Mary's Christ-Mass

The University Papers #121a

From the beautiful book, Christmas Secrets, available through the University we read the following: "The World Mother" (Mary, Mother of Jesus) oversees the preparation of the Creative Power as it is rising in humanity. She is in charge of the preparation of the Incoming Christ, the Christed consciousness of humanity. And she is in charge also of the Universal Records for this embodiment. She will connect Man (humanity) to these Records and she will descend to do this. This Activity is now being felt.

"The beloved Mother oversees all action of The Christ. Her foremost Desire is to see you, all humanity, maintaining and sustaining that Light within, that divinity, that Christ." So Mary is acting as chohan for this magnificent energy of light. She has the final say on everything that enters Earth now. *Her radiation far surpasses Jesus.* She has become the greatest power upon this planet. Her

expansion is greatly watched and dearly loved. Her happiness is the subject of our revelations. What joy She has in bringing you to the light.

Beyond Death

Please study this paragraph on page 9 of Christmas Secrets. It says that Mother Mary's greatest desire is to see all of humanity rhythmically proclaiming their Christ within. This section continues: "And Her desire will trigger finally mass translation and LIGHT." *Put on your clothes of light for we must march together now, dear ones.*

On page 10 of Mother Mary's revelation called Christmas Secrets it says: "The Divine Feminine, Creative Spirit, Daughter, is the Creative Power.¹ And it is the Power that will swing Earth into a new revelation. The more you seek to understand the role of Mary, the more you will understand Creative Power.

"The birth of a new energy on this planet is being felt. The Mother is conscious of Herself.

"The energy that human beings in their ignorance have falsely designated purely sexual energy is the divine feminine pole; it is the Daughter." Consider this perspective. The sexual desire common to all human beings is

the mating call of the divine. When an individual feels a sexual drive to mate this vibrant energy may well be the awakening of the Daughter within the individual. It is the actual strength of the feminine pole that can embody itself as all forms, as all needs. It is that Creative Power no longer sleeping but rising to fulfill God's needs. How anxiously He awaits this moment. The awakening of the feminine. The risen Eve. This is the divine feminine pole. With the rising of the feminine pole into its rightful place as the Vibration of the Creative Power *or Creative Daughter* the mystical marriage can occur, the divine Self can emerge and be realized.

Reseed the sexual energy into light. I will have you trapped no more. Let the lost ones rise and ascend to Me. I AM Mary speaking.

"As the Divine Feminine rises to express the Daughter on earth at the urging of the Christ, what was known as sexual energy is Christed. That power (energy) is then focused upon the Word of God. As the Daughter in union with the Son, this energy now seeks only to please God and to reveal the Christ. It will serve no longer the false god."

continued on page 3

¹The Divine Feminine personified by Mary, Mother of Jesus, lies within the man as well as the woman. It is this Divine Feminine that men seek as their soulmate. This connection once made will always be with there. It is the right placement of energy for creation to begin. It is here that man finds himself and loves. It is here too that the full woman blooms.

Mary's Christ-Mass

continued from page 2

Mary, as World Mother, releases this thought: *With Christ I stand. Not as an observer but as a participator in this new world. This is not a call to celibacy. It is a call to celebration. It is a passing of one world to the next. Where God is I AM also and the I AM must come from that presence of the divine Self. Then it is the creative word.*

A Transition

The gift of sexuality is the gift of light. It is the gift of LIFE. Here is the presence of the Daughter, the exquisite divine feminine, in expression as the Creative Power, the divine spiritual messenger of the Word.

The body is to be translated into higher consciousness itself. It is a network of veins and arteries where the Creative Power will flow. To trigger the cellular change you must declare yourself holy and mean it. You must know the GodSelf as your true being and accept that vibrant energy of love and light as who you are. You must create out of your own being a new world, a new and powerful world.

Take a stand. Any suggestion that infers in any way that you are not holy and born of divine being is a false voice. It cannot stand against the Christ light! It is has no power and it is not true.

Make your stand against the evils of this world and do not abide there but in the peace of My heart. Mary.

Let us meditate on the Mother as Mary, blessed Mary, in Her office as

World Mother as She contemplates the Christ Child within the human heart. Let us seek Her counsel and Her advice. Let us seek Her blessing and Her support. Let us volunteer to do our part in the emergence of a new humanity on earth. Let us be perfectly still and in our quietness hear Her voice as She answers us.

