LIVING IN PARTNERSHIP

Angels and Archangels Workshop #1

It is urgent that we face the fact that humanity by itself cannot heal our planet. It will be the Angels and the Deva Kingdom that will carry our planet to victory. It will be the angels that cleanse the face of our earth. It will be the angels who show us the way to live on planet Earth. It will be the angels who clear the air and dissolve the garbage, the nuclear waste, the pollution that has been created by misuse of the creative force. It will be the angels who will build with you great temples of light and love. And finally, it will be the angels who carry you to the next dimension of Creative Power, the World of Light.

A whole new life awaits us as we attune to the wholeness of life, and the Power that rests in life.

It will be the Angels who will transform the planet through your consciousness. They are ready. Are you?

Under the watchful, faithful supervision of the Archangels - the Angels, Devas and Elementals serve with a promise of a new world golden and free. This will be the new energy field that humanity will not only be looking to, but also working with, *as the new physics embodies on this planet.* A unified energy field emerges with laws of its own conception. A new generation of love and light is forthcoming.

As humanity searches for the way to save the Earth, the angels stand ready to serve.

So, there is hope. Great hope. It is lasting hope waiting to be fulfilled. Human beings know very little, if nothing, about the Elemental kingdoms, the world of the Angels and of the Devas. Few human beings know that the rock is alive and that the seas and oceans are the carriers of Creative Power, which serves the angels in their rebuilding of this planet!

There is much to learn about the creative power around us, the angels tell us. For this, we are establishing schools for the earth people to learn.

Let us change our laws to honor and recognize the angelic kingdom and the

Creative Power, which it wields.

As you bid goodbye to an old world, which has only proven destructive to earth, join with the angels in partnership in a new world of their making. The passing of the old world does not take you down with it *unless you are so attached to the ways of that world that you will not let go.* You must remain stable.

Catch an angel's hand right now! Take this hand extended to you and forget the past. Begin to learn the ways of the Light World.

You may ask to enter the schools of the angels and partake with them the counsel of Jesus and the World Mother whom you know as Mary. These schools are available so that you can open your consciousness to partnership with the Angels and the Deva Kingdom. ASK NOW TO ENTER AND TO LEARN. This lesson series is the beginning of this school.

Angels can only act through a blueprint, a pattern.

You have learned in your earth schools about the power of thought. And you have learned to meditate so that you can control your thoughts and emotions. Through the University of Melchizedek you have absorbed

the lessons which assist you in your alignment to the Creator within, your Inner Voice. *Now all that you have learned, practiced and assimilated will be brought to bear in the new world of partnership with the angels.* This is a creative sphere where angels are aligned with you as Angel Energy. Here the power rests to rebuild the planet and make trees to grow again.

Through your alignment with the Inner Voice, Higher Mind frequency and divine Intent, you can now decree with the angels in partnership and the earth will become a paradise.

Angels - in their restorative and creative assignment for Earth and her creation - require that you rise to meet them in their world of interconnectedness and love. This is a requirement. Then, together, you will fulfill the orders of the Creator and restore this Earth to her light form and all creation with her.

You must become an angelic force yourself and learn to create with the angels a perfect Earth, solar and divine!

What blueprint or pattern shall you hold for Angel Energy to embody and form? Listen to your GodSelf, your Inner Voice, the deepest passion of your soul! Then, with the angels, design the World of Light and reclothe your planet with the body of the Sun.

Consider the Angels

Once you are united in conscious awareness with your Creator once again, and know no separation, *you become the active Creator body for this our time.* That

is why the body must become as a sun or light. I, Crystal, looked up at the sky just a few minutes ago and I just gave a little thought to the angelic realm, to the Elementals and the Devas. And as I did, I saw their hands, they were all around this land—this Center—in a circle. It was like a canopy of perfect vibration covering this land and all upon it. And I saw all of them standing as a group. They had their hands raised as though they were preventing unpleasant changes in the weather. They were controlling the elements, governing the nature forces in love and gentleness.

