The Daily Scripts

An excerpt from The Scripts Released from The Temple Of Sananda

Vol. 1: 33

In these times of crisis on this planet the leaders of the New Age Movement and those practicing the state of Consciousness that is harmlessness, divine love and compassionate understanding, are needed on the field. This is to emphasize the point of action required - for there must be no emotion other than the relaxed knowing that all is in perfection and that the planetary shift is taking place with a human shift as well. Your peace and knowing that all is well will help to govern the energies of a frightened people who are turning to anger in their desperation and confusion. Bless you for your service. The God Presence is needed on the field as LOVE, FAITH and UNIVERSAL SHARING. The time has come to be the Christ.

Vol. 1: 47

Peace will come to Earth and to her people. But the salvaging of My remnant will take time. I have been Father and Mother to you and shall continue to watch My flock and gather them unto Me. For this I have come.

Vol. 1: 42

Everything that you see and all that is occurring at this time is a product of group or mass consciousness. But changes come - not by the act of God, but by your vigilant control of energy and your awareness in Truth of the I AM principle within your own heart. The Kingdom of God, or your God Consciousness, rests within your grasp as you live and walk the truth, as taught and revealed by the great avatars and teachers who have passed to you their Light. You have come to make a difference.

I AM COMING

SOLAR NEWS Volume 1, Number 17

Etheric Broadcast

After you have recovered from the shock of My Incoming, please remember that you are I AM. The wedding complete. We are not separated by form anymore. You are the Christ within. You *are* the One who is sent. If I AM to be seen through your eyes, it will be because you have the Light within yourself. For that which is seen is known within. And all that is known is from the Father.

I greet you in the Name of The Son.¹ This a Broadcast for the Emergence of the Christ. And we now open it to *all* ears in the many stations of peace and harmony on this Earth planet and in the stations of Light, wherever they may be throughout our Universe complete. *Behold I AM! The emergence of this Light blesses all. The many who watch and awaken to this message have the power to BE. There is no separation in the Light, only Love Divine.*

There is no beast in My kingdom who is not blessed. No little flower that is not known. No river that is forgotten. Nor is there even a cloud in heaven that is not made ready for the outpouring of My love on Earth.

Many who are assembling now in the regions of pure Spirit await My Hand and My signal to go forth. Be ye stirred by remembrance. Lift your hearts to Me now as a rigorous Easter preparation commences. We will be cleansing you very swiftly, preparing you for the new wine and the Greater Light. The poisons will leave your system, and you will go forth in the Name of The Son in all glory to penetrate the Earth and the Solar Sun.

Be ye lifted now in the emancipation of the planet and know that as I give My Hand, those who are assembling will descend upon this Earth in radiance, brilliance and glory. *Be ye prepared for this moment of My own initiation.* And so give Me your full attention, as you rise with Me as the solar life within and on planet Earth.

And now go into your preparation and know that as you are prepared, My peoples of this Earth, that you will rise and release the Light of ages. I AM ready, are you?

This is a Broadcast that was given by the Lord Thy God. That which is given cannot be returned unanswered. Take now this moment for your own realization and know that I AM the way, the truth and the life. *Follow Me! For I have come that you might know your Self as the Son.*² This nature will not be known to every man at first, but to the few. And as they know, My light will spread and *all* will be gathered up in the Solar Christ. Amen.

Following the Broadcast...

I see many standing and applauding the speech - the announcement - that was made. There are, in the Inner Realms, many places where beings gather to hear the Master's Voice as it is broadcast from Nebadon.³ These gathering places, these assemblies or places of assemblies, are as great stadiums⁴ where many thousands of beings may hear the Voice through the broadcast systems of the Universe.⁵ Soon your Earth will have such a broadcast system in place and there will be places much like I see in the inner realms for your Earth people to gather to hear My

¹ Creator Son, the Universe Creator.

² Blazing forth activity of God.

³ Energy sphere where Michael, the Universe Creator resides.

⁴ Of experiential light.

⁵ Creator Michael's System is the strongest.

I AM COMING

continued from page 3

Voice, the Voice of our Universe Creator. When this new broadcast system is in place enabling many to hear, you will sense a new vibration of welcoming; and a congregation will form made of many, including angelic realms, that will enforce this Record and put it in place.

Thus the Council of Melchizedek administers to Earth and is ready, prepared, to reveal more and more of that which is to come and yet already is. May those who are called Melchizedeks please put all behind but the calling of this Christ mission; for no thing can be in front of it, not one single life, or false power. There is nothing more important than your inner calling. And if you are of the Melchizedek Order, We, the Council of Melchizedek, call you now and say, “Step up to the platform and receive your orders for it is time. Walk with the Lord as He transfigures the Earth and glorify His abundance in you by your alignment with the One. Heed the Message of the Christ. He is Overlord of the planet, His Message and *know* His Word. “Peace be with you.” Machiventa Melchizedek.
Solen Aum Solen. I AM.

Why do you hunger for more when you have everything?

