Cities of Light

THE UNIVERSITY PAPERS VOL. 8 NO. 16

The Solar Cities

These are the Light Cities on the ground. They are the forces of Light that have been programmed into the areas designated. They house the energy fields of the overseeing City of Light, which is their sister city. Without these Cities of Light being placed and vibrating in the higher dimensions of Earth, the New Reality of Divine Light and Life could not be made manifest.

You will find that there are Light Cities above every major vortex on Earth. Unfortunately, there have been only a few who have been awakened and alerted to the vibration of the emerging Cities of Light as Solar Cities and Solar Cells of the Eternal Flame. We will be now initiating the gathering of souls who are linked to particular vortexes and areas of high service vibration. The building and forming of the Light Cities on Earth will begin. These Cities of Light with their vortex command centers will be models of the Light Cities above, and they will change the ways of the planet as you have known her.

Communities will be formed within these Cities of Light and they will be as examples of the Way that the Master Jesus taught to His disciples. They will become the units or presences of Divine Love and they will be open to all who seek the quiet of the Master, the harmony of all life in the sanctuary and the healing of the Holy Spirit.

Thus the Great Silence will rule in these communities, and out of the

Silence will come the Heart of the Solar Son. The sacred path for each one is marked. And those who walk the path in harmony of spirit, seeking to rise into the higher dimensions of Light, will find comfort within the Light fields of these communities and a sense of home.

The building program for the new planet is about to begin and the Cities of Light are preparing to grace the land, forming and then anchoring the Light Government.

Many friends and loving assistants will be both in the invisible and overhead, circling the Earth and pouring Light upon her. Step forward, those who have been called. It is time.

Holy Cities of Light

They are the creative circuits (extensions of the Creative Daughter/Universe Mother Spirit/Holy Spirit) from which the new Solar Cities will be programmed and built. The nature of the Cities of Light is to harmonize all energies together into one field, to actualize the New World and to build communities of the new race of Man.

The legitimacy of the Cities can be felt in the vibrational tone of those within the City. The training to uphold the Cities of Light has been developing within the individuals who will

Continued on page 3

Cities of Light

Continued from page 2

take up the task of creating into form the Divine Presence within every brick and tower and within the schoolbooks of the children who have been born into this Light.

This is a time of great rejoicing on this planet and we are troubled no more by the offenses of generations past. All is in order and returned to the Light. What now must take place is a development of the CONSCIOUSNESS of this order.

Everyone is called, but few will come for the initial stages of the building and the forming of the Solar Cities. Because the discipline of LISTENING to the Inner Voice—the Truth Circuit of the Universe and beyond—calls on the divine Priesthood of Melchizedek to become ACTIVATED within the individual, only the sincere disciple and chela will be able at first to stand and serve in the power of God. Everyone is called but few will come at first. But later, as pilgrims of the Light venture forth to test and experience the Cities, word will spread and Cities will grow larger in their function and embrace. All will come in the end and all will be touched, as the Solar Life forms on Earth and the radiance of God the Supreme line the heavens.

The Building of the City and Its Resurrection Code

The Solar Cities are built from the top down; that is, from the capstone of the pyramid to the foursquare foundation. Etheric guards are placed at each corner of the designated foundation. They resonate the Temple Presence or City Foursquare, as the City is built and anchored on earth. The Capstone is reached only by higher consciousness. Priests and Priestesses, especially trained and graduated from the Melchizedek Schools of Creative Power, serve as the channels for the Temple Guardians and the vibrating essence of the Vortex Temple.

Every invisible, etheric City of Light now blazing forth into the realms of Planet Earth has within its vibrational Code a Temple-like structure in the form of a pyramid. The Solar City is the out-

picturing of the inner Light City Temple. To restore the Light to the planet these Temples of Light must return to Earth, as Solar Cities or Light Cities, and they must perform the duties of God on Earth and through the Teachers of Melchizedek. You are privileged to be a part of this if you are called.