As I acknowledged their work with gratitude in my heart, they, in turn, spoke these words to me: "You help us, we help you." It is impossible to describe the love and gentleness that was communicated to me with these words. I seemed to hold their words in my heart as though this was a very precious communication indeed. And I thought about what they said....

It made all the sense in the world that as we watch our emotions, take care not to soil the earth with our feelings, be conscious of the Elementals at all times and honor their work upon this planet, that we are helping the Angelic Beings who serve so lovingly.

It is very important that we remind ourselves that we have no right to be angry, no right in any way to pass negative judgments, no right to release selfish emotions on the land that we love. *We violate our contract with the light.* We have come to help Earth, not harm her.

I was reminded that if we cannot control our emotions, how can we expect to ascend and be partners in

the universe? What contribution are we making if we dump our negativity on Mother Earth? Or heap it on another?

If we cannot control all emotions within this tiny little being that we are, how can we possibly contribute to the Ascended Masters' Plan and to the resurrection of the planet?

One of the easiest ways to control our emotions, to take command of ourselves, is to remember our love for the Elementals, our love for the planet, our love for the Angels. We need to remember that these Nature Spirits and all of the Angels of Light are repelled by uncontrolled anger and loud noises. They are very sensitive beings and they turn away from those with angry feelings and selfish ways. It is time to attune with the angels. To become a partner in the resurrection and the rebuilding of this planet.

One body...

Angry words can fuel the storms and the earthquakes of these latter days. Be aware of this. Work with the planet in the light, not against her. We need helpers in the Sun!

We need to consciously remember that we contribute to wars that seem to be very far away - disturbances in different lands - by our negative thoughts and feelings. How quickly a negative feeling can be transported and can fill the heart and mind of people who do not understand how to control the emotions? Angry

Pause for a moment and focus on an Archangel. Just the vibration of "Archangel" will do. No one Angel in particular, just the Being of Archangel. Let the Great Angel - in harmony with all existence - reveal Himself. Continue to focus as the Archangel Energy expands and opens to you.

Letting Go of the Mortal

The Archangel extends His Hand and you take it. Lifting...lifting...Immortal Life is yours...You are rising far above the earth with the Angel. Then you stop and see Earth far below you. And your thoughts go to Earth....

"What do you see?" asks the Archangel.

And you tell him what you see.

"I am cutting all mortal ties that you might be of greater service in this time of need," the Archangel continues.

And then you see what has bound you and caused you suffering. "My mortal ties!" you cry. "I see that I have all that I need...everything is mine...when I let go of that which I have possessed. Poverty, lack, sickness, even death, are of mortal thought. I stand free now in God's New World of Light - no longer bound but free

to be what I have come to be and give what I have come to give."

With that understanding, the Great Angel disappears and the world looks new and fresh. You feel as though you have wings to fly the universe and beyond, yet you also feel the earth beneath the feet and the sounds of wind and rain.

"What now?" A whisper breathes into your ear. "What will you do now with all that you have and all that you now know?"

And the Light grows brighter and sounds sweeter and the day begins...All new, all fresh and free.

The Archangel Experience

Once you have experienced the presence of an Archangel, that sacred field of radiance is a part of your world. There is a new direction you must take. The vibrational essence of the Archangel has penetrated your auric field and is producing through you formidable blessings for others and for the planet.

Here is an important point. *Once you have experienced an Archangel's presence, that One never leaves you.* The Archangel has summoned you, and that Angel will be with you as you serve on the planet and elsewhere. There is a penetration that takes place that creates a new body that is connected to the Kingdom of the Angels and the World of Light. If you have had a serious encounter with an Archangel, review that experience with what you know now. Then, consider your life following that

encounter. How has it changed? That Archangel has created a sacred energy field around you to protect you as a World Messenger.

Your Guardian Angel

How blessed you are to have a guardian angel! Do you speak to him-her? Are you consciously aware of your guardian angel's presence? Give yourself time to think about this. How might you draw closer?

As a child, did your parents or spiritual teacher tell you about your guardian angel? How might a child benefit by this knowledge?

How might your awareness of the presence of your guardian angel assist you now?

