

Building the Body of Light II
(Walking with the Angels)

Workshop 3. - Healing -

Surrounding you is a magnetic field of divine Light intended. It is the Vibration of the Cosmic Order that feeds into your system the Christ relationship and the healing properties of His Name.

You have the power to resurrect and to change all appearances that are not in agreement with the Christ Origin. Grasp this power and authority and release yourself from the mortal ties.

When you can accept the Christ Emergence within your heart as your True identity, you will step forth as the glorified angelic energy form that has been held for you by the radiating Light Angels.

In the days to come, many will step forward and claim their rightful body of light. These ones will claim their identities as the Second Coming of Christ. They will shine into creation as gods and goddesses of the New World. Take your place.

The New Alignment

(From *The University Papers*,
Number 86, *Angel Man*)

The body is but a shell, a product of our conscious awareness. We are not the body, however. We are the God Center. We are the alignment with our Christ vehicle, the body of light, the merkabah.

If we feel pain or discomfort from the body shell (what has been called our physical body)¹, instead of immediately reaching for a pill or vitamin, wait and be patient for several minutes. Let the light body reprogram the material body form and manifest as the perfect energy code of the solar realm. Give the body of light an opportunity to kick in, to distribute its light and its awareness. You are reprogramming your body into light. It is much like developing a new muscle or reactivating a part of you that you have forgotten. As you depend on it, you will requalify the body energy *and translate it*. This is much like how we look at Earth. If we look at Earth through a third-dimensional perspective, we may see a dense and troubled planet. But if we look at

the planet through the eyes of our higher consciousness, we see it as a World of Light.

What we are realizing for our physical, third-dimensional body, we are also realizing for the planetary body. We are light. It takes getting used to. We want to give ourselves the opportunity to travel light, to allow the light body to act as the comforter, as the intelligent energy it truly is. And it will supply us with everything we need.

Our consciousness manifests the body. The body that has been with us as a dense, material body has been a body that has been trapped and weighed down in gravity. We have had to die to get out of it! Now the body is being freed to move into the light, transmuted out of the old, dense form into vibrations of light and love. It is being released from its karmic assignment.

Our cellular activity is altering. The code of intelligence is "I and the Father are one. I AM the resurrection and the Life." The human cycle has been stopped and radiation is now pouring in of the angelic kingdom. The result of this radiation is a new creation. It is temporarily called "Angel Man."

¹It is the animal body or the body prepared for the animal nature.

Let's Stop Here and...

Remember the Angelic Kingdom and the presence they emit from the Solar Realm of Intelligence.

- * **Increasing your light**, vibrating as intelligent energy through body, mind and heart will enable your friends, the Angels, Devas and Elementals to - with your help - purify and rebuild in the new realms of Light - our beloved Earth.
- * **Your vibratory tone** is important to them because as you raise your energy field and receive the body of light as your body in form divine, you are matching with the angelic aura so as to be ONE BODY, a body of great power, blessing and radiant love.
- * **The resurrection and healing** of Mother Earth can only come when human beings align with the angels. For it is the invisible workers *with you* who are assigned to realign the planet and give her new life. (Read *Angels In Waiting*² for further understanding of this Call.)
- * **The body of light** will be your complementary field so that you can enter the angelic realm and serve *with them* in the final days, and in the rebuilding of this planet as proper headquarters for our Creator Son and Universe Father. *You were sent!*
- * **The stage is set.** Let the movement of your light body ripple through creation and bless the

earth and her people, great and small.

- * **This is your mission today** - to rise in consciousness and decree the body of light as your body form.
- * **Be with the angels.** They are your partners in the rebuilding of the Earth for the King!

The New Clothes

The body of light is the energy field that surrounds your Christ (Heart Center) where the Seed of God waits to be awakened and returned to Love. And it is the complementary field of energy now surrounding the planet.

The building blocks for a new earth are locked within your body cells as the code of the New World. When you permit the outpicturing of your Christ Consciousness to take form, you will ignite and fan the rhythms of the New Earth.

If you have agreed to remain on Earth while assisting in the transformation, your outer manifest form must change: *it must match the divine light of the angelic kingdom.* To do that, agree with your heart and soul and let this goal be of the utmost importance to you. Recall these words from Lesson Two of this workshop:

It is now possible for human beings to transfer into their Light bodies immediately by choosing to do so.

Let your present material body transform itself into living light. This is the resurrection. The radiation of pure gold flows out to be gathered into your cells and through your entire being!

Earth waits and so do your angel counterparts!