Seal of Melchizedek

The Discipline and the Joy

The communities that are trained (and they have been receiving this training for eons) to build and to maintain the radiation for the Light City are, in truth, adepts of vibrational control and the building of new worlds. They have been taught to maintain a discipline of alignment with the Inner Voice and to walk, speak and live through the higher chakras as Christ lived on earth.

The Creative Force or Creative Daughter will find Her place in the vortex center of the City. Much like the Eternal Flame is guarded and nurtured by the Melchizedek Order of Priests and Priestess, so is the Presence of the Creative Power—as the Daughter/Mother Spirit—attended as a Fire within the center of the City. What cannot be seen by the naked eye, yet is real and true and present, is the pyramid Temple, which has been lowered to preserve and contain the Holy Fire of the Creative Daughter-Universe Mother Spirit. This Flame is the projection of the Eternal Flame and must be maintained by the Temple Guardians. This glorious Creative Power is the spiritual energy that flows out and through the Solar City, uniting and vibrating the joy of Oneness and peace of God as an alignment Center for Universe capacity.

What you are hearing and reading now are the instructions that you may find also in your heart. We are ready to begin.

Putting On the Garment of Light

After a few days of living in the light energy you will actually *feel* the vital body as your *body* in a very grounded way. You will experience more strength throughout your being, increased momentum in your energy field. You will have transferred from one body into another. And you will feel willing and able to handle the increase in light presently pouring into our planet at a very fast pace.

Finally, it is through the body of light that you will pass into My new fields of existence. Be apprised of this. Godspeed.

Translating into higher energy fields results in new body form.

It is now possible for human beings to transfer into their Light bodies immediately by choosing to do so.

By refocusing their energy into their vital bodies, humans CAN move out of the lower planes of existence into the Christ Plane, the union of Light with Man.

The vital body is your position in the force field of the I AM presence. It is this body that contains the chakras or centers for the regions of Light. You become a Cosmic Being as all chakras are open, functioning and stabilized in the Christ Light. If you are in tune with this body, as many are, you may travel etherically now to the heavenly schools of Light. We want this to happen and to happen soon so as to raise the current of humanity's vibration on this planet. Therefore, you are positioned now as etheric vessels as you read and study this correspondence course. (Immortality -The Search for Life).

Ponder on This

I have the Light Body prepared for
them-in the name of Jesus
(the radiation supplement)

By putting your attention on the Christ body of light and centering on that body, you will notice changes in your eating habits. You will become more and more conscious of that field of universal life energy called the Holy Breath. When your consciousness is ready, you will shift your attention to the Breath for your food, your vitamin intake and the solar nourishment provided by the Central Vortex of the Universe program, the Divine Mother. By taking your attention off the mortal body that is subject to death and decay and focusing on the Christ within, the vital body establishes itself as your body of Light. And this is your new body.

This intelligent body field has a rhythm of its own. Once you are conscious of it, you will become "actualized" in My Spirit; forgetting the mortal field entirely, you will be written in the stars and returned to your previous beginning as the Sun-Moon. THIS IS THE CREATIVE POWER RESTORED.

As a budding Star of Melchizedek, you are asked to become initiated into the divine fire of God in you and this bathes you in white light, the Master's Breath. In the process of initiation and transfer over into a new cosmic energy plane, you will know to find your own point of control and there commit yourself to God's Will. When you have recovered from this initiation, you will find that you are unified in your own life expression, vibrating energy of Being. My white light extends around you as an auric display of your accomplishment and Mine. The white light becomes your energy body or body of light.

The Coming Of The Light Community

THE MASTERS PAPER NO. 106

Forming now in the etheric zone is an Intelligence Light Community as a focus of power and light for the University of Melchizedek. This community of advanced souls are initiates of the new order and will be called to a force field already established in a land of the Mother. This area is closed off at this time...waiting.