I want to add that the Devas of the City of God are gathering to construct that City on Earth. They begin by erecting pillars of golden light to uphold the very foundation - an etheric City. *This is the place I have provided.*

Your messenger, Crystal

The Eternal Flame

Excerpt from the course - The Eternal Flame

The passing of the Eternal Flame to Earth has occurred.

**It is now in its resting place
And will remain.**

The Recircuiting of the Planet

With the entrance of the Eternal Flame will come a complete new circuit for the human race that will dominate all creation. The body and the mind will be replenished with the Solar Light of the Flame and the human being will enter *a new degree* of reality: the Solar Son and Daughter, the Melchizedek risen Star. Those who can grasp what is written here will advance vibrationally into the Solar Son frequency and be a Unit of that Light—the Creative Daughter from which all will be embraced. (This is the “Rapture” and return of the Light.)

Your mission as an outreach of the Eternal Flame is to be the forerunners of a new race of Man: the Solar Man or Consciousness. Your entire system is to be fed by the Fire of the Mother in form through the Eternal Flame; and you will not be subject to death or separation from the GodSelf. You will live in the oneness of I AM and speak in the Voice of Truth and in this way, be as leaders in the new dispensation for Earth and all her people. Lions will roar and fish will swim peacefully in the lakes and ponds. There will be no killing instinct left. All will be at peace with one another in group spirit of The One. This is the Solar life intended: the Creator and the created.

Therefore, imagine the Eternal Flame over your head and in through your body. Listen to the Christ (Light) instructions that come to you and become one with that Life Circuit that is guiding you, teaching you and illuminating your mind. Soon you will know this Inner Voice as your Higher Mind, your ONLY mind. You will find enlightenment a part of your soul intelligence and the church of your faith. *Abide in Me.*

GROUP POWER

SOLAR NEWS Volume 1, Number 18

Group Power, Extension of the Spiritual Hierarchy

This is a Broadcast.

Gather into groups to receive the Creative Power, the emission of My Spirit to you. For the group body will be the only energy field that will receive the Creative Power at this time. This is because the powerful energy being released must have a strong energy focus and collaboration with the Centers of Light.

No one alone will be able to wield this power at this time. It must come through group energy and its vibration of oneness. All the Ascended Masters of the Great White Brotherhood, serving this Earth, will be releasing your instructions to formulate these groups, these powerful units of control, governance and divine love. Then, when the actual vision comes and the message within the vision, it will be made manifest for the worlds of the New Order.

You are crossing into a community

¹ I AM.

² The spiritually aligned “group” can be likened to a wheel that generates the Creative Power or light and contributes this light to the whole in the Divine Plan of The Christ (Sananda).

alignment where you must give your allegiance to the Creative Power and Its Vibration of the one Will.¹ Divine power will be in your hands to wield and to control *within a group*. The group, itself, will be the out picturing of your Ascended Master. Thus, we begin to see an experience, the externalization of the Hierarchy on this planet. Glad tidings indeed!

What is so powerful about a group is that they listen to the Creator within. They vibrate at one with the Creator in the one Will and they are expressions of the Master as the Ashram on this planet.

You have had much time to practice in harmony with one another and to hear the Christ within as your own Higher Self. There is no time left. We must go into these groups, as wheels of light,² to create a formation of a new and powerful energy vortex upon this Earth.

These special units of Christ emanation, reflecting the Divine Plan on Earth, who wield the power of Light and Love, will

remain. They will sanctify the Headquarters of Sananda as the Planetary Prince and begin their work as a body to manifest the words of His Divine Power and His Unconditional Love.

This is your Work as Initiates of the Great Power. We are deeply grateful that you are in your positions now or moving towards your destinations with your hearts open in dedication and in oneness. What is important to remember is that the wheel, or the group, serves as a watch guard for the Flame, the Creative Energy that is moving into your dimension. Kindly and lovingly, but always watchful, each member of the group oversees the one Flame, caring for It and the perfect vibrations of Oneness that must *always* be radiating forth to save this planet from complete and utter destruction by the fools of men.

Watch one another. Watch over one another carefully and kindly. And call to the attention of each and every member when they stray from that unit of perfection and

continued on page 6

GROUP POWER

continued from page 5

service. Your Master, in turn, will be watching, as will all those who are extensions of His/Her Ashram in the many dimensions of this outpouring of God's World.

May Peace be with you. I AM Kuthumi and I reach to you with my heart and mind to embrace you all in the service of the Queen.³ May you all be blessed and divinely endowed with your Christ within. Peace *be* with you in the Name of Our Lord Jesus Sananda. Peace. Broadcast closed.

This Word is a prayer and this prayer will be answered in harmony with the Holy Spirit and the Sons of God.

Several mornings ago, I, Crystal, awakened to the words that the group energy or group consciousness must vibrate *One*. "Take it to One," was the direction. I could see that the actual group experience had to be in exact alignment with the line of force that is the Father's Will and the Master's Intent for the University of Melchizedek expression. Each member of the group is responsible for his or her active participation and contribution as an individualized Spark of the whole. When all members of the group energy wheel are vibrating on pitch with the

³The Universe Mother.

unique sound of their Ascended Master Lodge, the wheel turns, vibrating sparks of life - living material of the I AM presence. It is one body, then, participating in the Divine Plan and the New Earth.

