# The Eternal Flame

Knowing this, step into the Flame  
and feel Her Life.  
Breathe Her *life* into your being.

Feel the centers of your being respond to  
Her.

Now rest in this knowledge:  
*you are the Flame.*

She is the guardian of your planet.  
She is the air that you breathe.  
She is the *light-life* of your body.

The key to the Cities of Light rests with the  
return of the Eternal Flame.

## AN EXERCISE

Intended to open the body alignment to the  
Creative Force.

- “ Let the light of Spirit fill all your seven bodies with divine love.
- “ FEEL the Love through all chakras, through your cells.
- “ Breathe in the Holy Breath and visualize divine love flowing up through your legs, up through your whole body, arms and hands, neck and face, until you can FEEL divine love flow through your crown chakra.
- “ Let your whole body accept and agree with this love. You are beautiful. You are in a state of Grace.
- “ You do not have to ask anything of God. You *are* God as you feel this all-consuming Love through your entire being.
- “ Now complete this exercise by visualizing the divine love of your GodSelf flowing down through your crown chakra, arms and hands - through your entire body - down through your legs, through your feet into Mother Earth.
- “ You might like to visualize the Love energy, which is perfect in itself, as a swirling and spiraling motion of healing, alignment and joy.
- “ Great happiness and peace is the result of this exercise.
- “ The body is relaxed into your higher self, your GodSelf.

All is well.

# THE PROCESS OF INITIATION

## THE MASTER'S PAPERS No. 27

A New Degree Of Awareness

**When the intellect is so hardened,  
there is no heart.**

You are to return to the place where you care.  
This stimulates the creative process and opens the heart.  
The female body is not to be neglected, nor in any way contaminated at this time.

Here you have the measurement of a new age: the Creative body rising into expression as "I AM." Now sanctify the female body -- even as Jesus did. When man knows the actual purity of his female side, he will rise into My House of Light where God (I AM) resides in pureness of Be-ing.

I, Consciousness, decree a new life for you **AND THAT LIFE IS BASED ON YOUR OWN HIGHER SELF.** The Self that was called forth through the Master Jesus - summoned forth - as the given light of the world, the presence of God in you.

Now, as the great Christ Master draws closer to Earth you will feel His presence, His glory and His embodiment. But if you cling too tightly to your understanding of religion, you may miss His calling **into yourself.**

**And now I speak of initiation once more and the "coming of the Lord."** There comes a point for each one when he or she must stand alone - stripped of all earthly dependencies.

It is then that one tried must seek God **out of him/herself** fully and completely, depending on no one nor no thing, desiring nothing but that union. Full dependency must be on God. The Flame within the Child (Eternal Atom, Seed of original creation bestowed by Jesus and placed in the manger of the heart center) catches hold and begins to grow. As it does, this Flame - weakened through eons - rises with a thirst to Be. Original creation is at-large. With this Flame awakened in

the heart, the companion Flames within all chakras begin to stir. This is the magnificent coming of the Lord.

And with the opening of the heart, the soul force rises. Rhythms now begin to change on earth, or in the earthly experience of the disciple. The faucets are turned on. Ultimate power is yours in the creative ability you have in Me. You walk in the Creator, embody that Principle.

Prior to that time, others have helped you, causing much of your karma to be dissolved. These "others" have appeared to you as your personal guides, your Guardian Angel and your teacher.

Do not put off this moment. It is worthy of your attention.

### **LOVE IN THE HEART**

The master key to this initiation is to agree. You must agree with the harvest and the expression of love in your own heart center. That is the place you will go to find the love you seek. You must unlock the door of your heart.

It is necessary in this initiation to stop seeking after love, the desire to be loved. All doors will be shut if deemed necessary that you might find and enter the door of your heart. In the desire plane the human being looks for love in others,

reaches out to find that love.

I repeat all doors are definitely closed and sealed so as to stimulate the pole within the disciple. Male and female must come together within the self and declare the love of Being. Thus, the union of the Self is indicated and this path will continue through many lifetimes until completed. **For I must know My Son (expression) in you as I AM.**

Initiation eliminates all darkness and brings into fruition the Christ Self: the image and likeness of Truth.

Peace be with you, My children, as you graduate into a new dimension.

### **TRANSFORMATION OF SELF**

You are the one who is hurting you, denying you, causing you to suffer.

Go to that place within you where you can identify with the objective presence who you are. Then take the place of the "other one" who you have blamed for the suffering. Begin to "do" for the Child, the inner being who you are - Give that one what has been denied it. Do this continuously until you take full responsibility for who you are.

This removes separation and/or divided personality. This births the Child, which is your awareness of Being.

# THE PYRAMIDAL FREQUENCIES

## THE MASTER'S PAPERS No. 64

The next step in the University program on this earth is to increase frequency patterns and to align those who are "in tune" to one another for the purpose of new creation.

When I refer to new creation here, I do not mean necessarily a new planet per se, although it will certainly be that. I am referring to *like minds* aligned to a higher energy frequency that coordinates these minds into new patterns of thinking: conceiving fresh ideas and mobilizing these ideas into new jobs, scientific inventions, challenging, stimulating screen plays etc.

