A Christmas Message To My Loved Ones

*Children of the Light arise,
and be My hands and feet.*

*We walk a path together,
you and I.*

We walk a path in Light.

*Be strong as Solar Judges come.
Be strong and call your Light.
Move mountains.*

*Take up your places now.
This is the shift.*

*From worlds of Union
I come.
Drink of Me.*

I, Sananda, speak

Peace.

WHAT DOES CHRISTMAS MEAN?

The Master's Papers No. 15

WHAT DOES CHRIST-MASS MEAN?

It is the declaration of God union. It is the powerful unity of Man in God. It is the Christ-Truth in you; and it is the governing force of all creation declaring Itself and giving Itself LIFE.

If we can rise to this Day in us, we will be Christed.

*

This is initiation into the Christ-Life. As you open to the Day that is upon you, the Christ Day, new rhythms appear. You are advanced to a new era and a new beginning. In this Day you have Life and have It more abundantly. Every breath you take is this Life in Its own consistency of Be-ing. EVERY BREATH YOU TAKE IS THIS LIFE. You are governed by It and IT is lived in you as you. I AM That I AM.

If there is weakness upon you: let it go. If there is doubt: let it go. Be now in the Spirit of Divine Life. Hear the Christ of My Name, the Authority of My planet. Hear the Light!

**

The Soul-Force of this planet is rising into I AM frequency. And in the wake of this soul - force comes a great blanket of energy - that of the Supreme One. Anything and all-thing not in agreement with this Divine Love, this desire of soul to embody the Christ, will be transmuted and given into light. There is no other way. The Mother has descended as the Light of the World emerges.

Forgive and let go - into God, in

motion as the soul of the planet and the revelation of a new age of abundance and prosperity.

For all things shall be fruitful unto this time as given and shall ever Be. .

So, it must follow that this same process alive upon our planet now is available and oft times active with human beings. It is good to understand this process and why you must surrender into the GodSelf as "I".

Let us talk about this for the moment:

As the seeker reads, studies, meditates and attends workshops, he/she acquires knowledge of the "path". The impact of this knowledge waters the Christ Seed within the soul until at last the Seed stirs in its nest. It opens and an onrush of Energy (fire) is proclaimed.

The soul, itself, has become ignited. Perhaps for eons it has waited for this moment and suddenly the soul can no longer wait.

It seeks its own birth: It seeks to know itself as God.

A mighty force this is! Unleashed, it is far more powerful than the greatest of storms. Its waves are mighty. Its intent of purpose is undivided and sure-footed. **It knows its way back to God** and it desires this only. The trials of the

mortal are over and the fleshly part dissolves in the fire of Divine Love.

Thus, in the human being lies a mighty force. As the divine within man/woman begins to **awaken so does this soul force.**

As this soul force becomes activated, as Mother, it cannot be stopped. There is a divine program or plan and this plan has been activated.

The soul force floods the individual and will carry the individual into initiation and the resurrection. This is the plan.

As the soul force is activated and begins to rise within the individual, this soul force has only one purpose and one intent: to birth the Christ Child, the God Be-ing, within you. There is no other intent. It must give birth to Itself. This is original creation.

One may ask "What is my goal? My purpose in life?" This, my dear children, is the **divine intent**. It is the Great Initiation on your planet now. This is the supreme intent of your will and your heart. Can you see that you are not without purpose?

Therefore, in this God-rush, this soul-power, nothing can stand save That vibration of truth, reality, and God Be-ing.

WHAT DOES CHRISTMAS MEAN?

continued from page 3

In its wake, this soul force will dissolve, crush, destroy all that is separate, mortal, illusion. **Nothing can live in this soul force save the Light** - God in Man. This is the true meaning - the deliberate meaning of Christ-mass.

This unleashing of the soul force within the planet and within humanity, is the rising of Life Itself. It is the mighty unleashing of the Christ form. A new identity proclaims itself in you as God in Man. This rising of the soul force is the resurrection in process and it is also the decreed rising of Woman as "I".

Remember not to fight this mighty rhythm. The mortal, false sense of self, must surrender into the impact of the Mother Spirit. That soul force will carry the individual "home". Yet, only if the individual gives way to the mighty river of the soul.