Much of the training period is over for any who can handle very high, exceedingly high, vibration. We, the Great White Brotherhood with the Melchizedek Order, will be calling forth this community within the next few months. If you hear the call, answer it.

Those of you who have been wondering what the Ö701 Los Altos exercise was all about, I will tell you this. It was all about community, service rendered to the Creator in behalf of the World Plan. He who answers quickly is connected to the light! I AM forming a community of Me.

A window of opportunity is being opened once again. This window is the passageway into a new world of God's life in the sanctuary of the Mother Christ. You will have more information on this shortly. We will not leave you questioning. The Earth must now be fed by the Light children of the Universe. It means the passage into a new world for you who hear My call and heed it.

Burrow not in the misery, nor in the enticements, nor in the false assurances of the mortal world. I have a better world to offer, God's world of light.

The Release From The Mortal Vibration

The world of light is a new world emanating. It carries with it a whole new identity circuit without family or friends of the past-present karmic relationships. They are finished when you enter the world of light. There are no karmic relationships in Me! Only the Son/Sun of God emerges in direct service to humanity.

This victory over the flesh, this complete release of all mortal coils, allows the victorious individual to rise in consciousness to his or her soul plan for this new era.

Please listen, read carefully and ask for deeper, greater understanding of what this means to you: Your life as you have spent it is finished when you recover the documents of your higher life and service. You are no longer tied to your family coils, your husband or wife, the church you were attending, the job you claimed as your means of livelihood. You are now Mine.

My beloved ones, I have called thee forth, into the City of Light, where I await your return. Put on your Body of Light, O Immortals, and Come Home.

Of Me. Born of Me with every aspect of My glorious Son-Daughter vibrating as I AM. You are a magnetic pole of My Being, electrically charged by My Will—as determined by the Hierarchy of your planet as well as the Solar Logos.

Thus, what I AM saying here is: You begin a new life in My world without any ties to family, friend, or religious practice. I AM cutting you loose so that I might flow in through you as Consciousness divine. Mark this well. It is your call into My Sun, My world of light.

Forming The Community

The presence of a community of light, to be established in a place chosen and marked in My Name, conscious rhythm, is absolutely essential. No longer will you be asked to “be in the world.” You who hear My summons are asked to leave the world and to come into My World, a city of light.

For those of you who have either achieved or will be translated into a Body of Light, a community is being rapidly prepared and formed. You must go there promptly when called because you cannot stay in the world.

Continued on page 6

The Coming Of The Light Community

Continued from page 5

As I lead you into the community focus, do not look back. As a member of the community of light, you will not operate under the laws of the world, nor the fashion of the world. You must leave everything to come home. It is this deliberate change into God's world that will mark the planet with new light and harvest Creator Michael's program upon it.

Hear My Voice, no other. You will not serve the world in any way, for I tell you this, the Office of the Christ does not serve the world. He who is in the world will die. He who is out of the world will live. I AM building My community of light. Peace and joy be with you at all times.

Blessings of Light,
I AM Crystal

Be the Light, Sound the Word

From the point between your eyebrows let your heart center rise to that point of *oneness*.

From this place of centering in the First Creation, walk and have your Be-ing as I AM.

Out of this point of consciousness will emanate the form you need—the form that is necessary for you—in the dimension you are serving.

You do not have to hold on to any form of body, as the form itself only appears when detachment is yours by authority of the Christ. This is the governance of any and all bodies of form. You, as consciousness (son of God), remain in the core of your Being or *the I AM*. There is your command post, the central headquarters of who you are; and there, too, is the emanation of God the Father, God the Son and God the Infinite Spirit. This place of pure authority and remembered identity is often called "the Capstone."

You build the pyramid of your own awareness. After it is finished and done, the Capstone is placed on your crown chakra or center as Wisdom, Power and Love *in operation* as the Priesthood of Melchizedek. It is here in this place that the "inner voice" or "Good Shepherd" becomes your Mind as Light.