My children of My Christ Son, I AM birthing you into a new world. It is time. We are but a few moments from the time of transition where everything will be lighted. All of life will be threaded with Him, the glory of My Son's birth. I, Mother Mary, your World Mother, charge you with light.

Let This Christmas

be focused on the Light. The shield of protection that has been around this planet is being removed and the World Mother has ordered that intense energy be admitted and felt as a precursor to the entrance of the Christ field of divine love.

Be attentive this Christ Eve. Receive the golden light of Sananda. *Behold it.* It will be for you to translate all cells of your body into light at that time.

Enter then the dimension of the twin flame. Reclothed and retrained, take your beloved's hand. Join the Masters who are presently waiting and go forth into service as mighty suns!

Words From The Deathless One...

As I, Crystal, glanced up from my writing to the beautiful picture of the Eternal One Babaji, I paused. And then I wrote...

Enter the place of no life. As the patterns change on the planet and within your soul, the place of no life is where you will coordinate with others in a new dimension of pure love. Where there is no life there is no death. It is a pure expression of I AM, of pure being. It is the station of the Cross, the threshold into a new cellular consistency. It is a place where emptiness is filled and abundance is the way. Once you have found this place within you, you will never leave it again. You are returned to the Monad, the Presence, and here you abide as one with the Hierarchy of this planet and the Great White Brotherhood. Take the mask off! You have become!

The above message is for those who will accept and can understand. If this message is for you, believe in it and walk with it; for you have conquered death. Crystal

Mother Mary's Compassion

The University Papers #119

**September 14, 1997
at the World Mother Center,
Tucson, Arizona**

When we begin to empty ourselves, empty our hearts to receive God's blessings through us, the Melchizedek power of light and love, Mother Mary takes over for this is Her mission: to give you the experience of Christ love in your devotions and meditations. It isn't just ceremony, She tells us. It's a way of being. It's a way of life.

And so when we become more and more conscious of *receiving love* from God, we also become conscious that the mortal sense of heart, the mortal sense of love needs to be emptied - like a gourd is emptied - to receive the purity of Melchizedek love, of God's love *through us*.

As we open ourselves to the spiritual love, the God love which is Christ in us, there is actually a transmutation that takes place. And the great seal is opened, the door to everything, and God's love can be felt as His unconditional love, the Christ, through your whole body and through your whole being.

a gift of God

As God's love begins to fill your heart center, your heart chakra, and begins to actually take over *your physical heart*, you become a radiant sun of God, the Mighty Sun. You are light. And that heart, which you had experienced as mortal, filled with mortal desires, now is transmuted and literally translated into the Heart

of God. Now we are living consciously as the Cosmic Christ. The vibration of the Holy of Holies pours through us as the radiant sun of God and we are in the Solar Plane experiencing ourselves as a new race of consciousness, Solar Man, Solar Consciousness. This all through the heart, my dear ones. Through simply giving your love to God, to Christ, *and receiving that love in return* through your heart center or chakra. This is the experience that we are offering under the auspices of Mother Mary, mother of Jesus, through the World Mother Office and the World Mother Center and the University Of Melchizedek as a fast and immediate path to your ascension.

Even as you begin this love path, this loving path, you will experience changes in your life, transcendent changes, where you will begin to see only love in every direction, in every corner, in all places everywhere. So I am introducing this morning through the vibration of the Holy Mother, *this new path of ascension* which will get you there fast, *immediately*. The prospects are awesome and the wonders indescribable. I offer through the Office of the World Mother, the way to ascension without suffering. Let this be your path now of creative power, of joy, of selfless service and divine devotion to our Son. Begin!¹

Be a sun yourself, a mighty sun of creation, and lo shall there be a Christ on earth as never seen before. A Christ born of light, your own light, by your own devotion

and service to almighty God.

This is a peaceful heart, I offer you, a joyful heart. A glory filled path is yours of divine love. Take it. I offer it because I AM the one sent to fulfill this mission of oneness. Take the path of ascension now to the mighty sun of God, the blazing light of the Cosmic Christ, the Solar Logos. Let the sun be your Christ identity. Let the seal be lifted from the heart that My heart might be known.