These things I, your Guardian Angel, can do....

I can raise your thoughts and give you hope.

I can decree with the Father's voice and so bring energy to your sound when you speak.

I can shield you from harm and protect you from your thoughts.

I can send more love through your heart and help you in the manifestation process.

I can, also, acquaint you with the

angelic realm where I live and have my being.

Ask and I will do these things. Seek and you will find me very close to you and willing to console you and restore you. You have only to ask and receive.

I AM your closest friend and dearest playmate.

Angels of the Sea and Land

You access the angelic kingdom *through your faith*. We are completely free of any lower field concepts and beliefs. And we are not subject to error. But your faith is the ground we walk on. It is the playground of the angels.

Walk without death with the angels. And see the death images flee from your thoughts. At the moment, humanity is driven by death. Where we live, there is no death. Come join us and live with God in service to the whole.

Within our fields of creative power are the spirit forces, the Wind Sprites, the Undines of the sea, the Fire Elementals called Salamanders, the Fairies and the Gnomes and all the little people who grace this earth. These are intelligent energies, which you must come to know. They are eager to work for you in context with the Angel's body and the Master's divine plan. These little ones fill the oceans and Mother Land. They are everywhere and they wait for your command, called forth in selfless love and benefiting the whole.

When you can take control of your speaking voice and sound the word messages of the Archangels, great lakes will form where there were none and castles of light will stand once again upon

the waking hills.

Remember, dear one, that lack and limitation—even illness and death—are born of separation from the One. Your God of Israel is ever present. God is One. We abide in the Great One. Our Law is harmony, our voices sing of love. Come Home!

The Creative Angel

I AM the Overseeing Angel of the Creative Power. I cannot be entered nor can I be summoned without the Father's Will abiding in the heart of man. I do not come because of man's desire but because of God's desire. I AM the instrument of His-Her desire. And I proclaim that desire into form.

Unjust? Absolutely not! For you were created in Oneness, in unity with all life, in joy and gladness of Be-ing. Come Home!

A Life of Miracles

We are energy. We perform the miracles. And we gladden the spirit with our song! To live with angels is abundance. It is the prosperous life, the life without death or hindrance of any sort. Come to the Northern Rock by the sea and see us there in our light forms. As the dance begins, step into the Circle of Light. Your body will take on the angel energy of the New Song. Please join us. It is written that you would. Come now. We are waiting to serve with you as the Solar Life and Light.

From the Mountaintop

I AM raised in my consciousness to the mountaintop.

There, I am welcomed by the angels.

I *feel* the embrace of the Archangels, Michael, Gabriel, Raphael, Uriel, and all others who attend this workshop and who are with me in my service to Earth and all peoples who abide with her.

emotions oceans away may indeed add kindling to a fire and even spur a war! Energy in motion carries itself across the waters and can bring peace or increase the fighting of peoples and nations.

And so indeed, there is great responsibility, and we must, as beings upon this earth, cease to be self-centered and realize our service. The hands of the clock say it is time. It is time we all worked together *as one body*.

Please attend to the business at hand. You have greatness to tap and contributions to make. As you consciously become aware of your partners, all the Angels and Elementals who serve this planet, you will most certainly discover a joy and companionship in their love. Let us rise together, you and I, serving the Light!

WALKING WITH THE ANGELS

Angels and Archangels Workshop #3

I open my heart and mind to the angels.

**They are my thoughts from God.
Each thought manifests as the Good Life.**

I have no other thoughts but God Thoughts.

I have the Creative Power to light the world.

The Angelic Kingdom can be said to be the power plant of our Creator. This power plant benefits the whole and is not sold nor bought. It is freely given as God's love is freely shining upon all His creation.

The present energy “crisis” in the United States represents a cosmic call to shift consciousness into the higher mind.

As Mother Earth is consciously realizing her light body, the crisis in energy tells us that Earth, herself, is reaching to produce out of herself a higher energy field than previously realized. That new energy expression is the Angelic Kingdom and the Nature Spirits.