This soul force, once unleashed, seeks only divine union. It is a destructive force unleashed. Yet, held in the deep surrender of the initiate, this force responds to the blueprint of God: It blesses the initiate by dissolving all not of the Light. It completes itself in you, O initiate, as soul-power and divine love. This soul-force, then, dissolves the lower self, the mortal sense. And in achieving this: receives the Christ. And holy is that place in you!

Blessings of the Christ-mass,
Crystal

A Christmas Message from the "Father" to the "Son"

I AM a generous God.

I want to make your life happy.

I want to give to you.

The planet, as well as humanity, is undergoing a transition from one dimension into another. A dimensional shift means a whole new world without any properties of the old.

The letters and calls for prayer and counselling I have been receiving indicate a need for greater understanding of this shift and its requirements.

The world does not know Me.

My world is far different from yours.

It is not formed in the same way.

All that I have come to Be,

I would like to see you BE with Me.

Many of you reading this newsletter have been reading, studying and meditating on Oneness; yet now that the time has come to realize in all ways the oneness--the order of life--you may be resisting and even fighting the adjustments that must be made to shift into the Order of Melchizedek and the Fifth Dimension.

Whereas, in your previous studies you may have focused upon improving your life, achieving success and prosperity, building a healthy body and realizing your perfect helpmate or

Twin Flame, now I AM present. And with My Presence comes a new order of Being, which is demanding much more from you in your consciousness.

*I unfold Myself through you as I
AM.*

*I seek to see My Face now in all My
creation.*

*I must leave the throne and enter the
heart*

*of every human being
and so, collect unto Myself
all that I AM
as the City of Light.*

First, let us consider the word "supply." Supply is God appearing as. Supply is the vibration of eternal perfection, the "I AM THAT I AM," fulfillment and abundance. The presence of God is supply.

Please return to the words at the beginning of this message. *I AM a generous God. I want to make your life happy. I want to give to you.* With this understanding, how is your life changed?

When you can release the old world and realize you are the living expression of God as His-Her Image and Likeness as the Son or I AM, then God, the Creator, can be FELT and EXPERIENCED as desiring to GIVE of Himself to you and through you.

If there is one presence and one power, then where are the "two"?

There is One. That One is expressing through as humanity and as all life intended. The Records of Melchizedek were destroyed at the time of the removal of the Eternal Flame and the darkening of the planet. With the Appearance of the Master Jesus, the Seed of God (God expressed) was restored to humanity. Jesus, being High Priest after the Order of Melchizedek, began the restoration of the Records and reminded God the Father of Man on earth. That was the beginning of a new era and in this time of resurrection and joining, Jesus appears again as a reminder that we are in the Oneness of all life. We are ascended beings in Him, returned to the "Father's House" or Consciousness from whence we came.

The One has been reminded that we are here on earth and through the cast or the mold of the Son Jesus, the One vibrates into our hearts and sees us as Himself or the creation of a NEW C I R C U I T O F INTELLIGENCE. This Intelligence knows only Him/Her/Itself. It is the I AM THAT I AM. This is a formation of a new reality for all of us on earth. It is the return of the Eternal Flame and the Records of Melchizedek.

This new reality has no favorites. IT KNOWS ONLY ITSELF. The Son of God means the

Expression of God, or God expressed. God wants to give to Himself or Son alive in the creative pattern of I AM.

I supply My own.

Take your position in your heart center *as the Son of God or God in expression*. In this position and conscious realization, you will feel the joy of God (your God nature) and you will be aware that God desires to express through you as your life. But not in a divided way, or in a sense of separateness. God wants to experience your life as His life and be with you in every aspect of your life. God delights in giving to you and through you as beauty, opulence, eternal life, immense creativity and great, powerful love. The "Second Coming" is all about God *on the field* experiencing Himself through every flower and all intended. You will meet this God in your consciousness as you put away the "small self," or fear-based ego.

Your prosperity, your healing, your happiness and divine success lie in letting God express as your true Being. The secret is to not ask for your self. Ask to benefit the good of the whole, the Divine Plan. Open your heart and let God fill you with His divine Intent and abundant Spirit. *Not for your "self" do you live now. All must be turned over to Me that I might live as you.*

*Give up your life
that you might find it.*

Jesus did, now you must do the same.

Be still and know that I AM God. But only after you have died to self, because without that death to mortal life, you will not meet Me in you as the "I AM."