And so we are here as a circle of women² to support our divine mother, Mother Mary, and to release this mandate to all creation that Her Son is alive in the heart. And I can see as I speak that each little cell has a heart, and that heart carries the infinite sun of divine love.

There has always been a Son beaming His light as beacon of divine love. When you activate that very same Son/Sun in your heart you are immediately in the Solar Plane and you experience that plane as life.

the Solar Plane

There's nothing on and within this plane but the Son acting as the Holy Presence. So humanity, you are trapped no longer. Behold the light within your heart and say to yourself morning and evening, I am the Sun! Capture that essence within yourself.

¹This was spoken strongly as a command.-C.

²There were only women at this meeting.

Whose God Have You?

The University Papers Volume 8 #1

The New Jerusalem A House of Prayer, A City Not Forsaken

And Jesus entered into the temple of God, and drove out all who were buying and selling in the temple, and he overturned the trays of the moneychangers and the stands of those who sold doves.

And he said to them, It is written, My house shall be called the house of prayer; but you have made it a bandits' cave.
(Matthew 21:12-13, George M. Lamsa Translation)

Oh, My people, what matters most is the God you worship! If your tithes are given to God and not to the world, you will be centered and not given to lust for money and gain. When I speak of the temple, I speak of your consciousness, the way you live and work in the Christ dimension. Those who are still governed by money - either because of fear or because of lust for power and personal gain - shall lose what they have. They shall not prosper in My Kingdom, as I would have them prosper. I have need of you in My Kingdom. But you must first give up the false god you have taken and return home.

I AM the one God and there is no other. Thus, the tables of the moneychangers will be turned over in a rush of My Spirit, and I will govern as intended in the ways of My Spirit. So let it be.

Draw upon Me, not the world. I have riches beyond the world's reach. I AM the gold you seek. I AM the Center of all creation. I AM the Creator Son.

One Word from the Father Suffices

Herein now is the government of the New Earth. It is the Power of God, not measured by the bank account *but by the Word.*

I will tell you that this day is My day and belongs to no other. And this is My Proclamation of Justice:

The significance of Jesus, High Priest of Melchizedek, entering the Temple at Jerusalem and assuming the authority *within that Temple* registered the true God on Earth as first revealed by the King of Salem, Melchizedek, to Abraham. The emergence of the Creator at that moment in the Temple at Jerusalem actualized the movement of Christ Michael as the Creator Son in His official capacity as Creator of this Universe.

No longer will man defile this earth, or shatter her children. I have taken command as the Consciousness Word of the Father. From the moment I stepped into the Temple that day and proclaimed My official identity to all who could hear, the Christ has ruled and will continue to rule as the true nature of Man.

As even the mountains are trembling, I will speak. And you

will know My Voice. And I will call you forth as the sons of the living God after the order of Melchizedek to blend with Me in the Solar Life intended.

No more shall man be governed by greed or fear. No more shall money overrule My Word. I have come! For this you are grateful, are you not? For this, you have waited. Now I AM with you in the sacred Temple of Sananda. I AM with you in your heart, and I shall not let you fall or fail. There is no time left. I have come. Let the Records show this.

Sananda, Lord Jesus the Christ and High Priest of Melchizedek

The Message of Sananda

There is one God who is the Supreme authority over and through creation. There is no

continued on page 6

Whose God Have You?

continued from page 5

other. Yet, so many on the sacred path of Melchizedek, so many who desire to find union with the Divine I AM Presence, remain controlled by money. Money comes before God's Word and in most cases is obeyed, as though it were the Word, as though it were god.

How many reading this have turned away from their intuitive leading, their Inner Voice, the knowingness of God speaking to them, because they have put money or the pursuit of money before the divine guidance? Upon hearing God's Voice within you, have you silenced It by thinking or saying, I can't do that? I don't have the money, or I can't leave my job, or I am in midst of a big business deal that I have worked hard for!

God's Word, your divine guidance, must always come first. It is the primary gate through which all must pass and be crowned the Son of God. The Word embodies everything that is required to complete your mission. When you give God the authority in your life, you will feel that authority *as your own*. When you can stand in the energy of your heart-mind, knowing that God is the only power and there is no other, then the fruitage will appear on the tree and you will be welcomed into the Kingdom of God, the Consciousness of the One.

Right now, Jesus as High Priest of Melchizedek is in your temple turning the table of the moneychangers. The conscious evolution of humanity is to become an embodiment of the Christ within. And the ways of the mortal will drop away; the dependency on money, as god, will disappear.