If we as human beings wish to remain on this planet as a part of the Solar Life Energy Field that is the angelic expression, we must adjust to this new energy. That is to say, we must become at one with the Angelic Kingdom and with the Nature Spirits. Without this companionship and mutual working partnership, the human experience will fade from this planet. We cannot live on the solar plane and rape the Earth of her resources. Do you remember the story of *The Giving Tree* by Shel Silverstein? That is the story of our Mother Earth.

The Angels tell us that for humans to benefit from the new Light World, we must

be like angels ourselves! Compassion, harmlessness, mindfulness, harmony with all life expressions, are mandatory. These principles must be practiced and lived. We must be Christ Consciousness in expression. To remain here we must be conscious of our part and place in the Circle. We are one with all life. *That* we must become conscious of.

Light begets light. And thus, we, as human beings, must now recognize the validity of the Angelic Kingdom, complete with Nature Spirits. The light kingdom we are entering with Mother Earth does not allow the dense manifestations of energy. There is to be no burning of coal; the misuse of nuclear energy will be stopped; gas and oil as we have known them as energy sources will cease to be actively “mined.” What will we do? Where will our power come from if not from these familiar resources? The answer comes like a song of life: from the Angelic Kingdom! “We are your renewable source! Our ‘little people’ as Elementals are the expressions of renewable energy!”

Angels have been asking you to remember them, to live in partnership with them and to house them in your temples, hospitals and environments. They are ready to release the Kingdom of God as you join them in oneness. “We are not here to perform works alone,” they say. “You must help us by being consciously with us.”

The solar level of consciousness unites *all the kingdoms* into oneness. This act of union will cause God the Supreme to appear as a World of Light or AWARENESS. Yes, a God-awakened world! Thus, what may

appear as an energy crisis is not only an opportunity and a challenge to an awakened community, it is a declaration of a new world.

The Angelic Kingdom is ready. They want to join with you in service to the planet and God's plan. They, together with all kingdoms on Earth, will work together to vibrate a new realm of consciousness where all life is honored and respected.

Resonate with the Angels. Open your eyes and your heart to the “Little People” - those unseen workers who carry into expression the light beams of the sun, the rain clouds, the waterfalls and laughing ocean waves! Be one with these energy sources. Be open to their wisdom and grateful for their service to all. All creatures, great and small, wish to teach you; all life waits to know that you are ready to consciously rejoin the Circle of Life.

Yes, Earth is dissolving her dense body. Transmutation of energy, the processing out of old energy expressions and the cleansing of Earth that she might receive the Angelic Kingdom as her program of energy, has begun! This is the Cosmic Shift: the passing of the old and the entrance of a new circuit of intelligent Life Energy.

Awaken My humanity! I would give you the Kingdom of God: the perfect partnership of all life in union serving and expressing My oneness.

WALKING WITH THE ANGELS

continued from page 6

Consciously realize that the cosmic shift that has been predicted is occurring. What appears to the unilluminated as an "energy crisis" is the entrance of the Angelic Kingdom as the intelligent energy field for Earth and all who abide with her.

Be conscious of the Angels, that field of energy that is available to you as the Solar Son.

Your Thoughts Are Like Angels

The Angel Frequency is far different than your present one. It is creative and constantly alight with blessings of the Father-Mother.

The World of the Angels is maintained by currents of the Divine Mother: in this case the Universe Mother whom we know as the Holy Spirit or Creative Daughter Spirit.

The Grace of God projects Itself through the Angelic Field of Light and Love. All thoughts of the Angels will multiply and be realized in partnership with those who believe and have joined them in their field of Creative Power.

How do we do this? How do we join with them and so live in the higher dimensions of Light and Love? This is the lesson for today.

- ★ How sincere are you in your desire to receive the angelic kingdom as your creative energy, *Angel Energy*?
- ★ Are you aware of your thoughts throughout the day? If so, are you pleased with them? Are your thoughts the thoughts of angels serving the Christ Message?
- ★ What purpose do the angels have in your life now? Can you feel their presence?
- ★ What do you do to induce the angels to join with you in living your day?

