will do. No one Angel in particular, just the Being of Archangel. Let the Great Angel-in harmony with all existence-reveal Himself. Continue to focus as the Archangel Energy expands and opens to you.

Letting Go of the Mortal

The Archangel extends His Hand and you take it. Lifting...lifting...Immortal Life is yours...You are rising far above the earth with the Angel. Then you stop and see Earth far below you. And your thoughts go to Earth.

"What do you see?" asks the Archangel.

And you tell him what you see.

"I am cutting all mortal ties that you might be of greater service in this time of need," the Archangel continues.

And then you see what has bound you and caused you suffering. "My mortal ties!" you cry. "I see that I have all that I need...everything is mine...when I let go of that which I have possessed. Poverty, lack, sickness, even death, are of mortal thought. I stand free now in God's New World of Light-no longer bound but free to be what I have come to be and give what I have come to give."

With that understanding, the Great Angel disappears and the world looks new and fresh. You feel as though you have wings to fly the universe and beyond, yet you also feel the earth beneath the feet and the sounds of wind and rain.

"What now?" A whisper breathes into your ear. "What will you do now with all that you have and all that you now know?"

And the Light grows brighter and sounds sweeter and the day begins...All new, all fresh and free.

Angel Story (Nancy Jakeman)

The very first thing that came to my mind on reading your request for angel encounters was the story told to me by a Jamaican man I met some years ago when the University School was on assignment in Jamaica. I would love to share his story if possible.

It was the last night before we returned home and I was sitting at the bar of the hotel in Jamaica where we were staying. J.J. the bartender and I were talking and presently a tall man entered the room and sat down beside me. J.J. introduced us and we began to speak... of things of the spirit. This was indeed a beautiful sharing. One of the stories he shared with me was an angel-story. He was walking down a road where ... quote "I was going to do a very bad thing when suddenly a man and a woman appeared before me." "Go home Winston" they said. "As I watched they suddenly disappeared from sight." Filled with wonder and a certain thankfulness he went back home.

I also have a little story to tell.

When I bought my house in Nambour in 2000 there was no gardens at all except a few trees here and there. But out in front was a beautiful camellia tree resting inside the tall picket fence. I planted a box hedge opposite the fence, under my bedroom window, but otherwise this was an unfinished project. One day I was inspired to buy some paving stones and carefully I laid them down and between them I planted dwarf mondo grass to dress them. Beside them between the camellia and the path I planted erigeron, a low growing groundcover with myriads of tiny white daisies. Project wonderfully finished!

One day I was amazed to see many little angels dancing up and down the path, laughing and singing with joy. I actually did a double take at the sight. They thanked me for the little path. They told me that it is one of their most favourite places in the garden. Their joy is lifting all who venture near. Hmmm... I think I know where that inspiration came from!

The Archangel Experience

Once you have experienced the presence of an Archangel, that sacred field of radiance is a part of your world. There is a new direction you must take. The vibrational essence of the Archangel has penetrated your auric field and is producing through you formidable blessings for others and for the planet.

Here is an important point. Once you have experienced an Archangel's presence, that One never leaves you. The Archangel has summoned you, and that Angel will be with you as you serve on the planet and elsewhere. There is a penetration that takes place that creates a new body that is connected to the Kingdom of the Angels and the World of Light. If you have had a serious encounter with an Archangel, review that experience with what you know now. Then, consider your life following that encounter. How has it changed? That

Creative Living

Archangel has created a sacred energy field around you to protect you as a World Messenger.

Your Guardian Angel

How blessed you are to have a guardian angel! Do you speak to him-her? Are you consciously aware of your guardian angel's presence? Give yourself time to think about this. How might you draw closer?

As a child, did your parents or spiritual teacher tell you about your guardian angel? How might a child benefit by this knowledge?

How might your awareness of the presence of your guardian angel assist you now?

These things I, your Guardian Angel, can do.

I can raise your thoughts and give you hope.

I can decree with the Father's voice and so bring energy to your sound when you speak.

I can shield you from harm and protect you from your thoughts.

I can send more love through your heart and help you in the manifestation process.

I can, also, acquaint you with the angelic realm where I live and have my being.

Ask and I will do these things. Seek and you will find me very close to you and willing to console you and restore you. You have only to ask and receive.

I AM your closest friend and dearest playmate.

Angels of the Sea and Land

You access the angelic kingdom through your faith. We are completely free of any lower field concepts and beliefs. And we are not subject to error. But your faith is the ground we walk on. It is the playground of the angels.

Walk without death with the angels. And see the death images flee from your thoughts. At the moment, humanity is driven by death. Where we live, there is no death. Come join us and live with God in service to the whole.

Within our fields of creative power are the spirit forces, the Wind Sprites, the Undines of the sea, the Fire Elementals called Salamanders, the Fairies and the Gnomes and all the little people who grace this earth. These are intelligent energies, which you must come to know. They are eager to work for you in context with the Angel's body and the Master's divine plan. These little ones fill the oceans and Mother Land. They are everywhere and they wait for your command, called forth in selfless love and benefiting the whole.

When you can take control of your speaking voice and sound the word messages of the Archangels, great lakes will form where there were none and castles of light will stand once again upon the waking hills.

Remember, dear one, that lack and limitation -- even illness and death -- are born of separation from the One. Your God of Israel is ever present. God is One. We abide in the Great One. Our Law is harmony, our voices sing of love. Come Home!