Often people ask me, what is my mission? How can I help Sananda,

Jesus, our Universe Creator, to stabilize His government on earth? You can help God's Plan by knowing that "One Word from the Father suffices." You can realize your mission as one who is appointed to hold and be the Light by giving God's Word the authority in your life. When God is on the field there is no other. You help God's Plan by vibrating the Word and recognizing that authority in your life.

Whose God do you have? The One that Jesus brought to all humanity as the Word or the false authority called "money"?

No, I am not against "money," but I am opposed to anything that tempts the seeker to abandon God. Put God's Word first and then God, as Spirit, will express as money, as health, as home and security. In heaven we know God is and there is no other. Would you like to be in heaven now? You can be the Temple of God; a place of prayer, praise and adherence to the Word. All Melchizedek Priests learn this, or they are not Priests. Leave the fool's gold for the riches of heaven within your heart and soul. Come home, My children, come home. You can be the new and awakened Jerusalem.

From *The GodSelf*

All that you have ever done has been forgiven through Jesus. But you must accept this forgiveness for it to actualize in your life.

The Master's forgiveness bathes this earth in new life; *this is initiation of Melchizedek*. This gift of love constitutes a new creation for every living thing. The past is erased by the Christ revelations which Jesus embodied. To forgive is the divine nature of the Christ, and Jesus carried that divine love to you that you might walk freely without past records.

(Chapter 38:25-26)

The Solar Flame, now burning in your heart, is meant to rise to your throat. When that Flame stabilizes within your throat chakra, the Voice of God (Truth) will be heard and the Melchizedek Order proclaimed. In this way do you become a Priest or Priestess after the Order of Melchizedek. You become the Voice of God, the Melchizedek vibration on earth as the I AM THAT I AM.

Keep your eye single and your whole body will be filled with light. Your body is your consciousness. Remain focused on the Christ of your heart and feed the Flame of Christ in you. Let the Flame rise into your throat and there receive the ordination of Melchizedek and the Father's love for all humanity.

The one who is prepared to serve as a Priest or Priestess after the Order of Melchizedek will sacrifice all to experience the attunement with the Christ Voice, the Supreme Authority of God in you. For the Melchizedek priest, there is no other. The ways of

continued on page 7

Whose God Have You?

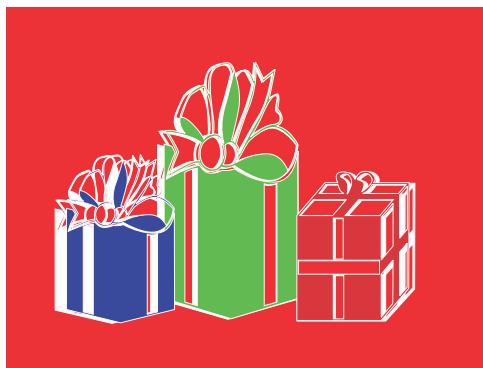

continued from page 6

mortal man fall away and the Creator's Voice is heard in the tone of the Commander and Chief saying "I AM." *I AM the Way, the Truth and the Life. No one comes to the Father save through Me.* A Melchizedek Priest may rightly say like Jesus, "If you see me, you see the Father."

If you seek the Priesthood of Melchizedek and the ordination within that Order, you will be tested and tried, so as to assure your divine alignment to God's Word and the Solar ministry of the Christ.

When God is on the field there is no other.

The University of Melchizedek, Christ Church of Melchizedek, is tax-exempt. Your donations and tithes are always blessed and with Love received. Your steadfast assistance, both in knowing and in financial contributions, is necessary. We, together, are introducing and stabilizing a New World of Creative Power and intense Light.