Now that Light shines upon the body temple, piercing the lies and the iniquities, It reclaims unto Itself the flowering God consciousness of every living cell.

Identify with this Incoming Light not with the rules and regulations of a world that has been born of suffering and separation. Be with the Spirit now, for this Light is the activity of the Daughter Spirit!

See the Light moving steadily and with purpose into the atmosphere of Planet Earth. See this Light interchanging with your life and seeming world so as to transform your life and your world!

World Mother Scripts Vol. 4: 18

We are building Cities of the Light throughout the planet. This is a Universe mandate and it is coming from the holy spheres of the Divine Mother, Universe Daughter and Holy Spirit. We will see that all these divine Cities that are mandated and ordered to come forth are immediately initiated. Their source is from the position of the Creative Daughter/Universe Mother Spirit, who is operating in the Consciousness of World Mother and Sanctuary. This announcement moves into objectification as the World Mother Office oversees the building of all Cities of Light and registers these Cities in the Solar Realm as consciousness—not divided—but at One. The Unification Principle now rules throughout the vibration of these Cities. Go to your posts, My Children, as you are summoned. I AM the Universe Mother speaking to you today.

May 12, 2009

The Ingathering and the Rapture

SOLAR NEWS VOL. 5, NO. 3

I, Sananda, have begun to gather up My children and My People of Light who are ready to receive Me. Once these ones are touched by Me, they are changed in a twinkling of an eye.

Those who will be touched have already been given a mark on their brow that signifies they are to be lifted. They will then return to earth and receive others for Me as the Rapture begins.

Released of the flesh, those who are touched this Easter will feel their freedom. They will know that I have touched them and they will have My power within them as I have given it.

It is by My authority that those I have touched will come and go. They will teach and they will supply. They will cover many with My vibrations and heal them by My love.

He who is given My authority and walks in My Will will stabilize others in the Christ dimension. That is My promise.

My hand now reaches forth and I will touch you as you are willing. For this time has been created for My entrance and decree. I have come to bring light to My darkened planet and I shall not leave until she is a bright sun.

This is My word.
Lord Sananda

Zones of Light and Love

SOLAR NEWS VOL. 4, NO. 41

Don't be surprised at anything that will happen. Powerful radiations of light are pouring onto your planet now—looking for those who will be as vessels for the new Incoming Ray and joyous Second Coming.

The ones who have talked of spirituality and who have sought their own spirituality will be answered and fulfilled by My light. My joy will encompass them.

There are zones, which will serve as transmitters of this light, stepping-stones to the higher evolution. Step into these zones and you will feel the presence of My being and the realization will come that you and I are one.

Be at peace within yourself. Expect nothing from this world. Enter the flood of unity and I AM presence, for God is One.

No harm will come to you in Me.

Be at peace now, realizing we as one Being are the New World and the New Son. My peace *be* upon you.

Sananda

7 a.m. October 28, 2003

Recorded by Crystal

Thoughts on the Second Coming

God is One.

What God so desires comes to pass. (Unless you hinder Me.)

A desire in the God presence is the movement into manifestation and form.

That is what a Desire made known to consciousness is.

The life circuit is the Presence.

Consciousness must behold the Presence. And never look back because in looking back, you lose the Presence. (I AM now.) That means you are letting go of Life itself.

Behold the Presence—the activity of God, the Life Circuit in action, in expression now. This radiates the fire of reality and truth.

Open to the New World of Light.

Prepare your consciousness to receive the New Light.

Be open and realize you do not know, nor can you plan the next moment.

Each moment is alive and vibrating as your God Mind. In other words, release NOW the patterns of this world. Open to the New World of Light.

I will prosper you in Me.

Anything you ask for is ALREADY in manifestation. Simply say, Thank you.

Are You Ready?

The Consciousness of the Christ is emerging. Behold the Light within you as the Christ. Support and nourish the Incoming Light, *as it is you*. You are mortals no longer. Let go of the old conditioning and be free. Walk as the Incoming Christ so that all might be lifted.