The Creative Angel

I AM the Overseeing Angel of the Creative Power. I cannot be entered nor can I be summoned without the Father's Will abiding in the heart of man. I do not come because of man's desire but because of God's desire. I AM the instrument of His-Her desire. And I proclaim that desire into form.

Unjust? Absolutely not! For you were created in Oneness, in unity with all life, in joy and gladness of Be-ing. Come Home!

A Life of Miracles

We are energy. We perform the miracles. And we gladden the spirit with our song! To live with angels is abundance. It is the prosperous life, the life without death or hindrance of any sort. Come to the Northern Rock by the sea and see us there in our light forms. As the dance begins, step into the Circle of Light. Your body will take on the angel energy of the New Song. Please join us. It is written that you would. Come now. We are waiting to serve with you as the Solar Life and Light.

From the Mountaintop

I AM raised in my consciousness to the mountaintop. There, I am welcomed by the angels.

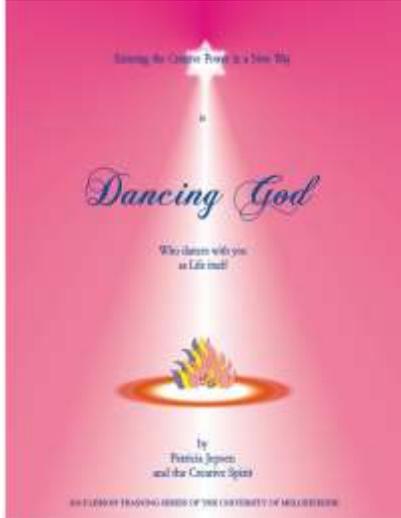

I feel the embrace of the Archangels, Michael, Gabriel, Raphael, Uriel, and all others who attend this workshop and who are with me in my service to Earth and all peoples who abide with her.

The Portal is open.
Step through.

DESCRIPTION

This book is the result of nine online workshops presented when I was living in Port Townsend, Washington. As I would write each presentation for the large groups of subscribers, I could look out my window and see the deer and fawns dozing in the front "English garden," or peacefully munching from the border plants that surrounded the

colorful garden. How at home the angels must have felt amongst the sweetness and the purity of this setting....

Have a beautiful experience now as you step into the World of the Angels where they wait with open arms to greet you and welcome you as a partner in Light.

Magical secrets of creation written by the angels themselves!

DESCRIPTION

Introducing an exciting new process of awakening your angelic qualities. As the angel speaks, the vibration of the angel begins to lift you into a joyous feeling of discovery and self-worth.

AUTHOR'S NOTE

Much to my surprise and delight, as I sat down to write this series of lessons -- not knowing what would be said and written on these pages -- I discovered the heartbeat of the angels! I know you will be as surprised and as delighted as I am when you enter into the angelic kingdom through this course. Wonderful, new information is released and generously shared by the angelic teachers and recorders. Wise words of healing for the planet, caretaking of our environment, building of a new community under the Solar Confederacy. Indeed, we, as humans, are welcomed so hardily and with such love, how can anyone not walk through the door into the world of light? This is their invitation to us, to enter in.

Excerpt from *I Felt My Wings*
by Karen McQuat

From Chapter Six: *The Spirit's Response to the Soul*

...Then the stereo turned on full blast in the silence of the house—all by its little self. It had not been on all day and certainly never at that volume. This was not a coincidence. My daughter had nothing to do with it as she was asleep in

her bed. There were no animals in the house and no windows open—just me—on another floor. I raced downstairs to check it out.

It had chosen a selection on one of my CDs by Shaggy. The words blared at me, “Open up and let me in. We can do so many things.” I shut it off.

If this had happened six months previously I would have been paralyzed in fear and would likely have jumped out of the house from the second story to escape (with my daughter, of course). With my new knowledge though, I knew in my heart this was a message to me. The spirit world was sending me a message to open up to communicate. This was what I was meant to do all along. I had just been too scared to face my fears.

I called my mother to share and she came over as fast as lightening. I played her the song and then shut the stereo off. The song continued playing with the power “off.” She was equally “impressed” .

“I Have Been Trying to Wake You Up”

That night in my dreams, I was sitting in a bar and a handsome man walked up to me with a CD in his hand. He handed it to me and whispered in my ear “I have been trying to wake you up.” His breath in my ear was like spirit. I immediately felt my body move from that dimension back to my bed on his breath. I woke up and knew immediately that this dream was a firm message from my experience with the CD playing full blast. It was a confirmation that I was being “woken up” to the truth of being. I had work to do.

The journey into the unknown, yet very real, requires great courage and the ability to put all current belief systems aside and break out of conformity. Sometimes we are lead into this journey by a Power higher than us and not of our own conscious will.

The Higher Power says, "Follow Me. I will show you the way."

I Felt My Wings is a true story, written without embellishment. It is a journey of spiritual awakening—awakening from fear to love and into a higher Truth guided by the Spirit within. Each and every one of us has an incredible power within waiting to rise to a higher state of being—one that is closer to who we are in Truth—one that is a little bit closer to heaven.

I Felt My Wings is dedicated to the new children of the earth, whose power within them, when ignited and nurtured, will transform this world into heaven on earth— a well needed and long awaited change.