Mother Mary's Compassion

continued from page 4

The world of the Unconscious and/or Subconscious acts as a fertile field that requires your attention and nourishment. And just as a beautiful flower will rise up out of the ground when it is watered and cared for, so will this beautiful Sun, your true being through your Subconscious, rise up into your awareness as your Mighty I AM Presence. *Thus God is in heaven and on earth. My desire has been met in you.*

Light dissolves the darkness. The darkness is no more but there never was darkness, was there? Not in the solar consciousness. This is Be-ing. *The GodSelf.* Let the record show that there has been a great revelation spoken here today which will be cleansing the Earth and returning her to God. The spirit of the Solar Plane will emerge *as the primary spirit bringing all home unto Me.*

The Divine Counterparts: Helios And Vesta, The Sun Deity

These two in One are the principle force field for the Creative Power to manifest through the Solar Plane. They carry the principle of the Solar Plane to you. Together They make up the Sun; They create the Sun's Rays and release them to the Earth. They are Creative Power *in your immediate experience.* They carry the balance of the Sun alignment to the Earth as the powerful vibration of the Great Central Sun.³

Something To Think About

The written records are stored deep within the crystals of this earth, in the magnetic core. Because the Presence of the Great Sun has been previously experienced as a living world of light, that world is present *as living material*, as conscious awareness releases the old world and reclaims the Mayan world of light. This great Intelligence ruled at that time in rays of light and glorified the body as well as the mind. This cycle will return: it will be uncovered and enhanced by the evolutionary experience of a humanity tried and tested.

Might it be possible that the real mission of Creator Michael, with His bestowal as Jesus, might have had to do with this magnetic core and the Creative Power of the Central Sun? If this be true, what might this mean to us now as we travel the line of ascension into the light?

The Kingdom Is At Hand

The mighty love of God burns through the heart of Man and blazes forth as the living Christ in joyous reunion with all life. This is the coming of the Lord. The gift of compassion, bestowed upon the Christed heart and the body, is transmuted to light.

³A travel program was undertaken (October 25-November 2, 1997) that was deeply and richly influenced by the Consciousness of Helios and Vesta. The journey to Cancun and to several of the Mayan ruins was to read the records of immortality and the Christ (Solar) dimension.

Our Precious Youth

The University Papers, Volume 8 #1a

The Rite of Passage and the Vision Quest

If you were to stand away from Earth and see her as We often do - a planet of primitive peoples and barbaric practices - you would rally to the front lines to join the angels in their magnificent service to Earth and to the children of the New World. What barbaric practices? The barbaric practice of *live sacrifice*. Oh, I know, we no longer (most of us) sacrifice lambs and doves to please a wrathful Jehovah. What we do sacrifice are the children and youth to the animalistic practice of war and the "spoils of war." The United States is one of the few nations on Earth which still defend the death penalty. Where is the Christ? The terror-soaked practice of animal slaughterhouses and the inhuman treatment of our animal brothers and sisters to insure a lucrative and abundant supply of fish, poultry, meat and dairy products are as primitive as one could hope to see. Yet, we are gradually assimilating conscious information that we are all interconnected and that what one does on one side of the ocean can snowball into catastrophic weather conditions, wars, or a freeing of a whole nation of people. "The butterfly effect." If this be so,

then the very act of participating in the horrific slaughter of our precious animal friends must be an instrument for severe karmic effects. It was the great teacher of Mystery School initiations, Pythagoras, who said that when human beings stop eating meat there will be no wars! Imagine!

Mother Mary sponsors this month's *University Paper* and it addresses our responsibility as Humanity to the children of this Earth. Let Her speak.

Genocide

A terrible word. And we see the practice of genocide and ethnic cleansing still in many parts of the world. Mother Earth suffers with the suffering and dies a little with each unjust death. She, our Mother Earth, is feeling every child's death; and the blood that flows freely upon her breast is causing her much anguish. Wake up, humanity!

And what man will speak out against this flow of blood? Is there one who will change the ways of the people? Yes, *God appearing as* has stood on this land and been called by the name of Buddha, Mahatma Gandhi, Jesus of Nazareth, Desmond Tutu, Martin Luther King, Princess Di, Mother Teresa, and many more - names yet to be sung and honored as the Christ. Such a network has been sent to teach of Love -

unconditional love that reaches out in divine compassion to the soul of man. What next? What great Light will come that will touch all hearts and bend every knee for prayer and forgiveness!

I send My children forth and this time you will listen! My teachers come in many guises - as a babe just born and one who knows Me still, to those in schools and universities. I speak through them all, in different tongues, perhaps. But I speak. They will be your teachers, and if you listen well they will be the instruments to lift you into higher Consciousness where the Light of God shines as unification and service to all. Bright is My day in them.

They will teach you true Self-governance and how, through knowledge of your chakras and the sacred flowing I AM within, you can free the Earth of poverty and live in the abundant life.