The Creative Power or Flame is with the group as the sacred energy stream of the Universe Mother or Creative Daughter. At this time it has been decided by the Hierarchy that the Creative Power will only be released to such a group that can harmonize and blend with the Divine Will and the Master Plan (God's Plan). Where there is ego involved or sense of separateness, the wheel will not turn and the group will not be able to function as a whole or BODY OF LIGHT.

We are building stations of Light by group power. These stations—like wheels of enormous power—are creating cities of light. The wheels or stations of power move within the Christ Body as the New Earth and the Solar Son.

This is the Master Plan for the Universe as well.

When once your group (the University of Melchizedek) is stabilized, the higher realms of Spirit will be revealed and you will have the Visiting Angels at your side. But each one must do his/her part within the group vibration as holy service to The Son.

Peace,
Crystal

Seasons Greetings

*from all of us at the
University of Melchizedek*

COUNTDOWN

SOLAR NEWS Volume 1, Number 16

Etheric Broadcast

Broadcast open. Delivered to Crystal at the World Mother Center, Ojai, California.

You are being initiated into new energies. We are creating a new circuit. From this circuit, you will operate as a new sphere on Earth. The heavenly headquarters of Sananda will be within this circuit. And you will be close to Him who reach out to be close to Him, who are centered enough to be close to Him, and who wish to serve in this capacity. There is a new energy field being released today all over this planet Earth. This Energy Field proclaims NO DEATH—no physical death. Thus, we cannot fight one another, nor should we encourage anyone to fight. *Conflict is over as it has been played out* on this human scene.

You are to recognize that to enter the no-death circuit you cannot inflict death - not on one, nor the other for any excuse whatsoever; nor can you condescend to death of another; nor can you in any way be a part of this old and degrading era. Therefore, the Door is open; the portal has been proclaimed. I AM waiting for you in My new circuit - a sphere - of Intelligence that knows no death. It is total and abiding Love, from which you came, from which you originated as the divine you.

Therefore, in this day and hour when we meet together fulfilling our Father's Will on earth as it is in heaven, take a moment to reflect on the meaning of releasing the death program through your heart and mind on earth, for we all must participate. And this includes *everything*. All are gathered up into the sphere of Light and Love and welcomed back to the Father's Kingdom as One. Let us be sure, as we say "Yes, Oh Father, yes," that

we understand that there can be no excuses, no justification for witnessing death on planet Earth. I WILL NOT HAVE IT ANY LONGER.

You will lead - who enter this sphere - and you will proclaim the good news of Eternal Life through the physical, material, etheric, vital bodies of your own being.

I would not have you abide in death. I WOULD HAVE YOU BE SOLAR, in alignment with the Great and powerful Son I AM, that you might raise *all* planet Earth into a higher consciousness, a higher consistency, of Divine Love. My might is mighty - yea - but I NEED YOU.

We must function as one WHOLE body for this to take place on Earth. We are *one body*. Let us know this as we hear My words, as we come together in community as Divine Service raying out to the planet - not a dying civilization, nor a weakening one, but a Consciousness of *Divine Life flowing* forth from our hearts and minds. It is critical. Listen to your Inner Voice now. Receive My *whole* words as your own. And if you decide to come with Me, then come. But know ye first that I AM counting on you to raise Humanity out of death - to eliminate the death, *killing* consciousness.

YOU HAVE BEEN SLAVES OF MORTAL DEATH! NOW RISE AND BE SOLAR SONS OF A NEW CREATION. Evacuate the old, for I have come with a new circuit, a new vibration, yea, a new sphere.

Deliberately with all My Love, I welcome you. BUT LET NO

THOUGHT OF DEATH OR DECAY ENTER YOUR AWARENESS AND DO NOT ALLOW THAT CONSCIOUSNESS - DO NOT PERMIT THAT FREQUENCY - TO BE A PART OF YOUR LIFE.

PROTECT MY LITTLE ONES! EVEN AS THEY HAVE PROTECTED YOU! They are harmless! And if you continue to kill, to hunt and to maim My little ones, I will say to you, "*My Door is closed.*" Enter not My sphere until you, too, know the Truth in your heart and mind. Be aware of this; be conscious; and speak when you need to speak. Decide now.

I have come that you might participate in the glory of God and in the place that I have prepared for you. I AM Sananda Jesus. I say, "Come!"

And with this, I close My Broadcast this morning. Type it up and distribute it. Peace be amongst you. And so it is. Glory be to God in the *Highest* and go forth as kings among men. Peace. Broadcast closed.

And from those listening: "This is the day of great rejoicing. We have been waiting to hear from this. I AM a Deva of the Animal Kingdom. I hold forth my arms to you. Permit me to say - the forces of nature will welcome this and will gladly work with you. Please think about this."