Mother Earth is ascending and she will harbor the Christed Man. This planet is becoming a lighted planet and those who remain will be *light*, solar and divine.

**A Tribute: Patricia Jepsen (Chuse)
“Crystal”**

University of Melchizedek founder and director, Patricia Jepsen (Chuse), “Crystal”, made her transition into the Light on September 7, 2009.

For over thirty-five years, Crystal served as a writer, lecturer, seminar leader and pioneer in the expanding spiritual and environmental movements. Author of *The GodSelf: Revelation for the New Millennium*, *Six Lessons with Delphi*, and *Delphi: What Being on Earth Is All About*, she also released many booklets, courses and recordings that guide humanity into greater understanding of the meaning of life and its higher calling.

As a teacher and scribe for the Order of Melchizedek, Crystal initiated individuals into higher mind consciousness and fusion with the Inner Voice. She translated hundreds of documents from the etheric libraries of the great University of Melchizedek and its ancient temples and mystery schools. She addressed many religious/spiritual organizations in the name of the Order and planted the seed of Melchizedek in many parts of the earth. The Master's great love – the presence of Jesus -- abounded through her writings and workshop presentations.

Early Years

As a teenager, Crystal had an awareness of a spiritual calling. She loved Jesus, was exposed to the writings of Emmet Fox, and felt the stirrings of the Spirit within. Her young adult life included training and experience as a professional actress, which gave her an excellent foundation for later assisting individuals in finding, aligning and speaking with the Inner Voice.

A spiritual awakening in 1967 re-formed her experience. She describes this in the introduction to *The GodSelf*:

As a result of a dramatic spiritual awakening I began to experience “a Voice,” a powerful God Presence that vibrated instructions and spiritual truth. From the moment I began to “hear” (not with my ears but with my heart) this Presence, I understood It to be my Inner Voice. Very soon, following this opening, I was introduced to three books written by Minerva. On the cover of each book was a symbol that seemed oddly familiar to me. In fact I had been drawing that same unique symbol from the moment I began to feel differently about myself and the world. This symbol was the Seal of Melchizedek.

As I read and reread the Melchizedek Truth records as recorded by the scribe Minerva, I was deeply impressed by the purity of the message

A tribute to Patricia Jepsen (Chuse) - (Crystal)

and I hungered for that same purity of communication. In fact, I remember declaring, "This is what I want! I want the purity of the Presence of God to be with me as the Inner Voice." Thus I embarked on an incredible journey as my world began to shape itself far differently than I could possibly have imagined.

She then includes the first communication received from the divine presence:

It was a time of deep crisis in my life when I didn't know what to do or where to turn. I remember I was on my knees, promising God I would continue to seek Him until I knew Him. I became aware that the room had grown lighter. It was as though the Presence Itself was that light. Then these words thundered through me. I hurried to my desk for pen and paper as the message continued.

My voice will be heard!
Not your voice but mine.

Clear bells sound.
They hang on the ear
echoing back in aged time.
All the armies ready to march,
joined from the sound.

My army comes not from
one time nor one world,
but from all that is ever.
These join and march,
drink and sup with
at the large table prepared.
Know them well as one can
when breaking bread.
Drink of their wines.
Sing with them for they know your songs.

When this is past embrace,
go back to your homes.
But know and do not forget
there is an army and you will march.¹

Following this time of awakening, Crystal underwent an intense period of spiritual training and discipline. In her own words: *"My training began with the Word, 'Listen to My Voice, My Voice*

*only. No one knows the truth. Go back to the beginning. Listen to My Voice.' Soon followed the calling to the Melchizedek Order and the High Priesthood."*²

The teachings of Dr. Joseph Murphy, Joel Goldsmith, the Christian mystical tradition and eastern philosophy, particularly the Vedanta teachings, were of significance to her spiritual unfoldment.