Having Fun with the Angels

Angels crystallize in energy fields so that they can better serve in mass form. The Light that they emit is understood to be much like a sun and it can register deep into the body of the earth and throughout the cosmos. When you reach this kind of frequency from the angelic realm you are under the governance of a Great Archangel who is as one with the mass angelic energy field. The Creator uses this kind of power to make changes in the earth's embodiment and her energy field.

Currently, the angels serving with Archangel Michael of the First Ray are embodying now in *group form*. This is causing tremendous planetary shifts in consciousness within all kingdoms.

The passing of the old world is in movement, declining rapidly. In the force field of the New World major eruptions occur. The powerful emanations of the Creative Spirit cause dramatic alterations in planetary law and form. This is why humanity must listen to the earth and hear her voice speaking with the angels. The more you listen, the less frightened you will be - for you will be guided by the angels, God's thoughts, into safe passage and a new land. Ask your Guardian Angel to be with you in these times of massive change and adjustment.

You are covered with light - know this - you are blessed by the angels.

The Guardian Angel

Realize that your Guardian Angel wants to communicate with you and to protect you from all harm. When

you consciously become aware of your Guardian Angel and include this one in all that you do, you will never feel alone or unprotected.

Man is consciousness and it is through consciousness that we build our world. God is with you, yet it is by your conscious awareness that God becomes a vital part of your living and expression. You are here on earth to realize your conscious union with God, the angels and your Guardian Angel. You live and have your being in the abundant nature of the Creator, yet it is through and by your conscious realization of God in you as abundant supply that the abundant life actualizes. Realization and conscious awareness are keys to living in the alignment with your GodSelf.

Angel Energy and the Life Abundant

Once you have become consciously aware of the divine angelic kingdom, they are with you in partnership in the Solar Realm. The moment you consciously realize the Angelic Field and the creative potential within that field, you have aligned yourself with them and you have risen in consciousness to their dimension!

Angel Life is real. The presence of angels makes possible a creative potential not experienced in human life. Let your focus be with them. Then they will begin to vibrate with you as miraculous powers, thoughts of the Creator, blessings of abundance and joy.

Invocation

Angels, come closer to us. Breathe the Fire of Life through us. We work together now as channels of the new way. We are partners all.

Let us rise together to a new dimension of light and love. Let us serve together with the Great White Brotherhood. Let us heal together, resurrect together. Let us prosper one another in the full Flame of I AM.

Angels, come closer still. Be visible to us now. We open our hands and our hearts to you. We recognize you as with us now.

Come to our hearts and minds. Let us feel your presence. Let us feel your light. Let us know that we are at one with one another. Raised into a new dimension of the Star-Flame on earth.

Angels of Light and Love, prosper us with your good keeping. And let us, in turn, prosper you. Let us serve together in this new dimension of light and love, this World of Light. Let us serve together to honor the Flame, the Eternal Flame of All Creation. The I AM.

Have you tried your angelic abilities? Have you practiced being an angel?

**I AM Living Light joined with the Angels to bring
God's heaven to earth and to light the world with
my presence, my life!**

As it is, so it shall be.

Living in Partnership with Our Angelic Companions

DESCRIPTION

This book is the result of nine online workshops presented when I was living in Port Townsend, Washington. As I would write each presentation for the large groups of subscribers, I could look out my window and see the deer and fawns dozing in the front "English garden," or peacefully munching from the border plants that surrounded the colorful garden. How at home the angels must have felt amongst the sweetness and the purity of this setting....

Have a beautiful experience now as you step into the World of the Angels where they wait with open arms to greet you and welcome you as a partner in Light.

"Thank you for bringing this remarkable course to us. So much to absorb.... I found myself instead of working, I was flying with conscious knowing that I can fly."

"I would also like to say how much I am enjoying and getting from the *Angels and Archangels* (book). I have read Lesson 1 many, many times but it was only on this morning's reading that the words "It will be the Angels who will transform the planet THROUGH YOUR CONSCIOUSNESS" leapt out and registered deeply within. I finally got it!"