Now where are these children who will teach us and guide us to the mountaintop? Where are they now? Some lie frozen in the hills of Afghanistan or elsewhere. Think about this.... Some are starving in camps, some are fighting your war - not theirs - and still others are being raped or mistaught - the Kundalini suspended due to misuse of sexual/sacred energy. Yet we wait and we hope and we forget. You will

continued on page 9

Our Precious Youth

have cause to remember now, *for I will make you remember!*

continued from page 8

The Rite of Passage and the Sexual Energy

One of the most important and sacred periods of the young person's growth and consciousness expansion is the initiation known among the First Peoples as *the Rite of Passage*. This is the time when change takes place in the bodies, brains and souls of the emerging youth. This is the sacred period of initiation when the God Spirit, Kundalini, will naturally signal its intent to unify body, mind and spirit with the soul mission of the awakening child-youth. At this time, all attention and support must be given to the awakening of the divine spark *within* the young person. Disciplines, practices and a loving, harmonious environment are necessary for the young Spark of Consciousness to grow in soul and body. The child-youth must be surrounded with purity and spiritual emphasis, and the teaching of the Kundalini, the Creative Power and the Divine Mother must be foremost. Attention must be given to developing the Light within.

Children must become nuns and priests in the time of puberty. Be reconciled to their independence from the crowd and from the ways of the world. They are acknowledged leaders of a new humanity and they are reverently conceived at this time through the Mother's Breath as the *Second Coming of Christ*. What a mandate! They are the saviors - if allowed to be - for the planet and her creation.

What must be understood is the right-useness of what is currently termed "sexual energy," the awakening power of the Creative Force! It is, in truth, the awakening of the spiritual Force called the Mother Spirit, which, when guided properly and discipline is practiced, will continue to rise and birth the Inner Child, the awakened Spirit of the GodSelf! Rarely - very rarely - is this point of graduation and birth recognized, understood, taught and supported!

We are now witnessing a new race of New World Children and Youth. Due to the parents' ignorance or complacency, many of these children are dying from blockage caused by early sexual practices and diet! We are losing children of the light - our teachers and saviors, the hope of our planet and the Creator's Son's vibration of all encompassing Love.

Today, as I speak to you of the sacredness of all life, listen! Be real parents and teachers for these children. Provide schools of New Learning not regimented by the past, but in the Records of Melchizedek and the Solar Unity of all life!

Ask to be forgiven on bended knee so that you will be free of your national and personal karma. Listen to the Word and read the *Sermon on the Mount*. Then act! Turn off the TV. Chaperone your children and

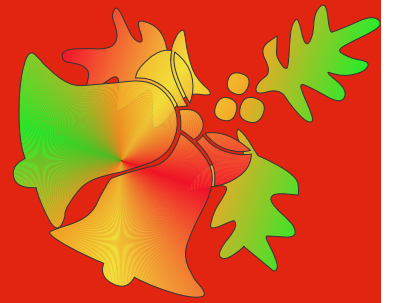

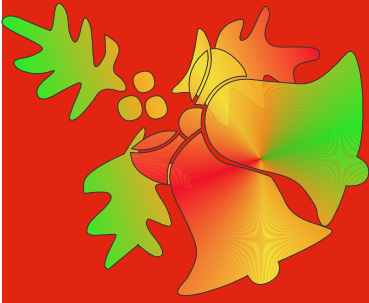

youth. Teach them the mystical sacrament of Life and the rising of the Mother Flame within them. They all will be properly matched and given the opportunity to be united physically and spiritually as parents of the Light children. Teach them to respect themselves and one another. Teach them that all life is precious and is of God. Teach them to honor you as parent, grandparent, mentor and guide. You have but to step into a New World to understand what I speak of and the error of your ways.

I have spoken - strongly, perhaps - but with love. Tell them they are part of a loving God and that the Mother will care for them and nourish them into Life intended. Give them love, not fear. Give them joy, not suffering and fear. Surrender them to Me.

Note: You are invited to visit *The Sanctuary School* Web site (www.thesanctuaryschool.org).

Please join us in whatever way you are guided for the children of the New Earth and our precious young people who seek their soul's intent and hunger for their purpose in life. Thank you! Crystal and Mother Mary

**This Season, Let your Light so shine
as to bless all.
Merry Christmas
from
The University Team**