Years of Service

In 1972, Crystal established the Mary Bethany School of Consciousness. In accordance with her inner direction, she held classes in southern California and throughout the western United States. Her travels led her to Boulder, Colorado (1975-6) and Sedona, Arizona (1977-8), two locations where the creative gifts and contributions of many students flourished in the forms of music, writing, drama and dance. In Sedona she began a Center for Creative Arts and published an occasional newspaper, *The Christ Voice*. At the end of 1977 she also founded a new consciousness school, the University of Melchizedek, and adopted the spiritual name "Crystal".

In May 1978 she moved to Hawaii and became involved in the peace and nuclear-free movement. Her teaching and peace work continued in Berkeley, California, northern Virginia, and Washington, D.C. during the early 1980's.

In 1983 the University settled in Castleton, Virginia. Crystal hosted a retreat center, held spiritual classes, gave talks and led seminars internationally, and founded the Center for International Cooperation (CIC), a non-governmental organization on the roster with the United Nations Economic and Social Council.

CIC sponsored several events and programs, including EarthWalk, a conference in Australia bringing together aboriginal and indigenous elders, educators and environmentalists on behalf of the environment (1989); and "Global Community: The Earth and Her Children," a forum at the 53rd Annual DPI/NGO Conference of The United Nations in August 2000, representing the voices of

A tribute to Patricia Jepsen (Chuse) - (Crystal)

the child, education, animals, indigenous peoples and the earth. CIC was also an active participant at the U.N. Earth Summit in Rio de Janeiro in 1992, where Crystal presented Earth Treaties gathered from children around the world. Her spiritual service had expanded to encompass the voices, hearts and needs of all people, cultures, and the earth itself.

Recent Years

Following a move to Tucson, Arizona in 1997, Crystal began a series of classes focusing on animal communication and the circle of life with her golden retriever companion Delphi. Out of these classes evolved a series of books and an online school for young people focusing on partnership with the earth and the interconnectedness of all life, The Sanctuary School (www.thesanctuaryschool.org).

Crystal's most recent assignment, vibrating or revealing the World Mother Office to earth, entailed a much-needed focus on children and youth, their soul education and general welfare. The Sanctuary School provides this program for children and youth, with its emphasis on heart-based education.

In the last few years, Crystal devoted herself to continuing the work of the University and The Sanctuary School. Her service took her to Ojai and Mount Shasta, California; Port Townsend, Washington; Glorieta, New Mexico; and Kanab, Utah. The University redesigned its website (www.melchizedeklearning.com) and opened an online store, providing for a greater outreach worldwide. Crystal continued to write and hold classes with a focus on Christ service, the contemplative life, planetary

ascension, immortality, the Inner Voice and the interconnectedness of all life.

A Divine Plan

Crystal's departure from this plane was possibly revealed in an autobiographical note, which appears at the end of her booklet The Sananda Scripts. At the time of its publication in November 2008, she wrote:

For over thirty-five years, Crystal has served as Melchizedek Scribe and channel for Sananda's words. She is vacating that position soon for a new position in the Hierarchy.³

Future Plans for the University

The outreach of the University of Melchizedek will continue under the guidance of its Board of Directors, and with the assistance of those who served alongside Crystal.

The large body of Crystal's writings and recordings, priceless revealed records of God within the individual, including the inspirational classic The GodSelf and the ground-breaking teachings on Immortality, will continue to be available to spiritual seekers worldwide.

The vision held by Crystal of a University learning and retreat center continues. If you would like to support this vision or contribute to its realization, please contact us at admin@melchizedeklearning.com.

The University encourages the participation of all who are interested

in supporting the unfolding planetary consciousness and world service. Melchizedek study groups are forming around the globe; if you would like to start a study group in your area, please visit www.melchizedeklearning.com/groups.html or contact the University office at admin@melchizedeklearning.com for more information. We will be happy to assist you!

We will continue to provide updates about the University and its activities in the coming months.