Be *conscious* of your angel partners. Be with them. They are not coming "down" to you. You must rise to where they are and there, serve together as God's creation of Light. Then shall the planet be healed and the World become the angelic field of man and angel as one.

Say to your Self with love and joy:

**I AM Living Light joined with the Angels to bring God's heaven to earth and to light the world with my presence, my life!
As it is, so it shall be.**

Then walk with the angels in the heavenly spheres of gold.

Workshop 5.

- Having Fun While You Do It -

Are you agreeing with the resident system of Light or are you still opposing it? Are you happy in the Whole Spirit or are you seeking a life without It—consciously rejecting That which is radiating as the new life for planet Earth? In other words, are you your own worst enemy?

Without your agreement, you cannot enter the World of Light that is generously prepared for you as a system of government now on Earth. It is an atomic field vibrating the Love of the Creator. Join with that World and graduate into new spheres of Light where man and God are One unit of perfection.

Look at the following familiar decree again. *Feel the power of the words.* When you can speak this decree and it has become a part of your truth circuit and understanding of life in you, your light body will confirm this message by radiance.

Before speaking out this decree, align with your body of light.

- ★ See its vibrant crystal energy alive as your energy form.
- ★ Feel its happiness to be with you as your expressed radiant form, alive as Creator Intelligence.
- ★ And join with this body as you speak the following decree.

With this, begin. You will experience a difference in your alignment.

**I AM Living Light joined with the Angels to bring God's heaven to earth and to light the world with my presence, my life!
As it is, so it shall be.**

Now breathe in the Holy Breath of the Divine Mother.

- ★ Breathe into the Innermost Heart, the precious love-light of all creation.
- ★ Feel and see your Heart Chakra sparkling pure as it waits for the decree.
- ★ As you once again speak this decree (aloud) in pure, resonant tones of Being, let the Breath from the Heart carry your words of Mastery into the Cosmos as your declaration of Purity and vibrant Be-ing.

**I AM Living Light joined with the Angels to bring God's heaven to earth and to light the world with my presence, my life!
As it is, so it shall be.**

Be alert to how the Universe, the Omnipresence of God, reacts and answers your call to freedom and light.

Keep your journal close by for these exercises and make note of what occurs. You are in a New World now, a World of Light. All is in agreement with the God Presence where the Light of God is ever shining and demonstrating as Happiness, joyous energy of Creative Intelligence. You are in the world of the Angels and their presence is felt.

It is not a matter of healing, as you are part of an *interchange*

of God's Love and Light. The consciousness here in this reality knows only perfection and the seeing of this perfection is your glorious experience through Revelation. Higher Mind or Heart-Mind takes over now and the curtain lifts as God speaks the Word and you are receptive to it: **I AM**.

I AM Living Light joined with the Angels to bring God's heaven to earth and to light the world with my presence, my life!
As it is, so it shall be.

The Body Immortal

You are the Creator in you creating *you*. Every time you say "I AM," you are vibrating the Creator's Intent. The vibration of the I AM and the Intention of the Creator are *one*. There is no separation here! No disharmony. Meditate on what this might mean to you.

Let your spirit go to the I AM presence and sound your decree, your intention, into the sphere of influence. And because you are *in accord* with the Creator or I AM (I AM creates, does it not?), the creation or creative Intent that you have released in union with God will objectify!

continued from page 4

Scripture tells us *Be still and know that I AM God*. Do you have greater insight into this instruction?

And to become a vessel for the I AM Presence and Consciousness, your body of Light is necessary. **For your body of light is the Creative Energy in the ascended position, ready to manifest that which is given and released as *Divine Intent*.**

Brothers and sisters, awaken to this message. Here is the way, the truth and the life. It is the *order of Melchizedek* functioning as a living energy field of divine creative power.

Didn't the Master say, *I AM the way, the truth and the life?* Read and assimilate the Code of Melchizedek.

Practice

From your heart - center on a decree - *an intent* - that you want to materialize.

How do you *feel* about your manifestation decree?

Are you comfortable that it is aligned with the Creator, so

that you can say "I AM"—as the Master Jesus and Saint Germain taught us—and know that the Creator as I AM is speaking through you as your Inner Voice?

If you know that you and the Father are *of one accord*, then your God-given thought and the sound of your voice will carry the embodiment of the I AM into creation as I AM THAT I AM.

Practice the above. Build your confidence in your alignment with the Inner Voice and the Creator's Will.

Then you will feel and perhaps even see your light body energize to carry forth what has been spoken and decreed. You will have entered the creative circuit of the I AM THAT I AM.

What has just been described here is the INDUCTION INTO THE CREATOR'S BODY - the Body of Light!