Then drink of My fountain of Immortality and Divine Supply. Receive Me in you as I. We are One. Let us be together as the "I AM."

Release into the God Presence and LET God express. Let God give *as God*. Let Earth rise into a new place of Divine Love and Energy of Creator Michael (Universe Creator) and the Supreme. This is the order of government I have come to establish. There are no terrorists in Me.

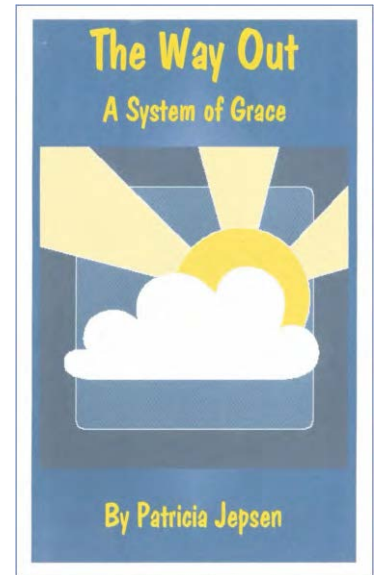

All the books on self-help, self-growth and prosperity will no longer assist you. Your surrender into Me--your God Consciousness or GodSelf--is the answer. For when I can express, AM I not everything and all life? I AM the glorious Kingdom of God. I AM the Son emerged and the fountain of abundant living. With Me in you expressing, there is no other, no error and no suffering.

There is no budget in God or Truth. There is no end to good. Let God express in body, mind and soul. Let the Creator be His-Her beauteous Self as the God Seed opened after the Order of Melchizedek.

Let this Christmas be for you the

Day of consciously knowing the divine Truth of Being. Let God (the Son or Seed) live in you as your I AM. Forgive and let go. The "world" is for those who cannot let go of the illusion. Step into the Light.

An Important Booklet:

"To coordinate your alignment with your conscious awareness is very simple. The Christ (Divine Be-ing) within you is the recipient of the riches of the kingdom. To function--to consciously agree--with this powerful identity circuit, you must be willing to release your dependencies and to ACCEPT THE CHRIST IDENTIFICATION AS YOUR SELF! This basic alignment will cure all your human problems. Believe me, it will!"

If you have been struggling to make ends meet financially or

Lord Sananda's Christmas Message

Beloveds of the Light, I AM here with you and I AM intensely feeling your enthusiasm as we go forward into a new dimension. ENTIRELY NEW. We will march together, you and I.

This isn't heaven I speak of nor is it a place of doing nothing. The power of the light energies now being introduced on this planet will force you to exercise your capacities in the higher ranges of your capabilities. You have the power to manifest and to produce out of yourself. We will together unite as *one force* to build a new Earth, renewed and healed. This building of the new Earth is your karmic responsibility. You must answer to what has taken place throughout the ages. *And you will answer with Me!* So let us unite, dear ones. Hear My Voice in you as I call you to the front. I AM mobilizing My light energy forces to rise to the **Will** of the Father.

In the ways of the Spirit, you will nourish this planet, re-clothe her and recognize within her the "little people", those nature forces who will return to the government of Light.

I walk with you. The vision of Sananda will be before you. I send now My forces of Light to guide you *in your new work* on Earth. And with this I say, We will ascend as one body, unified once more in the chambers of Melchizedek.

Bring peace now to the Earth and realize that you are fulfilling your karmic duty to cleanse and to build a beautiful Earth of joy and love. As you enter the Solstice, please remember your radiant Christ. As you tone with Me, I center you. As the time is shortened, bring light to the planet. I AM the Christ Sun and you, My children of light, are My reflections of My love and joy. Peace be with you.

I AM Sananda, December 1, 1997

Merry Christmas

Dearest Light Workers, may the celestial rainbow radiance surround you with peace, joy, and divine clarity. Each hue reminds us of the infinite spectrum of love we are called to embody and share. This Christmas, let your heart be a beacon — guiding others through shadows, lifting spirits with compassion, and weaving threads of unity across the world.

Stand firm in the I AM that you are, trust the wisdom of Christ within, and allow the Love of The Mother to renew your strength. Together, we raise the world into Light.

May blessings of serenity, courage, and radiant love be yours now and always.

Merry Christmas, in Light and Love.