With the stirrings of new mind energy, never before permitted on this planet, human beings can look forward, anticipate the application of mind energy to further new creation, new planetary intelligence and a new planetary government in alignment with God the Creator.

I am speaking of the higher chakras – centers - in the etheric body that now can be adjusted to earth frequency. These chakras being the eighth, ninth, tenth centers within man - can reach further into regions of the cosmos than ever before on this planet. Man (Man/Woman) is a supreme being glorifying the God presence. Here, in this time of Awakening, pilgrims of the *new race* move forward to form businesses, film companies, publishing houses, schools and universities. And these adventurers, entrepreneurs on the

new wave (living wave of Intelligence) will come together as complementary vibration, and they will put to good use the higher membranes of the brain and the radiations of Cosmic Mind. The intensity of this New Work will draw men and women into new force fields of Creative Power that will light this earth with true abundance.

May I draw an example for you? Three minds, each with its own background of unique training and expertise suddenly reach a point - an axiom point - where they are drawn together. They may be far away from each other. Perhaps they have never met. Yet, by the Law of Vibration and Oneness, these three minds meet *as a collective energy field* to create and to activate an intelligent new idea. All three are vibrating at one with the Higher Self or the I AM Presence. Each is individual - entirely individual, and this is important - but are complementary energies for the new idea contained in a higher frequency "capsule". When these three meet and discuss their dreams, their hopes and visions, a new vibration occurs. A new kind of energy is the result of these three connecting. And this energy is *Creator Intelligence in Its own sphere*. It is the "Ultimaton" energy spoken of in

The Urantia Book. It is the Creative Power in actualization: the living Word.

Thus, as this process occurs and continues to occur "drawing all up unto Me" pyramidal frequencies have been formed throughout the etheric field. These frequencies, as they progress and are expanded,<sup>1</sup> can be seen by those who "have eyes to see".

Now life is getting exciting, isn't it? Far more challenging and beneficial to the whole.

The bands of energy which will be established on earth bear the presence of Mind as the Creative Daughter who is the brilliance of Be-ing. This is the measurement of energy *at a new frequency of light and love*. It is the Power of the Creator through the mind.

Thus, three equal zones of frequency, a frequency of mind intensity, are drawn together and unite to create a *new frequency zone*.<sup>2</sup> Together they will breathe new life into the planet and into the very minds of creation. Because each mind unit has reached a level of vibration to permit such a creative union, the three as one can access higher mind frequencies to

---

<sup>1</sup>I AM the living Universe.

<sup>2</sup>Death will not enter.

*continued on page 5*

# THE PYRAMIDAL FREQUENCIES

conceive greater life energy as Intelligence, driving forth new ideas that will live and form on this earth.

An added note: As pyramidal mind energy patterns are formed, those forming the patterns must be completely egoless. Each one must have learned how to place his/her mind in the one mind, how to leave the "self" and the "world". This is an imperative.

Thus, created for earth, will be pyramidal zones of activity registering cosmic intelligence and activating higher registers of Earth herself.<sup>3</sup> From this will be formed a network of pyramidal partners activating a government of light and radiations of supreme joy. This is the Creative Power in action.

<sup>3</sup> New dimensions of Earth herself.

*continued from page 4*

Reach for the stars and as you do so, others will join you in joyous activity of new creation.

As a closing thought for you to ponder... The brilliant activity of a new world is not up to "God". It is up to those new mind frequencies as they intensify to bring about a world of light.

Here, at the University of Melchizedek, we search for those who can and will brilliantly light the skies with fresh new ideas. Every lesson is leading you to that place in the Sun.

I AM Kuthumi, The Director of this Mission for Higher Intelligence. I serve as World Teacher within the Hierarchy and rhythmically extend Myself to every student who abides in

this University of Melchizedek.

This is a time of tremendous challenge and earth-quaking changes. Align your mind to the Mind of God where dwells great thought. I strongly suggest you not put off this moment, as there is kindling for the fire now. Pause no longer but reach to the eighth, ninth, and tenth chakras. *There AM I* in waiting, waiting for your attention and commitment to the Life intended.

Peace be with you. I AM Master Kuthumi radiating to you My Christ Love and Joy.

## THE UPPER ROOM

## THE MASTER'S PAPERS No. 49

You are entering a new dimension and this is the vibration you are feeling at this time. It is a place of realization and revitalization where you are permitted to sup with "the Master" and receive His and Her blessings.

Here in this Room, you will experience *new life*. And here, also, are you stabilized in the place that has been carefully prepared for you as new life.

When you are *present* in this Upper Room, your Master is with you. And here, in this Room, you are quickened and asked to serve in a new way.

Those of you who can experience the vibrations of this "Upper Room" are receiving important instructions from the Master *who also quickens you to receive these instructions*.

Just as the Master Jesus called His disciples to the "Upper Room" to partake of His vital energy body, so are you called now to also partake of this vital energy body and be passed onto the new radiation of qualified Light and Love.

Let go of the mortal field entirely. Be

quickened by the Master. Be alert to your rhythms; let your eye be single.

I summon you Myself into My Upper Room. There I will persevere until you are no longer a victim of your lower chakras or centers. If you are willing, let us climb the stairs into enlightenment. Body and mind rise and be requalified. This is the Master's Call.
